Dear Sirs

The Mountgrange Capital Group (All in Administration)

Further to previous correspondence, I now write enclosing the Administrators' proposals, under schedule B1, Paragraphs 49 to 52 of the Insolvency Act 1986 (as amended).

The following documents are enclosed:

- Statement of Administrators' Proposals which includes the additional information, prescribed by the Insolvency Rules 1986/Insolvency (Scotland) Rules 1986 (as amended); and
- Statements of Affairs for the Companies including the names, addresses and details of the debts owed to creditors.

As outlined in Sections 1.1 and 4.5 of the enclosed Report and Proposals, the Administrators do not expect that any funds will be available to the unsecured creditors.

Accordingly, pursuant to Paragraph 52 of Schedule B1 of the Insolvency Act 1986 (as amended), the Administrators have not called meetings of creditors of the Companies.

Creditors, either individually or jointly, representing 10% of the total unsecured claims in the Administration have the power to request that the Administrators hold meetings of creditors.

In the absence of such a valid request, the Administrators' proposals will be deemed to have been accepted by the unsecured creditors after the expiry of 12 days from the receipt of the Administrators' Report and Proposals by the creditors.

Important notice: Partners, Associate Partners and Directors acting as receivers and administrators contract without personal liability. Unless otherwise shown, all appointment taking Partners, Associate Partners and Directors are authorised by The Institute of Chartered Accountants in England and Wales.

1. BACKGROUND

1.1. Introduction

This report is prepared pursuant to Paragraph 49 of Schedule B1 of the Act, which requires the Administrators to provide creditors with details of their proposals to achieve the purposes of the Administrations.

To assist the creditors and enable them to decide on whether or not to vote for the adoption of the proposals, the following information is included in the report:

- background of the Group; and
- the circumstances giving rise to the appointment of the Administrators.

As there are insufficient funds for a distribution to the unsecured creditors other than the PP, a fund set aside for the benefit of unsecured creditors by virtue of Section 176A(2)(a) of the Act, and in accordance with Paragraph 52(1)(b) of Schedule B1 of the Act, the Administrators will not be convening creditors' meetings, unless required to do so.

Should creditors of the Companies, whose total debts amount to at least 10% of the total debts of that specific Company wish to request a meeting be held they should complete the attached Form 2.21B (Appendix 5) and return it within the deadline stated (see section 4.7). In the event no request (in the prescribed manner) is received within 12 days of issue of this statement, the proposals will be deemed approved.

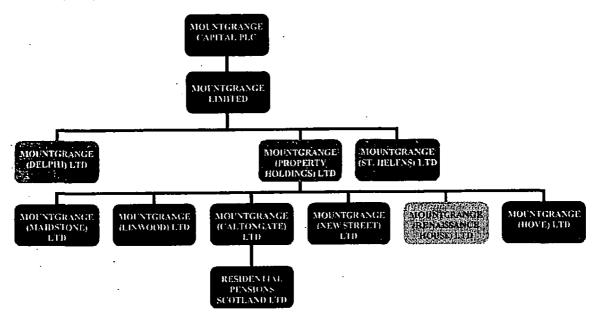

For the purposes of this report, we will refer to the Companies by the abbreviations set out on the previous page.

1.2. Background

The business was established in 1963 when Limited was incorporated to carry out property development activities. Capital was incorporated in 2002 and purchased the entire share capital of Limited, so as to act as a holding company. Various other subsidiaries were later incorporated as SPVs for individual development projects and investments.

A summarised Group structure chart (at the date of our appointment) is set out on the following page. Please note that this is not a full Group structure and excludes a number of dormant companies within the Group.

Mountgrange Group Structure - 13 March 2009

1.3. Overview of Financial Information

Extracts from the audited Capital accounts for FY06, FY07, and audited accounts to FY08 are summarised on the following page.

The balances summarised below are for Capital, the ultimate holding company of the Group. Also included are subsidiaries not subject to Administration, however, these companies' were dormant at the time of appointment.

Tangible assets principally comprise £280k of leasehold improvements and furniture, fittings and equipment. Intangible assets reflect the goodwill arising on the acquisitions of the various Group companies. Investments of £5.3m comprise shareholdings in various listed and unlisted companies.

The Group held the following four developments at the date of our appointment:

In addition, the Group holds the following three leasehold interests:

- St Helens Place long leasehold interest
- Cork Street, London lease; and
- Albermarle Street lease.

The Administrators have undertaken a review of each development project and leasehold interest in order to determine the most appropriate strategy to maximise realisations.

Caltongate

The analysis of options available to realise value from the Caltongate development is complex. The development is subject to an overriding master plan, seven separate planning applications, and a part-concluded agreement to buy part of the land required for the development from the CEC.

