**Director's Report
for the Year Ended 31 March 2016**

The director presents the Director's Report together with the audited financial statements of Cardiff Bay Infrastructure Company Limited ("Company") for the year ended 31 March 2016.

PRINCIPAL ACTIVITIES

The Company did not trade in the year nor the preceding year.

Information in respect of the Business Review and Principal Risks and Uncertainties are not shown in the Director's Report because they are presented in the Strategic Report in accordance with s414c(ii) of the Companies Act 2006.

RESULTS

The results for the year are set out in the income statement on page 8.

Revenue for year was £nil (2015: £nil). The loss on ordinary activities before taxation was £130 (2015: £60) and the loss for the financial year was £104 (2015: £47). Total capital and reserves of the Company at 31 March 2016 were a deficit of £4 (2015: net assets of £5,567).

GOING CONCERN

The financial statements have been prepared on the going concern basis which assumes that the Company will continue in operational existence for the foreseeable future. The Company is a member of the group of companies whose ultimate parent is Laing O'Rourke Corporation Limited. The directors have assessed whether the going concern basis of preparation is appropriate by reference to the position of the entire Laing O'Rourke Group, as the Company is reliant on financial support from this group of companies.

The directors of Laing O'Rourke Corporation Limited have carefully considered those factors likely to affect the Group's future development, performance and financial position in relation to the ability of the Group to operate within its current and foreseeable resources, financial and operational. Specifically it has assessed the impact of challenging trading and financial difficulties experienced by its UK business during the year, in particular in respect to certain problem contracts, which culminated with the Group refinancing its UK businesses on 14 April 2016. Prior to concluding the refinancing, the Group secured a covenant waiver and standstill agreement from all its financial stakeholders, which ensured the Group remained compliant with the terms of its bank facilities. As part of the refinancing on 14 April 2016 a number of new bank covenants were established, including covenants relating to liquidity, tangible net worth and the requirement that the estimated final margin on a specific project is not below a certain amount. In December 2016 the specific margin covenant was adjusted to reflect changes in the expected end of contract forecast. If certain of these covenants are breached this will constitute an event of default on the Group's borrowing facilities. The directors of the Group have reviewed these covenants and are confident that they will be complied with.

After a detailed review of the Group's business plans, including contract performance, the directors believe the UK refinancing and other finance provides adequate headroom for the Group for the foreseeable future and that the business risks are manageable within the limits sets out in the Group's core business and financing plans.

Laing O'Rourke Plc has provided a letter of support to the Company. Accordingly, the Director of Cardiff Bay Infrastructure Company Limited has a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future, and concludes that it is appropriate for these financial statements to be prepared on a going concern basis.

DIVIDENDS

An interim dividend of £5,467 was paid during the year (2015: £nil). The director does not recommend the payment of a final dividend.

EVENTS SINCE THE END OF THE YEAR

Information relating to events since the end of the year is given in the notes to the financial statements, note 13.

REPORT ON THE FINANCIAL STATEMENTS

Our opinion

In our opinion, Cardiff Bay Infrastructure Company Limited's financial statements (the "financial statements"):

- give a true and fair view of the state of the Company's affairs as at 31 March 2016 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

What we have audited

The financial statements, included within the Strategic Report, Director's Report and Audited Financial Statements ("the Annual Report"), comprise:

- the Statement of Financial Position as at 31 March 2016;
- the Income Statement for the year then ended,
- the Statement of Other Comprehensive Income for the year then ended;
- the Statement of Changes in Equity for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies and other explanatory information.

The financial reporting framework that has been applied in the preparation of the financial statements is United Kingdom Accounting Standards, comprising FRS 101 "Reduced Disclosure Framework", and applicable law (United Kingdom Generally Accepted Accounting Practice).

In applying the financial reporting framework, the director has made a number of subjective judgements, for example in respect of significant accounting estimates. In making such estimates, the director has made assumptions and considered future events.

OPINION ON OTHER MATTERS PRESCRIBED BY THE COMPANIES ACT 2006

In our opinion the information given in the Strategic Report and the Director's Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

OTHER MATTERS ON WHICH WE ARE REQUIRED TO REPORT BY EXCEPTION

Adequacy of accounting records and information and explanations received

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit;
- adequate accounting records have not been kept by the Company, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Directors' remuneration

Under the Companies Act 2006 we are required to report to you if, in our opinion, certain disclosures of directors' remuneration specified by law are not made. We have no exceptions arising from this responsibility.

