## What you need to do

### FL All and FLL

We previously asked for outstanding claims from unsecured creditors so that we could agree them for dividend purposes.

**FL All** - To date, a dividend distribution of 11.7p in the £ totalling c.£2.8m, has been paid to all unsecured creditors in FL All, whose claims have been admitted for dividend purposes.

**FLL** - A dividend distribution of 10p in the £ totalling c.£2.6m, has been paid to all unsecured creditors in FLL whose claims have been admitted for dividend purposes.

If you haven't already done so, please send your claim to us so that we can agree it. A claim form can be downloaded from our website at [www.pwc.co.uk/futurelife](http://www.pwc.co.uk/futurelife) or you can get one by contacting Sara Myers at [sara.myers@pwc.com](mailto:sara.myers@pwc.com). All creditors wishing to receive the anticipated dividend payment must submit a proof of debt.

#### **FLSGL**

Based on the information currently available we're now able to confirm that funds will become available to enable a dividend to be paid to unsecured creditors of FLSGL. However, we are not aware of any unsecured creditors in this company and as such funds will be paid to FLSGL's shareholder FL All.

This report is for your information and you don't need to do anything.

#### **FLS(A), FLSL and FLGL**

No dividends are expected in FLS(A), FLSL and FLGL. As such, if you are a creditor of one of those estates this report is for your information and you don't need to do anything else.

# Outcome for creditors

## Secured creditors

There are no known secured creditors of any of the Companies.

## Preferential creditors

Preferential claims typically arise in relation to arrears of wages (subject to statutory limits) and holiday pay. The Companies have no employees and therefore we are not expecting any preferential claims to arise.

## Unsecured creditors

As previously advised, the prescribed part doesn't apply because there is no floating charge registered against any of the Companies.

### **FL All**

Based on the information currently available we think dividends of up to 19p in the £ will be paid to the unsecured creditors of FL All. To date, a dividend of 11.7p in the £ was declared to the unsecured creditors on 20 May 2020 and paid shortly thereafter. The timing of the remaining dividend(s) is dependent on receiving funds from FLSGL and the deferred consideration, see below for more information.

### **FLL**

Based on the information currently available we think dividends of up to 16p in the £ for unsecured creditors of FLL. To date, a dividend of 10p in the £ was declared to the unsecured creditors on 20 May 2020 and paid shortly thereafter. Funds needed to pay a second and final distribution of 5p in the £ will come from the money FLL is expected to receive by way of a second and final dividend due from FL All as detailed above.

The estimates are based on the levels of unsecured creditors included in the statement of affairs, along with our own assumptions regarding costs and asset realisations.

The amount of the dividend will depend on the final level of submitted claims, future realisations and liquidation costs. As such, the estimates given above should be viewed with an appropriate degree of caution and shouldn't be used as the main basis for any bad debt provisions.

### **FLSGL**

Based on the information currently available FLSGL, will receive a distribution from FLC5 of approximately £577k. As FLSGL has no creditors, it will become solvent and a payment will be made to its shareholder FL ALL. This dividend will be made within the next few weeks.

### **FLS(A), FLSL and FLSGL**

No dividends are expected to be paid in relation to these three companies. Once the tax position is finalised across the whole group, these companies will be moved to closure. We expect this to be within the next few months.

# Progress since we last reported

## Realisations since our previous progress report update

When we last reported, the main outstanding matters in the liquidations were as follows:

- Recover the deferred consideration due to FL All;
- Draft & issues further remuneration report;
- Deal with the third party funds held;
- Pay the second and final dividend to the unsecured creditors of FL All and FLL;
- Obtain outstanding tax clearances from HMRC; and
- Make a first and final distribution to the unsecured creditors of FLSGL, if funds become available.

An update on these matters is set out below, together with details of additional work done in the period of this report. Creditors should refer to our previous reports should they require any further details on the work done in previous periods.

### **FL ALL**

#### Deferred consideration

As previously reported, funds of £3m continue to remain in an escrow account in FL All, pending resolution of certain indemnity claims, or the expiry of a longstop date being five years from the date of completion. We continue to be aware of one such outstanding claim, the hearing for which has been delayed a number of times due to the pandemic and isn't due to be heard until later in the Spring.

It's our expectation that the escrow funds will not be released until the expiry of the long stop date which we estimate being the Summer of 2022, if not later given the uncertainty regarding the timing of the hearing. Once this position of the claim has been resolved the funds will be released to FL All.

