Statement of directors' responsibilities in respect of the annual report and the financial statements

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 101 Reduced Disclosure Framework.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

1 Accounting policies

Esporta Financial Services Limited (the "Company") is a company incorporated in the UK.

These financial statements were prepared in accordance with Financial Reporting Standard 101 *Reduced Disclosure Framework* ("FRS 101"). The amendments to FRS 101 (2014/15 Cycle) issued in July 2015 and effective immediately have been applied.

In preparing these financial statements, the Company applies the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the EU ("Adopted IFRSs"), but makes amendments where necessary in order to comply with Companies Act 2006 and has set out below where advantage of the FRS 101 disclosure exemptions has been taken.

The Company's parent undertaking, Virgin Active International Limited includes the Company in its consolidated financial statements. The consolidated financial statements of Virgin Active International Limited are prepared in accordance with International Financial Reporting Standards and are available to the public and may be obtained from the address given in note 6.

In these financial statements, the company has applied the exemptions available under FRS 101 in respect of the following disclosures:

- A Cash Flow Statement and related notes;
- Comparative period reconciliations for share capital;
- Disclosures in respect of transactions with wholly owned subsidiaries;
- Disclosures in respect of capital management;
- The effects of new but not yet effective IFRSs;
- Disclosures in respect of the compensation of Key Management Personnel; and
- Disclosures of transactions with a management entity that provides key management personnel services to the company.

As the consolidated financial statements of Virgin Active International Limited include the equivalent disclosures, the Company has also taken the exemptions under FRS 101 available in respect of the following disclosures:

- Certain disclosures required by IFRS 13 *Fair Value Measurement* and the disclosures required by IFRS 7 *Financial Instrument Disclosures*.

Notes (continued)

1 Accounting policies (continued)

The Company proposes to continue to adopt the reduced disclosure framework of FRS 101 in its next financial statements.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

Judgements made by the directors, in the application of these accounting policies that have significant effect on the financial statements and estimates with a significant risk of material adjustment in the next year are discussed in note 7.

1.1 Basis of preparation

The financial statements have been prepared on the historical cost basis unless otherwise noted. All amounts are presented in Great British Pounds (GBP).

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

1.2 Going concern

The Company's business activities, together with the factors likely to affect future development and position, are set out in the Business Review section of the Strategic report on page 1.

The Company is a holding company and does not generate trading cash flows. However, the Company participates in the Group's centralised treasury arrangements and so shares banking arrangements with its parent and fellow subsidiaries.

The directors, having assessed the responses of the directors of the Company's immediate parent Esporta Tennis Clubs Limited to their enquiries, have no reason to believe that a material uncertainty exists that may cast significant doubt about the ability of the Virgin Active Group to continue as a going concern or its ability to continue with the current banking arrangements.

The Company's directors have a reasonable expectation that the Company will be able to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

1.3 Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the Statement of profit or loss except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The following temporary differences are not provided for: the initial recognition of goodwill; the initial recognition of assets or liabilities that affect neither accounting nor taxable profit other than in a business combination, and differences relating to investments in subsidiaries to the extent that they will probably not reverse in the foreseeable future. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the balance sheet date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised.

The company and its fellow group undertakings are able to relieve their tax losses by surrendering them to other group companies, within the UK corporation tax group, where capacity to utilise these losses exists. There is an agreement between members of the group that losses will not be paid for by the recipient company. Where there is reasonable certainty that tax losses can be relieved, the group relief receivable or payable is included in the taxation charge or credit in the year.

1.4 Non-derivative financial instruments

Non-derivative financial instruments comprise investments in equity securities, trade and other debtors, cash and cash equivalents, and trade and other creditors.

Trade and other debtors

Trade and other debtors are recognised initially at fair value. Subsequent to initial recognition they are measured at amortised cost using the effective interest method, less any impairment losses.

Trade and other creditors

Trade and other creditors are recognised initially at fair value. Subsequent to initial recognition they are measured at amortised cost using the effective interest method.

Cash and cash equivalents

Cash and cash equivalents comprise cash balances and call deposits. Cash and cash equivalents are stated at their nominal values as this approximates amortised cost.

1.6 Interest receivable and interest payable

Interest income and interest payable is recognised in profit or loss as it accrues, using the effective interest method. Dividend income is recognised in the Statement of profit or loss on the date the entity's right to receive payments is established. Foreign currency gains and losses are reported on a net basis.

Notes (continued)

3 Staff numbers and costs

Recoverability of amounts owed by group undertakings

Determining whether amounts owed by group undertakings are recoverable requires a determination of whether the other party is able to repay. This is performed by assessing the assets and liabilities of the other party.

The carrying value of amounts owed by group undertakings at 31 December 2016 was £162,734,000 (2015: £162,720,000) and no impairment loss has been recognised (2015: £nil).
