# GROUP STRATEGIC REPORT FOR THE YEAR ENDED 31 MARCH 2020

#### **Principal activities**

The principal activity of the Company is that of a dormant holding company.

The principal activities of the Group are the distribution of petroleum products and related activities and the maintenance and repair of motor vehicles.

#### **Business review**

Despite a relatively benign winter, the Director is pleased to report trading performance for the year.

Operating profit has increased by 127.7% and turnover has increased by 5.6%, which, coupled with the fact that profits were not fully distributed, has contributed to net assets increasing by 14.9%.

# **Impact of COVID-19**

The impact of COVID-19 to our businesses has been relatively minor so far. Industrial Sales remain depressed, but our Domestic and Agricultural volumes should remain largely unaffected. Classified as 'Key Workers' we have continued to work at full capacity throughout the pandemic and it has not been necessary for us to take advantage of any of the Government backed loans or furlough schemes.

#### Principal risks and uncertainties

The Group uses various financial instruments including cash, trade debtors and trade creditors that arise directly from its operations. The main purpose of these financial instruments is to raise finance for the Group's operations. The existence of these financial instruments exposes the Group to a number of financial risks which are described in more detail below.

The main risks arising from the Group's financial instruments are price risk, liquidity risk and credit risk.

### Price risk

The Group's exposure to price risks consists mainly of its exposure to movements in oil prices. This risk is managed by daily monitoring of the oil prices for the Group's main supplier.

# Liquidity risk

The Group seeks to manage financial risk by ensuring sufficient liquidity is available to meet foreseeable needs and to invest cash assets safely and profitably.

#### Credit risk

The Group's principal financial assets are cash and trade debtors.

In order to manage credit risk the director sets limits for customers based on a combination of payment history and third party credit references. Credit limits are reviewed by the credit controller on a regular basis in conjunction with debt ageing and collection history.

Any residual risk is covered by credit insurance.

# GROUP STRATEGIC REPORT (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2020

#### Financial key performance indicators

The director's main performance indicators used to manage the critical financial aspects of the business are gross margin, volume turnover and debtor days.

The gross margin has increased from 9.4% to 11.0%. Oil prices continue to be volatile and a difficult environment continues to affect customers.

Debtor days are used to assist the careful management of working capital. On a year end count-back basis this measurement showed that debtor days have increased slightly from 23 days in 2019 to 26 days.

### Other key performance indicators

The directors main non-financial performance indicators used to manage the business are greenhouse gas emissions and paper waste.

The level of greenhouse gas emissions generated by the Company's activities is closely monitored. Since 1 January 2020, the Company offsets all its greenhouse emissions (heating and road fuel consumption) by investing in Gold Standard VER projects in North Darfur, Africa.

The Company also offsets it's entire sales of Kerosene, (currently over 57,000 tCO2e since 1 January 2020), by investing in Wind and Solar Farm projects in India in partnership with Carbon Footprint Ltd.

The Company has reduced its use of paper considerably by emailing statements and invoices rather than posting hard copies. Of the paper used within the business, approximately 60% (2019 – 80%) is recycled per annum.

# Director's statement of compliance with duty to promote the success of the Group

The director always considers that they have acted in the way they consider, in good faith, would be most likely to promote the success of the Company for the benefit of its members as a whole, having regard to the stakeholders and matters set out in s172(1) (a) - (f) of the Companies Act 2006, in the decisions taken during the year ended 31 March 2020.

The future strategy is designed to have a long term beneficial impact on the group and to contribute to its success in delivering a high quality of service across all of our business divisions. Clearly this is effective from the results shown as part of the business review.

Our employees are fundamental to the delivery of our strategy. We aim to be a responsible employer in our approach to the pay and benefits our employees receive. The health, safety and well-being of our team members is one of our primary considerations in the way we conduct our business. Engagement with suppliers and customers is also key to our success. We meet with our major partners regularly throughout the year and take the appropriate action, when necessary, to prevent involvement in modern slavery, corruption, bribery and breaches of competition law.

Our strategy considers the impact of the Company's operations on the community and environment and our wider social responsibilities, and in particular how we comply with environmental legislation and pursue waste saving opportunities and react promptly to local concerns.

The director's intention is to behave in a responsible manner, operating within the high standards of business conduct and good governance expected for a Group such as ours and in doing so, will contribute to the delivery of the strategy. The intention is to nurture our reputation, through both the construction and delivery of our plan, that reflects our values, beliefs and culture.

# GROUP STRATEGIC REPORT (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2020

# **Energy and carbon reporting**

The Company and Group have assessed their energy and carbon usage for the period. The directors, in their assessment, have concluded that the Company qualifies as a low energy user and has therefore taken advantage of the exemption from reporting on its own usage. The members of the Group are, individually, not obliged to report on their own energy and carbon usage, and as a result, the directors have taken advantage of the option to exclude this information from the Group report.

