# DETAILS OF APPOINTMENT OF LIQUIDATORS

Date winding up commenced: 07 April 2022

Date of Liquidators' appointment: 07 April 2022

Changes in Liquidators (if any): None

# 4. PROGRESS DURING THE PERIOD

This is our first report and account of the Liquidation following our appointment on 07 April 2022.

Receipts and Payments

Attached at Appendix 1 is our abstract of receipts and payments account (the "Account") for the 12-month period from 07 April 2022 to 06 April 2023 (the "Period").

The Company was registered for VAT purposes, but we have cancelled the registration during the course of the conduct of the Liquidation. Notwithstanding and nevertheless, VAT on costs and expenses in the Liquidation would ordinarily be reclaimable by the Liquidation estate ("the Estate").

For the avoidance of doubt the Company has no realisable assets and therefore there have been no receipts, and moreover, no payments in the course of the conduct of the Liquidation.

The work that has been done in the Period of this report, why was that work necessary and the financial benefit (if any) to creditors

Details of the types of work that generally fall into the headings mentioned below are available on our firm's website-<a href="http://www.begbies-traynorgroup.com/work-details">http://www.begbies-traynorgroup.com/work-details</a>. Under the following headings we have explained the specific work that has been undertaken on this case. Not every piece of work has been described, but we have sought to give a proportionate overview which provides sufficient detail to allow creditors to understand what has been done, why it was necessary and what financial benefit (if any) the work has provided to creditors.

The costs incurred in relation to each heading are set out in the Time Costs Analysis which is attached at Appendix 2. There is an analysis for the Period of the report. The details below relate to the work undertaken in the Period of the report only. Various items of general work that have been carried out in the Period that have no direct financial benefit to creditors but are either required by best practice or statute, as detailed below include:

- General case administration and planning;
- Compliance with the Act, Rules and best practice; and
- Dealing with creditors' claims and correspondence.

#### General case administration and planning

We are obliged to populate and maintain a virtual electronic case file, together with a hard copy (paper) Permanent File, to ensure we have a contemporaneous, accurate and complete record of how the case has been administered, including fully documenting the reasons for any decisions that materially affect the case. Moreover, where considered economical and appropriate to do so, we have carried out periodic internal case compliance and progression reviews. In addition, we have carried out periodic specific penalty bond reviews to ensure the adequacy of fidelity cover based upon the level of actual realisations achieved, if any, together with projected future realisations. Whilst these items of work are of no direct financial benefit to creditors, this is a statutory and best practice requirement for the aforementioned reasons.

## Compliance with the Insolvency Act, Rules and best practice

In accordance with the Act, Rules and best practice guidance, we have incepted the Liquidators' bond (fidelity insurance) and given initial notification of our appointment as Liquidators to the requisite parties. Whilst these items of work are of no direct financial benefit to creditors notwithstanding and nevertheless, we are required by the Act and Rules to carry out certain tasks, give notifications to creditors and produce periodic reports on the progress of the Liquidation, all within a prescribed time period.

# Dealing with all creditors' claims (including employees), correspondence and distributions

We have dealt with the initial post appointment statutory notifications and the advertisement of our appointment. We have populated our Insolvency Practitioners System ("IPS") with all, and any creditors' claims received to date and responded to creditors' enquiries as and when arising.

#### Investigations

As you may be aware, as the Liquidators we have a duty to enquire into the affairs of the Company to determine its property and liabilities and to identify any actions which could lead to the recovery of funds. In addition, we are also required to consider the conduct of the Company's director(s) and to make an appropriate confidential submission to the Department for Business Energy and Industrial Strategy ("DBEIS") in accordance with the Company Directors Disqualification Act 1986 ("CDDA"). This is entirely standard practice and does not imply any criticism or cause of action against any person concerned in the management of the Company's affairs. The Company's incumbent directors, together with those other persons, if any, who acted as a director of the Company within the 3-year period ending with the date of Liquidation, were asked to complete a comprehensive questionnaire to assist us with our enquiries. We have carried out a proportional investigation of specific matters including a forensic review of the Company's books and records and bank statements to assist us in compiling our report to DBEIS.

We have made our submission to DBEIS. To date, our summary investigations have not revealed any material claims that could be economically pursued against any party and that would if successful, generate any material net realisations in the Liquidation.

