Notes to the abbreviated accounts

For the year ended 31 March 2013

1. Accounting policies

1.1 Basis of preparation of financial statements

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

The company is the parent undertaking of a small group and as such is not required by the Companies Act 2006 to prepare group accounts. These financial statements therefore present information about the company as an individual undertaking and not about its group.

1.2 Cash flow

The financial statements do not include a cash flow statement because the company, as a small reporting entity, is exempt from the requirement to prepare such a statement under the Financial Reporting Standard for Smaller Entities (effective April 2008).

1.3 Turnover

Turnover is the total amount receivable by the company for subscriptions and services provided, excluding VAT. Where the association enters into projects at no profit margin, revenue is recognised in line with costs in the period.

1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Fixtures and fittings	-	25% to 33.3% straight line
Leasehold improvements	-	Straight line over the lease term (5 years)

1.5 Operating leases

Rentals under operating leases are charged to the income and expenditure account on a straight line basis over the lease term.

Benefits received and receivable as an incentive to sign an operating lease were recognised on a straight line basis over the period until the date the rent was expected to be adjusted to the prevailing market rate.

1.6 Pensions

The company operates a defined contribution pension scheme and the pension charge represents the amounts payable by the company to the fund in respect of the year. The pension fund was transferred to Association of Energy Producers Limited on 2 April 2012.
