Directors' report

The directors present their report with the audited financial statements for the period from 28 June 2019 to 31 March 2020. The comparative information presented within these financial statements relates to the period from 1 June 2018 to 27 June 2019.

The Company qualifies as a small company under section 382 of the Companies Act 2006 and accordingly has not produced a Strategic Report. This directors' report has been prepared in accordance with the provisions applicable to small companies entitled to the small companies exemption.

Change of control

On 27 June 2019, the entire share capital of the Company's parent company, A & J Mucklow Group Limited (formerly A & J Mucklow Group Plc) was acquired by LondonMetric Property Plc by way of a Scheme of Arrangement under Part of the 26 Companies Act 2006. The Company is now a wholly owned subsidiary of LondonMetric Property Plc and part of the LondonMetric Property Plc group (the "Group").

Business review and principal activities

The principal activity of the Company is property investment. The directors do not anticipate any significant change in the principal activity in the foreseeable future.

The Company owns Mucklow Park, Tyseley.

Going concern

The accounts have been prepared on a going concern basis. The Company is in a net asset position but has net current liabilities. The Company's immediate parent, A & J Mucklow Group Limited (formerly A & J Mucklow Group Plc) has confirmed its continuing financial support by way of an intercompany loan to be provided as and when required and therefore the directors consider the Company is in a position to meet its liabilities as they fall due for the foreseeable future.

Results and dividends

The results for the Company show a pre-tax profit of £2,606,063 (2018/19: profit £750,779). No dividends were paid during the current or prior period. The Company has net assets of £10,894,427 (2018/19: £8,288,364) and amounts owing to group companies of £9,566,583 (2018/19: £7,800,885).

Directors

The present directors of the Company all of whom served throughout the period and subsequently, unless otherwise stated, are as shown on page 1.

None of the directors have a service agreement with the Company and they are not entitled to any compensation on termination of appointment or sale of the Company by the Group.

The Group has arranged insurance cover in respect of legal action against its directors, which include the directors of the Company.

Audit exemption taken for the period ended 31 March 2020

The Company is exempt from the requirements of the Companies Act 2006 relating to the audit of individual accounts by virtue of Section 479A of the Act, as disclosed on pages 179 to 180 of LondonMetric Property Plc Annual Report and Accounts 2020. The ultimate holding company and controlling party is LondonMetric Property Plc.

On behalf of the Board

Martin McGann

Director

A & J Mucklow (Halesowen) Limited

Directors' responsibilities statement

The directors are responsible for preparing the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial period. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 101 'Reduced Disclosure Framework'. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy, at any time, the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

A & J Mucklow (Halesowen) Limited

Notes to the financial statements Period ended 31 March 2020

1. Significant accounting policies

a) General information

A & J Mucklow (Halesowen) Limited is a private limited company incorporated in England under the Companies Act. The address of the registered office is given on page 1. The nature of the Company's operations and its principal activities are set out in the business review on page 2.

b) Statement of compliance

The Company meets the definition of a qualifying entity under FRS 100 (Financial Reporting Standard 100) issued by the Financial Reporting Council. The financial statements have been prepared in accordance with FRS 101 (Financial Reporting Standard 101) 'Reduced Disclosure Framework' as issued by the Financial Reporting Council.

As permitted by FRS 101, the Company has taken advantage of the disclosure exemptions available under that standard in relation to presentation of a cash-flow statement, financial instruments, standards not yet effective, impairment of assets and related party transactions.

Where relevant, equivalent disclosures have been given in the group accounts of LondonMetric Property Plc. The group accounts of LondonMetric Property Plc are available to the public and can be obtained as set out in note 11.

c) Going concern

The financial statements have been prepared on a going concern basis. This is discussed further in the Directors' report on page 2.

d) Basis of preparation

The functional and presentational currency of the Company is sterling. The financial statements are prepared on the historical cost basis except that investment properties are stated at fair value.

