The Group manages its operations on a divisional basis. ### **Principal risk and uncertainties**

The directors of Burberry Group plc manage the risks of the Burberry Group (the Group) at a group level, rather than at an individual business unit level. For this reason, the Company's directors believe that a discussion of the Group's risks would not be appropriate for an understanding of the development, performance or position of the Company's business. The principal risks and uncertainties of the Group, which include those of the Company, are discussed in the Group's 2007 Annual Report which does not form part of this report.

### **Results and dividends**

- so far as the director is aware, there is no relevant audit information of which the Company's auditors are unaware,