This report was approved by the board and signed on its behalf.

R J Burto Director

Date: 30.09.2020

# DIRECTOR'S REPORT FOR THE YEAR ENDED 31 MARCH 2020

The director presents his report and the financial statements for the year ended 31 March 2020.

#### Director's responsibilities statement

The director is responsible for preparing the Group Strategic Report, the Director's Report and the consolidated financial statements in accordance with applicable law and regulations.

Company law requires the director to prepare financial statements for each financial year. Under that law the director has elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the director must not approve the financial statements unless he is satisfied that they give a true and fair view of the state of affairs of the Company and the Group and of the profit or loss of the Group for that period.

In preparing these financial statements, the director is required to:

- select suitable accounting policies for the Group's financial statements and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group will continue in business.

The director is responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and the Group and to enable him to ensure that the financial statements comply with the Companies Act 2006. He is also responsible for safeguarding the assets of the Company and the Group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

### Results and dividends

The profit for the year, after taxation, amounted to £1,953,022 (2019 - £894,118).

During the year dividends were voted amounting to £200,000 (2019 - £150,000).

### **Director**

The director who served during the year was:

R J Burton

# **Future developments**

Although economic uncertainties give cause for concern, Barton Petroleum (Holdings) Limited remain optimistic for the immediate future.

We continue to expect all our Depots to grow over the next 12 months in both volumes and income. We also look forward to taking advantage of any market opportunities as they arise.

# Engagement with suppliers, customers and others

# DIRECTOR'S REPORT (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2020

# Disclosure of information to auditor

The director at the time when this Director's Report is approved has confirmed that:

- so far as he is aware, there is no relevant audit information of which the Company and the Group's auditor is unaware, and
- he has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the Company and the Group's auditor is aware of that information.

#### Post balance sheet events

The impact of the COVID-19 pandemic is being treated as a non-adjusting event, since the Directors have concluded that the Company remains a going concern. Factors which have been considered in drawing this conclusion are explained in accounting policy note 2.3.

#### **Auditor**

The auditor, MHA MacIntyre Hudson, will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

This report was approved by the board and signed on its behalf.

R J Burton Director

Date: 30.09.2020

# INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BARTON PETROLEUM (HOLDINGS) LIMITED

#### Opinion

We have audited the financial statements of Barton Petroleum (Holdings) Limited (the 'parent Company') and its subsidiaries (the 'Group') for the year ended 31 March 2020, which comprise the Group Statement of Comprehensive Income, the Group and Company Balance Sheets, the Group Statement of Cash Flows, the Group and Company Statement of Changes in Equity and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the Group's and of the parent Company's affairs as at 31 March 2020 and of the Group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

#### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

# Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the director's use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the director has not disclosed in the financial statements any identified material uncertainties that may
  cast significant doubt about the Group's or the parent Company's ability to continue to adopt the going
  concern basis of accounting for a period of at least twelve months from the date when the financial
  statements are authorised for issue.

#### Other information

The director is responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our Auditor's Report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in

# INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BARTON PETROLEUM (HOLDINGS) LIMITED (CONTINUED)

doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Group Strategic Report and the Director's Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Group Strategic Report and the Director's Report have been prepared in accordance with applicable legal requirements.

#### Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Group and the parent Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Group Strategic Report or the Director's Report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent Company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent Company financial statements are not in agreement with the accounting records and returns;
   or
- certain disclosures of director's remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

# Responsibilities of directors

As explained more fully in the Director's Responsibilities Statement on page 4, the director is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the director determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the director is responsible for assessing the Group's and the parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the director either intends to liquidate the Group or the parent Company or to cease operations, or have no realistic alternative but to do so.

# INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BARTON PETROLEUM (HOLDINGS) LIMITED (CONTINUED)

#### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditor's Report.

# Use of our report

This report is made solely to the Company's members in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an Auditor's Report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members for our audit work, for this report, or for the opinions we have formed.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020

#### 1. General information

Barton Petroleum (Holdings) Limited is a private limited liability company limited, incorporated and registered in England and has its registered office and principal place of business at 6-7 Vaux Road, Finedon Road Industrial Estate, Wellingborough, Northamptonshire, NN8 4TG.

The principal activity of the Company continues to be that of a dormant holding company.

The principal activities of the Group continues to be that of the distribution of petroleum products and related activities and the maintenance & repair of motor vehicles.

# 2. Accounting policies

# 2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires Group management to exercise judgment in applying the Group's accounting policies (see note 3).

The Company has taken advantage of the exemption allowed under section 408 of the Companies Act 2006 and has not presented its own Statement of Comprehensive Income in these financial statements.

The functional currency of the Company and Group is GBP.