The master plan comprises a 5-star hotel, 157 private flats, 50 affordable flats, c.220,000 sq ft of offices and c.77,000 sq ft of assorted retail and leisure space. The detailed planning consents required to deliver the master plan have been granted. The s.69 agreement (a precursor to s.75) is in place whilst the s.75 agreement has not yet been finalised.

Whilst no construction work has commenced a significant amount of demolition work has been completed. It has not been possible to determine the cost incurred to date due to the status of the company books and records.

There are still some matters to be concluded with regard to the land assembly and planning, which the Administrators are progressing.

The Administrators are in discussions with a number of stakeholders and potential development partners to determine the optimum strategy. Further disclosure of confidential information could prejudice the Companies' commercial interests.

Phoenix Park

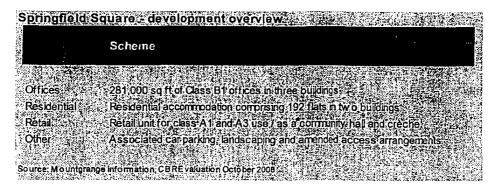

Phoenix Park is a 96 acre site which is currently undeveloped but has planning consent for a development of retail, leisure, office, industrial and hotel properties encompassing, in part, the former Linwood car factory.

Linwood owns c. 140 acres of land in the park and recently received planning permission to undertake a mixture of industrial, office and residential development on c. 96 acres as follows:

Springfield Square, Maidstone

The Springfield Square development in Maidstone, Kent is a mixed use scheme comprising office, residential and retail elements as follows:

Detailed consent was granted by Maidstone Borough Council on 1 August 2006. The consent must be implemented by 31 July 2009 (i.e. within 3 years) unless an extension can be agreed or the current consent implemented without future s.106 cost triggers. The planning permission is subject to an s.106 agreement between Maidstone and Maidstone Borough Council. The agreement is between Maidstone and Maidstone Borough Council under the Town and Country Planning Act 1990.

The current scheme is hampered by high construction costs, primarily associated with ground works for an underground car park. Consequently, Maidstone mothballed the development prior to the commencement of the Administration. However, a two storey, 1960s building remains intact at the centre of the site and is currently used as a site office and for storage.

We have had indications from the local planners that the demolition of the remaining building would result in implementation of the existing consent. However, it is uncertain at this stage whether this demolition work will activate the s.106 requirements. We are currently in discussions with the Council to confirm that the current planning consent can be extended by agreement, as opposed to requiring the demolition of the existing building.

City Park, Hove

The City Park site comprises a tranche of residual land remaining after the completion and sale of three office and two residential blocks. We understand that the site has previously been granted planning permission by Brighton and Hove City Council for the development of an early year's crèche. However, it is understood that the building as currently planned will not comply with Building Regulations for use as a crèche.

In order to maximise value for the site the Administrators will formally market it to nursery operators, adjacent land owners and occupiers. If a private sale cannot be concluded at a satisfactory level, it is the Administrator's intention to sell the site at auction.

St Helen's Lease

St Helens hold a lease on 5-7 St Helens Place in central London. The landlord is the Worshipful Company of Leathersellers and the lease has a 100 year term granted in 1920 with 11 years remaining. The property was marketed by the Directors in November, KFR being instructed.

Whilst the building is in a poor state it is currently let on a number of subleases, with space on two floors let on a day-by-day basis as short-term business space. A management agreement is in place with James Andrew Robinson Somerston Warner.

Given the wasting asset nature of the lease and the precarious nature of the tenancy structure, we have concluded that we will seek to realise the asset in the short term.

KFR have advised that the property has been adequately exposed to the market, firstly at Christmas and more recently in their remarketing. We have had expressions of interest from at least 4 parties, and we have sought to move this to a conclusion by seeking best and final bids by a set closing date.

Cork Street, London lease

Limited held the lease on the first floor of this building in central London which was the business's registered office. The annual rent payable by Limited was c.£320k per annum and a rent deposit of c.£237k has been paid and was held by the landlord, Pollen.

We were able to negotiate a surrender of the lease at Cork Street as a result of which we recovered £160k in respect of the rent deposit.

Albermarle Street, London

Limited held a lease on the fourth floor of this building in central London, which expired on 9 May 2009.

Barnes Roffe LLP, the former accountants to the Capital Group, purports to have occupied the space on an informal basis. Although their lease expired on 2 April 2009 and they have served notice, they maintain that they did not pay any rent as it was offset against professional fees owed by Limited.

