DETAILS OF APPOINTMENT OF LIQUIDATORS

Date winding up commenced: 21 August 2017

Date of liquidators' appointment: 21 August 2017

Changes in liquidator (if any): None

PROGRESS SINCE OUR LAST REPORT

This is our final report and account of the liquidation and should be read in conjunction with the progress reports to creditors dated 18 October 2018, 16 October 2019, and 16 October 2020 respectively.

Receipts and Payments

Attached at Appendix 1 is our abstract of receipts and payments for the period from 21 August 2020 to 9 August 2021.

The primary receipt during the period is in the sum of £11,135 and relates to the settlement of the historic overdrawn director loan account. The only other realisation during the period is the sum of £15 which relates to bank interest earned on the funds held in the case bank account.

Against this, a payment of £14,977 has been made to Clarion Solicitors Limited in respect of their outstanding costs for providing advice on various matters throughout the liquidation.

A payment has also been made to Begbies Traynor (Central) LLP in the sum of £66,000 in respect of our fees as liquidators. An additional payment of £117 has been made on account of our expenses incurred during the period. Further details of the same are provided in Section 6 of this report.

A payment of £109 has been made to Restore plc for document storage and archiving in accordance with our statutory obligations.

Finally, a payment of £120 has been made to HMRC in respect of corporation tax.

What work has been done in the period of this report, why was that work necessary and what has been the financial benefit (if any) to creditors?

Details of the types of work that generally fall into the headings mentioned below are available on our firm's website - http://www.begbies-traynorgroup.com/work-details Under the following headings we have explained the specific work that has been undertaken on this case. Not every piece of work has been described, but we have sought to give a proportionate overview which provides sufficient detail to allow creditors to understand what has been done, why it was necessary and what financial benefit (if any) the work has provided to creditors.

The costs incurred in relation to each heading are set out in the Time Costs Analysis which is attached at Appendix 2. There is an analysis for the period of the report and also an analysis of time spent on the case since the date of our appointment.

The details below relate to the work undertaken in the period of the report only. Our previous reports contain details of the work undertaken since our appointment.

General case administration and planning

During the period we have continued to maintain our case files and have documented all relevant decisions taken which may affect the outcome of the Liquidation. We have also continued to prepare regular case reviews to ensure the matter is being progressed appropriately and effectively.

Our document management system has been maintained during the period and any costs in this respect are recorded under this heading. Costs in respect of banking and general file administration are also recorded under this heading.

Whilst no recoveries may be achieved as a direct result of the actions undertaken under the above heading, these actions are important to ensure that our agreed case strategy remains appropriate and to ensure that the Liquidation is being sufficiently progressed.

Compliance with the Insolvency Act, Rules and best practice

During the period, we have prepared and circulated our previous annual report, a copy of which has been made available to creditors and filed with the Registrar of Companies. As we are concluding the liquidation, we have also prepared this report during the period.

We have continued to regularly monitor the statutory bordereau in order to ensure this remains appropriate and the interests of the Company's members and creditors remain fully protected.

The above actions are statutory duties of any office holder and, as such, are an unavoidable cost of the Liquidation.

Investigations

As creditors may recall from our previous reports, our statutory investigations into the affairs of the Company were conducted and concluded in the preceding Administration of the Company. No work has been completed under this heading during the period.

Realisation of assets

As previously advised, during the period the sum of £11,135 has been realised in respect of the overdrawn director loan account. Time has been incurred in reviewing and finalising the position of the loan account during the period.

The only other asset realisation during the period was bank interest, for which minimal time was spent processing the receipt.

Dealing with all creditors' claims (including employees), correspondence and distributions

Creditors will recall that in the previous period, we made a distribution to unsecured creditors of 100p in the £ plus statutory interest. Subsequent to this, the position was reviewed and a first and final distribution to the shareholders of the Company was made during the current period. The distribution totalled £48,249.

Significant time has been incurred during the period in liaising with the shareholders of the Company in respect of the distribution.

Following the creditor distribution made in the last period, time has been incurred in this period ensuring that dividends had been banked. In addition, a minimal amount of time has been incurred in responding to creditor queries as and when they have arisen.

