Strategic report for the year ended 31 December 2014

The directors present their strategic report on the Company for the year ended 31 December 2014.

Principal activity

The Company's principal activity during the year was that of a hotelier.

Business review

During the year the Company operated two mid-market hotels in central Cardiff which were branded as Mercure and operated under a management contract by Accor. The hotels were 3 and 4 star rated and offered a range of facilities catering to both the corporate and leisure markets. The Company pays rent to fellow subsidiary companies (which own the freehold interests in respect of each of the two hotels).

Total turnover remained at £7.3 million. Like for like operating profits (excluding rents paid to fellow subsidiary companies) decreased to £0.9 million (2013: decrease to £0.5 million) largely as a result of decreased expenditure on property improvement works.

In Q4 2014 The Lodge Hotel, Cardiff was disposed of by way of asset sale reducing hotels under operation from two to one.

In February 2015 the ultimate beneficial owners, Moorfield Real Estate Fund A LP and Moorfield Real Estate Fund B LP, through a portfolio transaction, disposed of their entire interest in the Company to Lone Star Real Estate Fund III (U.S.), L.P. and Lone Star Real Estate Fund III (Bermuda), L.P. As part of the transaction the senior debt facility and related party loans were repaid in full and LSREF3 Laser (Mercure) Limited has provided two new facilities to the Company i) a 4 year floating rate interest bearing facility; and ii) a fixed rate mezzanine facility. The Company acts as a guarantor for the LSREF III Laser Investments Limited's £595.5 million 3 year sterling term loan.

Principal risks and uncertainties

Like all of its competitors, the Company is exposed to economic conditions, both in the local economy and also across the European and World markets which can reduce both leisure and business spending. The Company's hotel comprises a mix of business, leisure, conference and other events, which help spread this risk. Also, the partnership with Accor, who manage the hotel operations on behalf of the Company, means that the Company benefits from the strength of their international marketing and branding power.

There are a number of operational risks which could affect the Company, including the reservation and other information systems which are critical for the smooth running of the business. Again, the internal control structure that Accor have in place, including disaster recovery plans, debtor and credit control management, along with the investment made in staff training help to mitigate such operational risks.

The Company has responsibilities under its rental leases which necessitate investment by way of preventative maintenance. This focus on the quality of the hotel portfolio, allied to an ongoing focus on the cost base of the Company, also helps to reduce the impact of rival products in the markets where the hotels operate.

Key performance indicators

Key financial performance indicators include:

- Monitoring of industry standard measures such as occupancy and average room rates against prior year and budget and against competitors;
- Monitoring of departmental revenues and profitability; and
- Working capital management.

Strategic report (continued) for the year ended 31 December 2014

Key performance indicators (continued)

Key non-financial performance indicators include:

- Monitoring of quality: the Company monitors a number of quality indicators using data from a number of sources including guest questionnaires, mystery guest programs and feedback on third-party travel review websites; and
- Success of advertising and marketing campaigns, measured by indicators such as the number of guests making direct bookings through the Mercure website.

and signed on its behalf.

Directors' report for the year ended 31 December 2014

The directors present their report and the audited financial statements of Holland House Hotels (Cardiff) Limited (the "Company") for the year ended 31 December 2014.

Financial Risk Management

The Company's operations expose it to a variety of financial risks that include the effects of changes in liquidity risk and interest rate risk.

Liquidity risk

The Company's short and long-term debt structure is designed to ensure that the Company has sufficient available funds for operations and planned expansion.

Interest rate risk

The Company has both interest bearing assets and interest bearing liabilities. Interest bearing assets include only cash balances, which earn interest at floating rates. During the year interest bearing liabilities related to bank loans and amounts due to group undertakings. The Company used interest rate derivatives to manage its exposure to interest rate fluctuations on bank loans.

Post year end on 6 February 2015 all bank loans were repaid in full and the interest rate derivatives were terminated.

Results and dividends

The Company's loss for the financial year is £1,663,000 (2013 - £2,187,000). The directors do not recommend the payment of a dividend (2013 - £nil).

Directors

The directors who served during the year and up to the date of signing the financial statements were:

Marc Gilbard Nicholas Edwards Charles Ferguson-Davie Heiko Figge Steven Hall

Going concern

The Directors are of the opinion that preparing the financial statements on a going concern basis is appropriate based on the forecast future trading performance of the company and that they have received confirmation from LSREF3 Laser Finance Limited Partnership and LSREF3 Laser Holdings (Jersey) Ltd that the financing facilities provided (see note 20) will not require repayment for a period of at least 12 months from the date of signing of the financial statements.

Directors' report for the year ended 31 December 2014

Statement of directors' responsibilities

The directors are responsible for preparing the Strategic report, Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement of disclosure of information to auditors

Each of the persons who are directors at the time when this Directors' report is approved has confirmed that:

- so far as that director is aware, there is no relevant audit information of which the Company's auditors are unaware, and
- that director has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

Independent auditors' report to the members of Holland House Hotels (Cardiff) Limited Report on the financial statements

Our opinion

In our opinion, Holland House Hotels (Cardiff) Limited's financial statements (the "financial statements"):

- give a true and fair view of the state of the company's affairs as at 31 December 2014 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

What we have audited

Holland House Hotels (Cardiff) Limited's financial statements comprise:

- the Balance sheet as at 31 December 2014:
- the Profit and loss account for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies and other explanatory information.

The financial reporting framework that has been applied in the preparation of the financial statements is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

In applying the financial reporting framework, the directors have made a number of subjective judgements, for example in respect of significant accounting estimates. In making such estimates, they have made assumptions and considered future events.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion, the information given in the Strategic report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Other matters on which we are required to report by exception

Adequacy of accounting records and information and explanations received

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Directors' remuneration

Under the Companies Act 2006 we are required to report to you if, in our opinion, certain disclosures of directors' remuneration specified by law are not made. We have no exceptions to report arising from this responsibility.