Whilst a rent deposit is in place for c.£36k, this is likely to be drawn down in lieu of service charge payments due by Limited and no recovery of the rent deposit is envisaged by the Administrators.

In addition to the property related assets held by the Group, there also exist other non-property assets and a summary of the material assets is as follows:

Investment - FF&P Investor LP (Delphi)

A holding in a private investment fund accompanied by a feeder bank account with £18k of uncommitted capital. The Directors have estimated a realisable value of £250k. We have written to the fund manager advising of the Administrators' appointment and requesting further fund information to ascertain how best to dispose of the investment.

Investment - Fourth Cinven (MACIF) LP (Delphi)

A holding in a property related investment fund. The Directors have estimated a realisable value of £150k. We have written to the fund manager advising of the Administrators' appointment and requesting further fund information to ascertain how best to dispose of the investment.

Artwork - Lucy Dickens Paintings (Caltongate)

Located at the Caltongate administration office, these paintings are original Lucy Dickens. The Directors have estimated a realisable value of £15k. We have instructed our valuers, Thainstones, to provide a valuation of these paintings and we will update you as appropriate once the valuation is received.

Investment (70% shareholding) - Mountgrange Agencies Ltd (Limited)

Mountgrange Agencies Limited is the sole parent of Mountgrange Heritage Limited, a real estate and letting agency with two branches in Kensington and Notting Hill, London. Heritage's recent unaudited management accounts for the year to 31 March 2009 indicate a trading loss of £51k and a deficiency in net assets of £257k.

In addition to the 70% investment in Mountgrange Agencies Limited, Limited is also owed the aggregated sum of £550k from Mountgrange Agencies Limited and Mountgrange Heritage Limited. We are currently in negotiations with two interested parties for the sale of Limited's 70% shareholding in Mountgrange Agencies Limited.

Investment - SOROS Real Estate Investors CV (Limited)

A holding in a property related investment fund. The Directors have estimated a realisable value of £100k. We have written to the fund manager advising of the Administrators' appointment and requesting further fund information to ascertain how best to dispose of the investment.

Loan & Shareholding - Thurleigh Estates (Dartmouth) Ltd (Limited)

The Directors' Statements of Affairs discloses a £2.1m loan from Limited to Thurleigh Estates (Dartmouth) Ltd and an equity investment of approximately 17% of Thurleigh Estates (Dartmouth) Limited's share capital. Thurleigh Estates (Dartmouth) Limited's principal activity is that of a dormant holding company. Its main trading subsidiary's activities are those of a marina operator and property developer in Noss, Devon.

The company's statutory accounts as at 31 December 2007 indicate net liabilities of c.£1.7m.

We are currently in negotiations with the directors and other shareholders of Thurleigh Estates (Dartmouth) Limited for the repayment of this loan and the sale of the shareholding.

Compensation Agreement - Kitewood Estates Limited (Maidstone)

Prior to our appointment, Maidstone agreed a compensation arrangement with Kitewood Estates Limited arising from an infestation of Japanese Knotweed on property acquired by Maidstone.

We have been in contact with Kitewood Estates Limited and they have agreed to continue making the agreed monthly payments of £8.3k to Maidstone. We expect full recovery of the remaining £75k due to Maidstone under the settlement agreement.

Coutts Account (St Helens)

The Directors' Statements of Affairs indicates an account held in the name of St Helens with Coutts & Co with a balance of £137k. We have written to Coutts & Co requesting further information on this account with a view to recovering the funds.

1.4. Management and Employees

As at 24 March 2009, the Companies employed 5 staff.

Statutory information on the Companies, including details of the Directors and Company Secretary, is provided at Appendix 1.

2. THE CIRCUMSTANCES GIVING RISE TO THE APPOINTMENT OF THE ADMINISTRATORS

2.1. Events prior to the Administration

In December 2009 the Directors sought an extension of its Bank funding to enable continued development of the sites.

The Bank had instructed LSH to review the strategy regarding the various sites. In light of LSH findings, the Bank decided against extending facilities.

Accordingly, the Directors resolved to place the Group companies into Administration and John Reid and Carlton Siddle were appointed Joint Administrators on 24 March 2009.

2.2. Details of the Appointment of Administrators

John Reid and Carlton Siddle, both partners of Deloitte LLP were appointed Administrators of the Companies by the Royal Court of Justice (with the exception of Residential Pensions Scotland Limited which was an appointment by the Court of Session) with effect from 24 March 2009, following the filing of a Notice of Appointment of Administrators by the Directors of the Companies.

For the purposes of Paragraph 100 of Schedule B1 of the Act the Administrators are each authorised to carry out all functions, duties and powers either jointly or severally.