The accounting policies have been applied consistently in all material respects except for the adoption of new and revised standards as noted below.

i) Significant accounting estimates and judgements

The preparation of financial statements in conformity with FRS101 requires directors to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period. If the revision affects both current and future periods, the change is recognised over those periods.

The accounting policies subject to significant judgements and estimates are as follows:

Significant areas of estimation uncertainty

Property valuations

The valuation of investment properties is a critical part of the Company's performance. The Company carries investment properties at fair value in the balance sheet and engages professionally qualified external valuers to undertake six monthly valuations.

A & J Mucklow (Halesowen) Limited

Notes to the financial statements (continued) **Period ended 31 March 2020**

1. Significant accounting policies (continued)

The determination of the fair value of each property requires, to the extent applicable, the use of estimates and assumptions in relation to factors such as future lease income, lease incentives, current market rental yields, future development costs and the appropriate discount rate. In addition, to the extent possible, the valuers make reference to market evidence of transaction prices for similar properties.

The fair value of a development property is determined by using the 'residual method', which deducts all estimated costs necessary to complete the development, together with an allowance for development risk, profit and purchasers' costs, from the fair valuation of the completed property.

The COVID-19 pandemic has led to a heightened degree of uncertainty surrounding the period end valuations and the valuers have included a material uncertainty clause in their valuation report which is in line with the Royal Institution of Chartered Surveyors guidance.

ii) Adoption of new and revised standards

Standards and interpretations effective in the current period

During the period, the Company's accounting policies were amended following the adoption of IFRS 16 as discussed further below.

IFRS 16 Leases

IFRS 16 was issued in January 2016 and became effective for the Company from 28 June 2019. It has been adopted retrospectively in accordance with the transition provisions of the standard, with the cumulative effect of initially applying the new standard recognised on 28 June 2019. Comparatives have not been restated.

The standard requires lessees to recognise assets (the right to use the leased item) and liabilities (a financial liability to pay rentals) on the balance sheet for most leases. The accounting for lessors under IFRS 16 is substantially unchanged from its predecessor, IAS 17.

The Company holds no operating leases and therefore there has been no financial impact of the new standard on the Company.

e) Property portfolio

i) Investment properties

Investment properties are properties owned or leased by the Company which are held for long term rental income and for capital appreciation. Investment property may include property that is being constructed, developed or redeveloped for future use as an investment property. Investment property is initially recognised at cost, including related transaction costs. It is subsequently carried at each published balance sheet date at fair value on an open market basis as determined by professionally qualified independent external valuers. Changes in fair value are included in the profit and loss account. Where a property held for investment is appropriated to development property, it is transferred at fair value. A property ceases to be treated as a development property on practical completion.

In accordance with IAS 40 Investment Properties, no depreciation is provided in respect of investment properties.

Investment property is recognised as an asset when:

- it is probable that the future economic benefits that are associated with the investment property will flow to the Company; and
- the cost of the investment property can be measured reliably.

A & J Mucklow (Halesowen) Limited

Notes to the financial statements (continued) **Period ended 31 March 2020**

1. Significant accounting policies (continued)

All costs directly associated with the purchase and construction of a development property are capitalised. Capital expenditure that is directly attributable to the redevelopment or refurbishment of investment property, up to the point of it being completed for its intended use, is included in the carrying value of the property.

The Company recognises property transactions at the point of completion of contracts.

ii) Assets held for sale

An asset is classified as held for sale if its carrying amount is expected to be recovered through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable, the asset is available for sale in its present condition and management expect the sale to complete within one year from the balance sheet date.

iii) Tenant leases

The directors have exercised judgement in considering the potential transfer of the risks and rewards of ownership in accordance with IAS 17 for all properties leased to tenants and has determined that such leases are operating leases.

iv) Net rental income

Rental income from investment property leased out under an operating lease is recognised in profit or loss on a straight line basis over the lease term.