Independent auditors' report to the members of Holland House Hotels (Cardiff) Limited

Responsibilities for the financial statements and the audit

Our responsibilities and those of the directors

As explained more fully in the Statement of directors' responsibilities set out on page 5, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland) ("ISAs (UK & Ireland)"). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the Company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

What an audit of financial statements involves

We conducted our audit in accordance with ISAs (UK & Ireland). An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of:

- whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed;
- · the reasonableness of significant accounting estimates made by the directors; and
- the overall presentation of the financial statements.

We primarily focus our work in these areas by assessing the directors' judgements against available evidence, forming our own judgements, and evaluating the disclosures in the financial statements.

We test and examine information, using sampling and other auditing techniques, to the extent we consider necessary to provide a reasonable basis for us to draw conclusions. We obtain audit evidence through testing the effectiveness of controls, substantive procedures or a combination of both.

In addition, we read all the financial and non-financial information in the Directors' report and financial statements to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Notes to the financial statements for the year ended 31 December 2014

1. Accounting policies

1.1 Basis of preparation of financial statements

The financial statements have been prepared on a going concern basis, under the historical cost convention and in accordance with Companies Act 2006 and applicable accounting standards in the United Kingdom. The principal accounting policies, which have been applied consistently throughout the year are set out below.

1.2 Going concern

The Directors are of the opinion that preparing the financial statements on a going concern basis is appropriate based on the forecast future trading performance of the company and that they have received confirmation from LSREF3 Laser Finance Limited Partnership and LSREF3 Laser Holdings (Jersey) Ltd that the financing facilities provided (see note 20) will not require repayment for a period of at least 12 months from the date of signing of the financial statements.

1.3 Cash flow statement

The Company is a wholly - owned subsidiary of MREF Hotels Limited, the Company's ultimate parent undertaking. The Company is included in the consolidated financial statements of MREF Hotels Limited, which are publicly available. Consequently the Company has taken advantage of the exemption from preparing a cash flow statement contained in FRS 1 "Cash flow statements".

1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at historical cost-less accumulated depreciation.

The cost of tangible fixed assets is their hire purchase cost, together with any incidental costs of acquisition. Depreciation is calculated so as to write off the cost of tangible fixed assets, less their estimated residual values, on a straight line basis over the expected useful economic lives of the assets concerned. The principal annual rates used are as follows:

Plant and equipment

10%

1.5 Stocks

Stocks are stated at the lower of cost or net realisable value. Cost is determined using the first in first out method. Cost comprises of the purchase cost of goods. Provision is made for slow moving and obsolete stock.

1.6 Leased assets

Where the Company enters into a lease which entails taking substantially all the risks and rewards of ownership of an asset, the lease is treated as a "finance lease". The asset is recorded in the balance sheet as a tangible fixed asset and is depreciated over its estimated useful economic life or the term of the lease, whichever is shorter. Future instalments under such leases, net of finance charges, are included within creditors. Rentals payable are apportioned between the finance element, which is charged to the profit and loss account, and the capital element which reduces the outstanding obligation for future instalments.

Rentals under operating leases are charged to the profit and loss account as incurred.

1.7 Debtors

Debtors are stated after all known bad debts have been written off and specific provision has been made against all debts considered doubtful of collection.

Notes to the financial statements for the year ended 31 December 2014

Accounting policies (continued)

1.8 Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. A net deferred tax asset is recognised as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is measured on an undiscounted basis.

1.9 Financial instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Where the contractual obligations of financial instruments (including share capital) are equivalent to a similar debt instrument, those financial instruments are classed as financial liabilities. Financial liabilities are presented as such in the balance sheet. Finance costs and gains or losses relating to financial liabilities are included in the profit and loss account. Finance costs are calculated so as to produce a constant rate of return on the outstanding liability.

Where the contractual terms of share capital do not have any terms meeting the definition of a financial liability then this is classed as an equity instrument. Dividends and distributions relating to equity instruments are debited direct to equity.

1.10 Pensions

The Company operates a defined contribution scheme for specific employees. The cost of funding the defined contribution scheme is charged to the profit and loss account as incurred.

1.11 Turnover

Turnover represents the invoiced value of sales excluding value added tax. Revenue is recognised when, and to the extent that, the company obtains the right to consideration in exchange for its performance.

2. Turnover

Turnover relates to the Company's main activity which is carried out in the United Kingdom.

Notes to the financial statements for the year ended 31 December 2014

| 3. Operating loss |
|-------------------|
|-------------------|

The operating loss is stated after charging:

During the year bank loan borrowings were secured by fixed charges on group properties and floating charges on certain other group assets. The bank loans comprised variable rate debt at a margin of 200 basis points over LIBOR and the loan is repayable in full in August 2017.

MREF Tradeco Limited, a fellow group company, had entered into interest rate swap agreements in order to hedge a part of the MREF Hotels group's exposure to interest rates on bank loans. This arrangement enabled the Group to manage its interest rate exposure by swapping floating rates on borrowings into fixed rates amounts. Utilising this arrangement the group effectively obtained borrowings at a different rate to those available from borrowing directly at prevailing floating rates. The loans which were hedged were held in fellow group companies. The cost / gain of the interest rate swap was recharged to these companies in proportion to the value of the loan held within each company. The cost allocated to Holland House Hotels (Cardiff) Limited for the year ended 31 December 2014 was £19,000 (2013 - £45,000).

On 6 February 2015 the bank loan was repaid in full and the interest rate derivatives held with the same bank were terminated at a cost to the group of £8,710,000.