2.3. Purpose of the Administration

The purpose of an Administration under The Enterprise Act 2002 is split into three parts:

- 1. To rescue a company as a going concern (in other words a restructuring which keeps the actual entity intact).
- 2. If the first purpose is not reasonably practicable (or the second purpose would clearly be better for the creditors as a whole), then the Administrators must perform their functions with the objective of achieving a better result for creditors than would be obtained through an immediate liquidation of the company. This would normally envisage a sale of the business and assets as a going concern (or a more orderly sales process than in liquidation).
- 3. If neither of the first two parts of the purpose are reasonably practicable, the Administrators must perform their functions with the objective of realising property in order to make a distribution to secured and/or preferential creditors as applicable.

The Companies had significant secured and unsecured creditor liabilities and therefore a restructuring of these creditors would have been required to meet the first objective. It was apparent that there was insufficient ascribed value by third parties in order to

affect a restructuring of the Companies' considerable debt and the Administrators concluded that the first option was not possible to achieve.

Accordingly, the purpose of the Administrations is to achieve a better result for creditors than would be obtained through an immediate liquidation of the Companies.

3. THE MANNER IN WHICH THE AFFAIRS OF THE COMPANIES HAVE BEEN MANAGED AND FINANCED AND WILL CONTINUE TO BE MANAGED AND FINANCED IF THE ADMINISTRATORS' PROPOSALS ARE APPROVED.

3.1. Sale of the Businesses and/or Assets

Details of the Companies' four development sites are set out in Section 1. All, bar Hove, are complex and we are currently in negotiations with various stakeholders and potential interested parties as to how to optimise realisations. Further disclosure of our options may prejudice our commercial interests and hence has been with held.

We will proceed to realise the residual land at Hove and we will seek purchasers for our long leasehold interest at St Helens, London.

We will seek to realise the other assets and investments as set out in Section 1.

3.2. Other Actions Taken

Immediately following the appointment of the Administrators on 24 March 2009, members of the Administrators' staff attended each of the Companies' sites throughout the UK to advise employees of the Administrators' appointment. Staff were briefed with regards to the Administration and informed that the business would be wound down until assets were eventually realised.

The Administrators' staff are in the process of collating creditor claims and have handled creditor queries as they have arisen which include telephone calls and correspondence.

The Administrators' legal advisors (Shepherd & Wedderburn LLP) advised in respect of all legal issues arising on the sale of business and assets and have been assisting the Administrators with post appointment matters.

Legal advice has been required in relation to the various assets, properties and leases. The Administrators have instructed their legal advisers to manage the assignment of leases (where applicable) and this process is ongoing.

The Administrators' staff will continue to liaise with Shepherd & Wedderburn LLP to progress any unresolved issues or future matters that may arise.

4. DIRECTORS' STATEMENTS OF AFFAIRS

4.1. Introduction

Statements of Affairs have been submitted by the Directors of the Companies, as at 24 March 2009, which are attached at Appendix 3.

There are a number of different classes of creditors within the Companies. These include:

- Secured creditors: They have fixed and floating charge debenture security across all of the Companies and as such are paid in priority to other creditors. This priority is subject to payments to preferential creditors and unsecured creditors under the PP (see section 4.5). Further details of the Companies' security are set out in section 4.3.
- Preferential creditors: These relate to specific employee wage arrears, holiday pay and certain pension contributions and are paid in priority to unsecured creditors out of net floating charge realisations before the PP and before payment to the secured floating charge holder.
- Unsecured creditors: They rank behind secured and preferential creditors and receive any surplus available from net realisations (after payment of the preferential creditors) is made under the PP.

4.2. Notes to the Directors' Statement of Affairs

The Directors' have stated the following:

- the net book values have been taken from the Companies' management accounts prepared at 24 March 2009;
- the estimated to realise values are based on the Directors' understanding of the consideration that could be potentially achieved by the Administrators for the sale of the trade, business and assets of the Companies on 24 March 2009;
- the Companies' total bank indebtedness at the date of appointment was £70m; and
- no provision has been made in the Statements of Affairs for the costs of the Administration (including agents, legal and professional fees).

It should also be noted that the Companies operated a number of bank accounts some of which were in credit and some of which were overdrawn at 24 March 2009. As a result of the Administrations, the Bank exercised its right of set-off and the credit balances, including those included in the Statements of Affairs were applied against the overdrawn accounts. Consequently, the cash shown in the related Statements of Affairs is not an asset available for creditors.

There were also a number of inter-company debts between the various Companies. The Directors have assumed any inter-company balances are recoverable, which may not reflect the reality of the situation.

