**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD 1 APRIL 2016 TO 30 SEPTEMBER 2017**

1. STATUTORY INFORMATION

South Yorkshire Shooting Supplies Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The financial statements are presented in sterling which is the functional currency of the company and rounded to the nearest pound.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

This is the first year that the company has presented its financial statements under Financial Reporting Standard 102 (FRS 102) issued by the Financial Reporting Council. The last financial statements for the year ended 31 March 2016 were prepared under previous UK GAAP, and the transition date to FRS 102 is therefore 1 April 2015. At the date of transition, no adjustments were required.

Significant judgements and estimates

No judgements have been made in the process of applying the below accounting policies that have had the most significant effect on amounts recognised in the financial statements.

There are no key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Turnover

Turnover from the sale of shooting supplies is recognised when significant risks and rewards of ownership of the goods have transferred to the buyer, the amount of turnover can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the company and the costs incurred or to be incurred in respect of the transaction can be measured reliably. This is usually on receipt of payment and dispatch of goods.

Goodwill

Positive purchased goodwill arising on acquisitions is capitalised and classified as an asset on the balance sheet. Goodwill is reviewed for impairment at the end of the first full financial year following each acquisition and subsequently as and when necessary if circumstances emerge that indicate that the carrying value may not be recoverable.

FOR THE PERIOD 1 APRIL 2016 TO 30 SEPTEMBER 2017**

2. ACCOUNTING POLICIES - continued

Intangible assets

Intangible assets are initially measured at cost. After initial recognition, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery etc - 33% on reducing balance and 10% on cost

Tangible fixed assets are stated at cost (or deemed cost) or valuation less accumulated depreciation and accumulated impairment losses. Cost includes costs directly attributable to making the asset capable of operating as intended.

Depreciation is provided on all tangible fixed assets, at rates calculated to write off the cost, less estimated residual value, of each asset on a systematic basis over its expected useful life as follows:

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving stock.

Cost is calculated using the first-in, first-out method and includes all purchase, transport and handling costs in bringing stocks to their present location and condition.

Taxation

Taxation for the period comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

FOR THE PERIOD 1 APRIL 2016 TO 30 SEPTEMBER 2017**

2. ACCOUNTING POLICIES - continued

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the period end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the period was 2 (2016 - 2) .
