1 INTRODUCTION

General information

- 1.1 I refer to the appointment of David Smithson and I as Joint Administrators ("the Joint Administrators") of Simonstone (Bristol) Limited ("the Company") on 14 January 2020 and now write to present the Joint Administrators' proposals ("the Proposals") (Appendix A) for the Company pursuant to the Insolvency Act 1986 ("the Act").
- 1.2 Para 3 of Schedule B1 to the Act requires the administrators to perform their functions with the objective of:
 - a) Rescuing the company as a going concern; or
 - b) Achieving a better result for the company's creditors as a whole than would be likely if the company were wound up (without first being in administration); or
 - c) Realising property in order to make a distribution to one or more secured or preferential creditors.
- 1.3 Para 51(1) of Schedule B1 to the Act ordinarily requires the administrators to seek a decision from the Company's creditors as to whether they approve the Proposals. However, this does not apply where the administrators state that they think:
 - a) That the company has sufficient property to enable each creditor of the company to be paid in full; or
 - b) That the company has insufficient property to enable a distribution to be made to unsecured creditors other than by virtue of a distribution of the prescribed part fund; or
 - c) That neither of the objectives specified in 1.2(a) and 1.2(b) above can be achieved.
- 1.4 I can confirm that in this case the administrators are of the opinion that the Company has insufficient property to enable a distribution to be made to unsecured creditors other than potentially by virtue of a distribution of the prescribed part fund. A dividend is, however, expected to be paid to preferential creditors. As a result, there is no requirement to seek a decision from the Company's general body of creditors as to whether they approve the Proposals.
- 1.5 Creditors whose debts amount to at least 10% of the total debts of the Company may however request the administrators to seek a decision from the Company's creditors as to whether they approve the Proposals. Such a request must be delivered to the administrators within 8 business days of the date on which this report was delivered and comprise the following:
 - A statement of the purpose of the proposed decision; and EITHER
 - A statement of the requesting creditor's claim, together with:
 - A list of the creditors concurring with the request and the amount of their respective claims or values;
 and
 - O Confirmation of concurrence from each creditor concurring. OR
 - A statement of the requesting creditor's debt and that that alone is sufficient without the concurrence of other creditors.

The deemed date of delivery of this report is given on the front page of this report. Please note that security must be given for the costs of convening the requisitioned decision.

In the event that no such request is received, the Proposals will be deemed to have been approved in accordance with Rule 3.38(4) of the Insolvency (England and Wales) Rules 2016 ("the Rules"). Where this is the case, notification of the date on which the Proposals were deemed to have been approved will be given to creditors as soon as reasonably practicable after the expiry of the period for requisitioning a decision referred to in 1.5 above.

2.8 The EC Regulation on Insolvency Proceedings 2015 applies to this Administration. The proceedings are main proceedings as defined by Article 3 of the Regulation. The Company is based in the United Kingdom.

3 HISTORICAL BACKGROUND AND EVENTS LEADING UP TO ADMINISTRATION

3.1 The Company was incorporated on 8 November 2002 with its principal business being the sale of new and used cars and light motor vehicles and their parts and accessories under the terms of a Franchise agreement with Fiat and its related brands. Throughout its trading history, the Company had operated from a leased showroom and garage site in Brislington, Bristol. The Company formed part of a group of Companies comprising its parent, Simonstone Motor Group Plc, and a fellow subsidiary, Simonstone (South West) Limited, which traded from premises in Weston super Mare as a franchised operation for Hyundai UK.