Other matters which includes seeking decisions from creditors (via Deemed Consent Procedure and/or Decision Procedures), tax, litigation, pensions and travel

During the period, we have sought the decision of creditors on the approval of our further fees estimate. To comply with our statutory duties, we also sought the decision of creditors on the establishment of a liquidation committee. Time was incurred in liaising with creditors and processing votes.

Our cashiers have reconciled the bank account. corresponded with HMRC regarding corporation tax and VAT, and processed receipts and payments during the period.

OUTCOME FOR CREDITORS

Details of the sums owed to each class of the Company's creditors were provided in the directors' statement of affairs included in the statement of proposals of the former administrators.

On the basis of realisations to date, the outcome for each class of the Company's creditors is as follows:

Secured creditors

There are no known secured creditors.

Preferential creditors

As a result of the sale of the business and assets of the Company by the former administrators, the employees transferred to the purchaser under the Transfer of Undertakings (Protection of Employment) Regulations 2006. There are therefore no known preferential creditors.

Secondary preferential creditors

There are no known secondary preferential creditors, as the Company entered liquidation prior to 1 December 2020.

Prescribed Part for unsecured creditors pursuant to Section 176A of the Act

Details of how the prescribed part for unsecured creditors is calculated were provided by the former Administrators in their Statement of Proposals.

To the best of our knowledge and belief, there are no unsatisfied floating charges created or registered on or after 15 September 2003 and, consequently, there is no net property as defined in Section 176A(6) of the Act and, therefore, no prescribed part of net property is available for distribution to the unsecured creditors.

Unsecured creditors

A dividend of 100p in the £ plus statutory interest was paid to unsecured creditors on 3 August 2020.

As creditors have been paid in full, plus statutory interest, no further dividend is available to creditors and the balance of funds held in the estate has been paid to the Company's members.

This brings the total level of our approved remuneration to £81,000.

BEGBIES TRAYNOR CHARGING POLICY

INTRODUCTION

This note applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the passing of a resolution for the office holder to be remunerated on a time cost basis. Best practice guidance¹ requires that such information should be disclosed to those who are responsible for approving remuneration.

In addition, this note applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm. It also applies where payments are to be made to parties other than the firm, but in relation to which the office holder, the firm or any associate has an interest. Best practice guidance² indicates that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated.

OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded at the individual's hourly rate in force at that time which is detailed below.

EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Best practice guidance classifies expenses into two broad categories:

- Category 1 disbursements (approval not required) specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- Category 2 disbursements (approval required) items of expenditure that are directly related to the case which include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party.
 - (A) The following items of expenditure are charged to the case (subject to approval):
 - Internal meeting room usage for the purpose of statutory meetings of creditors is charged at the rate of £100 (London £150) per meeting;
 - Car mileage is charged at the rate of 45 pence per mile;
 - Storage of books and records (when not chargeable as a Category 1 disbursement) is charged on the basis that the number of standard archive boxes held in storage for a particular case bears to the total of all archive boxes for all cases in respect of the period for which the storage charge relates;

¹ Statement of Insolvency Practice 9 (SIP 9) – Remuneration of insolvency office holders in England & Wales

² Ibid 1

Expenses which should be treated as Category 2 disbursements (approval required) – in addition to the two categories referred to above, best practice guidance indicates that where payments are to be made to outside parties in which the office holder or his firm or any associate has an interest, these should be treated as Category 2 disbursements.

Services provided by other entities within the Begbies Traynor group

The following items of expenditure which relate to services provided by entities within the Begbies Traynor group, of which the office holder's firm is a member, are also to be charged to the case (subject to approval):

Instruction of Eddisons Insurance Services Limited to provide insurance broking services and specifically open cover insurance for the insurable risks relating to the case. The cost of open cover insurance will vary during the course of the case depending upon the value of the assets and liability risks. The costs of insurance cover for quarter periods will be dependent upon prevailing insurance market conditions and the ongoing insurable risks on the case. Eddisons Insurance Services Limited is not paid from the assets of the estate for the services it provides. In accordance with standard insurance industry practice, Eddisons Insurance Services Limited will receive payment of commission for the services it provides directly from the open cover insurer. The commission is calculated as a percentage of the insurance premiums payable and such percentage will depend upon the class or classes of assets being insured.

- (B) The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a Category 1 disbursement:
 - · Telephone and facsimile
 - · Printing and photocopying
 - Stationery
