Notes to the abbreviated accounts For the year ended 31 March 2015

1. Accounting policies

1.1 Basis of preparation of financial statements

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

1.2 Turnover

Turnover comprises revenue recognised by the company in respect of goods and services supplied during the year, exclusive of Value Added Tax and trade discounts.

1.3 Tangible assets and depreciation

Tangible assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of assets, less their estimated residual value, over their expected useful lives on the following bases:

Plant and machinery, etc.	-	25% reducing balance
---------------------------	---	----------------------

1.4 Trade and other debtors

Trade debtors are recognised and carried forward at invoiced amounts less provisions for any doubtful debts. Bad debts are written off to the profit and loss account when the directors deem that the balance is no longer collectable.

1.5 Cash at bank and in hand

Cash comprises cash at bank after adjustment for any uncredited lodgements and unpresented cheques clearing the bank account following the year end.

1.6 Trade and other creditors

Trade and other creditors are recognised and carried forward at invoiced amounts. Accruals are recognised for costs relating to the year where an invoice had not been received as at the year end date.

1.7 Hire purchase

Assets obtained under hire purchase contracts are capitalised as tangible assets. Assets acquired by hire purchase are depreciated over their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

1. Accounting policies (continued)

1.8 Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.

1.9 Financial Instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments.