- 3.2 Simonstone (South West) Limited had faced mounting trading losses and in autumn 2019, having exhausted attempts to reduce costs and restructure its operations, ceased to trade on an orderly wind-down basis. The Company had provided cross-collateralised group guarantees in relation to certain of the liabilities of Simonstone (South West) Limited and, following the suspension of trading from Weston super Mare, it was intended that the Group borrowing facilities be renegotiated and restructured on viable terms. In the course of ongoing facility discussions during December 2019, a number of direct debit payments were temporarily suspended. Although it is understood that the payments were subsequently honoured, an alleged breach of contractual arrangements resulted in the Company's entire vehicle fleet, comprising both new and used vehicles, being removed from its trading premises in Brislington on 19/20 December 2019. With no stock with which to trade, the directors considered that they had no option but to suspend trading operations prior to Christmas and all staff, who had all received their December wages, were requested to go home until the new year.
- 3.3 On 4 January 2020, having taken professional advice, the directors resolved to take steps to give Notice of their Intention to appoint Administrators to the Company to the secured creditors and, regrettably, the entire workforce of some 47 staff was made redundant on economic grounds on that day. The staff have subsequently been assisted in progressing claims under the Employment Rights Act for redundancy and any other entitlements.
- Following the expiry of the statutory Notice period to the holders of qualifying floating charge security, the directors filed Notice of the Appointment of Administrators in the High Court of Justice on 14 January 2020. The retrospective consent of the Financial Conduct Authority ("FCA") was sought in relation to the making of the appointment pursuant to the provisions of the Financial Services and Markets Act 2000 and this was granted on 5 February 2020. Following an application heard in the High Court of Justice on 14 February 2020, the appointment of the Administrators and their actions taken up to that date were validated.

Statement of Affairs

A statement of affairs of the Company as at 14 January 2020 was submitted to me by Michelle Wilson and this has been filed with the Registrar of Companies. A copy is enclosed at Appendix B.

Please note that no provision has been made for costs and expenses of realisation, costs of the Administration and any corporation tax which may be payable. The following comments are considered to be relevant and should be borne in mind when reading the figures:

Secured Creditors

4.4 Bank of Scotland PIc ("BoS") provided loan and overdraft facilities to the Company and hold security by way of fixed and floating charges over the assets of the Company dated 31 January 2003. As at the date of administration, the debt owed to BoS was understood to be circa £95,346. Subject to the final quantum of preferential claims and the outcome of on-going asset realisation matters, BoS should receive a return under its floating charge security.

Santander Consumer (UK) plc / Hyundai Capital UK Limited ("HCUK") provided vehicle finance to the Company's related undertaking, Simonstone (South West) Limited. This funding was cross-guaranteed by the Company. HCUK hold security by way of fixed and floating charges over the assets of the Company dated 27 February 2012. As at the date of administration, the debt owed to HCUK is understood to be circa £48,796. It is not thought likely that sufficient funds will become available following settlement of amounts due to BoS, for HCUK to receive a return under its floating charge security.

Prescribed Part

4.5 The Insolvency Act 1986 provides that, where a company has created a floating charge after 15 September 2003, the Joint Administrators must make a *prescribed part* of the company's net property available to the unsecured

creditors and not distribute it the floating charge holder(s) except in so far as it exceeds the amount required for the satisfaction of unsecured claims. The prescribed part is calculated as 50% of the first £10,000 of net property, plus 20% of the property which exceeds £10,000, up to a maximum prescribed part of £600,000.

In the circumstances of this case, the BoS floating charge predates 15 September 2003 so no prescribed part will be applicable.

Preferential Claims

4.6 The only categories of claims which have preferential status are those of employees in respect of wages and accrued holiday pay and certain pension contributions. Preferential claims have been estimated to amount to approximately £8,133 by appointed agents Evolve IS, and on that basis, there could be sufficient funds to enable payment in full.

Unsecured Claims

4.7 At present, it is considered unlikely that a liquidator will be appointed for the purpose of enabling a distribution to unsecured creditors. This statement is being made in accordance with paragraph 52(1)(b) of Schedule B1 to the Act. Creditors should however continue to submit details of their claims using the proof of debt form attached at Appendix H. These claims will be collated and passed to any subsequently appointed Liquidator, should the position change.

Receipts and Payments

4.8 A receipts and payments account for the period of Administration to date is enclosed at Appendix C.

5 EVENTS FOLLOWING THE JOINT ADMINISTRATORS' APPOINTMENT

Chattel Fixed Assets

5.1 The Company owned motor vehicles, plant and equipment and office furniture and equipment which the Joint Administrators have sought to realise for the benefit of creditors.

Independent RICS registered agents, PACT Property & Assets Ltd ("PACT") were instructed to secure and appraise these assets. It was subsequently determined that the best strategy for realising these assets would be to run an auction process from the Company's premises.

