1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The accounts have been prepared on the going concern basis. Due to the financial position of the company, the validity of this basis is conditional upon the continued support of the director and sole shareholder of the company and its bankers.

The director of the company has confirmed that he will not demand payment of any amount due to him or payment of any amounts due to the related companies, of which he is also a director, for at least the next 12 months from the date of approval of these accounts. The director is not, however, legally bound by these assurances.

Should the company be unable to continue trading as a result of the withdrawal of support from the director or its bankers, adjustments would have to be made to reduce the value of the assets to their recoverable amounts, to provide for any further liability which might arise and to reclassify fixed assets and long term liabilities as current assets and liabilities.

Deferred taxation

No provision is made for deferred taxation resulting from timing differences between the recognition of gains and losses in the accounts and their recognition for tax purposes.

Fixed asset investments

Fixed asset investments are valued at cost less provision for impairment.

Group financial statements

The financial statements present information about the company as an individual undertaking and not about its group. The company and its subsidiary undertakings comprise a small-sized group. The company has, therefore, taken advantage of the exemptions provided by Section 398 of the Companies act 2006 and has not prepared group financial statements.
