### **New Jarrold Printing Limited – in Administration**

S M Oldfield C M T Haig and D C Chubb were appointed joint administrators of New Jarrold Printing Limited on 1 August 2006. The administrators act as agents of the company without personal liability. All administrators are licensed to act as insolvency practitioners by the Institute of Chartered Accountants in England and Wales.

## 1. Joint Administrators' progress report for the six months ended 31 July 2008

### Introduction

In accordance with Rule 2.47 of the Insolvency Rules 1986 ("IR86"), the Joint Administrators ("the Administrators") write to provide creditors with details of the progress of the Administration of New Jarrold Printing Limited ("the Company") in the six months since the Administrators' previous report dated 22 February 2008.

### Background information and initial actions taken by the Administrators

As at the date of the Administrators' appointment on 1 August 2006 the position as regards the Company was as follows -

- The Company was a web offset printer of consumer magazines and directories
- The Administrators' appointment arose as a consequence of the Company's balance sheet being likely to show a net liabilities position during August 2006 and the uncertainty concerning sufficient cash flow being available to fund the payroll costs for August
- Key issues facing the Company were as follows -
  - Significant cumulative losses totalling £2.4 million
  - Trading losses due to the loss of the Company's major contract with EMAP in January 2006
  - Exceptional costs incurred in unsuccessful attempts to relocate the business to new premises

Following an initial review, the Administrators concluded that the most appropriate strategy was to trade the business as a going concern, whilst seeking a buyer for its business and assets. This was undertaken with the intention of maximising realisation of the Company's principal assets and preserving the jobs of the Company's employees. This corresponds with the purpose of the Administration as set out in the Administrators' proposals dated 22 September 2006. This being that the Administrators

would continue to manage and finance the Company's business, affairs and property from trading revenue/asset realisations in such manner as they consider expedient with a view to achieving a better result for the Company's creditors as a whole than would be likely if the Company were wound up (without first being in Administration).

Immediately following their appointment, the Administrators took steps to protect and preserve the Company's assets. Assets comprised

- Plant and machinery
- Book debts
- Cash at bank
- Stock and work in progress

### Trading and debtors

The Administrators report that in the trading period which concluded during November 2006, a loss was incurred amounting to approximately £260,000. Trading of the business was essential, not only in order to try and attempt a going concern sale and preserve jobs (mitigate employee claims) but also to avoid breach of customer contracts which would have severely impacted upon debtor realisations and work in progress. This enabled an increase in debtor realisations of approximately £700,000 compared with ceasing to trade on appointment.

### Sale of business and assets

Despite discussions being held with many parties interested in acquiring the business as a going concern, it was not ultimately possible to achieve a sale of the business. The challenge for potential buyers of finding alternative premises was soon followed by the Company's largest customer, National Magazines, placing its magazine printing with a different supplier during September 2006. Consequently, interested parties withdrew, leaving the Administrators with no alternative but to wind down the business.

## 1. Joint Administrators' progress report for the six months ended 31 July 2008

### Realisation of assets

The directors estimated in their statement of affairs that plant and machinery would realise £1,670,000. The Administrators appointed agents, Henry Butcher, to market and sell the Company's plant and machinery and have realised £2,250,994, £2,134,160 of which was subject to a fixed charge in favour of Venture Finance. This, however, excludes very significant costs of removal in total amounting to in excess of £500,000 (shown in section 3 of the attached receipts and payments account, as fixed charge payment) ie approximating to the Director's Statement of Affairs estimate.

The Administrators have realised £3,002,878 in respect of factored and non-factored debts. This compares very favourably with the directors' estimate of £2,460,000 in their statement of affairs. The increase is largely due to the Administrators' decision to trade the Company as a going concern which enabled debtor realisations to be enhanced.

The Administrators have recovered cash at bank of £6,721 and received bank interest of £48,125.

The Administrators continued to trade the business and have achieved trading sales of £2,255,842 in respect of stock and work in progress. Physical trading ceased in September 2006.

The administrators have also realised £12,340 in respect of motor vehicles, refunds of £127,422 and £5,784 in respect of third party funds.

### Other issues

The administrators have settled retention of title claims amounting to £26,648 and made duress payments of £15,710 in order to continue to trade and utilise stock held by the Company at the date of appointment.

### Creditors' Committee

The Administrators have liaised with the Creditors' Committee to discuss issues and outline key decisions. The Administrators last reported to the Creditors' Committee on 24 January 2007 who agreed on this date that their involvement was no longer required given all major issues of the administration had been finalised and all that was left was to pay a preferential dividend with no surplus likely for unsecured creditors.

### Extension of the Administration

The Administrators initially applied to Court to extend the administration for a period of six months to 1 February 2008. The Court sanctioned the extension for only a further 5 months which expired on 1 January 2008.

The Administrators sought a further extension of 6 months to 30 June 2008 to finalise preferential claims and to deal with outstanding tax matters.

Due to the unexpected delays in resolving the outstanding VAT matters mentioned above, the Administrators applied to Court to extend the Administration for a further period of 12 months to the 30 June 2009. The Court sanctioned the extension.

### Receipts and payments account

An account of the receipts and payments in the Administration for the twenty four months to 31 July 2008 is set out in section 3 to this report.

Total receipts in the period comprise -

- Sale of plant and machinery subject to a fixed charge £2,134,160,
- Debts £3,002,878,
- Sale of plant and machinery subject to a floating charge £116,834,
- Motor vehicles £12,340,
- Refunds £127,422,

### Outcome for creditors

The secured creditor, Venture Finance, has been repaid in full

The Administrators advised in their proposals that the dividend prospects for preferential creditors would depend on the outcome of the sale of the plant and machinery

Preferential creditors' claims were estimated to total £325,000 in the directors' statement of affairs. The Administrators estimated that preferential creditors' claims would not exceed £330,000. Claims of £321,832.14 have been admitted and an interim dividend of 20p in the £ was paid in March 2007 in respect of the claims agreed at that time.

The Administrators reported previously that there were tax and VAT matters to be finalised with HM Revenue & Customs. The tax matter has been resolved, however, the VAT matter remains ongoing. The outcome may have a significant impact on the final dividend payable to preferential creditors.

The Administrators are pleased to advise that there are sufficient funds available in the administration to enable the administration to declare a second and interim dividend to preferential creditors of 50 pence in the £, bringing the total dividend paid to 70p in the £. Formal notice of this declaration was sent to preferential creditors on 21 August 2008. This represents formal notice of the dividend in accordance with Rule 2.98 of the Insolvency Rules 1986. The outcome of the VAT position, as explained above, will determine the timing and amount of any further dividends which will be paid to preferential creditors.

A summary of the financial information relating to the administration is enclosed. This is in the form of a receipts and payments account on page 8. We also attach an estimated financial outcome on page 9.

The Administrators regret to advise that as indicated in our previous report and at the creditor's meeting and also in the Creditor's Committee meeting, it is highly unlikely a distribution will be made to unsecured creditors.