The public auction closed on 11 February 2020 and it is understood that bids amounting to some £85,000 were received which is significantly in excess of PACT's ex-situ valuation for these assets. Payments are now being collected by PACT and funds will then be transferred to the administration estate once costs have been reconciled.

Stock

The Company still has a significant quantity of vehicle parts stock in its possession with an estimated cost value of £150,000. These stocks are subject to a purported contractual retention of title claim from the Company's franchisor. The Joint Administrators, with the assistance of PACT and appointed legal advisors, Clarke Willmott LLP, are currently reviewing the validity of this claim, as well as the legal basis upon which vehicles and parts were removed from the Company's premises prior to the administration, with a view to realising any available value for the benefit of creditors as a whole.

Book Debts

As at the date of administration, the Company also had book debts in the sum of circa £152,845. Husband Collection Services Ltd ("HCS") have been instructed to assist with the recovery of these outstanding amounts and collections of some £61,000 have been made to date which will be transferred to the Joint Administrators in due course. HCS anticipate that further recoveries of some £20,000 could be possible but the remainder of the ledger has been deemed uncollectable due to general disputes, contra claims for unfulfilled warranties and other aged/bad debts.

Intercompany Debt

According to the Company's books and records, there is an inter-company debt due from the connected group company Simonstone (South West) Limited in the sum of £585,025. However, Simonstone (South West) Limited has already ceased trading, has very limited realisable assets, and has cross-guaranteed the Company's secured debts, and it therefore appears unlikely that any recovery can be made. A petition for the compulsory winding-up of Simonstone (South West) Limited may be issued in order that the affairs of that company may be regularised.

Sundry Refunds

The Joint Administrators are investigating whether any pre-payments made by the Company or other credit balances may potentially be recoverable, particularly in respect of business rates. Property agents CAPA have been engaged in order to assist the Joint Administrators with the recovery of any maximised level of repayment for the benefit of creditors.

Professional Advisors Used

5.6 On this assignment the Joint Administrators have used the professional advisors listed below due to their particular expertise and cost effectiveness in dealing with those specific matters indicated:

Professional Advisor	Service Provided	Basis of Fees
PACT Property & Assets Ltd	Asset valuation advice, sale of assets, property clearance	Time costs
Clarke Willmott LLP	Legal advice, document preparation, review of ROT claim	Time costs
Husband Collection Services	Debt collection services	% of Collections
Evolve IS	Handling of employee/ pension claims	Fixed fee
CAPA	Property rates audit	% commission
AUA Insolvency Risk Services	Insurance broker	Fixed fee

Details of this firm's policy regarding the choice of advisors and the basis for their fees are given in Appendix H.

6 ACHIEVING THE PURPOSE OF ADMINISTRATION

- 6.1 The Joint Administrators must perform their functions with the purpose of achieving one of the following objectives:
 - (a) rescuing the Company as a going concern, or (if this cannot be achieved);
 - (b) achieving a better result for the Company's creditors as a whole than would be likely if the Company were wound up (without first being in administration), or (if (a) and (b) cannot be achieved);
 - (c) realising property in order to make a distribution to one or more secured or preferential creditors.
- The first objective is not capable of being achieved given the extent of historic liabilities and termination of the Company's Fiat (and related brands) franchise agreement.

Simonstone (Bristol) Limited - In Administration

- The second objective is to achieve a better result for the Company's creditors as a whole than would be likely if the Company were to be wound up (without first being in Administration). It is considered that this objective may be achieved as asset realisations have been achieved from the Company's premises which may have otherwise have been subject to forfeiture.
- The third objective is to realise property in order to make a distribution to secured and / or preferential creditors. This objective is likely to be achieved as preferential creditors should receive a dividend, and there may be sufficient funds for BoS to receive distributions under its floating charge security.