#### Realisation of assets

There have been no realisations during the Period. The report on the financial position of the Company, pursuant to Statement of Insolvency Practice 6, sent to creditors prior to our appointment ("the SIP6 Report"), included the directors' statement of affairs as at 31 March 2022 (the "SofA"). The SofA showed that the Company had no realisable assets. However, the SofA also showed that according to the latest unaudited financial statements produced by the Company for the 12-month accounting period ended 31 March 2020, the Company had Leasehold Improvements with a net book value ("BV") (as at 31/03/2020) of £13,117 and an estimated realisable value ("ERV") stated as £NIL. This asset comprised accumulated capitalised expenditure in relation to integral improvements to the Company's leasehold trading premises (the "Premises") and as such, after accounting for any claims by the landlord for arrears of rent and dilapidations, following cessation of business and vacation of the Premises it had no net economic realisable value in the Liquidation.

Our summary investigations did not reveal any other realisable assets, and consequently, there have been no realisations in the Liquidation.

Other matters which include seeking decisions from creditors (via Deemed Consent Procedure and/or Decision Procedures), tax, litigation, pensions and travel

We have notified His Majesty's Revenue & Customs ("HMRC") of our appointment and made an application to cancel the Company's VAT registration with effect from the date of our appointment. Furthermore, we have also dealt with enquiries from HMRC as regards the Company's pre-appointment corporation tax ("CT") affairs.

# OUTCOME FOR CREDITORS

The sums owed to creditors at the date of appointment were detailed in the directors' SofA produced as part of the process of placing the Company into Liquidation. We have set out below the amounts due to each class of creditor together with the outcome in the Liquidation.

# Secured creditors

As at the date of our appointment, according to the SofA and Companies House records there were three (3) outstanding unsatisfied charges as set out below:

Name of charge-holder	Security	Date created
National Westminster Bank PLC ("NatWest")	Debenture conferring fixed and floating charges over the whole of the Company's assets	23 January 2017
The Mayor and Commonalty and Citizens of the City of London – as the landlord of the (the "Landlord")	Rent Deposit Deed for an amount of £2,547.32	30 April 2012
The Landlord	Rent Deposit Deed for an amount of £315.11	30 April 2012

However, we have not received a claim from either NatWest and/or the Landlord during the course of the Liquidation and can only surmise that there are no secured creditors. Certainly, no distributions have been made to either NatWest or the Landlord in the course of the Liquidation to date.

#### Primary preferential creditors

Primary preferential creditors ("the Primary Preferentials") ordinarily comprises of former employees' claims for arrears of salary and wages up to a limit of £800 and holiday pay. Where the Insolvency Service aka the Redundancy Payments Service ("RPS"), makes certain preferential payments to the employees subject to statutory limits from the National Insurance Fund ("NIF"), the RPS will be a subrogated creditor (i.e., stand in the shoes of the employees) for the amounts the RPS has paid to them.

According to the SofA there were no known preferential employee claims. Moreover, there have been no such claims received in the course of the Liquidation. Accordingly, as far as we are aware there are no Primary Preferentials.

## Secondary preferential creditors ("the Secondary Preferentials")

Under provisions introduced in the Finance Act 2020, HMRC has been afforded secondary preferential creditor status in insolvency appointments occurring on or after 01 December 2020 in relation to VAT, PAYE Income Tax ("PAYE"), employee National Insurance contributions ("NIC"), student loan deductions and Construction Industry Scheme ("CIS") deductions.

According to the SofA there are no such amounts owed to HMRC in this respect. Moreover, there have been no such claims received in the course of the Liquidation. Accordingly, as far as we are aware there are no Secondary Preferentials.

# Unsecured creditors

Unsecured creditors ("the Unsecureds") generally comprises trade and other connected creditors together with the former employees' claims for pay in lieu of notice ("PILON") and Redundancy entitlements. However, as far as we are aware there are no employee claims.

According to the SofA the Unsecureds were estimated in aggregate to total £583,462, the largest and principal creditor being an amount owed to Funding Circle Ltd (as estimated) of £269,540 in respect of an unsecured (COVID) coronavirus business interruption loan ("CBIL"). However, and notwithstanding, there have been no realisations in the Liquidation to generate a net surplus of funds to enable a distribution to be made to the Unsecureds. Consequently, we have not taken steps to formally adjudicate and agree any such claims.

Prescribed Part for unsecured creditors pursuant to Section 176A of the Act

Section 176A of the Act provides that, where the Company has created a floating charge on or after 15 September 2003, as the Liquidators we must make a prescribed part of the Company's net property available for the unsecured creditors and not distribute it to the floating charge holder except in so far as it exceeds the amount required for the satisfaction of unsecured debts. In this particular case, there are no known sums owed in respect of the unsatisfied floating charges and therefore, this particular provision is not applicable.

