**NOTES TO THE FINANCIAL STATEMENTS
for the Year Ended 28 February 2021**

1. STATUTORY INFORMATION

Croston Hall Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Turnover

Turnover represents income receivable from the Company's principal activities of operating public houses and restaurants and is net of value added tax.

Sales of goods and services provided are recognised at the point of sale.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off the cost less estimated residual value of each asset over its estimated useful life.

Leasehold property	- 2% on cost
Improvements to property	- 15% on cost
Fixtures and fittings	- 15% on cost

Tangible fixed assets are stated at cost less depreciation and impairment.

Impairment of assets

At each reporting date assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset is estimated and compared with its carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in the profit and loss.

Where an impairment loss subsequently reverses, the carrying amount of each asset is increased to the revised estimate of its recoverable amount, to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined (net of depreciation) had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised as income immediately.

Government income

The company has claimed monies from local Government as part of the Government furlough scheme. This is recognised immediately the benefit becomes due.

Stocks

Stocks are valued at the lower of cost and estimated selling price less costs to complete and sell.

Financial instruments

Trade and other debtors are initially recognised at the transaction price and thereafter stated at amortised cost using effective interest method, less impairment losses for bad and doubtful debts except where the effect of discounting would be immaterial. In such cases, the receivables are stated at cost less impairment losses for bad and doubtful debts.

Short term trade creditors are measured at transaction price. Financial liabilities that have no stated interest rate and are payable within one year shall be measured at the undiscounted amount due.

NOTES TO THE FINANCIAL STATEMENTS - continued
for the Year Ended 28 February 2021

2. ACCOUNTING POLICIES - continued**Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the Statement of Income and Retained Earnings, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the statement of financial position date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the statement of financial position date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Short term employee benefits

Short-term employee benefits are recognised as an expense in the period in which they are incurred.

The company operates a defined contribution pension scheme. Contributions payable for the year are charged in the income statement.