7 JOINT ADMINISTRATORS' PROPOSALS AND EXIT ROUTE

- 7.1 The Joint Administrators' Proposals for achieving the objective of Administration are attached at Appendix A.
- 7.2 Ordinarily the Joint Administrators would seek a decision from the Company's creditors as to whether they approve the Proposals. However, in this case, as there is little likelihood of a dividend being available for unsecured creditors, there is no requirement to seek such a decision from creditors.
- 7.3 Creditors whose debts amount to at least 10% of the total debts of the Company may however request the administrators to seek a decision from the Company's creditors as to whether they approve the Proposals. Such a request must be delivered to the administrators within 8 business days of the date on which this report was delivered. The deemed date of delivery of this report is given on the front page of this report. Please note that security must be given for the costs of convening the requisitioned decision.
- 7.4 If such a decision is requisitioned, creditors will be invited to consider the appointment of a creditors' committee and to vote on the Joint Administrators' Proposals as set out at Appendix A.
- 7.5 In the event that no such request is received, the Proposals will be deemed to have been approved in accordance with Rule 3.38(4) of the Insolvency (England and Wales) Rules 2016 ("the Rules"). Where this is the case, notification of the date on which the Proposals were deemed to have been approved will be given to creditors as soon as reasonably practicable after the expiry of the period for requisitioning a decision referred to in 1.5 above.
- 7.6 Once approved, the affairs of the Company will be managed in accordance with the Proposals and financed out of asset realisations.
- 7.7 Once the Administration has been finalised, and if there are insufficient funds available to allow a distribution to unsecured creditors, the Joint Administrators will file a Notice with the Registrar of Companies that the Company be dissolved. Alternatively, if there are assets still to be realised or investigations concluded but there will be no return to unsecured creditors, the Company may be placed into Compulsory Liquidation.

8 EXTENSION OF ADMINISTRATION

- The appointment of administrators ordinarily ceases to have effect at the end of the period of one year from the date of their appointment.
- 8.2 In certain circumstances it may be necessary to extend the Administrators' term of office. In the circumstances of this case, this may be done for a specified period not exceeding twelve months with the consent of:
 - each secured creditor of the Company; and
 - the preferential creditors of the Company.
- 8.3 The appropriate body of creditors will be contacted in due course should an extension be required.

9 PRE-ADMINISTRATION COSTS

- 9.1 Pre-administration costs are defined as fees charged and expenses incurred by the Administrator, or another person qualified to act as an insolvency practitioner before the company entered Administration (but with a view to its doing so). "Unpaid pre-administration costs" are pre-administration costs which had not been paid when the company entered Administration.
- 9.2 Time charged and expenses incurred by the Joint Administrators and their agents and solicitors in the period prior to their appointment are summarised below:

Charged by	Services provided	Total amount incurred £	Amount paid £	Who payments made by	Amount unpaid £
Leonard Curtis	Initial financial assessment & appointment particulars	£11,167.50	Nil	N/A	£11,167.50
Clarke Willmott	Statutory documentation & appointment particulars	£2,609.70	Nil	N/A	£2,609.70
	Total	£13,777.20			£13,777.20

- 9.3 Enclosed at Appendix D is an analysis of the Joint Administrators' pre-administration costs. The analysis shows that total pre-administration time costs of £11,167.50 have been incurred which represents 22.3 hours at a rate of £500.78 per hour.
- 9.4 The payment of unpaid pre-administration costs (set out above) as an expense of the Administration is subject to the approval of the appropriate class of creditors, separately to the approval of the Administrators' Proposals. In this case, the Joint Administrators are required to seek the approval of the secured and preferential creditors to this resolution.

10 JOINT ADMINISTRATORS' REMUNERATION AND DISBURSEMENTS

General

The basis of the Joint Administrators' remuneration may be fixed either as a percentage of the value with which they have to deal ('a percentage basis'), as a set amount, or by reference to the time properly given by the Joint Administrators and their staff in attending to matters as set out in a Fees Estimate. A combination of these bases may be fixed, with different bases being fixed in respect of different things done by the Joint Administrators. Additionally, where a percentage basis is fixed, different percentages may be fixed in respect of different things done by the Joint Administrators.

Approval by appropriate body

- The Joint Administrators think that the Company has insufficient property to enable a distribution to be made to unsecured creditors. In such circumstances, responsibility for approving the basis of the Joint Administrators' remuneration lies with the Creditors' Committee (if there is one); or if none (or the Committee does not make the requisite determination): each secured creditor of the Company; or where the Joint Administrators intend to make a distribution to preferential creditors: each secured creditor of the Company and a decision of the preferential creditors.
- 10.3 In the absence of a Creditors' Committee being established in this case, approval will be sought from the secured and preferential creditors and the outcome will be reported to all creditors in due course.

