NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 MAY 2005

1. ACCOUNTING POLICIES

Accounting Convention

The Financial Statements have been prepared under the historical cost convention, in accordance with the Financial Reporting Statement for Smaller Entities.

Going Concern

The company has incurred a trading loss in the year and as at the balance sheet date had net liabilities of £34,440. The company's main creditor is one of its loan creditors.

The company is reliant on the support of its loan creditors to provide adequate facilities to allow the company to continue in operational existence. The directors believe this support will continue and that the company will be able to pay its debts as they fall due.

The financial statements have been prepared on a going concern basis which assumes that the company will continue in operational existence for the foreseeable future. If the company were unable to continue in operational existence for the foreseeable future, adjustments would have to be made to reduce the balance sheet values of assets to their recoverable amounts, and to provide for further liabilities that may arise.

2. TAXATION

The company is liable for UK Corporation Tax at the small companies' rate of 19%, but no tax is payable due to the losses made.