#### Bank Interest

During the period FL All received bank interest of £812.

#### Cash at Bank

In our previous report we confirmed that we have been notified by the liquidator of FLC5, an associated group company which is in a solvent liquidation, that FL All may be holding funds on their behalf. After investigation, it was established that funds of £620,163 have been received and held by FL All.

In the event of the funds being paid back to FLC5, given the inter group position, the vast majority of the funds would ultimately return to the creditors of FL All by way of capital distribution and ultimate dividend distributions from the CVLs.

Based on the above, we have sought legal advice to consider if it was appropriate to return these funds to FLC5. We are comfortable that we can evidence the payment does not adversely impact the creditors of FL All, indeed if we did not return the funds, additional costs (such as tax) would be incurred by FL All resulting in a worse outcome to FL All creditors. We are therefore looking to make the payment to FLC5 shortly.

FL All has an unsecured claim in FLC5 of £3,973. We have agreed a mutual set off, taking into account statutory interest of £1,303 totalling £5,276, the transfer to FLC5 will be in the region of £614,800 and will be made shortly.

#### Third-party funds

As previously advised, we're holding the sum c.£107k of third-party funds in FL All. During the period of this report, we've continued to make efforts along with a specialist tracing agent to assist us in returning these funds to the relevant individuals concerned.

As these funds are not an asset of the liquidation, we're unable to close FL All until this issue is resolved. Should these funds not be returned we will require legal advice with regards to the next steps for this cash.

## Intercompany dividend

In the period, FL All has received a dividend from a connected group company, GRWP, in connection with the unsecured claim that FL All lodged in the liquidation. Funds of £235,234 were received into the liquidation, which included statutory interest.

During the reporting period, FL All has also submitted an unsecured claim in the estate of FLC5 for £5,276 (this being the original claim of £3,973 plus statutory interest of £1,303). As noted above we have agreed a mutual set off, taking into account statutory A dividend is expected to be received from FLC5 shortly.

## Creditors - unclaimed dividends

During the period of this report, we've assisted some creditors regarding their unclaimed unsecured dividends and reissued payments where possible. We will arrange to pay any unclaimed dividends over to the unclaimed dividend account, prior to closure and will provide more details in due course within the contents of our final reports.

## Intercompany dividend

During the reporting period, FL All has submitted an unsecured claim in the estate of FLC5 for £5,276 (this being the original claim of £3,973 plus statutory interest of £1,303). As noted above we have agreed a mutual set off

## All companies

### Tax

You'll be aware following our appointment as Joint Liquidators', we undertook an assessment of the value of the Companies asset realisations and our specialist tax team were instructed to review the tax position of each Company, in order to mitigate any potential tax liabilities which would impact the eventual funds available to creditors.

During the reporting period, our tax team has continued to prepare and submit tax computations in line with our statutory duties.

### Stakeholders

Similar to previous periods, we continued to receive and respond to regular and ongoing requests from several of the Companies' creditors and stakeholders in order to satisfy their own internal or statutory reporting processes. Whilst these requests have been outside the usual reporting requirements for a Liquidations, we have tried, wherever possible, to provide the additional information we can.

## FLS(A), FLSL, FLGL and FLSGL

The Companies are part of a wider group which includes several entities in solvent and insolvent liquidations. We remain in office due to the inter-company positions between them and the wider group liquidations. We continue to monitor the progress of the other insolvencies to ensure that the CVLs can be closed as and when appropriate.

## Connected party transactions

In accordance with SIP 13, we are required to disclose any known connected party transactions that occurred in the period following our appointment, or any proposed connected party transactions.

In the period, FL All has received a payment from a connected group company, GRWP in respect of the unsecured claim that FL All lodged in the liquidation. As this was received from a solvent liquidation, statutory interest was included.

We understand that upon receipt of the above funds, FLC5 will then proceed to make a shareholder distribution to FLSGL details of which are discussed elsewhere in this report.

## Statutory and compliance

During the period of this report, we completed the following statutory and compliance matters:

- Undertaken period case reviews to ensure compliance with out statutory requirements;

- Liaised with lawyers with regards proposed distribution by FL All and treatment of intercompany claim in FLC5;
- Prepared and distributed our third progress report for the period 1 February 2020 to 31 January 2021;
- Liaised with our specialist tax team to ensure the tax position is in order; and
- Dealing with unclaimed dividends and reissuing payment to creditors where possible.

