Fine Lady Management Company Limited
Notes to the financial statements for the Year Ended 31 December 2015

1 Accounting policies

Trading status

The company was dormant and has not traded during the year.

The company is a residential management company and undertakes transactions on behalf of the leaseholders of the property. These transactions are documented in the separate service charge accounts, which are available from the company's registered office upon request.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Where shares are issued, any component that creates a financial liability of the company is presented as a liability in the balance sheet. The corresponding dividends relating to the liability component are charged as interest expense in the profit and loss account.