# 6. LIQUIDATORS' REMUNERATION & EXPENSES

#### Remuneration

No resolution has been sought from creditors in respect of our remuneration. We considered the basis of our remuneration following our assessment of the Company's asset position and the conclusion of our investigations. Our investigations did not reveal any viable causes of action or were otherwise uneconomical to pursue and unlikely to result in any financial benefit for the Company's stakeholders. Given there have been no realisable assets to generate funds in the Liquidation, we have decided not to incur the costs of seeking a decision from creditors to fix the basis of our remuneration. However, for creditors information only, in the unlikely event the position changes we have set out below our time costs incurred in this matter, being the basis on which we would seek to be remunerated.

Our time costs for the Period (07 April 2022 to 06 April 2023), excluding the Costs of Closure (see below), amount to £10,074 which represents 30.3 hours at an average rate of £332.46 per hour. The following further information in relation to our time costs and disbursements is set out at Appendix 2:

- □ Begbies Traynor (Central) LLP's ("Begbies") charging policy; and
- Time Costs Analysis for the Period.

For the avoidance of doubt, we have been unable to draw any amount on account of our time costs incurred since the date of our appointment which, together with all future cost incurred to the closure of the Liquidation, will in all likelihood be written-off as irrecoverable. However, please note that in the remote likelihood that subsequently there are any unexpected asset realisations in the period before we close the Liquidation, to the extent such realisations may prove to be sufficient to do so, we may seek creditors' approval via a decision-making procedure ("DMP") by correspondence to fix the basis of our remuneration on a time cost basis, capped at the level that creditors may approve.

#### Category 1 Expenses

To 07 April 2023, we have incurred expenses totalling £219 none of which has been re-imbursed to our Firm. All such undischarged expenses incurred to date together all and any further expenses that may be incurred in the period to the close of the Liquidation will be written-off as irrecoverable. See also Section 7 below.

# Category 2 Expenses

There have been no Category 2 expenses and expenses which should be treated as Category 2 expenses, charged to the Estate in the Period, absent of the requisite resolution to fix the basis of our remuneration including specifically providing for our charging policy for any such expenses.

#### Use of subcontractors

We have not subcontracted any work that could otherwise be done more economically by us and/or our staff.

#### Use of other Professionals

No other professionals who have been employed to assist us in the conduct of the Liquidation in the Period.

# Work undertaken prior to appointment

In addition to the post appointment time costs detailed in the Time Costs Analysis, the costs relating to work undertaken prior to our appointment in assisting with the preparation of the statement of affairs and seeking the decisions of creditors on the nomination of the Liquidators fixed at £20,000 plus VAT and disbursements (the "Pre-appointment Costs"), were agreed and approved to be paid as an expense of the Liquidation by creditors via a DMP by correspondence on 07 April 2022. Notwithstanding, prior our appointment the total sum of £12,500 was paid on account of these costs by the directors personally, pursuant to the terms of personal guarantees given in conjunction with our firm's initial engagement with the Company.

Given there have been no realisations in the Liquidation, we will be obliged to write-off the unpaid balance of the Pre-appointment Costs as irrecoverable. However, as with our remuneration above, in the event there are additional or unexpected asset realisations in the period before we vacate office as Liquidators, to the extent such realisations may prove to be sufficient to do so, we will seek to reimburse ourselves for all and any outstanding Pre-appointment Costs.

# Creditors' Guide to Liquidators Fees

A copy of 'A Creditors' Guide to Liquidators Fees (E&W) 2021' which provides guidance on creditors' rights on how to approve and monitor a Liquidator's remuneration and on how the remuneration is set can be obtained online at <a href="https://www.begbies-traynor.com/creditorsguides">www.begbies-traynor.com/creditorsguides</a>. Alternatively, if you require a hard copy of the Guide, please contact our office and we will arrange to send you a copy. In addition, the Association of Business Recovery Professionals (R3) has set up a website that contains a step-by-step guide designed to help creditors navigate their way through an insolvency process. You can access the website at the following address: <a href="http://www.creditorinsolvencyguide.co.uk/">http://www.creditorinsolvencyguide.co.uk/</a>.