## Investigations and actions

Nothing has come to our attention during the period under review to suggest that we need to do any more work in line with our duties under the Company Directors' Disqualification Act 1986 and Statement of Insolvency Practice No.2 ("SIP 2").

## Our receipts and payments account

We set out in Appendix A accounts of our receipts and payments in the liquidations from 1 February 2021 to 31 January 2022.

## Our expenses

We set out in Appendix B statements of the expenses we've incurred to the date covered by this report and an estimate of our future expenses.

The statement excludes any potential tax liabilities that we may need to pay as liquidation expenses in due course because amounts due will depend on the positions at the end of the tax accounting period.

## Our fees

We set out in Appendix C updates on our fees, expenses and other related matters.

## Creditors' rights

Creditors have the right to ask for more information within 21 days of receiving this report as set out in Rule 18.9 IR16. Any request must be in writing. Creditors can also challenge our fees and expenses within eight weeks of receiving this report as set out in Rule 18.34 IR16. This information can also be found in the guide to fees at:

<https://www.icaew.com/-/media/corporate/files/technical/insolvency/creditors-guides/2021/liquidations-creditor-fee-guide-1-april-2021.ashx?la=en>

You can also get a copy free of charge by telephoning Sara Myers on 0113 289 4566.

## What we still need to do

We remain in office to conclude the following:

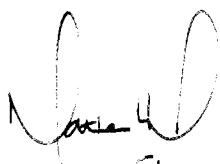

- Recover the deferred consideration due to FL All;
- Draft & issue a further remuneration report;
- Deal with the third party funds held;
- FL All is to receive a first and final dividend from FLC5 and in turn FL All will return the balance of net third-party funds held on behalf of FLC5;
- FLC5 will need to make a shareholder distribution to FLSGL, which will result in FLSGL becoming solvent;
- Pay the second and final dividend to the unsecured creditors of FL All and FLL;
- Dealing with unclaimed dividends and paying them into the Insolvency Service unclaimed dividend account;
- Preparing and submitting tax computations and subsequent clearance requests from HMRC;
- FL All is to receive a first and final dividend from FLC5 and in turn FL All will return the balance of net funds held on behalf of FLC5 to FLC5;
- Preparing the Liquidators' final accounts; and
- Preparing closure of the bank accounts.

Other matters include complying with our statutory duties as liquidators and other incidental tasks associated with the winding down and ultimate dissolution of the Companies.

## Next report

We expect to send our next report to creditors at the end of the liquidations or in about 12 months, whichever is the sooner. If you've got any questions, please get in touch with Sara Myers at [sara.myers@pwc.com](mailto:sara.myers@pwc.com)

Yours faithfully

# Appendix B: Expenses

Expenses are amounts properly payable by us as liquidators from the estate, but excludes our fees and distributions to creditors.

These include disbursements which are expenses met by and reimbursed to an office holder in connection with an insolvency appointment.

Expenses fall into two categories:

Expense	SIP9 definition
<b>Category 1</b>	Payments to persons providing the service to which the expense relates who are not an associate of the office holder.
<b>Category 2</b>	Payments to our firm or our associates or which have an element of shared costs (for example, photocopying and mileage disbursements, or costs shared between different insolvent estates).

We don't need approval from creditors to draw Category 1 expenses as these have all been provided by third parties but we do need approval to draw Category 2 expenses. The body of creditors who approve our fees (in this case the general body of creditors) also has the responsibility for agreeing the policies for payment of Category 2 expenses.

The following table provides a breakdown of the Category 2 expenses have been incurred by us as liquidators or our associates, together with details of the Category 1 expenses that have been incurred by PwC and will be recharged to the case:

The tables below provide details of the expenses incurred in the liquidations and should be read in conjunction with each receipts and payments account at Appendix A, which shows expenses actually paid during the period and the total paid to date.

The table also excludes any potential tax liabilities that we may need to pay as a liquidation expense because amounts becoming due will depend on the position at the end of the tax accounting period.

## Notes

1- Liquidators' fees - Due to the additional costs dealing with various aspects of the liquidation whilst we progressed our strategy for dealing with third party funds and considering options available to us to ensure funds are retained separately and safely from liquidation funds, including the statutory and compliance matters, the unsecured claims agreement work and the continued liaising with key stakeholders in relation to the strategy for the liquidation, our time costs have exceeded our fee estimate.

