The directors consider that the Company is entitled to exemption from audit under section 477 of the Companies Act 2006 and members have not required the Company to obtain an audit for the year in question in accordance with section 476 of Companies Act 2006.

The directors acknowledge their responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of financial statements.

The financial statements have been prepared in accordance with the provisions applicable to companies subject to the small companies' regime and in accordance with the provisions of FRS 102 Section 1A - small entities.

The financial statements were approved and authorised for issue by the board and were signed on its behalf by:

A C A Austin

Director

Date: 11 July 2023

The notes on pages 3 to 5 form part of these financial statements.

GC 1780 LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2022**

1. General information

The Company is a United Kingdom private company limited by shares. It is both incorporated and domiciled in England and Wales. The registered office address is 9 Marshalsea Road, London, SE1 1EP.

These financial statements are presented in Pounds Sterling (GBP), as that is the currency in which the majority of the Company's transactions are denominated. They comprise the financial statements of the Company for the year ended 31 December 2022 and are presented to the nearest pound.

The Company has determined that GBP is its functional currency, as this is the currency of the economic environment in which the Company predominantly operates.

The Company was dormant during the year.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies (see note 3).

The following principal accounting policies have been applied:

2.2 Income statement

During the current and preceding year the Company has received no income and incurred no expenditure and therefore no income statement is presented in these financial statements.

2.3 Taxation

Tax is recognised in the statement of comprehensive income, except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Company operates and generates income.

2.4 Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2022**

2. Accounting policies (continued)

2.5 Cash

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.6 Financial instruments

Financial instruments are recognised in the Statement of Financial Position when the Company becomes party to the contractual provisions of the instrument. Financial instruments are initially measured at transaction price unless the arrangement constitutes a financing transaction which includes transaction costs for financial instruments not subsequently measured at fair value. Subsequent to initial recognition, they are measured as set out below. A financing transaction is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Classification

Financial instruments are classified as either 'basic' or 'other' in accordance with Chapter 11 of FRS 102.

Subsequent measurement

Loans and receivables are measured at amortised cost, using the effective interest method. Trade debtors and trade payables are recognised at the undiscounted amount owed by the customer or to the supplier, which is normally the invoice amount.

2.7 Dividends

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid. Final equity dividends are recognised when approved by the shareholders at an annual general meeting.

3. Judgements in applying accounting policies and key sources of estimation uncertainty

In preparing the financial statements, management is required to make estimates and assumptions which affect reported income, expenses, assets, liabilities and disclosure of contingent assets and liabilities. Use of available information and application of judgement are inherent in the formation of estimates, together with past experience and expectations of future events that are believed to be reasonable under the circumstances. Actual results in the future could differ from such estimates.

Due to the simplicity of the Company's transaction streams and year-end financial position, the directors consider there to be no critical judgements, estimates or assumptions in the preparation of these financial statements.

4. Employees

The average monthly number of employees, including directors, during the year was 0 (2021 - 0).

GC 1780 LIMITED

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2022

5. Debtors

| | 2022 £ | 2021 £ |
|-------------------------------|-----------|-----------|
| Amount due from related party | - | - |
| | <hr/> | <hr/> |
| | - | - |
| | <hr/> | <hr/> |

6. Related party transactions

At 31 December 2022 £Nil (2021: nil) was due from the partnership, George Corderoy & Co, of which GC 1780 Limited is a former partner.

7. Controlling party

The Company is jointly controlled by the Director's A C A Austin and ML Kelly who together own 100% of the share capital.
