## Notes to the abbreviated accounts for the year ended 30 September 2012

### 1 Accounting policies

#### a) Basis of accounting

The financial statements are prepared on the historical cost basis of accounting and have been prepared in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

#### b) Turnover

Turnover is accounted for as revenue when, and to the extent that, the company obtains a right to consideration in exchange for its performance of its obligations under the sales contract with the customer. The amount reported as revenue is the fair value of the right to consideration - usually the price specified in the contractual arrangement net of discounts and net of VAT, and after any allowance for credit risk and other uncertainties

#### c) Depreciation of tangible fixed assets

Depreciation is provided on all tangible fixed assets at rates calculated to write off the full cost or valuation less estimated residual value of each asset over its estimated useful life. The principal rates in use are

Freehold buildings                      10%    on reducing balance

#### d) Deferred taxation

Deferred tax is provided in respect of the tax effect of all timing differences that have originated but not reversed at the balance sheet date

A deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted

Deferred tax is measured on a [discounted\nondiscounted] basis, at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date

Rentals under operating leases are charged to the profit and loss account as they fall due

#### e) Pension scheme

The company operates a defined contribution pension scheme for the employee. The assets of the scheme are held separately from those of the company. The annual contributions payable are charged to the profit and loss account