Information to be given to creditors

10.4 The Joint Administrators wish, in this case, to seek the secured and preferential creditors' agreement to their remuneration being fixed by reference to the time properly given by them and their staff in attending to matters

as set out in a Fees Estimate. Prior to seeking approval of this basis, the Joint Administrators are required to provide all known creditors with their Fees Estimate and details of the expenses that they consider will be, or are likely to be, incurred during the administration ("Statement of Likely Expenses").

The Fees Estimate

- 10.5 The Joint Administrators' Fees Estimate for the whole of the Administration is set out at Appendix E. It includes the following:
 - Details of the work that the Joint Administrators and their staff propose to undertake;
 - The hourly rate or rates that the Joint Administrators and their staff propose to use; and
 - The time that the Joint Administrators anticipate that each part of the work will take.

Details of the Joint Administrators' time costs to date have also been included for comparison purposes. In summary, time costs of £25,075.50 have been incurred to date which represents 57.5 hours at an average rate of £436.10 per hour.

- 10.6 The total amount of time costs as set out in the Fees Estimate is £49,998. Once approved by the appropriate body of creditors, the remuneration drawn by the Joint Administrators must not exceed this total amount without prior approval. It should be noted that in some instances payment of these costs will be limited to the amount of realisations available in the administration.
- 10.7 The Fees Estimate is based upon information currently available to the Joint Administrators. Based upon this information, the Joint Administrators do not anticipate that the Fees Estimate will be exceeded. However should information come to light during the course of the administration which means that the Joint Administrators will be required to undertake work not envisaged at the time that the Fees Estimate was provided, it may be necessary for the Joint Administrators to revert to secured and preferential creditors for further approval.
- 10.8 Details of the firm's charge-out rates and policy regarding the recharge of disbursements, staff allocation, support staff and the use of subcontractors are attached at Appendix G. Please be aware that the firm's charge out rates have been amended with effect from 1 August 2019.
- 10.9 Further guidance may be found in "A Creditors' Guide to Administrators' Fees" (Version 4 April 2017) which may be downloaded using the following link:

https://www.r3.org.uk/what-we-do/publications/professional/fees

If you would prefer this to be sent to you in hard copy please email recovery@leonardcurtis.co.uk or contact Andrew Dally of this office on 0117 929 4900.

Statement of Likely Expenses

- 10.10 The Joint Administrators' Statement of Likely Expenses is set out for creditor information at Appendix F. To assist creditors' understanding of this information, it has been separated into the following categories:
 - (i) Standard Expenses: this category includes expenses payable by virtue of the nature of the Administration process and / or payable in order to comply with legal or regulatory requirements.
 - (ii) Case Specific Expenses: this category includes expenses likely to be payable by the Joint Administrators in carrying out their duties in dealing with issues arising in this particular case. Also included within this category are costs that are directly referable to the administration but are not paid to an independent third party (and which may include an element of allocated costs). These are known as "Category 2 disbursements" and they may not be drawn without the approval of the secured and preferential creditors in the same way as fees and these creditors will be contacted directly in this respect. The basis of the calculation of their recharge is detailed in Appendix G.

Further Updates

10.11 The Joint Administrators will provide creditors with an indication of whether the remuneration anticipated to be charged by them is likely to exceed the Fees Estimate, and if so the reasons for this, in their subsequent reports. Information will also be provided in subsequent reports on whether the expenditure detailed in the Statement of Likely Expenses has been or is likely to be exceeded and the reasons why.

11 ESTIMATED OUTCOME FOR CREDITORS

- 11.1 Given the current material uncertainties in respect of likely asset realisations, creditor claims and on-going costs, it is not possible to provide a reliable Estimated Outcome Statement at this stage. However, in summary:
 - Secured creditors there may be sufficient funds for BoS to receive distributions under its floating charge security. It is unlikely that HCUK will receive a distribution.
 - Preferential creditors sufficient funds may be available to enable payment in full subject to the quantum of final claims received.
 - Unsecured creditors based on current estimates, a prescribed part distribution is considered unlikely given that the BoS floating charge predates 15 September 2003.