The following principal accounting policies have been applied:

# 2.2 Basis of consolidation

The consolidated financial statements present the results of the Company and its own subsidiaries ("the Group") as if they form a single entity. Intercompany transactions and balances between group companies are therefore eliminated in full.

The consolidated financial statements incorporate the results of business combinations using the purchase method. In the Balance Sheet, the acquiree's identifiable assets, liabilities and contingent liabilities are initially recognised at their fair values at the acquisition date. The results of acquired operations are included in the Consolidated Statement of Comprehensive Income from the date on which control is obtained. They are deconsolidated from the date control ceases.

In accordance with the transitional exemption available in FRS 102, the group has chosen not to retrospectively apply the standard to business combinations that occurred before the date of transition to FRS 102, being 01 April 2014.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020

# 2. Accounting policies (continued)

#### 2.3 Going concern

The financial statements have been prepared on a going concern basis. The director has considered relevant information, including the annual budget, forecast future cash flows and the impact of subsequent events in making their assessment. The COVID-19 pandemic and the ensuing economic shutdown has not had a significant impact on the Group's operations. In response to the COVID-19 pandemic, the director has performed a robust analysis of forecast future cash flows taking into account the potential impact on the business of possible future scenarios arising from the impact of COVID-19. This analysis also considers the effectiveness of available measures to assist in mitigating the impact.

Based on these assessments and having regard to the resources available to the entity, the director has concluded that there is no material uncertainty and that they can continue to adopt the going concern basis in preparing the annual report and accounts.

#### 2.4 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before revenue is recognised:

# Sale of goods

Revenue from the sale of goods is recognised when all of the following conditions are satisfied:

- the Group has transferred the significant risks and rewards of ownership to the buyer;
- the Group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the Group will receive the consideration due under the transaction; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

# Rendering of services

Revenue from a contract to provide services is recognised in the period in which the services are provided in accordance with the stage of completion of the contract when all of the following conditions are satisfied:

- the amount of revenue can be measured reliably;
- it is probable that the Group will receive the consideration due under the contract;
- the stage of completion of the contract at the end of the reporting period can be measured reliably; and
- the costs incurred and the costs to complete the contract can be measured reliably.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020

# 2. Accounting policies (continued)

### 2.5 Intangible assets

# Goodwill

Goodwill represents the difference between amounts paid on the cost of a business combination and the acquirer's interest in the fair value of the Group's share of its identifiable assets and liabilities of the acquiree at the date of acquisition. Subsequent to initial recognition, Goodwill is measured at cost less accumulated amortisation and accumulated impairment losses. Goodwill is amortised on a straight line basis to the Consolidated Statement of Comprehensive Income over its useful economic life.

The estimated useful lives range as follows:

Goodwill - 20 years

# 2.6 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Land is not depreciated. Depreciation on other assets is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Freehold property - 25 years
Leasehold property - 5-25 years
Plant and machinery - 2-16 years
Motor vehicles - 4-6 years

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the Consolidated Statement of Comprehensive Income.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020

# 2. Accounting policies (continued)

# 2.7 Revaluation of tangible fixed assets

Individual freehold and leasehold properties are carried at current year value at fair value at the date of the revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. Revaluations are undertaken with sufficient regularity to ensure the carrying amount does not differ materially from that which would be determined using fair value at the Balance Sheet date.

Fair values are determined from market based evidence normally undertaken by professionally qualified valuers.

Revaluation gains and losses are recognised in the Consolidated Statement of Comprehensive Income unless losses exceed the previously recognised gains or reflect a clear consumption of economic benefits, in which case the excess losses are recognised in profit or loss.

#### 2.8 Valuation of investments

Investments in subsidiaries are measured at cost less accumulated impairment.

### 2.9 Stocks

Stocks are stated at the lower of cost and net realisable value, being the estimated selling price less costs to complete and sell. Cost is based on the cost of purchase on a weighted average basis.

At each balance sheet date, stocks are assessed for impairment. If stock is impaired, the carrying amount is reduced to its selling price less costs to complete and sell. The impairment loss is recognised immediately in profit or loss.

# 2.10 Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

# 2.11 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Consolidated Statement of Cash Flows, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Group's cash management.

### 2.12 Financial instruments

The Group only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020

#### 2. Accounting policies (continued)

# 2.12 Financial instruments (continued)

flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or in case of an out-right short-term loan that is not at market rate, the financial asset or liability is measured, initially at the present value of future cash flows discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost, unless it qualifies as a loan from a director in the case of a small company, or a public benefit entity concessionary loan.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Consolidated Statement of Comprehensive Income.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate of the recoverable amount, which is an approximation of the amount that the Group would receive for the asset if it were to be sold at the balance sheet date.

Financial assets and liabilities are offset and the net amount reported in the Balance Sheet when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

# 2.13 Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

#### 2.14 Finance costs

Finance costs are charged to the Consolidated Statement of Comprehensive Income over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

### 2.15 Dividends

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid. Final equity dividends are recognised when approved by the shareholders at an annual general meeting.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020

#### 2. Accounting policies (continued)

# 2.16 Operating leases

Rentals paid under operating leases are charged to the Consolidated Statement of Comprehensive Income on a straight line basis over the lease term.

Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight line basis over the lease term, unless another systematic basis is representative of the time pattern of the lessee's benefit from the use of the leased asset.

#### 2.17 Interest income

Interest income is recognised in the Consolidated Statement of Comprehensive Income using the effective interest method.

#### 2.18 Current and deferred taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised in the Consolidated Statement of Comprehensive Income, except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the Company and the Group operate and generate income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the Balance Sheet date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits;
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met; and
- Where they relate to timing differences in respect of interests in subsidiaries, associates, branches and joint ventures and the Group can control the reversal of the timing differences and such reversal is not considered probable in the foreseeable future.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020

# 2. Accounting policies (continued)

#### 2.19 Pensions

### Defined contribution pension plan

The Group operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Group pays fixed contributions into a separate entity. Once the contributions have been paid the Group has no further payment obligations.

The contributions are recognised as an expense in the Consolidated Statement of Comprehensive Income when they fall due. Amounts not paid are shown in accruals as a liability in the Balance Sheet. The assets of the plan are held separately from the Group in independently administered funds.

#### Defined benefit pension plan

The Group operates a defined benefit plan for certain employees. A defined benefit plan defines the pension benefit that the employee will receive on retirement, usually dependent upon several factors including but not limited to age, length of service and remuneration. A defined benefit plan is a pension plan that is not a defined contribution plan.

The liability recognised in the Balance Sheet in respect of the defined benefit plan is the present value of the defined benefit obligation at the end of the Balance Sheet date less the fair value of plan assets at the Balance Sheet date (if any) out of which the obligations are to be settled.

The defined benefit obligation is calculated using the projected unit credit method. Annually the company engages independent actuaries to calculate the obligation. The present value is determined by discounting the estimated future payments using market yields on high quality corporate bonds that are denominated in sterling and that have terms approximating to the estimated period of the future payments ('discount rate').

The fair value of plan assets is measured in accordance with the FRS 102 fair value hierarchy and in accordance with the Group's policy for similarly held assets. This includes the use of appropriate valuation techniques.

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to other comprehensive income. These amounts together with the return on plan assets, less amounts included in net interest, are disclosed as 'Remeasurement of net defined benefit liability'.

The cost of the defined benefit plan, recognised in Profit or Loss as employee costs, except where included in the cost of an asset, comprises:

- a) the increase in net pension benefit liability arising from employee service during the period; and
- b) the cost of plan introductions, benefit changes, curtailments and settlements.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020

# 3. Judgments in applying accounting policies and key sources of estimation uncertainty

In the application of the Group's accounting policies, which are described in note 2, management have been required to make judgments, estimates and assumptions. These estimates which relate to the carrying value of assets and liabilities, where not readily available from other sources, are based on underlying assumptions and experience. Actual results may differ from these estimates. These estimates and assumptions are reviewed on an on-going basis.

Sources of estimation uncertainty:

Depreciation rates are based on estimates of the useful lives and residual values of the associated assets.

Bad debt provisions are based on the likelihood of the recovery of debtor balances.

The defined benefit pension scheme valuation is conducted by qualified acturaries.

#### 4. Turnover

An analysis of turnover by class of business is as follows:

	2020 £	2019 £
Sale of petroleum and related products	78,982,516	74,929,559
Maintenance and repair of motor vehicles	2,000,641	1,746,567
	80,983,157	76,676,126
All turnover arose within the United Kingdom.	·	
5. Other operating income		
	2020 £	2019 £
Other operating income	2,340	2,100
6. Operating profit		
The operating profit is stated after charging:

At 31 March 2020 the Group and Company had capital commitments as follows:

	Group	Group
	2020	2019
	£	£
Contracted for but not provided in these financial statements	742,250	786,989

#### 25. Pension commitments

The Group operates a defined contribution pension scheme. The assets of the scheme are held separately from those of the Group in an independently administered fund.

Outstanding contributions at 31 March 2020 totalled £20,248 (2019 - £19,007).

The Group also operates a defined benefit pension scheme.

Pension contributions are determined by a qualified actuary on the basis of the triennial valuations using the projected unit method. A full actuarial valuation was carried out at 6 April 2013, updated at 31 March 2016 and updated again at 31 March 2019.

Benefits are payable based on final pensionable pay. The assets of the scheme are administered by trustees in a fund independent from the assets of the Company and Group.

	2020 £	2019 £
