4. PROGRESS SINCE APPOINTMENT

This is our Final Report and account of the liquidation and should be read in conjunction our earlier Progress Reports to members dated 4 September 2020 and 25 August 2021

Receipts and Payments

Attached (at Appendix 1) is our abstract of receipts and payments for the period 8 July 2019 to 22 August 2022

What work has been done in the period of the report, why was that work necessary and what has been the financial benefit (if any) to members?

Details of the types of work that generally fall into the headings mentioned below are available on our firm's website – http://www.begbies-traynorgroup.com/work-details

Under the following headings, we have explained the specific work that has been undertaken on this particular case – not every piece of work has been described, but we have sought to give a proportionate overview that provides sufficient detail to allow members to understand what has been done, why it was necessary, and what financial benefit (if any) the work has provided to members.

The costs incurred in relation to each heading are set out in the attached Time Costs Analysis.

Please note that the details below only relate to the work undertaken since our last Progress Report.

General case administration and planning

It is necessary to maintain records to demonstrate how the case was administered, and to document the reasons for any decisions that materially affect the case.

Members of our staff have therefore undertaken general administrative, banking and cashiering duties.

Whilst this work has not financially benefitted members, it was still a necessary part of the general control of the case.

Compliance with the Insolvency Act, Rules and best practice

The Insolvency Act and Rules require Liquidators to produce a Progress Report within two months after each anniversary of their appointment, which is filed at Companies House and made available to all members.

They are also required to ensure that the case is adequately bonded (an insurance to protect the interests of unsecured creditors in the asset realisations on a case)

As all matters have now been concluded, we have prepared this Final Report and account of the liquidation, which has been made available to all members (and will be filled at Companies House).

Although the work has not benefitted members financially, it was still necessary in accordance with insolvency legislation.

Dealing with all creditors' claims (including employees), correspondence and distributions

Time has been posted to this section in relation to dealing with the final distribution to the shareholders, and in obtaining clearance from H M Revenue & Customs (to allow this matter to be concluded)

This work has financially benefitted members, as it has allowed for the balance of funds to be distributed to them.

Other matters which includes meetings, tax, litigation, pensions and travel

Matters included in this category include the preparation and submission of tax returns for the period after our appointment as Liquidators.

Whilst this work has not financially benefitted members, it was still necessary in order to comply with statutory requirements in respect of reporting to H M Revenue & Customs.

OUTCOME FOR CREDITORS

In a Members Voluntary Liquidation, creditors are required to prove their claims and the Liquidators must examine the proofs and the particulars of the claims and admit them (in whole or in part) or reject them.

The Liquidators must then settle the priorities of the creditors (as between secured / preferential / unsecured) before paying them in full with statutory interest.

The statement of assets and liabilities embodied within the Declaration of Solvency (sworn by the directors) indicated that there were no outstanding creditors. The sum of £400 has, however, been paid to H M Revenue & Customs in relation to penalties.

We have obtained clearance from H M Revenue & Customs that no amounts are due in respect of PAYE / NIC, Corporation Tax and VAT.

6. DISTRIBUTIONS TO MEMBERS

A first and final distribution was made to members on 14 June 2022 in the sum of £2,469 (i.e. £2,469 per ordinary £1 share)

7. REMUNERATION & DISBURSEMENTS

Liquidators' Remuneration

Our remuneration has been fixed by reference to the time properly given by us (as Liquidators) and the various grades of our staff calculated at the prevailing hourly charge out rates of Begbies Traynor (Central) LLP, in attending to matters arising in the Liquidation – this was subject to us having agreed that our remuneration shall not exceed the sum of £1,500 (plus VAT & disbursements) in circumstances where the value of time exceeds this sum.

The time costs incurred during the reporting period (i.e. from 8 July 2021 to 22 August 2021) amount to £6,653 which represents 20.5 hours at an average rate of £325 per hour.

Our total time costs incurred for in the period of our appointment amount to £13,943 against which we have drawn the agreed sum of £1,500 plus VAT.

Liquidators' Disbursements

We are authorised to draw disbursements, including disbursements for services provided by our firm (defined as "Category Two" disbursements in Statement of Insolvency Practice 9) in accordance with our firm's policy, details of which were presented to the general meeting of the Company at which various resolutions (including the special resolution that the Company be wound up voluntarily) were passed and which is attached (at Appendix 2)

Details of the "Category Two" disbursements (and disbursements that should be treated as "Category Two" disbursements) that have been taken in accordance with the approval obtained, are provided in the narrative summary of time costs incurred which is at Appendix 3.

"Category One" disbursements in the sum of £290.77 plus VAT have been incurred and drawn in full.

"Category Two" disbursements in the sum of £31.50 plus VAT have been incurred and drawn in full.

BEGBIES TRAYNOR CHARGING POLICY

INTRODUCTION

This policy applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the creditors' decision being made for the office holder to be remunerated on a time cost basis. Best practice guidance requires that such information should be disclosed to those who are responsible for approving the basis of an office holder's remuneration. Within our fee estimate creditors can see how we propose to be remunerated.

In addition, this policy applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm: It also applies where payments are to be made to parties other than the firm, but in relation to which the office holder, the firm or any associate has an interest. Best practice guidance* indicates that such charges should be disclosed to those who are responsible for approving the basis of the office holder's remuneration, together with an explanation of how those charges are calculated.

OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of their staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded in 6 minute units at the individual's hourly rate in force at that time which is detailed below.

EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Expenses are payments from the estate which are neither an office holder's remuneration nor a distribution to a creditor or a member. Expenses also include disbursements, which are expenses that are initially paid by the office holder's own firm, but which are subsequently reimbursed from the estate when funds are available.

Best practice guidance classifies expenses into two broad categories:

- Category 1 expenses (approval not required) Specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- Category 2 expenses (approval required) Items of expenditure that are directly related to the case and either:
 - (i) include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party; or
 - (ii) are items of expenditure which are payable to an associate of the office holder and/or their firm

Shared or allocated costs (pursuant to (i) above)

The following expenses include an element of shared or allocated cost and are charged to the case (subject to approval).

- □ Internal meeting room usage for the purpose of physical meetings of creditors is charged at the rate of £100 (London £150) per meeting;
- ☐ Car mileage which is charged at the rate of 45 pence per mile

General Office Overheads.

The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a *Category 1 expense*:

- Telephone and facsimile
- Printing and photocopying
- □ Stationery
