Independent auditors' report to Isocom Components 2004 Limited

under section 449 of the Companies Act 2006

We have examined the abbreviated accounts on pages 2 to 5, together with the financial statements of Isocom Components 2004 Limited for the year ended 30 June 2014 prepared under section 396 of the Companies Act 2006.

This report is made solely to the company, in accordance with sections 449 of the Companies Act 2006. Our work has been undertaken so that we might state to the company those matters we are required to state to it in a special auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company, for our work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

The directors are responsible for preparing the abbreviated accounts in accordance with section 444 of the Companies Act 2006. It is our responsibility to form an independent opinion as to whether the company is entitled to deliver abbreviated accounts to the Registrar of Companies and whether the abbreviated accounts have been properly prepared in accordance with the regulations made under that section and to report our opinion to you.

We conducted our work in accordance with Bulletin 2008/4 issued by the Auditing Practices Board. In accordance with that Bulletin we carried out the procedures we consider necessary to confirm, by reference to the financial statements, that the company is entitled to deliver abbreviated accounts and that the abbreviated accounts to be delivered are properly prepared.

Opinion

In our opinion the company is entitled to deliver abbreviated accounts prepared in accordance with section 444(3) of the Companies Act 2006, and the abbreviated accounts have been properly prepared in accordance with the regulations made under that section.

1 Accounting policies

a) Basis of accounting

The financial statements are prepared on the historical cost basis of accounting and have been prepared in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The company has taken advantage of the exemption, conferred by Financial Reporting Standard 1, from presenting a cash flow statement as it qualifies as a small company.

b) Turnover

Turnover represents net invoiced sales of goods and services, excluding value added tax.

c) Consolidation

The company and its subsidiary comprise a small group. The company has therefore taken advantage of the exemption provided in the Companies Act 2006 not to prepare group financial statements and accordingly these financial statements present information about the company as a single undertaking.

d) Depreciation of tangible fixed assets

Depreciation is provided on all tangible fixed assets at rates calculated to write off the full cost or valuation less estimated residual value of each asset over its estimated useful life. The principal rates in use are:

Freehold buildings 20 Years
Equipment, fixtures and fittings 3 - 7 Years
Plant and machinery 3 - 7 Years

e) Stocks

Stock and work in progress is valued at the lower of cost and estimated net realisable value.

Cost of raw materials is determined on the first in first out basis. In the case of work in progress and finished goods, cost includes all direct expenditure and production overheads based on the normal level of activity. Net realisable value is the price at which the stock can be released in the normal course of business, less further costs to completion of sale.

f) Deferred taxation

Deferred tax is provided in respect of the tax effect of all timing differences that have originated but not reversed at the balance sheet date.

A deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on a nondiscounted basis, at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

g) Foreign currency translation

Assets and liabilities denominated in foreign currencies are translated into sterling at the rates ruling at the year end. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction.

All gains and losses on exchange are dealt with in the profit and loss account.

h) Investments

Investments held as fixed assets are stated at cost less provision for any diminution in value.

i) Hire purchase and lease transactions

Rentals under operating leases are charged to the profit and loss account as they fall due.
