		£	<u><u>6,125</u></u>

The directors consider that the company is entitled to exemption from the requirement to have an audit under the provisions of section 249A(1) of the Companies Act 1985. Shareholders holding 10% or more of the nominal value of the company's issued share capital have not issued a notice requiring an audit. The directors acknowledge their responsibilities for ensuring that the company keeps accounting record which comply with section 221 of the Companies Act 1985, and for preparing accounts which give a true and fair view of the state of affairs of the company as at 28th February 2005 and of its profit for the period then ended in accordance with the requirements of section 226, and which otherwise comply with the requirements of the Act relating to the accounts so far as applicable to the company.

In preparing these abbreviated financial statements the directors have taken advantage of the exemptions conferred by Part VI1 of the Companies Act 1985, applicable to small companies. The financial statements were approved by the board on 6th September 2005 and signed on it's behalf.

COMPREHENSIVE CLEANING SERVICES (LEISURE) LIMITED  
NOTES TO THE ABBREVIATED ACCOUNTS  
FOR THE PERIOD ENDED 28TH FEBRUARY 2005

1. ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements

The financial statements are prepared under the historical cost convention, and in accordance with the Financial Reporting Standards for Smaller Entities (effective June 2002).

1.2 Turnover

This represents the invoiced amounts of goods and services provided and is stated net of value added tax.

1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation.

Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Plant and machinery: 25% per annum

1.4 Stocks

Stock and work in progress are valued, by the Directors, at the lower of cost and net realisable value after making due allowance for obsolete and slow moving items.

Cost includes all direct expenditure and an appropriate proportion of fixed and variable overheads.

1.5 Deferred taxation

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the directors consider that is more likely than not that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred taxation is measured on a non-discount basis at the average tax rates that would apply when the timing differences are expected to reverse, based on tax rates and laws that have been enacted by the balance sheet date.

1.6 Leasing and hire purchase contracts

Assets obtained under finance leases and hire purchase contracts are capitalised as tangible fixed assets. Assets acquired under finance leases are depreciated over the shorter of the lease term and their useful lives. Assets acquired under hire purchase contracts are depreciated over their useful lives.

Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the company.

Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged to profit and loss account as incurred.

1.7 Foreign Currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction. Exchange differences are taken into account in arriving at the operating profit.