RESPONSIBILITIES FOR THE FINANCIAL STATEMENTS AND THE AUDIT

Our responsibilities and those of the directors

As explained more fully in the Director's Responsibilities Statement set out on page 5, the director is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland) ("ISAs (UK & Ireland)"). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the parent company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

**Independent Auditors' Report to the Members of
Cardiff Bay Infrastructure Company

What an audit of financial statements involves

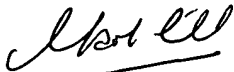

We conducted our audit in accordance with ISAs (UK & Ireland). An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of:

- whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed;
- the reasonableness of significant accounting estimates made by the director; and
- the overall presentation of the financial statements.

We primarily focus our work in these areas by assessing the director's judgements against available evidence, forming our own judgements, and evaluating the disclosures in the financial statements.

We test and examine information, using sampling and other auditing techniques, to the extent we consider necessary to provide a reasonable basis for us to draw conclusions. We obtain audit evidence through testing the effectiveness of controls, substantive procedures or a combination of both.

In addition, we read all the financial and non-financial information in the Annual Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

1. ACCOUNTING POLICIES

Basis of preparation

These financial statements of Cardiff Bay Infrastructure Company Limited have been prepared in accordance with Financial Reporting Standard 101 "Reduced Disclosure Framework" and the Companies Act 2006. The financial statements have been prepared on a going concern basis under the historical cost convention.

The company transitioned from previously extant UK GAAP to FRS 101 as at 1 April 2014. An explanation of how transition to FRS 101 has affected the reported financial position and financial performance is given in note 14, however there is no impact.

The financial statements are presented in Sterling (£) which is the functional currency for the Company.

Going concern

The financial statements have been prepared on the going concern basis which assumes that the Company will continue in operational existence for the foreseeable future. The Company is a member of the group of companies whose ultimate parent is Laing O'Rourke Corporation Limited. The directors have assessed whether the going concern basis of preparation is appropriate by reference to the position of the entire Laing O'Rourke Group, as the Company is reliant on financial support from this group of companies.

Laing O'Rourke Plc has provided a letter of support to the Company. Accordingly, the Director of Cardiff Bay Infrastructure Company Limited has a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future, and concludes that it is appropriate for these financial statements to be prepared on a going concern basis.

Estimation and key sources of estimation uncertainty

The preparation of financial statements requires management to make judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and underlying assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on a continuing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

1. ACCOUNTING POLICIES - continued

Current and deferred tax

Current taxes are based on the results shown in the financial statements and are calculated according to local tax rules, using tax rates enacted or substantially enacted by the statement of financial position date.

Deferred tax is recognised in respect of all temporary differences that have originated but not reversed at the statement of financial position date, where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the statement of financial position date.

A deferred tax asset is recognised as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits against which to recover carried forward tax losses and from which the future reversal of underlying temporary differences can be deducted.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the temporary differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the statement of financial position date. Deferred tax is measured on an undiscounted basis.

Trade and other receivables

Debtors are initially recorded at fair value and subsequently measured at amortised cost as reduced by appropriate allowances for estimated irrecoverable amounts.

Creditors

Creditors are initially recorded at fair value and subsequently measured at amortised cost using the effective interest method.

Share capital

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from the proceeds.

Cash and cash equivalents

Cash and cash equivalents includes cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less and bank overdrafts. In the statement of financial position, bank overdrafts are shown within borrowings in current liabilities.

The Company has no employees (2015: none). The emoluments of the directors are borne by another Group company, Laing O'Rourke Services Limited.

3.- LOSS BEFORE TAXATION

The audit fee and other administrative expenses of the Company were borne by another Group company, Laing O'Rourke Services Limited.

UK corporation tax credit	<u>(26)</u>	<u>(13)</u>

The tax assessed for the year is the same as (2015: same as) the standard rate of corporation tax in the UK 20% (2015: 21%).

Factors that may affect future tax charges

The tax rate for the current year is lower than the prior year due to changes in the UK corporation tax rate which decreased from 21% to 20% from 1 April 2015.

Changes to the UK corporation tax rates were substantively enacted as part of Finance Bill 2015 on 26 October 2015. 13. EVENTS AFTER THE REPORTING PERIOD

On 23 June 2016 the UK electorate voted to leave the European Union. This decision commences a process that is likely to take a minimum of two years to complete, and during this time the UK remains a member of the European Union. There will be a resulting period of uncertainty for the UK economy and real estate markets, with increased volatility expected in financial markets. This does not impact the fair value of assets and liabilities reported at the statement of financial position date of 31 March 2016.

14. FIRST YEAR ADOPTION

There are no adjustments on transition to FRS 101 that affect the reported financial position and financial performance of the company.

This is the first year in respect of which the company has prepared its financial statements under FRS 101. The previous financial statements for the year ended 31 March 2015 were prepared under "old UK GAAP". The date of transition to FRS 101 is 1 April 2014.
