#### Note

This report has been prepared from information available at the time of its preparation. Due to the global outbreak of Covid 19 and the UK's response to this, requiring working from home and necessarily a lack of access to physical files or other information, we should advise that we may not have all the information required to ensure this report is both complete and accurate. Where there are errors and/or omissions we will endeavour to correct these where possible in our next report to you.

#### Change of Liquidator

Creditors should note that Chris Stirland, a former Insolvency Practitioner of FRP Advisory Trading Limited ("FRP") applied to Court for a Block Transfer Order to replace his position as the Joint Liquidator in this matter following his resignation from FRP. This application was heard in Court on 10 November 2020 and Yasmin Bhikha, a qualified Insolvency Practitioner of FRP was appointed in his place. This order was granted on 10 November 2020, being the date of transfer and the relevant notifications have been made in accordance with the Court Order and Insolvency legislation. The former office holder has applied for his release from office.

Work undertaken during the Period and work yet to be completed

We attach at  $\bf Appendix \ C$  a schedule of work undertaken during the Period together with a summary of work still to be completed.

The following assets are still to be realised:

- Book Debts
- Director's Loan Account

Receipts and payments account

Attached at **Appendix B** is a receipts and payments account detailing both transactions for the Period and also cumulatively since our appointment as Liouidators.

#### Investigations

Part of our duties include carrying out proportionate investigations into what assets the Company has, including any potential claims that could be brought by the Company or by us in our capacity as Liquidators against any party which could result in a benefit to the estate. We have reviewed the Company's books and records and accounting information, requested further information from the directors, and invited creditors to provide information on any concerns they have concerning the way in which the Company's business has been conducted.

Further details of the conduct of our investigations are set out in the schedule of work attached. We can confirm that no further investigations or actions are required.

#### 2. Estimated outcome for the creditors

**FRP** 

The estimated outcome for creditors was included in correspondence previously circulated by me.

Outcome for secured creditors

As previously advised the secured creditor was paid in full as part of the sale agreement.

Preferential Creditors

There are no preferential creditors in this matter as their employment contracts were transferred in accordance with the Transfer of Undertakings (Protection of Employment) Regulations 2006.

Unsecured creditors

We have received and agreed claims totalling £2,314,043 from 252 unsecured creditors in these proceedings. Claims from 33 creditors totalling £539,016 remain held over pending further queries or investigation.

It is anticipated that a dividend will be paid to unsecured once all outstanding assets have been realised and claims agreed.

The Prescribed Part

In accordance with the Insolvency Act 1986, the prescribed part is an element of net realisations due to the floating charge holder, which is made available for unsecured creditors (subject to the floating charge post-dating 15 September 2003).

As there is no floating charge, the prescribed part does not apply in this instance.

#### 3. Liquidators' remuneration, disbursements and expenses

**FRP** 

#### Liquidators' remuneration

As advised in previous correspondence the creditors passed a resolution that the Liquidators' remuneration should be calculated on a percentage basis as follows:

#### Gross Realisations £0-£50,000 at a realisation fee of 100% \*

#### Gross Realisations of £50,000 and above at a realisation fee of 50% \*

\*It is proposed that Liquidators' fees can be fixed on a realisation basis as follows: gross realisations into the Liquidation estate from £0-£50,000 will be charged at a 100% realisation fee. For the avoidance of doubt this includes the funds transferred from the administration estate. This fee is in respect of dealing with all internal administrative and planning matters; all statutory and compliance requirements of the administration; communication with creditors including all distributions and the conduct of directors.

It is proposed that any gross realisations above £50,000 will be charged at a realisation fee of 50%. For the avoidance of doubt, the funds transferred from the administration estate are excluded from this calculation.

To date fees of £118,757 excluding VAT have been drawn as Liquidators' remuneration. An amount of £22,500 has been drawn in the period.

#### Liquidators' disbursements

The Liquidator's disbursements are a recharge of actual costs incurred by the Liquidator in dealing with this matter. Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP Advisory Trading Limited at the HMRC approved mileage rate prevailing at the time the mileage was incurred. Details of disbursements incurred during the Period are set out in **Appendix D**.

#### Expenses of the liquidation

I attach at  $\mbox{\bf Appendix}\ \mbox{\bf E}$  a statement of expenses that have been incurred during the Period.

ATCL Realisations 2014 Ltd, previously Aquila Truck Centres Ltd (In Liquidation) The Liquidators' Progress Report

Creditors have a right to request further information from the Liquidator and further have a right to challenge the Liquidator's remuneration and other expenses, which are first disclosed in this report, under the Insolvency Rules. (For ease of reference, these are the expenses incurred in the Period as set out in **Appendix E** only). Further details of these rights can be found in the Creditors' Guide to Fees, which you can access using the following link <a href="https://creditors.frpadvisory.com/info.aspx">https://creditors.frpadvisory.com/info.aspx</a> and select the one for liquidation. Alternatively, a hard copy of the relevant guide will be sent to you on request. Please note there is a time limit for requesting information being 21 days following the receipt of this progress report. There is a time limit of 8 weeks following the receipt of this report for a Court application that the remuneration or expenses are excessive.

#### Schedule of Work

The table below sets out a detailed summary of the work undertaken by the office holders during the reporting period together with an outline of work still to complete.

Where work undertaken results in the realisation of funds (from the sale of assets; recoveries from successful actions taken against third parties), there may be a financial benefit to creditors should there be sufficient funds available to make a distribution to one or more class of creditor. In this case, work undertaken will include the scrutiny and agreement of creditor claims.

A proportion of the work undertaken by an Insolvency Practitioner is required by statute, including ensuring the appointment is valid, notifications of the appointment to third parties, regular reporting on the progress, notifying statutory bodies where required in relation to the conduct of the directors, complying with relevant legislation and regulatory matters. This may not have a direct financial benefit to creditors but is substantially there to protect creditors and other stakeholders and ensuring they are kept informed of developments.