Contingent rents, such as turnover rents, rent reviews and indexation, are recorded as income in the periods in which they are earned. Rent reviews are recognised when such reviews have been agreed with tenants.

Surrender premiums receivable are recognised on completion of the surrender.

Where a rent free period is included in a lease, the rental income foregone is allocated evenly over the period from the date of lease commencement to the earlier of the first break option or the lease termination date. Lease incentives and costs associated with entering into tenant leases are amortised over the period from the date of lease commencement to the earlier of the first break option or the lease termination date.

Property operating expenses are expensed as incurred and any property operating expenditure not recovered from tenants through service charges is charged to the profit and loss account.

v) Profit and loss on sale of investment properties

Profits and losses on sales of investment properties are calculated by reference to the carrying value at the previous period end valuation date, adjusted for subsequent capital expenditure.

f) Financial assets and financial liabilities

Financial assets and financial liabilities are recognised in the balance sheet when the Company becomes a party to the contractual terms of the instrument.

Financial instruments under IFRS 9

Trade and other receivables and payables

Trade receivables are recognised and carried at amortised cost as the Company's business model is to collect the contractual cash flows due from tenants. An impairment provision is created based on the expected credit loss model which reflects the Company's historical incurred credit losses and the lifetime expected credit loss.

A & J Mucklow (Halesowen) Limited

Notes to the financial statements (continued) **Period ended 31 March 2020**

1. Significant accounting policies (continued)

g) Finance costs and income

Net finance costs include interest payable on borrowings, net of interest capitalised and finance costs amortised.

Interest is capitalised if it is directly attributable to the acquisition, construction or redevelopment of development properties from the start of the development work until practical completion of the property. Capitalised interest is calculated with reference to the actual interest rate payable on specific borrowings for the purposes of development or, for that part of the borrowings financed out of general funds, with reference to the parent Group's weighted average cost of borrowings.

Finance income includes interest receivable on funds invested at the effective rate and notional interest receivable on forward funded developments at the contractual rate.

h) Tax

Current tax is the expected tax payable on the taxable income for the period, using tax rates enacted or substantively enacted at the balance sheet date, together with any adjustment in respect of previous periods to the extent applicable.

i) Dividends

Dividends on equity shares are recognised when they become legally payable.

2. Administration expenses

There were no employees directly employed by the Company during the current or prior period.

Audit fees

There are no audit fees payable for the current period. In the prior period audit fees of £1,250 were charged by KPMG LLP for the audit of the Company.

No non-audit fees were payable by the Company to KPMG LLP and its associates in the prior period.

Directors' remuneration

For the current period, all of the directors' remuneration was paid by either LondonMetric Property Plc, the Company's ultimate holding company, or A. & J. Mucklow (Investments) Limited, a fellow subsidiary undertaking (2018/19: A. & J. (Investments) Limited). For both periods, the directors' remuneration is therefore disclosed in the financial statements of those relevant companies. The directors do not believe that it is practicable to apportion this amount between their qualifying services as directors of this company and their qualifying services as directors of the holding and fellow subsidiary companies.

Valuation

At 31 March 2020, the Company's freehold investment properties were externally valued by the Royal Institution of Chartered Surveyors (RICS) Registered Valuers of Cushman & Wakefield Debenham Tie Leung Limited ("Cushman & Wakefield") Chartered Surveyors, at £20,656,500 (27 June 2019: £16,195,400).

The valuation was prepared in accordance with the RICS Valuation – Professional Standards 2014 on the basis of fair value. Fair value represents the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The total fees earned by Cushman & Wakefield from the Company represent less than 5% of their total UK revenues. Cushman & Wakefield have continuously been the signatory of valuations for the Company for more than five years.

The COVID-19 pandemic has led to a heightened degree of uncertainty surrounding the period end valuations and Cushman & Wakefield have included a material uncertainty clause in their valuation report which is in line with the RICS guidance.

No capital commitments have been entered into which have not been provided for in the financial statements (27 June 2019: £2,250,183).
