E4 COMMERCE.NET LIMITEDNOTES TO THE FINANCIAL STATEMENTSFOR THE YEAR ENDED 31ST MARCH 20091. ACCOUNTING POLICIES(a) Basis of Preparation of Financial Statements

The Financial Statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007).

(b) Turnover

Turnover represents the invoiced value of goods and services supplied excluding Value Added Tax.

(c) Tangible Fixed Assets and Depreciation

Tangible Fixed Assets are depreciated at rates designed to write off the costs over their estimated useful lives. These rates are calculated as follows:-

Equipment	25% p.a. on written down value
-----------	--------------------------------

(g) Deferred Taxation

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes.

In general, deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred taxation is measured on a non-discounted basis at the average tax rates that would apply when the timing differences are expected to reverse, based on tax rates and laws that have been enacted by the balance sheet date.
