Notes to the Financial Statements
for the Year Ended 31st October 2020

1. STATUTORY INFORMATION

Bauphasen Ltd is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Going Concern

The directors have considered the potential impact of COVID-19 on the principal activities of the business and they believe that they have sufficient resources in place to operate for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the financial statements.

Turnover

Turnover is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods supplied and services rendered, stated net of discounts and of Value Added Tax.

Income is recognized when goods have been delivered to customers such that risks and rewards of ownership have transferred to them.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery	- 25% on reducing balance
Fixtures and fittings	- 25% on reducing balance
Computer equipment	- 33% on cost

Tangible fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses.

Financial instruments

The following assets and liabilities are classified as financial instruments - trade creditors and directors loans.

Directors loans (being repayable on demand) and trade creditors are measured at the undiscounted amount of the cash or other consideration expected to be paid or received.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Profit and Loss Account, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

2. **ACCOUNTING POLICIES - continued**

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

3. **EMPLOYEES AND DIRECTORS**

The average number of employees during the year was 1 (2019 - 1) .

5. POST BALANCE SHEET EVENTS

In March 2020, the UK was impacted by the outbreak of COVID-19. In order to manage the spread of the virus the Government has imposed significant restrictions on the movement of people and the ability of businesses to continue to trade. This event occurred before the company's reporting period and so is considered to be an adjusting event. Accordingly, the balance sheet and profit and loss for the year end 31 October have been adjusted to reflect their impact.

The Directors acknowledge the increasing risk from COVID-19 and have sought to mitigate their risk by carrying out a thorough review of the business as discussed below:

Government assistance

The business has taken advantage of the government grants and furloughing scheme whereby the company has furloughed one staff member which has resulted in the reduction of the wage cost.

Coronavirus bounce back loan

After the year end the company received a coronavirus bounce back loan to help support the continuation of the business.

6. ULTIMATE CONTROLLING PARTY

Mr K Holmes, the director controls the company by virtue of holding 100% of the issued ordinary share capital.

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1072 of the Companies Act 2006.