12 RELEASE OF ADMINISTRATORS FROM LIABILITY

- 12.1 As soon as all outstanding matters in the Administration have been attended to it is anticipated that we will file a notice with the Registrar of Companies in order that the Administration will cease and the Company will move automatically to dissolution.
- 12.2 The appointment of the Joint Administrators will cease as soon as this notice is issued.
- 12.3 It is ordinarily for the creditors to fix the date upon which the Joint Administrators are discharged from liability in respect of any action of theirs during the Administration. However, as it is considered that there is little prospect of a dividend to unsecured creditors in this case, we are required to obtain approval to this resolution from the secured and preferential creditors. The appropriate class of creditor will be contacted directly in this respect.

13 CONCLUSION

- 13.1 It is important that you give careful attention to this report and its Appendices.
- 13.2 Creditors will be advised of the outcome on the deemed approval of the Proposals in due course.

Should you have any queries or require any further clarification please contact Andrew Dally at my office, in writing. Electronic communications should also include a full postal address.

- 6. The Company may be placed into compulsory liquidation in circumstances where assets are still to be realised or investigations concluded yet there will be no return to unsecured creditors. In these circumstances it is further proposed that Andrew Beckingham and/or David Smithson be appointed (Joint) Liquidator(s) of the Company and that where Joint Liquidators are proposed any act required or authorised to be done by the Joint Liquidators may be exercised by both or either of them.
- 7. The Joint Administrators shall do all such other things and generally exercise all of his powers as contained in Schedule 1 of the Insolvency Act 1986, as they consider desirable or expedient to achieve the statutory purpose of the Administration.

JOINT ADMINISTRATORS' FEES ESTIMATE

DETAILS OF WORK UNDERTAKEN AND PROPOSED TO BE UNDERTAKEN

Statutory and Review

This category of activity encompasses work undertaken for both statutory and case management purposes. Whilst this work will not directly result in any monetary value for creditors, it will ensure that the case is managed efficiently and resourced appropriately, which will be of benefit to all creditors. The work to be carried out under this category will comprise the following:

- Case management reviews. These will be carried out periodically throughout the life of the case. In the early
 stages of the case this has involved regular team meetings to discuss and agree case strategy and will include
 a month 3 review by the firm's Compliance team to ensure that all statutory and best practice matters have been
 dealt with appropriately. As the case progresses we will as a minimum carry out six monthly reviews to ensure
 that the case is progressing as planned;
- Allocation of staff, management of staff, case resourcing and budgeting. In general efforts have and will be made
 to keep case costs to a minimum where possible. However, given the nature of the this case, it has and will
 necessitate the ongoing attendance by senior members of staff;
- Review of time costs data to ensure accurate posting of time and to ensure compliance with Statement of Insolvency Practice 9:
- Review of work carried out by more junior members of staff to ensure quality of work and adherence to standards, legislation and best practice;
- The team is required under the Company Directors' Disqualification Act 1986 to review the Company's records
 and consider information provided by creditors on the conduct of the all directors involved in the Company during
 the three years leading up to the insolvency. This will result in the preparation and submission of statutory returns
 or reports on all directors to the Insolvency Service. Evidence of unfit conduct can result in directors being
 disqualified for periods of up to 15 years;
- Review of director's sworn statement of affairs and filing of document at Companies House in accordance with statutory requirements; and
- Completion of case closing procedures at the end of the case.

Receipts and Payments

This category of work will not result in a direct financial benefit for creditors. However, close monitoring of case bank accounts is essential to ensure that bank interest is maximised where possible, estate expenses are properly managed and kept to a minimum and amounts payable to creditors are identified and distributed promptly.

- Opening of case bank account;
- Management of case bank account to ensure compliance with relevant risk management procedures;
- Preparation of periodic receipts and payments accounts for inclusion in statutory reports. The Joint Administrators will, as a minimum, issue a full report to creditors at least twice during the course of the administration;

Insurance, Bonding and Pensions

Insolvency Practitioners are obliged to comply with certain statutory requirements when conducting their cases. Some of these requirements are in place to protect company assets (see insurance and bonding matters below), whilst requirements in respect of company pension schemes are there to protect the pension funds of Company employees. Whilst there is no direct financial benefit to Company creditors in dealing with these, close control of case expenditure is crucial to delivering maximum returns to the appropriate class of creditor.

