4. CIRCUMSTANCES GIVING RISE TO OUR APPOINTMENT

Towards the end of 2011 the Company began to suffer cash flow difficulties. Financial forecasts were prepared for the directors of the Company, who at the time were Michael Lloyd, Perry Deakin, Glenn Oliver and Peter Miller and these showed that there was a major need for capital investment into the Company, without which the Company would struggle to continue to trade.

Various potential investors were approached by the directors, however no offers of funding were completed despite interest from a number of parties. By January 2012 the situation was critical. The Company was unable to meet its VAT and PAYE liabilities as a result of which the Football League placed a transfer embargo on the Club.

In February 2012 the Company missed loan repayments to the first mortgagee, Stoke on Trent City Council. Also, the February payroll was missed leaving all staff unpaid for the month. On 23 February 2012, Peter Miller resigned from his position as a director of the Company which left the Board of directors inquorate and unable to pass any resolutions.

The remaining directors took legal advice as a result of which they invited one of the secured creditors, Stoke on Trent City Council, to appoint administrators of the Company.

Stoke on Trent City Council met with Robert Michael Young of Begbies Traynor on 27 February 2012 and discussed the options available to the Company and also reviewed the financial position of the Company. In the following week intensive discussions and investigations took place to explore alternative options. Because of a complicated company constitution making it almost impossible for a potential investor to secure overall control of the Company it was concluded that outside cash investment was unlikely to be attainable. The Company had exhausted its own working capital and was clearly insolvent on both the balance sheet and ability to pay its creditors as and when due tests and it was concluded that there was no alternative but to place the Company into some form of formal insolvency. Liquidation would have resulted in the football club being ejected from the Football League and Administration was therefore identified as the preferred route forward. This would create a moratorium and give the Administrators the opportunity to advertise the football club for sale as a going concern to maximise realisations for creditors.

However, the issue of funding trading during administration was discussed at great length as the cashflow forecasts indicated that there would be insufficient funds available to continue to trade the business. It was eventually agreed that Stoke on Trent City Council would fund the shortfall during the trading period and meet the costs of the administrators which would allow enough time to find a suitable purchaser and maximise realisations. The Joint Administrators would like to thank Stoke on Trent City Council on behalf of the club and its many supporters for providing the financial assistance required to enable the club the time required to hopefully secure its survival.

Following this an application was made to court by Stoke on Trent City Council to appoint administrators and on 9 March 2012 Robert Michael Young, Steven John Curne and Gerald Maurice Krasner were appointed as joint administrators of the Company in the High Courts of Justice, Chancery Division, Birmingham District Registry.

Throughout this period a number of key stakeholders, including The Co-Operative Bank plc, Joan Walley MP and the Port Vale Supporters Club have provided much assistance with the combined aim of achieving the Club's survival.

Steps taken during the administration

Following our appointment, the following action was taken,

- On 9 March 2012, we visited the trading premises in order to address all staff and players. As a part of this everybody was made aware of the administration process and that the joint administrators would not be adopting their contracts,
 - With the assistance of Julian Garforth, a professional accountant who we have introduced as interim Financial Controller, we reviewed the Company's cash flow position until the end of the football season and applied for funding from the PFA and the Football League in order to assist with meeting the ongoing wages and salaries obligations, these negotiations are continuing,
 - On Tuesday 13 March 2012, we held a press conference at Vale Park, with a view to communicating to creditors, supporters and interested parties that the club was for sale and that all offers would be looked at and considered. Interested parties were asked to contact the Joint Administrators and confidentiality agreements were provided for signature prior to the issuing of a sales memorandum,
 - We undertook a review of all costs within the Company and we negotiated with the catering providers and brewery in order to reduce costs to ease the Company's cashflow,
 - Having reviewed the staffing levels for non playing administrative staff we considered that costs reductions were required and made four redundancies,
 - An offer was received from Barnsley Football Club to take Lee Collins on loan until the end of the season, at this stage an agent was instructed to assist with the negotiations and also to advise on the potential value of other players within the team in order to provide any prospective purchasers of the club with an indication of the value of the playing staff. An initial loan fee of £50,000 was agreed for Lee Collins. The loan also saved on wage costs for the remainder of the season
 - Interest was expressed in other members of the playing staff however we decided that the priority for the club was to retain players in order to ensure survival within the Football League,
 - On Friday 16 March 2012, we met with all staff again to advise on how matters were progressing and also to advise that all monthly paid staff would be paid earlier than usual in March to assist with any hardship caused as a result of the failure of the Company to pay February wages. Salaries were paid on 19 March 2012,
 - With the assistance of the Supporters Club, on 28 March 2012, a supporters evening was arranged which gave supporters the opportunity to meet with us to receive an update on the administration and also to ask any questions that they may have. It was also at this meeting that we announced all funds received from the presales of season tickets for the 2012/13 season would be held in a separate bank account and ring fenced for any purchaser of the club. This gives supporters the opportunity to commit to the club and to any potential purchaser whilst knowing that their funds are safe and there will be funds available for any potential purchasers,
 - Once we had thoroughly examined the Company's financial records and had received professional valuations of the Company's tangible assets from our agents, Butters John Bee, we were able to prepare a sales memorandum. We used the coverage of the administration in both the national and local press in order to advertise the fact that the club was for sale and stressed the fact that we wanted interested parties to get in touch with us. We also placed an advertisement in the Financial Times,
-

- As soon as interested parties contacted us and following receipt of signed confidentiality agreements, a sales memorandum was issued. In total we issued 15 confidentiality agreements and subsequently issued 14 sales memorandum to interested parties,
- A deadline of 12 noon on 2 April 2012 was set for receiving offers. In total five offers were received although four of these requested that their identities remained confidential unless/until they were awarded 'preferred bidder' status. A number of these offers were unacceptable for various reasons,
- Following separate meetings with the two highest bidders and also Stoke on Trent City Council, we agreed that the preferred bidder was Keith Ryder who has paid a non refundable deposit of £60,000 and this party now has exclusivity pending the CVA meeting to be held on 26 April 2012. Mr Ryder has incorporated a new company, Port Vale FC Limited, as the acquisition vehicle and offered £1.4 million to be split as follows

£800,000 for the freehold property
£75,000 for the proposed CVA, and
£525,000 for the chattel assets, goodwill and football creditors

7. ESTIMATED OUTCOME FOR CREDITORS

The sums owed to creditors at the date of appointment (as detailed in the Estimated Financial Position) are as follows

Secured creditors

Stoke on Trent City Council

A debenture was created on 18 September 2006 and registered at Companies House on 19 September 2006, this covers all assets of the Company including the property known as Vale Park, Hamil Road, Burslem. As at the date of our appointment there was a balance of £1,859,000 due to them.

The Co-operative Bank plc

A deed of legal charge was created on 16 January 2008 and registered at Companies House on 17 January 2008, this covers all assets of the Company including the property known as Vale Park, Hamil Road, Burslem. As at the date of our appointment there was a balance of £42,007 due to them.

Continental Solutions Limited

A mortgage was created on 6 December 2011 and registered at Companies House on 17 December 2011, this covers all assets of the Company including the property known as Vale Park, Hamil Road, Burslem. As at the date of our appointment there was a balance of £277,734 due to them. As it appears that this mortgage was granted without a proper Board resolution and without the required consent of the prior charge holders the security may be invalid. We are investigating this issue further.

Preferential creditors

Preferential claims of employees for arrears of wages, salary and holiday pay were estimated at £2,628.

Unsecured creditors

Unsecured creditors were estimated at £320,916. However, should there be a shortfall to the secured creditors of £1,378,741 as anticipated, unsecured creditors will increase to approximately £1,699,657.

The Estimated Financial Position also includes the sum of £170,274 in respect of season ticket holders who, had the Company ceased to trade on the making of the Administration Order, would have been entitled to claim for the balance of unplayed matches. As the season progresses and home matches are played, the quantum of these claims will reduce proportionately.

On the basis of realisations to date and estimated future realisations we estimate an outcome for each class of the Company's creditor as follows

Secured creditors

Stoke on Trent City Council

As part of the sale of the club a distribution will be made to Stoke on Trent City Council. At this stage it is anticipated that approximately £800,000 will be distributed to them, leaving a shortfall of £1,059,000

The Co-operative Bank

It is envisaged that The Co-operative Bank will not receive any distribution

Continental Solutions Limited

It is envisaged that Continental Solutions Limited will not receive any distribution

Preferential creditors

Should the CVA proposals be approved by shareholders and creditors, preferential creditors shall receive a distribution of 100 pence in the pound through the CVA

Prescribed Part for unsecured creditors pursuant to Section 176A of the Act

Section 176A of the Act provides that, where the company has created a floating charge on or after 15 September 2003, the administrator must make a *prescribed part* of the Company's *net property* available for the unsecured creditors and not distribute it to the floating charge holder except in so far as it exceeds the amount required for the satisfaction of unsecured debts. *Net property* means the amount which would, were it not for this provision, be available to floating charge holders out of floating charge assets (i.e. after accounting for preferential debts and the costs of realising the floating charge assets). The floating charge holder may not participate in the distribution of the prescribed part of the Company's net property. The *prescribed part of the Company's net property* is calculated by reference to a sliding scale as follows

- ☐ 50% of the first £10,000 of *net property*;
- ☐ 20% of *net property* thereafter;
- ☐ Up to a maximum amount to be made available of £600,000

An administrator will not be required to set aside the *prescribed part of net property* if

- ☐ the *net property* is less than £10,000 and the administrator thinks that the cost of distributing the *prescribed part* would be disproportionate to the benefit, (Section 176A(3)) or
- ☐ the administrator applies to the court for an order on the grounds that the cost of distributing the *prescribed part* would be disproportionate to the benefit and the court orders that the provision shall not apply (Section 176A(5))

We have estimated, to the best of our knowledge and belief, the Company's net property, as defined in section 176A(6) of the Act, to be nil and the prescribed part of the Company's net property to be nil

We propose that the Company exits administration via a Company Voluntary Arrangement ("CVA") and one of the terms of the CVA pursuant to Section 176A(4) of the Act is that the administrators shall not be obliged to set aside a prescribed part of the Company's net property

Unsecured creditors

Unsecured creditors will not receive any distributions through the administration

8. OUR PROPOSALS FOR ACHIEVING THE PURPOSE OF THE ADMINISTRATION

Purpose of the Administration

We are required to set out our proposals for achieving the purpose of the administration which in this context means one of the objectives specified in paragraph 3 of Schedule B1 to the Act as set out at section 3 of this report above

For the reasons set out in this report, we presently consider that it is not reasonably practicable to achieve the objective specified in sub-paragraph 3(1)(a), and consequently the most appropriate objective to pursue in this case is that specified in sub-paragraph 3(1)(b), namely achieving a better result for the Company's creditors as a whole than would be likely if the Company were wound up (without first being in administration)

It is not reasonably practicable to achieve objective 3(1)(a) due to the difficulties in generating interest in a Company with such a high level of liabilities, rendering a going concern sale unachievable

In order to achieve our chosen objective, we are making the following proposals,

- To finalise all agreements for the sale of the club,
- To propose a CVA to the creditors of the Company(a copy of our CVA proposals is attached at Appendix 5), and
- To remain in office as joint administrators in order to conclude all matters in our proposals that will enable us to achieve the statutory purpose of the administration

Exit from Administration

As referred to above, we propose that the Company enters into a Company Voluntary Arrangement ("CVA") If approved as a CVA it is proposed that we will not cease to act as administrators until completion of the administration and the issuing of our final report, but will act as joint supervisors of the CVA It will be for the members and creditors of the Company to approve the CVA

As can be seen from Appendix 6 there are currently two options available for the Company The first is for a CVA. The proposed purchaser has made a specific offer to introduce funds to enable unsecured creditors to be paid a small dividend in a CVA. We consider that this is the most effective way of concluding this insolvency The alternative option is to liquidate the Company's entire assets entailing the cessation of trading Appendix 6 shows a comparison of the likely outcome of a CVA compared to liquidation Liquidation would result in a further points deduction by the Football League which would inevitably involve the expulsion of Port Vale from the Football League

Creditors will find detailed consideration of all aspects of the CVA in the document entitled "*Proposals of the Administrators for a Company Voluntary Arrangement pursuant to Part 1 of the Insolvency Act 1986* " which is also attached at Appendix 5 Should the creditors accept our overall proposals, then immediately following the meeting to consider this report, a further meeting will be held under Section 3(2) of the Act to consider our detailed proposal for a CVA

In the event that the CVA proposals are not approved

Should the CVA proposals not be approved we propose the following,

- That we be fully entitled to exercise any and all of the powers listed in Schedule 1 of the Insolvency Act 1986 for any purposes set out in these proposals,

- To explore any other option available to realise the assets of the Company without recourse to creditors,
- To continue to do all such things reasonable expedient and generally exercise all of our powers as joint administrators as we, in our discretion, consider desirable in order to maximise realisations from the assets of the Company, in accordance with the objective as set out above,
- To investigate and, if appropriate, pursue any claims the Company may have,
- To seek an extension to the administration period if deemed necessary by us,
- When the realisations of the administration have been completed, it is proposed that we apply to court to make a distribution to unsecured creditors in the event that there are any funds to distribute and resolve that the Company be dissolved without further recourse to the creditors, pursuant to Paragraph 84 of Schedule B1 of the Insolvency Act 1986,
- If, in our opinion, no better realisations will be made in the administration that would be available in winding up, to take the necessary steps to put the Company into Compulsory Liquidation, in the event that we deem that liquidation is not appropriate because, for example, no dividend will become available to the creditors and there are no other outstanding matters that require to be dealt with in liquidation, then we shall file the appropriate notices at Companies House and the Company will subsequently be dissolved,
- If we petition for the Winding Up of the Company, that Robert Michael Young, Steven John Currie and Gerald Maurice Krasner are appointed as liquidators of the Company, at the appropriate time, without any further recourse to creditors and that they may act jointly and severally in their duties. In accordance with Paragraph 83(7) of Schedule B1 of the Insolvency Act 1986 and Rule 2.117(3) of the Insolvency Rules 1986, creditors may nominate a different person as their proposed liquidator, provided that the nomination is made after receipt of the proposals and before the proposals are approved, and
- That following the discharge of administration, the joint administrators be discharged from liability in respect of any action of them as joint administrators, pursuant to Paragraph 98 of Schedule B1 of the Insolvency Act 1986, with immediate effect

Further point's deduction

Although the club has been deducted 10 points under the Football League rules for entering into administration, in the event that we do not exit the administration through a CVA, the Football League will make a further points deduction likely to be between 15-20 points which will result in the club falling into the relegation zone and potentially dropping out of the Football League

9. REMUNERATION AND DISBURSEMENTS

Remuneration

We propose that the basis of our remuneration be fixed under Rule 2.106 of the Rules by reference to the time properly given by us (as administrators) and the various grades of our staff calculated at the prevailing hourly rates of Begbies Traynor (Central) LLP in attending to matters arising in the administration

It is for the creditors' committee to approve the basis of our remuneration under Rule 2.106 of the Rules, but if no such committee is appointed it will be for the creditors to determine

Appendix 3 sets out our firm's hourly charge out rates and the time that we and our staff have spent in attending to matters arising in the administration since 09 March 2012

Disbursements

We propose that disbursements, including disbursements for services provided by our firm (defined as Category 2 disbursements in Statement of Insolvency Practice 9) be charged in accordance with our firm's policy, details of which are set out at Appendix 3. These disbursements will be identified by us and subject to the approval of those responsible for determining the basis of our remuneration.

10. OTHER INFORMATION TO ASSIST CREDITORS

Report on the conduct of directors

We have a statutory duty to investigate the conduct of the directors and any person we consider to be or have been a shadow or de facto director during the period of three years before the date of our appointment, in relation to their management of the affairs of the Company and the causes of its failure. We are obliged to submit confidential reports to the Department for Business, Innovation and Skills.

As administrators of the Company we are required by best practice guidance to make enquiries of creditors as to whether they wish to raise any concerns regarding the way in which the Company's business was conducted prior to the commencement of the administration, or wish to bring to our attention any potential recoveries for the estate. If you would like to bring any such issues to our attention please do so in writing to the address detailed at Section 3 of this report. This request for information is standard practice and does not imply any criticism or cause of action against any person concerned in the management of the Company's affairs.

Investigations carried out to date

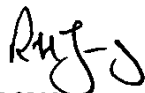

We have undertaken an initial assessment of possible actions in relation to the manner in which the business was conducted prior to the administration of the Company and potential recoveries for the estate in this respect.

Due to the sensitive nature of our investigations and to avoid jeopardising any potential legal actions that we may take, we will not be disclosing any further information at this stage of proceedings.

11. CONCLUSION

Pursuant to paragraph 51 of Schedule B1 to the Act, our proposals will be considered at an initial meeting of the Company's creditors summoned in accordance with the Notice of meeting (Form 2.20B) accompanying this document.

Subject to the approval of our proposals at the initial creditors' meeting we will report on progress again approximately six months after the commencement of the administration, or at the conclusion of the administration, whichever is the sooner.

ESTIMATED FINANCIAL POSITION

Notes to the Estimated Financial Position

- 1 The Estimated Financial Position has been prepared on the basis that the Company would not be traded as at 9 March 2012
- 2 Vale Park is subject to fixed charges granted in favour of Stoke on Trent City Council, The Co-operative Bank and Continental Solutions Limited Further details in relation to this can be found earlier in these proposals
- 3 The assets of the Company have been professionally valued by Messrs Butters John Bee on a forced sale basis
- 4 The figures provided for amounts due to employees are on the basis that all staff would be made redundant and paid the full arrears of pay due to them, this includes the playing staff, who should a CVA be approved, will be classed as "football creditors" and will be paid by the purchaser
- 5 The amount shown as being due to the Football Pension Scheme will be classed as a "football creditor" should a CVA be approved and must be met by the purchaser on an ongoing basis
- 6 The claims of the Department for Business, Innovation and Skills represent employees' estimated claims under The Employment Rights Act 1996 in respect of arrears of pay to a maximum of £800 per employee and holiday pay which are claimed preferentially, and pay in lieu of notice, redundancy pay and arrears of pay in excess of £800 which are non-preferential
- 7 Section 176A(2) of the Act requires the administrators to set aside the prescribed part of the Company's net property for the satisfaction of unsecured debts "Net property" means the amount which would, if it were not for this provision, be available to floating charge holders (i.e. after accounting for preferential debts and the costs of realisation) The prescribed part is 50% of the first £10,000 and 20% of the remaining net property (up to a maximum of £600,000)

We will not be required to set aside the prescribed part of net property if
 - a The net property is less than £10,000 and we think that the cost of distributing the prescribed part would be disproportionate to the benefit,
 - b Or if the net property is more than £10,000, if the provision is disapplied by the court on the application of the administrator on cost-benefit grounds
- 8 The claim of HM Revenue & Customs represents VAT, PAYE and NIC outstanding
- 9 Creditors' claims are subject to agreement and will not be prejudiced by omission from the Statement of Affairs or by inclusion in a different amount from that claimed
- 10 The estimated total deficiency, including the calculation of the prescribed part of the Company's net property, is subject to the costs of administration and distribution for which no provision is made in the statement of affairs

BEGBIES TRAYNOR CHARGING POLICY

INTRODUCTION

This note applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the passing of a resolution for the office holder to be remunerated on a time cost basis. Best practice guidance¹ requires that such information should be disclosed to those who are responsible for approving remuneration.

