Strategic report

The Directors present their strategic report along with the directors' report and the financial statements of the Company for the year ended 30 June 2020.

Principal activities

The Company's principal activity is to act as an intermediate holding company within the Aviagen International Finance Limited group. In this role, the Company had profits of \$193,621,000 for the year, mainly as a result of a dividend received from its subsidiary, Aviagen European Holdings Limited. The Company also paid a dividend of \$193,696,000 (2019: \$nil) to its parent company, Aviagen International Finance One Limited. Additionally, the Company received a capital contribution of \$18,127,000 in the year.

Principal risks and uncertainties

The principal risk faced by the Company is that faced by the trading entities and the potential impact on the carrying value of investments, such as disease, feed costs, foreign currency exchange, environmental risks, government regulations, pension funding risk, and competitive risk.

The outbreak of the Novel Coronavirus ("COVID-19") in 2020 has resulted in loss of life and adversely impacted global commercial activity. The global impact of the outbreak continues to evolve. Many countries have reacted by instituting quarantines, prohibitions on travel and the closure of offices, businesses, schools, retail stores and other public venues. Businesses are also implementing similar precautionary measures. While such measures are creating disruption in supply chains and economic activity the Aviagen business has not experienced and does not expect to experience significant disruption. Management continue to work on minimising the impact of this disruption on its ability to remain a key part of the global food production supply chain. Any future impact on the business is likely to be in connection with the ability of the group to continue to grow in line with its current ambition. The directors will continue to closely analyse and review the impact of COVID-19 on the company and will take appropriate action as required.

Key areas of strategic development and performance

The key areas of strategic development and performance of the Company is that undertaken by the trading entities, such as sales and marketing, production, health and safety, environment, and research and development.

Directors' report

The directors present the annual report and the audited financial statements for the year ended 30 June 2020.

Business review

The results for the year are set out on page 7.

Directors

The directors who held office during the year, and up to the date of this report, were as follows:

CP Hill
BK Williamson
WW Dye

Disclosure of information to auditor

The directors who held office at the date of approval of this directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditor is unaware; and each director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Auditor

Pursuant to section 487 of the Companies Act 2006, the auditor will be deemed to be reappointed and KPMG LLP will therefore continue in office.

Statement of directors' responsibilities in respect of the Strategic Report, the Directors' Report and the financial statements

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the company financial statements in accordance with UK accounting standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- assess the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that its financial statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Independent auditor's report to the members of Aviagen International Finance Two Limited

Opinion

We have audited the financial statements of Aviagen International Finance Two Limited ("the company") for the year ended 30 June 2020 which comprise the Profit and Loss Account, the Balance Sheet, the Statement of Changes in Equity and related notes, including the accounting policies in note 1.

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 30 June 2020 and of its profit for the year then ended;
- have been properly prepared in accordance with UK accounting standards, including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the company in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

Going concern

The directors have prepared the financial statements on the going concern basis as they do not intend to liquidate the company or to cease its operations, and as they have concluded that the company's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over its ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period").

We are required to report to you if we have concluded that the use of the going concern basis of accounting is inappropriate or there is an undisclosed material uncertainty that may cast significant doubt over the use of that basis for a period of at least a year from the date of approval of the financial statements. In our evaluation of the directors' conclusions, we considered the inherent risks to the company's business model, and analysed how those risks might affect the company's financial resources or ability to continue operations over the going concern period. We have nothing to report in these respects.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the absence of reference to a material uncertainty in this auditor's report is not a guarantee that the company will continue in operation.

Strategic report and directors' report

The directors are responsible for the strategic report and the directors' report. Our opinion on the financial statements does not cover those reports and we do not express an audit opinion thereon.

Our responsibility is to read the strategic report and the directors' report and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- we have not identified material misstatements in the strategic report and the directors' report;
- in our opinion the information given in those reports for the financial year is consistent with the financial statements; and
- in our opinion those reports have been prepared in accordance with the Companies Act 2006.

Independent auditor's report to the members of Aviagen International Finance Two Limited (continued)

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in these respects.

Directors' responsibilities

As explained more fully in their statement set out on page 4, the directors are responsible for: the preparation of the financial statements and for being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at www.frc.org.uk/auditorsresponsibilities.

The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Notes

(forming part of the financial statements)

1 Accounting policies

Aviagen International Finance Two Limited (the "Company") is a company limited by shares and incorporated and domiciled in England in the UK. The Company is exempt by virtue of s400 of the Companies Act 2006 from the requirement to prepare group financial statements. These financial statements present information about the Company as an individual undertaking and not about its group.

These company financial statements were prepared in accordance with Financial Reporting Standard 102 *The Financial Reporting Standard* applicable in the UK and Republic of Ireland ("FRS 102"). The presentation currency of these financial statements is U.S. dollar. All amounts in the financial statements have been rounded to the nearest \$1,000.

The Company's parent undertaking, Aviagen International Finance Limited includes the Company in its consolidated financial statements. The consolidated financial statements of Aviagen International Finance Limited are prepared in accordance with International Financial Reporting Standards as adopted by the EU and are available to the public and may be obtained from Companies House, 4th Floor, Edinburgh Quay 2, 139 Fountainbridge, Edinburgh, EH3 9FF. In these financial statements, the Company is considered to be a qualifying entity (for the purposes of this FRS) and has applied the exemptions available under FRS 102 in respect of the following disclosures:

- Reconciliation of the number of shares outstanding from the beginning to end of the period;
- Cash Flow Statement and related notes; and
- Key Management Personnel compensation.

As the consolidated financial statements of Aviagen International Finance Limited include the disclosures equivalent to those required by FRS 102, the Company has also taken the exemptions available in respect of certain disclosures required by FRS 102.11 Basic Financial Instruments and FRS 102.12 Other Financial Instrument Issues in respect of financial instruments not falling within the fair value accounting rules of Paragraph 36(4) of Schedule 1.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

Judgements made by the directors, in the application of these accounting policies that have significant effect on the financial statements and estimates with a significant risk of material adjustment in the next year are discussed in note 11.

1.1 Measurement convention

The financial statements are prepared on the historical cost basis.

1.2 Going concern

Considering the net current liabilities of \$0.75m as at 30 June 2021, a profit for the year then ended of \$193.62m and nil operating cash outflows for the year, the financial statements have been prepared on a going concern basis which the directors consider to be appropriate for the following reasons.

Due to the nature of the entity being a non-trading holding company, the directors have assessed that there will be little or no cash flow requirements for a period of at least 12 months from the date of approval of these financial statements which indicates that, taking account of reasonably possible downsides, the company will have sufficient funds to meet its liabilities as they fall due for that period. The company's profit and loss account records primarily non-cash transactions, being accrued administrative expenses and interest charges that are accrued under an intercompany loan agreement, repayable when the loan facility ends. These costs are offset by dividend income from its investments.

Consequently, the directors are confident that the company will have sufficient funds to continue to meet its liabilities as they fall due for at least 12 months from the date of approval of the financial statements and consequently have prepared the financial statements on a going concern basis.

Notes (continued)

1 Accounting policies (continued)

1.3 Expenses

Interest receivable and Interest payable

Interest payable and similar charges include interest payable, finance charges on shares classified as liabilities and finance leases recognised in profit or loss using the effective interest method, unwinding of the discount on provisions, and net foreign exchange losses that are recognised in the profit and loss account (see foreign currency accounting policy).

Other interest receivable and similar income include interest receivable on funds invested.

Interest income and interest payable are recognised in profit or loss as they accrue, using the effective interest method. Dividend income is recognised in the profit and loss account on the date the entity's right to receive payments is established.

1.4 Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on timing differences which arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements. The following timing differences are not provided for: differences between accumulated depreciation and tax allowances for the cost of a fixed asset if and when all conditions for retaining the tax allowances have been met. Deferred tax is not recognised on permanent differences arising because certain types of income or expense are non-taxable or are disallowable for tax or because certain tax charges or allowances are greater or smaller than the corresponding income or expense.

Deferred tax is measured at the tax rate that is expected to apply to the reversal of the related difference, using tax rates enacted or substantively enacted at the balance sheet date.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

1.5 Foreign currency

Transactions in foreign currencies are translated to the Company's functional currency at the foreign exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are retranslated to the functional currency at the foreign exchange rate ruling at that date. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction. Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are retranslated to the functional currency at foreign exchange rates ruling at the dates the fair value was determined. Foreign exchange differences arising on translation are recognised in the profit and loss account.

Notes (continued)

1 Accounting policies (continued)

1.6 Basic financial instruments

Investment in subsidiaries, joint controlled entities and associates

Investments in subsidiaries, jointly controlled entities and associates are carried at cost less impairment.

Trade and other debtors / creditors

Trade and other debtors are recognised initially at transaction price less attributable transaction costs. Trade and other creditors are recognised initially at transaction price plus attributable transaction costs. Subsequent to initial recognition they are measured at amortised cost using the effective interest method, less any impairment losses in the case of trade debtors. If the arrangement constitutes a financing transaction, for example if payment is deferred beyond normal business terms, then it is measured at the present value of future payments discounted at a market rate of instrument for a similar debt instrument.

Cash and cash equivalents

Cash and cash equivalents comprise cash balances and call deposits. Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management are included as a component of cash and cash equivalents for the purpose only of the cash flow statement.

2 Profit/(loss) before taxation

Audit fees of \$3,000 (2019: \$3,000) in respect of services provided by the auditor for the statutory audit of the company were paid on behalf of the company by its intermediate parent company, Aviagen International Finance Ltd. Other fees paid to the auditor by the company in respect of taxation services were \$2,000 (2019: \$2,000).

3 Remuneration of directors

No directors' emoluments were paid during the year or the previous year. The directors were the only employees of the company.

4 Interest payable and similar charges

	Year ended 30 June 2020 \$000	Year ended 30 June 2019 \$000
Interest on loans from group companies	72	72
	<u>72</u>	<u>72</u>

	Year ended 30 June 2020 \$000	Year ended 30 June 2019 \$000
Current tax	-	-

Notes (continued)

5 Taxation (continued)

Factors affecting the tax charge for the current year

The current tax charge for the year is lower (2019: lower) than the standard 19% (2019: 19%) rate of corporation tax in the UK. The differences are explained below.

	Year ended 30 June 2020 \$000	Year ended 30 June 2019 \$000
<i>Tax reconciliation</i>		
Profit/(loss) for the year	193,621	(75)
Tax expense	-	-
Profit/(loss) excluding tax	193,621	(75)
<i>Effects of:</i>		
Tax charge/(credit) at 19% (2019: 19%)	36,788	(14)
Income not taxable	(36,802)	-
Expense not deductible	14	14
Total current tax charge/(credit)	-	-

For tax purposes this company is treated as a branch of a US company with the effect that its profits and losses are included in a US tax return. On the basis that the tax losses arising in this company have been included in a US tax return no claim in respect of these losses is made for UK tax purposes. The losses would only be available against future UK taxable profits if the US tax return was amended to exclude these losses. On the basis that it is considered unlikely that suitable UK profits will arise no deferred tax asset is recognised.

Factors affecting the future current and total tax charges

A UK corporation tax rate of 19% (effective 1 April 2020) was substantively enacted on 17 March 2020, reversing the previously enacted reduction in the rate from 19% to 17%. This will increase the Company's future current tax charge accordingly.

6 Fixed asset investments

	Shares in group undertakings \$000
<i>Cost and net book value</i>	
At 1 July 2019	125,121
Additions during the year (note 10)	18,127
At 30 June 2020	143,248