- Review of the Company's existing insurance provision and liaising with insurers brokers to ensure adequate insurance cover is maintained whilst minimising costs to the estate;
- Calculation and request of Joint Administrators' bond in accordance with the Insolvency Practitioners'
 Regulations 2005. A Bond is a legal requirement on all administrations and is essentially an insurance policy to
 protect creditors against the fraud or dishonesty of the Insolvency Practitioner. The bond is calculated by
 reference to the value of assets which are estimated before costs to be available to unsecured creditors;
- Periodic review of bonding requirements to ensure that creditors are appropriately protected. The bond is reviewed upon each large receipt of monies into the case and also at three month intervals in accordance with best practice; and
- Completion and submission of statutory notifications under the Pensions Act 2004 including liaising with the
 Company director to establish the existence of Company pension schemes, making the statutory notifications
 under s120 and s22 of the pensions legislation liaising with the pension provider to understand the nature of the
 scheme, and instruction of agents Evolve IS to submit claims to the Redundancy Payments Service for
 reimbursement of any unpaid contributions.

 - Review of asset auction arrangements and the subsequent level of sales achieved;
 - Consideration and apportionment of the costs and expenses associated with the asset sales.

LEONARD CURTIS POLICY REGARDING FEES, EXPENSES AND DISBURSEMENTS

The following Leonard Curtis policy information is considered to be relevant to creditors:

Staff Allocation and Charge Out Rates

We take an objective and practical approach to each assignment which includes active director involvement from the outset. Other members of staff will be assigned on the basis of experience and specific skills to match the needs of the case. Time spent by secretarial and other support staff on specific case related matters, e.g. report despatching, is not charged.

Where it has been agreed by resolution that the office holders' remuneration will be calculated by reference to the time properly given by the office holders and their staff in attending to matters as set out in a fees estimate, then such remuneration will be calculated in units of 6 minutes at the standard hourly rates given below. In cases of exceptional complexity or risk, the insolvency practitioner reserves the right to obtain authority from the appropriate body of creditors that their remuneration on such time shall be charged at the higher complex rate given below.

The following hourly charge out rates apply to all assignments undertaken by Leonard Curtis:

Office holders' remuneration may include costs incurred by the firm's in-house legal team, who may be used for non-contentious matters pertaining to the insolvency appointment.

Subcontractors

Where we subcontract out work that could otherwise be carried out by the office holder or his/her staff, this will be drawn to the attention of creditors in any report which incorporates a request for approval of the basis upon which remuneration may be charged. An explanation of why the work has been subcontracted out will also be provided.

Professional Advisors

Details of any professional advisor(s) used will be given in reports to creditors. Unless otherwise indicated the fee arrangement for each is based on hourly charge out rates, which are reviewed on a regular basis, together with the recovery of relevant disbursements.

The choice of professional advisors is based around a number of factors including, but not restricted to, their expertise in a particular field, the complexity or otherwise of the assignment and their geographic location.

Expenses

We are required to provide creditors with an estimate of the expenses we expect to be incurred in respect of an assignment and report back to them on actual expenses incurred and paid in our periodic progress reports. There are two broad categories of expenses: standard expenses and case specific expenses. These are explained in more detail below:

Disbursements

Included within both of the above categories of expenses are disbursements, being amounts paid firstly by Leonard Curtis on behalf of the insolvent entity and then recovered from the entity at a later stage. These are described as Category 1 and Category 2 disbursements.

- a) Category 1 disbursements: These are costs where there is specific expenditure directly referable both to the appointment in question and a payment to an independent third party. These may include, for example, advertising, room hire, storage, postage, telephone charges, travel expenses (excl. mileage), and equivalent costs reimbursed to the office holder or his or her staff. Category 1 disbursements may be drawn without prior approval.
- b) Category 2 disbursements: These are costs that are directly referable to the appointment in question but not to a payment to an independent third party. They may include shared or allocated costs that can be allocated to the appointment on a proper and reasonable basis, for example, business mileage. In the event of charging for category 2 disbursements the following items of expenditure are recharged on this basis and are believed to be in line with the cost of external provision:
