DIRECTORS' REPOSNSIBILITIES FOR THE ACCOUNTS

Company law requires the directors to prepare accounts for each financial year which give a true and fair view of the state of affairs of the company as at the end of the financial year and of the profit or loss of the company for that year. In preparing those accounts the directors are required to:

- select appropriate accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed;
- prepare the accounts on a going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the accounts comply with Companies Act 1985. They are also responsible for taking such steps as are reasonably open to them to safeguard the assets of the company and for taking reasonable steps for the prevention of fraud and other irregularities.
