Notes to the Financial Statements for the Year Ended 31 December 2021

1 Accounting policies

Going Concern

The financial statements of the Company have been prepared on a basis other than that of a going concern following management's decision to wind up its parent Company and consequently the Company. The book value of the Company's assets and liabilities are deemed to be a reasonable approximation of fair value. No adjustments were necessary to the amount at which the net assets are included in the financial statements.

At 31 December 2021 the Company had net assets of £71,777 (2020: £71,777), all being amounts due from other Group companies.

Financial Assets

Financial assets are initially measured at fair value plus directly attributable transaction costs. The Company's financial assets include trade and other receivables. The subsequent measurement of financial assets is at amortised cost.

The Company assesses, on a forward-looking basis, the expected credit losses (ECL) associated with its financial assets carried at amortised cost. The Company recognises a loss allowance for such losses at each reporting date.

Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

2 Trade and other receivables