In addition, this note applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm. Best practice guidance² requires that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated.

OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded at the individual's hourly rate in force at that time which is detailed below.

EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Best practice guidance classifies expenses into two broad categories:

- *Category 1 disbursements (approval not required)* - specific expenditure that is directly related to the case usually referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- *Category 2 disbursements (approval required)* - items of incidental expenditure directly incurred on the case which include an element of shared or allocated cost and which are based on a reasonable method of calculation.

(A) The following items of expenditure are charged to the case (subject to approval)

- Internal meeting room usage for the purpose of statutory meetings of creditors is charged at the rate of £100 (London £150) per meeting,
- Car mileage is charged at the rate of 45 pence per mile,
- Storage of books and records (when not chargeable as a *Category 1 disbursement*) is charged on the basis that the number of standard archive boxes held in storage for a particular case bears to the total of all archive boxes for all cases in respect of the period for which the storage charge relates.

¹ Statement of Insolvency Practice 9 (SIP 9) – Remuneration of insolvency office holders in England & Wales

² Ibid 1

(B) The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a *Category 1 disbursement*

- Telephone and facsimile
- Printing and photocopying
- Stationery

3. DETAILS OF JOINT ADMINISTRATORS

The Club went into administration on 9 March 2012. Robert Michael Young, Steven John Currie and Gerald Maurice Krasner of Begbies Traynor (Central) LLP were appointed Joint Administrators on the same date. As a result of entering into administration, the Club were docked 10 points and are now in a position where they could be relegated from the Football League if further points were docked. This will be the case if the exit route from Administration is not CVA.

4. EVENTS LEADING UP TO THE APPLICATION FOR AN ADMINISTRATION ORDER

See the particulars contained in the separate report of the Joint Administrators prepared under the provisions of Paragraph 49 of Schedule B1 to the Insolvency Act 1986, which has been circulated to all known creditors.

5. MARKETING OF THE CLUB

The Club was fully advertised for sale upon the appointment of the Administrators via the national press coverage of the administration and an advertisement that was placed in the Financial Times. As soon as interested parties contacted us and following receipt of signed confidentiality agreement, a sales memorandum was issued. In total we issued 15 confidentiality agreements and subsequently 14 sales memorandums to interested parties. Prospective purchasers were given a deadline of 2 April 2012 at 12 noon to make a bid.

The Prospective Purchaser has entered into Head of Terms and agreed to sign a sale Agreement with the Administrators (the Agreement) and that Agreement now forms the basis of this Proposal, in respect of the contribution to be made into the arrangement totalling £75,000.

6. THE FOOTBALL LEAGUE SHARE

The Company's right to compete in the Football League and remain as a member of the Football Association depends upon it holding a share in each of the Football League and the Football Association. When a football club enters into an insolvency procedure the Football League and the Football Association have the right to require the club in question to transfer its share to another club or organisation. Under the Football League's Articles of Association it is a condition of continued membership of the Football League that all creditors classified by the Football League as Football Creditors are paid in full and the Football League's insolvency policy is complied with in full. The Football Association also requires compliance with the Football League's insolvency policy.

We are advised that a CVA for the Company is the preferred mechanism pursuant to which the Company's business can be transferred to any new company because of the requirements for transfer of the Football League Share. The main asset of the Club is its Football League Share which can only be transferred via a sale to a "Newco" which has been approved via a CVA or, as we understand it, in exceptional circumstances which are at the sole discretion of the Football League Board.

The Football League has suspended the Company's share generally subject to a transfer of the Company's share to a "Newco", which may be subject to conditions dependent upon whether this CVA is approved.

If the CVA is accepted, and approval is given by the Football League for the transfer of the Football League Share to the Prospective Purchaser, the Agreement that the Administrators have reached with the Prospective Purchaser will be completed. If the CVA is rejected by Creditors or the Football League reject the Prospective Purchaser's request for the transfer of the Football League Share, then the Agreement will still be completed, albeit on different terms as outlined below.

If the CVA is accepted by the requisite majority of creditors then the Prospective Purchaser will pay £1.4 million (the Price) for the purchase of the Club of which the Contribution will be made into the CVA. If the CVA is not accepted by the requisite majority of Creditors, then as we understand it the Football League's insolvency policy nonetheless potentially allows for the transfer and subsequent registration of the Football League share through the Football League Exceptional Circumstances Route. If such exceptional circumstances apply, exceptional penalties may be handed out by the Football League and no Contribution will be made into the CVA.

If the Prospective Purchasers are unable to register the Football League Share in their name the Company will not be able to continue its participation in the Football League and the Football Association. In this scenario no contribution will be made into the CVA.

7. THE AGREEMENT

The following is a fuller explanation of the sale and purchase Agreement which the Prospective Purchaser has agreed to enter into with the Administrators.

Upon the conditions that

- (a) The CVA is accepted by the requisite majority of Creditors and no appeal is made regarding the CVA which results in the appeal being successful and no Abort Certificate is issued as a result of an appeal, and
- (b) The Football League agree to the transfer of the Football League Share to the Prospective Purchaser,

The Prospective Purchaser will release to the Administrators the Contribution which sum is to be paid to the Joint Supervisor upon the acceptance detailed above by the Football League.

- (a) To make payment of 100p in the £ to Preferential Creditors
- (b) The remaining balance will be used to pay a dividend to Unsecured Creditors in the estimated sum of 3p in the £.

If the CVA is not accepted by the requisite majority of Creditors, or there is a successful appeal or an Abort Certificate is issued because of such an appeal, the Contribution will not be introduced into the CVA. It is therefore in our opinion important that Creditors realise that a CVA accepted by the requisite majority of creditors is most likely to produce a greater dividend for the benefit of Creditors upon the assumption that penalties will be suffered by the Prospective Purchaser for having the Football League Share transferred to it.

If the Football League Share is not transferred to the Prospective Purchaser within a reasonable timescale upon either the completion of a successful CVA or via the Football League Exceptional Circumstances Route, the Administrators have an option to continue with the sale of the Prospective Purchaser on similar terms to the above upon transfer of the Football League Share or for the total sum of the Administrators' Account if the Football League Share cannot be transferred to the Prospective Purchaser.

All Football Creditors if any (as such are determined by the Football League) will be dealt with by the Prospective Purchaser to the satisfaction of the Football League upon the Football League Share being transferred to the Prospective Purchaser. It is the intention of the Prospective Purchaser to assume responsibility for Football Creditors. It should be emphasised that such payment to the Football Creditors will be made outside the terms of the CVA and payment will be made directly to Football Creditors by the Prospective Purchaser. It is not intended therefore that any provision for this CVA shall disturb the statutory order of priority of payments to Creditors as set out in the Insolvency Act 1986 by ranking Football Creditors ahead of Preferential Creditors and other Unsecured Creditors.

The PFA represents the interests of the players. Under the Football League's insolvency policy the Company would not be able to retain its membership of the Football League unless the Company reaches an arrangement with the PFA in respect of the players' contracts and arrears of wages due to them. The vast majority of such sums would fall to be met by the Prospective Purchaser upon completion of the purchase by the Prospective Purchaser in any event pursuant to the Transfer of Undertakings Regulations and the players would not rank for dividend purposes in the CVA upon completion of the purchase by the Prospective Purchaser.

8. THE PROPOSAL OF THE JOINT ADMINISTRATORS

The Joint Administrators are not empowered by insolvency legislation to agree the claims of unsecured creditors or distribute any funds realised to them. Accordingly, the Joint Administrators are proposing a CVA to permit duly appointed Supervisors to distribute any surplus funds arising from the Contribution that is to be made from the Prospective Purchaser. In accordance with Section 1(1) of the Insolvency Act 1986 the CVA is deemed to be a scheme of arrangement of its affairs.

Commencement of the arrangement will be upon approval of the Football League that the Football Shares can be transferred to the Prospective Purchaser. This is estimated to be by the end of June 2012/beginning of July 2012 at which time a Contribution will be made into the arrangement.

The funds paid into the CVA will be distributed to creditors after settlement of the costs of the CVA, in accordance with the following order of priority and by the following estimated dates:

Preferential Creditors Payment in full estimated to be by 31 July 2012

Unsecured Creditors A first and final dividend of an estimated 3p in the £ will be issued by 31 July 2012

We propose that the Company exits administration via a Company Voluntary Arrangement ("CVA") and one of the terms of the CVA pursuant to Section 176A(4) of the Act is that the administrators shall not be obliged to set aside a prescribed part of the Company's net property.

9. SUMMARY OF CVA AND BENEFIT TO CREDITORS

The Administrators concluded that it would not be possible to rescue the Company itself as a going concern because of the extent of its indebtedness and were of the view that a sale of the Company's business to a new company on the terms outlined in the CVA will give a better return to Creditors as a whole than would be achieved on a liquidation of the Company and particular reference to the conditions required for the Football Shares to be transferred to any new entity.

The Administrators concluded that a sale of the business and assets of the Company to the Prospective Purchaser was the best option for Creditors. Accordingly the Administrators have reached agreements with the Prospective Purchaser allowing on completion and the approval of the CVA by Creditors the following -

The business will continue operating in the future via the Prospective Purchaser and the Prospective Purchaser will pay all future trading liabilities. After estimating all future trading costs of running the Club and upon the CVA becoming unconditional an estimated dividend will be paid to Creditors of approximately 3p in the £. Creditors are referred to the estimated outcome statement in the Statement of Affairs as appended to this document. All Football Creditors will be paid in full by the Prospective Purchaser.

It should be pointed out to Creditors that they would receive nothing on the liquidation of the Company or if the CVA is not accepted and the Club incurs a 15 point penalty, as disclosed in the estimated outcome statement attached to this proposal.

It is our intention that the CVA will move into a Liquidation upon completion.

10. THE CONDITIONALITY OF THE CVA

The CVA shall be conditional upon the Prospective Purchaser concluding our agreement with the Football League providing for the transfer of the Football Shares to the Prospective Purchaser.

11. DURATION

The CVA will continue until 31 December 2012 or such period of time sufficient for the Supervisor to collect and distribute funds to Preferential Creditors and Unsecured Creditors in accordance with the terms of the CVA.

12. STATEMENT OF AFFAIRS

All the Company's assets, with estimates of their respective values, and the extent to which they are charged in favour of Creditors, together with full details of the Company's liabilities, are disclosed in the Statement of Affairs as appended to this CVA. This shows an estimated outcome statement comparing the likely dividends payable to Creditors if the CVA were implemented or, alternatively, were the Company's affairs to be administered by a liquidator.

All Company assets are excluded from the CVA unless otherwise specified.

13. SECURED CREDITORS

Stoke on Trent City Council, The Co-Operative Bank plc and Continental Solutions Limited have security over some or all of the Company's assets, however there will not be funds available to allow the secured creditors to be paid in full and therefore the balance of their claim will rank as unsecured creditors within the CVA.

14. PREFERENTIAL CREDITORS

Preferential Creditors represent the former employees of the Company and their claim is estimated in the sum of £2,628

15. UNSECURED CREDITORS

Unsecured creditors are requested to submit their claims to Begbies Traynor (Central) LLP, The Old Barn Caverswall Park, Caverswall Lane, Stoke on Trent, ST3 6HP no later than 30 June 2012. Anyone who does not submit their claim by 15 June 2012 will be sent a letter by first class post giving three weeks notice to submit their claim. If claims are still not received they will be excluded for the purpose of a dividend, but will still be bound by the arrangement.

16. GUARANTORS

No guarantees have been given by the Company or by any person in connection with this CVA or in connection with any of the Creditors by any person.