# LIQUIDATORS' EXPENSES

We, as Liquidators, are required to provide a statement of the expenses incurred by us during the Period of the report, irrespective of whether payment was made in respect of such expenses during the Period. Expenses include all expenses incurred, for example the costs of third parties instructed by us e.g., solicitors, valuers, agents etc and also expenses incurred. It is not always possible to provide a precise figure for an expense that has been incurred. Where this is the case, we have provided a 'best estimate' of the quantum of the expenses. A statement of the expenses incurred during the Period of this progress report set out at Appendix 3. Absent of any realisations in the Liquidation, we will be obliged to write-off the outstanding unpaid balance of expenses as irrecoverable. However, in the event there are additional or unexpected asset realisations in the period before the close of the Liquidation, to the extent such realisations may prove to be sufficient to do so, we will reimburse our firm for all and any unbilled and unpaid expenses.

# 8. ASSETS THAT REMAIN TO BE REALISED AND WORK THAT REMAINS TO BE DONE

According to the SofA and following our summary investigations, we have determined that the Company has no realisable assets. However, our summary investigations are still ongoing to determine whether there are any material claims that could be pursued against any party, or parties, and that would if successful, generate net material realisations in the Liquidation. At this juncture, we are unable to elucidate further to avoid prejudicing our investigations. We are also finalising the closure of the Company pension scheme.

What work remains to be done, why is this necessary and what financial benefit (if any) will it provide to creditors?

# General case administration and planning

- Updating case strategy plan;
- Update of case compliance checklists;
- Dealing with correspondence (physical and electronic) that is considered routine in the context of the engagement and otherwise does not directly fall into other categories;
- General case updates to include internal meetings on case strategy and effecting instruction;
- Ongoing maintenance of up to date information on the electronic case information;
- Overseeing and controlling the work undertaken on this engagement by junior staff;
- Completion of six monthly compliance and progression checklists;

Ensure time recording data is compliant with Statement of Insolvency Practice 9.

On this engagement, the work identified above does not hold a direct commercial benefit to creditors. Creditors benefit from this work as it ensures this particular engagement is dealt with to the standards expected and also in a timely fashion. Elements of this work are required to comply with best practice and statute.

#### Compliance with the Insolvency Act, Rules and best practice

- Reviewing the adequacy of the specific penalty bond periodically;
- Ongoing consideration to ethical practice;
- Ongoing consideration to money laundering regulations;
- Updating case checklists and statutory diaries where necessary;
- Submission of forms to Companies House;
- Maintain accurate account of receipts and payments;
- Issuing annual progress reports for submission at Companies House and copies sent to all known creditors.

# Closure

- Preparing, reviewing and issuing final report to members and creditors;
- Filing of final return at Companies House;
- Update physical and electronic case records following closure.

On this engagement, the work identified above does not hold a direct commercial benefit to creditors. It is the duty of the appointed office holder to comply with the Insolvency Act and Rules and creditors benefit from this being done to a standard expected of this firm.

#### **Investigations**

- Ongoing review of available records;
- Communications with third parties considered capable of providing information to assist the Joint Liquidators in their enquiries;

On this engagement the above work may have a direct financial benefit in the event that viable actions are identified and pursued leading to recovery to the insolvent estate.

#### Realisation of assets

None.

# Dealing with all creditors' claims (including employees), correspondence and distributions

# Creditors:

- Updating schedules of creditor claims;
- · Receipt of creditor claims and input on internal case management software;
- Review of creditor claim supporting information;
- Taking and dealing with phone calls from creditors;
- Acknowledgment of creditor claims correspondence and/or dealing with further queries on claims:
- Receipt of, consideration of and response to creditor correspondence;
- Should funds permit, a potential calculation and payment of a dividend to creditors.

On this engagement, the work detailed above will not have any direct financial benefit to creditors from the insolvent estate unless a dividend becomes payable. It will be undertaken to comply with the Insolvency Act and Rules together with best practice and enabling creditors to have evidence of their loss for tax and VAT purposes.

Other matters which includes seeking decisions from creditors (via Deemed Consent Procedure and/or Decision Procedure, tax, litigation, pensions and travel

- The Completion of Corporation Tax returns;
- Attending meetings that may arise along with travel to and from those meetings;
- Filing of final Corporation Tax return;
- Seeking closure clearance from HMRC;
- Potential furtherance of litigation should viable actions be identified from investigations;
- Liaison with any pension specialists and trustees regarding the closure of the pension scheme.

Some of the above have no direct financial benefit to creditors but have to be done in order to comply with legislation. Others, such as finalising the pension scheme may have some financial benefit to the former employees of the Company where top up payments are made to the Company pension scheme.

How much will this further work cost?

