The terms and conditions of the share awards and options can be found in the financial statements of Babcock International Group PLC for the period ended 25 September 2004.

No director had any material interest during the period in any contract with the company or its subsidiaries requiring disclosure under Section 317 of the Companies Act 1985.

#### Statement of directors' responsibilities

Company law requires the directors to prepare financial statements for each financial year that give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that year. The directors are required to prepare financial statements on the going concern basis, unless it is inappropriate to presume that the company will continue in business.

The directors confirm that suitable accounting policies have been used and applied consistently. They also confirm that reasonable and prudent judgements and estimates have been made in preparing the financial statements for the period ended 25 September 2004 and that applicable accounting standards have been followed.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

#### Auditors

A resolution to reappoint PricewaterhouseCoopers LLP as auditors to the company will be proposed at the annual general meeting.

This report was approved by the Board on 14 November 2005 and signed on its behalf by:

  
W Tame  
Director

**Independent auditors' report to the members of Babcock Gibraltar Investments (No. 1) Limited**

We have audited the financial statements which comprise the profit and loss account, the balance sheet and the related notes which have been prepared under the historical cost convention and the accounting policies set out in the accounting policies note.

**Respective responsibilities of directors and auditors**

The directors' responsibilities for preparing the annual report and the financial statements in accordance with applicable United Kingdom law and accounting standards are set out in the statement of directors' responsibilities.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and United Kingdom Auditing Standards issued by the Auditing Practices Board. This report, including the opinion, has been prepared for and only for the company's members as a body in accordance with Section 235 of the Companies Act 1985 and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or in to whose hands it may come save where expressly agreed by our prior consent in writing.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the directors' report is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions is not disclosed.

We read the other information contained in the annual report and consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements. The other information comprises only the directors' report.

**Basis of audit opinion**

We conducted our audit in accordance with auditing standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

**Independent auditors' report to the members of Babcock Gibraltar Investments (No. 1) Limited (continued)**

**Opinion**

In our opinion, the financial statements give a true and fair view of the state of the company's affairs at 25 September 2004 and of its results for the period then ended and have been properly prepared in accordance with the Companies Act 1985.

Director

The accompanying notes form an integral part of this balance sheet.

**1 ACCOUNTING POLICIES**

The principal accounting policies are summarised below. They have all been applied consistently throughout the period.

**Basis of accounting**

The financial statements have been prepared on a going concern basis under the historical cost convention and in accordance with the Companies Act 1985 and applicable United Kingdom accounting standards, on the basis of continued support from the group.

**Cash flow**

A cash flow statement has not been prepared as the company has taken advantage of the exemption under FRS1 (Revised 1996) available to wholly owned subsidiaries of a company incorporated in the EU whose consolidated financial statements include a consolidated cash flow statement.

**Oil futures contracts**

Oil futures contracts are valued at the lower of cost and market value. Any movements are reflected in the profit and loss account.

**Taxation**

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantially enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

A net deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

## NOTES TO THE FINANCIAL STATEMENTS (continued)

Deferred tax is not recognised when fixed assets are revalued unless by the balance sheet date there is a binding agreement to sell the revalued assets and the gain or loss expected to arise on sale has been recognised in the financial statements. Neither is deferred tax recognised when fixed assets are sold and it is more likely than not that the taxable gain will be rolled over, being charged to tax only if and when the replacement assets are sold.

Deferred tax is recognised in respect of the retained earnings of overseas subsidiaries and associates only to the extent that, at the balance sheet date, dividends have been accrued as receivable or a binding agreement to distribute past earnings in future has been entered into by the subsidiary or associate.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

During the year the Babcock International Group has continued its policy of surrendering tax losses and advance corporation tax to group undertakings for no consideration except where there is a minority interest in the subsidiary, and except for the Peterhouse companies acquired part-way through the accounting period.

## 2 STAFF COSTS AND DIRECTORS REMUNERATION

There were no staff employed during the period and none of the directors received remuneration in respect of their services to the company during the period under review.

The directors are remunerated by other group companies.

## 3 TAXATION

There is no corporate tax credit for the period, as the loss on the derivative contract has been surrendered for nil consideration. (There was no corporate tax credit for the previous period as the loss on the derivative contract was not tax deductible during that period. There was no deferred tax asset for the previous period as the loss, when deductible, was expected to be surrendered as group relief for nil consideration.)