Details of the Liquidators' anticipated future costs can be found at Appendix C, section " Our Future Work".

# Appendix C: Remuneration update

## FL AII

Our fees were approved on a time costs basis by the general body of unsecured creditors on 28 March 2018. This approval allowed us to draw fees by reference to the time properly given by us and our staff in dealing with the liquidation, albeit capped at our initial time costs estimate of £90,444.

As a result of our time costs exceeding our initial estimate, during the last reporting period a revised fee estimate was issued to unsecured creditors, seeking a decision to increase our fees to £220,784. In line with the approval given, to date we have drawn fees of £180,913 plus VAT on account of our time costs incurred.

Since our appointment we have incurred time costs of £379,709 to 31 January 2022, of which £80,017 was incurred in the twelve months to 31 January 2022. The level of time costs incurred does not necessarily reflect how much we will eventually draw as fees for this period.

Our time costs have exceeded our fees estimate set out in our remuneration report dated 3 February 2020, due to the additional costs dealing with various aspects of the liquidation including options available to us to progress our strategy for dealing with third party funds and considering options available to us to ensure funds are retained separately and safely from liquidation funds; realisation of the these additional costs have included the statutory and compliance matters, the unsecured claims agreement work including the submission of inter-company claims in GRWP and FLC5 and the additional costs incurred liaising with key stakeholders in relation to the strategy for the liquidation. Whilst further costs will continue to be incurred, we will not be seeking further approval from the fee approving body to draw fees above the revised fee estimate of £220,784.

## FLS(A), FLSL, FLL, FLGL, FLSGL

Our fees in respect of the above companies were approved on a fixed fee basis as set out in our remuneration report for each company. A summary of the approved fixed fees is shown below.

Company	Fees approved (£)	“Additional fees” for preparing SoA & assisting with procedure to seek decision from creditors on nomination of liquidator (£)
FLS(A)	18,000	3,000
FLSL	18,000	3,000
FLL	18,000	3,000
FLGL	12,000	3,000
FLSGL	20,000	3,000

To date, we've drawn fees of £15,000 (net) in respect of the “additional fees” detailed above.

We intend to prepare a further remuneration report in respect of FLL to request an increase in our fixed fee in due course. We anticipate this will be made available to creditors within the next 3 months by uploading to the website: [www.pwc.co.uk/futurelife](http://www.pwc.co.uk/futurelife). In the circumstances of this case, it will be for the general body of creditors to agree to the revised basis of our fees and expenses.

We set out later in this Appendix details of our work to date, anticipated future work, expenses, subcontracted work and payments to associates.

## Our time charging policy and hourly rates- FL All

We and our team charge our time for the work we need to do in the liquidation. We delegate tasks to suitable grades of staff, taking into account their experience and any specialist knowledge that is needed and we supervise them properly to maximise the cost effectiveness of the work done. Anything complex or important matters of exceptional responsibility are handled by our senior staff or us.

All of our staff who work on the liquidation (including our cashiers, support and secretarial staff) charge time directly to the case and are included in any analysis of time charged. Each grade of staff has an hourly charge out rate which is reviewed from time to time. For the avoidance of doubt, work carried out by our cashiers, support and secretarial staff is charged on a time costs basis and is included in the analysis of hourly rates charged by partners or other staff members. Time is charged in three minute units (i.e. 0.05 units). We don't charge general or overhead costs.

We set out below the maximum charge-out rates per hour for the grades of our staff who already or who are likely to work on the liquidation.

Grade	Insolvency Staff		Specialist Staff	
	Up to June 2020 £	From 1 July 2021 £	From 1 September 2020 £	From 1 July 2021 £
Partner	850	875	1,600	1,680
Director	720	740	1,465	1,540
Senior Manager	585	625	1,355	1,425
Manager	475	525	815	860
Senior Associate	390	425	605	640
Associate	245	280	325	345
Support Staff	125	130	230	190

We call on colleagues in our Tax, VAT, Real Estate and Pensions departments where we need their expert advice. Their specialist charge-out rates vary but the following are the maximum rates by grade per hour.

In common with many professional firms, our scale rates may rise to cover annual inflationary cost increases.