It is expected that the above work might cost in the region of £3,000. However, as previously explained the Joint Liquidators do not presently hold approval to draw any sums toward their remuneration.

## Expenses

Details of the expenses that we expect to incur in connection with the work that remains to be done referred to above are provided in Appendix 3.

What is the anticipated payment for administering the case in full?

As above, no approval for drawing Joint Liquidators remuneration is held. As such, we expect not to be paid any sums for administering the case.

However, please note that should there be unexpected asset realisations, we will look to draw our remuneration from those, capped at the level that the creditors approve.

# 9. OTHER RELEVANT INFORMATION

# Connected party transactions

In accordance with industry best practice (Statement of Insolvency Practice 13), we are obliged to inform creditors of any sale of the Company's business or assets which involves a party connected to the Company. As far as we are aware, to the best of our knowledge there have been no such transactions.

# Use of personal information

Please note that in the course of discharging our statutory duties as the Liquidators, we may need to access and use personal data, being information from which a living person can be identified. Where this is necessary, we are required to comply with data protection legislation. If you are an individual and you would like further information about your rights in relation to our use of your personal data, you can access the same at https://www.begbies-traynorgroup.com/privacy-notice. If you require a hard copy of the information, please do not hesitate to contact us.

# 10. CREDITORS' RIGHTS

#### Right to request further information

Pursuant to Rule 18.9 of the Rules, within 21 days of the receipt of this first and final report a secured creditor, or an unsecured creditor with the concurrence of at least 5% in value of the unsecured creditors, including that creditor, (or an unsecured creditor with less than 5% in value of the unsecured creditors, but with the permission of the court) may request in writing that we provide further information about our remuneration or expenses which have been incurred during the Period of this report. For the avoidance of doubt, we have been unremunerated in the Liquidation in the Period.

# Right to make an application to court

Pursuant to Rule 18.34 of the Rules, any secured creditor or any unsecured creditor with the concurrence of at least 10% in value of the unsecured creditors including that creditor, (or any unsecured creditors with less than 10% in value of the unsecured creditors, but with the permission of the court) may, within 8 weeks of receipt of this first and final report, make an application to court on the grounds that the remuneration charged or the expenses incurred during the Period of this report are excessive or, the basis fixed for our remuneration is inappropriate. As above, we have been unremunerated in the Liquidation in the Period.

# 11. CONCLUSION

We will report again at the conclusion of the Liquidation. We shall then produce our final account of the winding-up, showing how the Liquidation has been conducted. Unless creditors object by giving notice in writing within 8-weeks of the delivery of the notice of this final Account, we shall have our release from liability at the same time as vacating office. We shall vacate office upon our delivering to the Registrar of Companies our final account. Should you require further explanation of any matters contained within this report, please do not hesitate to contact our office and in the first instance speak to the case manager George Langley at our office.

#### **BEGBIES TRAYNOR CHARGING POLICY**

#### **INTRODUCTION**

This policy applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the creditors' decision being made for the office holder to be remunerated on a time cost basis. Best practice guidance\* requires that such information should be disclosed to those who are responsible for approving the basis of an office holder's remuneration. Within our fee estimate creditors can see how we propose to be remunerated.

In addition, this policy applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm. Best practice guidance\* indicates that such charges should be disclosed to those who are responsible for approving the basis of the office holder's remuneration, together with an explanation of how those charges are calculated.

#### OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of their staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder, and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded in 6-minute units at the individual's hourly rate in force at that time which is detailed below.

#### EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Expenses are payments from the estate which are neither an office holder's remuneration nor a distribution to a creditor or a member. Expenses also include disbursements, which are expenses that are initially paid by the office holder's own firm, but which are subsequently reimbursed from the estate when funds are available.

Best practice guidance classifies expenses into two broad categories:

- Category 1 expenses (approval not required) specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- □ Category 2 expenses (approval required) items of expenditure that are directly related to the case and either:
  - (i) include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party; or
  - (ii) are items of expenditure which are payable to an associate of the office holder and/or their firm

# Shared or allocated costs (pursuant to (i) above)

The following expenses include an element of shared or allocated cost and are charged to the case (subject to approval):

- □ Internal meeting room usage for the purpose of statutory meetings of creditors is charged at the rate of £100 (London £150) per meeting;
- ☐ Car mileage which is charged at the rate of 45 pence per mile;

# General Office Overheads

The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a Category 1 disbursement:

□ Te	leph	none	and	facs	imile	;
------	------	------	-----	------	-------	---

- Printing and photocopying;
- Stationery;