17. CONNECTED CREDITORS

There are no connected creditors of the Company so far as the Administrators are currently aware on the basis of information provided to them to date other than the following:

- (a) Current employees and/or directors of the Company in respect of arrears of wages and future sums due to them under their employment contracts.

Any connected creditors will be dealt with in precisely the same way as other creditors in the CVA unless the CVA specifically provides otherwise.

18. TERMINATION

The CVA shall continue in full force and effect until the Supervisors shall exit via a liquidation. The Supervisors shall set aside such funds as necessary in order to place the Company into liquidation.

- (a) It is our intention that upon successful completion, the CVA is to be converted to liquidation as various third parties have indicated that they would like investigations into antecedent transactions.
- (b) These investigations have started, however it will be a lengthy process and some time before matters will be finalised.
- (c) In order not to prejudice our investigations or any possible legal proceedings no further details will be given at this stage.
- (d) It is proposed that Robert Michael Young, Steven John Currie and Gerald Maurice Krasner will be appointed as Joint Liquidators.

19. ORDER OF PRIORITY

It is proposed that funds paid to and proceeds of assets realised by the Supervisors after the implementation of this CVA and after withholding sufficient monies to pay all debts, liabilities, tax liabilities, costs, Administrators' fees and expenses arising from or in connection with the administration of the Company shall be distributed in the following order -

- (a) In paying the Supervisors' costs and expenses of issuing any winding-up proceedings
- (b) In paying the Supervisors' remuneration and expenses in accordance with the terms of the CVA
- (c) In paying all other expenses incurred during the course of the CVA by the Supervisors (including the costs and expenses of agents appointed by the Supervisors)
- (d) In paying a dividend to Preferential Creditors
- (e) In paying a dividend to Unsecured Creditors

20. EFFECT OF THE PROPOSAL

Each creditor who receives notice of this proposal and who is entitled to vote at the meeting of creditors shall be bound by the terms of the CVA. Dividends received via this CVA will not be deemed to be in full and final settlement of creditors claims but will be deducted from claims made in the subsequent liquidation.

21. EVENTS TRIGGERING FAILURE OF THE CVA

The CVA will be deemed to have failed if

- (a) If the Contribution is not made into the CVA by the Prospective Purchaser then the arrangement will be deemed as failed

The Supervisors shall retain sufficient funds to enable them to present a winding-up petition, in the event of failure, and shall do so, unless an Administrative Receiver or Administrator has been appointed

22. STANDARD CONDITIONS

Standard conditions, which form part of this proposal, are enclosed as a separate document (See "*Standard Conditions for Company Voluntary Arrangement*") are attached at Appendix 1. Any clauses in the standard conditions that conflict with that of the proposal, the proposal takes precedence.

23. IMPLEMENTATION OF THE PROPOSALS

The CVA will be administered by Joint Supervisors, Robert Michael Young, Steven John Currie and Gerald Maurice Krasner of Begbies Traynor (Central) LLP, The Old Barn, Caverswall Park, Caverswall Lane, Stoke on Trent, ST3 6HP who are licensed Insolvency Practitioners and qualified to act in relation to this case.

The Supervisors will receive from the Company sufficient funds to pay preferential and unsecured creditors on the terms outlined above.

The Supervisors will agree the claims of creditors and admit claims for dividend.

The Supervisors will hold all funds realised in current and interest bearing accounts in their own names as Supervisors until distribution can be made to creditors

The Supervisors will arrange for a distribution to the preferential and unsecured creditors at a time that they consider most appropriate. On the basis that completion is June then payments will be made in July 2012 to those who have submitted their claim

The Supervisors will be remunerated on the basis of time spent in dealing with the implementation of the proposal. The Supervisors will also be reimbursed for their incidental expenses and be empowered to appoint such agents and legal advisers to assist them as they see fit

At this stage the Supervisors estimate that their fee for acting as such is likely to be £15,000 and disbursements

The Supervisors will not take part in the management of the Company, nor will they be in any way responsible for the actions of the directors or employees of the Company. The Supervisors will at all times act as agents for the Company and without personal liability

All obligations hereunder on the part of the Company either express or implied are those of the Company alone

24. FURTHER INFORMATION REQUIRED TO BE DISCLOSED

The Rules require this proposal to deal with certain other matters that have not previously been covered in the proposal. These are set out below

The estimated statement of affairs appears at Appendix III, which sets out the Company's assets, an estimate of their respective values, and the extent to which assets are charged in favour of secured creditors. The statement also sets out the nature and amount of the Company's liabilities

The names of the Creditors together with the amounts of their respective claims are contained in the schedule attached to the Statement of Affairs

No assets are to be included in the CVA, other than the Contribution to be made by the Prospective Purchaser

Any unclaimed dividends arising under the scheme will be available for distribution amongst the remaining creditors. This is subject to the exception that if the aggregate of unclaimed dividends is less than £5,000, any sum below this figure will be returned to the Company on the grounds that its distribution amongst the creditors would be uneconomic

Where creditors are connected with the Company (within the meaning of section 249 of the Act), it is proposed that they should retain their claims for voting purposes but, subject to the approval of the CVA, defer their claims and not rank for dividend purposes

The Joint Administrators have, during the course of their ongoing investigations, become aware of a number of potential rights of action that would be available to the company acting by a liquidator

Due to the sensitive nature of our investigations and to avoid jeopardising any potential legal actions that we may take, we will not be disclosing any further information at this stage of the proceedings

In order to protect creditors interests, it is proposed that the balance of creditors claims after receiving a distribution under the terms of this CVA will survive the conclusion of this CVA and that creditors will be able to claim for the sum outstanding in any subsequent liquidation proceedings

I am not aware of any guarantees that have been given of the Company's debts by any persons

25. CREDITORS COMMITTEE

Where it is so resolved at the Creditors meeting approving the CVA, or at the request of the Supervisors, a Creditors Committee will be established. The rules, functions, powers and administration of the Committee will be those contained in Rules 3.16 – 3.35(A) except reference therein to the Administrative Receiver shall be read as the Supervisor

26. NO PERSONAL LIABILITY

Neither the Administrators nor the Nominees, nor the Supervisor nor their staff or any agents employed by them accept any personal liability in connection with the CVA. Further, neither the Administrators nor the Nominees nor the Supervisors nor their staff or any agents employed by them give any warranties whatsoever in connection with the contents of the CVA and any warranties whether express or implied or of any description are hereby expressly excluded

27. EC Regulation

We confirm that the EC Regulation on Insolvency Proceedings (Council Regulation (EC) No 1346/2000) applies to this proposal for a CVA and that the proceedings are main proceedings within the meaning of the regulation

Dated 10 April 2012

Signed

Robert Michael Young, Joint Administrator

- (d) Application of Liquidation Provisions
The Company, the Supervisor and all parties bound by the Arrangement recognise that the Act and Rules do not constitute a single statutory body of rules relating to the implementation of Company Voluntary Arrangements, so that situations and circumstances may arise which are not directly or indirectly provided for in the Proposal or these Conditions. In such situations and circumstances, and subject to the jurisdiction of the Court, the Supervisor shall apply, if appropriate and feasible, the Rules as they relate to a Winding-up of the Company by the Court, provided that such application is not prejudicial to the express provisions of the Arrangement

(b) Expenses and Remuneration

The Supervisor shall be authorised to pay from funds under his control -

- (i) the fees and disbursements set out in the Proposal,

 - (iv) create or permit to subsist or extend any Mortgage, Debenture, Charge, Pledge, lien or other encumbrance or security whatever over any part of the Company's present or future undertaking, property, assets or revenues except those in existence at the date of the Proposal or any lien arising in the normal course of business,

The Supervisor shall not be obliged to arrange or procure any such credit Arrangement or otherwise undertake any responsibility for the Arrangement of facilities or other credit which may be required by the Company
 - (ii) The Company shall conduct its business as principal and shall be solely responsible for any liabilities incurred whether before or after the approval of the Proposal and nothing in the Arrangement shall affect the right of any person to take proceedings in respect of sums that become due to him from the Company as a result of any transaction, event or

occurrence occurring after the date of the approval of the Proposal other than as a result of any liability contingent or future as at the date the Proposal is approved becoming actual or present and which contingent or future liability the Proposal takes into account

- (f) In the event that, for any reason, the Supervisor or the Directors, after consultation with the Supervisor, determine that it is in the best interests of the creditors that the business be discontinued, then the Company shall cease to conduct its business at a time which shall be agreed between the Directors and the Supervisor or, in default of agreement, as and when directed by the Supervisor, and such cessation shall constitute default within the meaning of Condition 30(a)(i)

This provision does not apply to any liability provable in the Arrangement due to a Creditor bound by the Arrangement.

22. Trust

All monies paid to the Supervisor or any other party on his behalf or to his order shall be held by the Supervisor upon trust for the Creditors of the Company bound by the Arrangement, subject only to the terms of the Proposal and these Conditions. The subsequent Liquidation or Administration of the Company or the Appointment of a Receiver (whether an Administrative Receiver or otherwise) shall not, unless the Court otherwise determines, terminate the Trust hereby created and any implied termination is hereby negated. Nothing herein contained is deemed to affect the rights of a secured creditor under s 4(3) of the Act or otherwise arising.

23. Agreement of Claims

- (a) As soon as possible after the approval of Arrangement (provided no application under Section 6 of the Act is pending), the Supervisor shall send a notice to each person shown in the Proposal or statement of affairs as a creditor, requiring him to provide such details of the amount claimed to be due from the Company as the Supervisor thinks fit.
- (b) The Supervisor shall -
- (i) send a similar notice to any other person to whom he believes the Company may be indebted,

- (c) No creditor shall be entitled to receive any payment or dividend from the Supervisor or any other person under the terms of the Arrangement unless -
- (i) he is bound by the Arrangement by virtue of Section 5 or by an undertaking to that effect, or

- but who, for whatever reason, was not given notice or valid notice of the Meeting. No such claim shall be so admitted unless the creditor agrees to be bound by the Arrangement or the Court so directs
- (iii) Unless otherwise agreed by the creditors in general meeting or otherwise provided for in the proposal, no creditor shall be entitled to participate in the Arrangement unless that creditor's debt is one provable in a Liquidation within the meaning of the Act and Rules
- (d) The amount on which payments or dividends to a creditor are to be calculated under the Arrangement shall subject as set out in paragraphs 23(e) and 23(f) of these Conditions, be the sum for which a proof would have been admitted had a Winding-up Order been made against the Company on the day the Proposal was approved
- (e) Where before the Proposal is approved there have been mutual credits, mutual debts or other mutual dealings between the Company and any person claiming to be a creditor of the Company, an account shall be taken of what is due from each party to the other in respect of the mutual dealings and the sums due from one party shall be set off against the sums due from the other. Only the balance (if any) of the account owed by the Company to the creditor shall be claimable by the creditor
- (f) A proof may be admitted for inclusion in the Arrangement by the Supervisor either for the whole amount claimed by the creditor or for part only of that amount, and if the Supervisor rejects a proof in whole or in part he shall prepare a written Statement of his reasons for doing so and shall send it forthwith to the creditor. In the event of the Proof of Debt or claim of any creditor or purported creditor being rejected (whether in whole or in part) by the Supervisor, the creditor or purported creditor shall have the right of application to the Court on the admissibility or otherwise of such Proof of Debt or claim provided that any such application must be made within 21 days of the creditor receiving the written Statement mentioned previously in this paragraph
- (g) For the purpose of proving or claiming a debt incurred or payable in a currency other than sterling, the amount of the debt shall be converted into sterling at the official exchange rate prevailing on the date on which the Proposal is approved. For this purpose, 'the official exchange rate' is the middle market rate at the Bank of England, as published for the date in question. In the absence of any such published rate, it shall be such rate as the Supervisor shall determine
- (h) A creditor's Proof may, by agreement between the creditor and the Supervisor, be varied or withdrawn at any time

24. Order of Priority

Funds held by the Supervisor shall be applied strictly in accordance with the terms of the Proposal, but subject thereto in the priority as would apply in Liquidation by virtue of Rules 4 186 and 4 218

25. Voting Rights and Provable Claims

(a) General

- (i) Unless the Proposal otherwise provides, no creditor whose claim falls within the definition of Rule 12 3(2)(b) shall be entitled to vote in connection with or prove in the Arrangement and any such creditor shall not be bound within the meaning of Section 5(2) of the Act
- (ii) Subject to the preceding condition, Rule 12 3 shall apply to the Arrangement

