**NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 31 MAY 2015**

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents rents received and income from the sale of properties.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Fixtures and fittings - 15% on reducing balance

Investment property

The company's properties are held for long-term investment and are included in the Balance Sheet at their current market values. The surplus or deficit on revaluation is transferred to the investment property revaluation reserve. Depreciation is not provided on these investment properties.

This policy represents a departure from the statutory accounting principles, which require depreciation to be provided on all fixed assets. The directors consider that this policy is necessary in order for the accounts to give a true and fair view as current values and changes in current values are of prime importance rather than the calculation of systematic annual depreciation.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.