- (iii) Unless the Proposal otherwise provides, Rule 11 13 (debt payable at future time) shall apply to the Arrangement. For the benefit of doubt, this provision shall apply to but not be limited to any creditor proving for future rent or other claims payable under a Lease or Tenancy in respect of which the debtor is liable

(b) Contingent or Subrogated Claims

Where two or more Creditors have an actual or contingent claim against the Company in respect of the same underlying liability, whether as (1) Principal Creditor and Surety or Guarantor (2) Landlord and prior Tenant or Surety or Guarantor or (3) in any other similar or related situation, the Principal Creditor, Landlord or similar party shall be entitled to vote and receive a dividend or dividends in respect of the whole of its or their claim and the Surety Guarantor, prior Tenant or similar or related party shall have their claim valued at £1 for the purpose of Rule 1 17(3) but shall not be entitled to any dividend unless it or they prove to the satisfaction of the Supervisor that they are so entitled by subrogation

(c) Partly Secured Creditors

- (i) The following conditions shall apply to any creditor who is partly secured
- (ii) Such creditor may at any time and shall, if so required in writing by the Supervisor, value his or its security and on so doing, shall be entitled to vote in respect of, prove for and be paid a dividend or distribution on such unsecured claim as may arise and be agreed

26. Payment of Dividends

- (a) The Supervisor shall not make any payment to creditors until at least thirty five days have elapsed since the date of the creditors meeting approving the Arrangement. Subject thereto and provided no application under ss 6 or 7(3) of the Act or Rule 1 17A is pending, he shall make payments or distributions to creditors -
 - (i) at the time or times specified in the Arrangement, or
 - (ii) If no other provision is made at such time or times as he considers appropriate
- (b) Part 11 of the Rules (Declaration and payment of Dividend) shall apply with the following amendments -
 - (i) the 'responsible Insolvency Practitioner' shall mean the Supervisor
 - (ii) Under Rule 11 2(2) there shall be substituted for '21 days' the words '14 days or such period as the Supervisor shall determine'
 - (iii) Under Rules 11 2(3), 11 4(a) and 11 5(1) there shall be substituted for '2 months' the words '1 month or such other period as the Supervisor shall determine'
 - (iv) For the purpose of Rule 11 4 any Application to the Court shall be made under s 7(3) or (4) of the Act
- (c) If any dividends remain unclaimed on completion of the Arrangement, then -
 - (i) the Supervisor shall, subject to any direction given by the Court, pay the amounts thereof into a designated Trust Account which shall be held by the Company until such time as the claims to which the monies relate are statute barred
 - (ii) the Company, subject to (i) above, shall remain liable to the creditors concerned for the amounts of such dividends notwithstanding the completion of the Arrangement, and

- (iii) the Supervisor shall have no further duties, obligations or liabilities to those creditors

27. Prior Transactions

Unless disclosed in the Proposal, if before the completion of the Arrangement the Supervisor becomes aware of any material matter which in the context of a Liquidation would constitute a prior transaction under Sections 238, 239 or 244 or a floating charge is thought to be voidable pursuant to Section 245, then he shall as soon as is reasonably practicable, report the same to creditors, convene a Creditors' Meeting in accordance with Clause 13 hereof and, subject to the rights of the Company to apply to the Court under s 7(3) of the Act, may propose at such meeting the failure of the Arrangement within the meaning of Clause 30 hereof

28. Winding-up Petition

- (a) Subject to Clause 29(b) hereof the Supervisor shall not present any petition pursuant to Sections 7(4)(b) and 124(1) of the Act unless such a course of action has first been approved by a meeting of creditors called pursuant to the provisions of the Rules and these Conditions. The Company shall be given notice of any such meeting and shall be entitled to be represented at the same, but no Director or other Officer of the Company or Member, in his position as such, shall be entitled to vote thereat. No Petition shall be presented unless a Resolution approving such a course of action is passed at the Creditors Meeting and the requisite majority necessary shall be a majority in excess of three quarters in value of the Creditors present in person or by proxy and voting on the Resolution. Rule 19 shall apply with the exception of Rule 19(7)
- (b) If the Supervisor shall in his discretion conclude that a situation or urgency has arisen or circumstances developed which leads him to conclude that a Petition should be presented forthwith, then he shall be entitled to proceed with such Petition without first calling a Meeting in accordance with Clause 29(a) hereof. If the Supervisor so proceeds, he shall (a) give Notice in writing to the Directors of the Company or to such of the Directors as he considers appropriate. Such Notice shall be given not more than 7 days after the presentation of the Petition and (b) shall on or before the presentation of such Petition, give Notice of such to any party entitled to appoint an Administrative Receiver or Receiver over any asset of the Company

29. Failure

- (a) The term "failure of the Arrangement" shall mean any of the following events -
- (i) any matter which would entitle any person other than a party bound by the Arrangement in respect of a debt or debts in respect of which they are so bound to petition for the winding up of the Company under Section 124 of the Act,
 - (ii) any Winding up or Administration Petition being presented in respect of the Company or the appointment of a Receiver over all or any part of the Company's assets
 - (iii) any act or thing which in the opinion of the Supervisor renders the implementation of the Arrangement impossible or frustrated PROVIDED that the sale of an asset or realisation of an asset for a sum less than that estimated in the Proposal shall not constitute an act or thing within the meaning of this provision unless such is caused by the act or default of the Company or by someone on its behalf
 - (iv) Any Resolution passed pursuant to Clauses 14(b) and 28 hereof
- (b) The Supervisor may without giving Notice to any party make Application to the Court pursuant to s 7(4)(a) of the Act for a Direction that the Arrangement has

failed and for such further or consequential Directions as may to him seem appropriate

30. Default

 - (2) was otherwise made available by the Company or its Directors to its Creditors or Members at or in connection with a Meeting summoned under that Part, or
 - (iii) if the Company or its Directors fail to do all such things as may for the purposes of the Arrangement have been reasonably required of it or them by the Supervisor
- (b) For the purpose of Clause (a) above the term "Director" means any one or more of the Directors of the Company
- (c) Upon the Supervisor being satisfied that Default has occurred then unless the same is regarded by him as being de minimis, he shall be entitled but not obliged to petition for the Winding-up of the Company
- (d) Prior to the completion of the Arrangement the Supervisor shall retain sufficient funds to enable him to Petition for Winding-up