4.3. Secured creditors

The Companies' Bank debt at the date of the appointment of the Administrators, and as set out in the Statements of Affairs, can be summarised as follows:

| • | £m |
|--------------------|-------------|
| Term loan facility | 70.8 |
| Net cash balances | (0.8) |
| | <u>70.0</u> |

The above figures have been confirmed by the Bank as at the date of appointment. A cross guarantee exists between each of the Companies.

4.4. Preferential Claims

In addition, preferential claims relating to employee deductions are expected to be submitted to the RPO who will have a small preferential claim in the Companies. These have not been included in the Directors' Statements of Affairs but are unlikely to exceed £10k. There are no other preferential claims outstanding.

4.5. The Prescribed Part

By virtue of Section 176A(2)(a) of the Act, the Administrators must make a PP of the Companies' net property available for the satisfaction of unsecured debts. Net property is the amount of the companies' property which would, but for this section, be available for the holders of floating charges created by a.

The value of the PP cannot exceed £600,000 per company. It is not envisaged that the PP for any of the Companies will reach the maximum amount of £600,000 as illustrated below.

The Administrators have determined that the disclosure of an estimate of the realisable value of the Companies' assets would seriously prejudice the commercial interests of the Company. Accordingly, pursuant to Rule 2.33(3)/Rule 2.25(k)(i)(bb) of the Rules, this information is not disclosed as part of the Administrators' Proposals.

Please also note that the net property figures can only be estimated at this stage and therefore the value of the PP for the Group would only be an estimate (once creditor claims and the Administrators' costs and expenses have been finalised).

For certain of the Companies in Administration, it may be necessary to make an application to court to disapply the PP under Section 176A(5) where the cost of making a PP distribution is deemed to be disproportionate to the benefits.

4.6. Unsecured Claims

The unsecured creditors' position as at 24 March 2009 can be seen on the Directors' Statements of Affairs attached at Appendix 3.

After discharging the costs of the Administration, there will not be sufficient realisations from floating charge assets to fully repay the Bank.

Accordingly, we do not expect any funds to be available to pay a dividend to the unsecured creditors of any of the Companies other than the distribution under the PP as noted above.

4.7. Creditors Meeting

As the Administrators do not expect any funds will be available to the unsecured creditors, other than by virtue of a PP distribution as detailed above, a meeting of creditors will not be held. A request that the Administrators call a meeting can be made by creditors representing 10% or more of the total debts of the Companies (individually or jointly). Creditors wishing to submit this request should complete the attached Form 2.21B and return it to the Administrators no later than 31 May 2009.

5. ADMINISTRATORS' FEES AND EXPENSES

5.1. General

There will be no funds available to the unsecured creditors other than by virtue of Section 176A(2)(a) of the Act; therefore, fixing of the Administrators' remuneration will be approved in accordance with Rule 2.106(5A)/Rule 2.39 of the Rules, which is outlined as follows:

- Where the Administrators have made a statement under paragraph 52(1)(b) the Administrators' remuneration may be fixed by approval of
 - each secured creditor; or
 - if the Administrators intend to make a distribution to preferential creditors, with the approval of each secured creditor and 50% of preferential creditors who respond to an invitation to consider approval.

The Administrators have agreed with the Bank the basis of the remuneration in respect of fixed and floating charge realisations (which will be on the basis of time spent).

In line with paragraph 52(1)(b) of Schedule B1 of the Act outlined above there is no requirement for unsecured creditors to pass a resolution in respect of Administrators' remuneration.

The Administrators' time costs for each company (where time has been incurred) are analysed at Appendix 4. The work has been categorised into the following task headings and sub categories:

- Real Estate Advisory includes the review and strategy proposal for the property and development assets of the Group by a specialist real estate team.
- Realisation of Assets includes such tasks as identifying and securing assets, dealing with the sale of business, property issues, activities in relation to other fixed assets, stock, debtors, investments and any related legal issues;
- Creditors include such tasks as creditor set up, communication and meetings, reviewing and agreeing preferential and unsecured claims, retention of title issues, corresponding with secured creditors, reviewing and obtaining advice in relation to security granted to the Bank. Also, dealing with trade creditors; dealing with customer creditors, employee issues; and submitting documentation to HM Revenue & Customs;
- Administration and Planning includes such tasks as case planning and set-up, appointment notification, statutory reporting, compliance, cashiering, accounting and administrative functions:
- Trading includes tasks such as planning, strategy, managing day one site visits and corresponding with suppliers and customers; and
- Other matters include employee related issues, VAT and corporation tax issues.

The range of charge out rates for the separate categories of staff is based on our charge out rates as summarised below. Manager rates include all grades of manager up to Director:

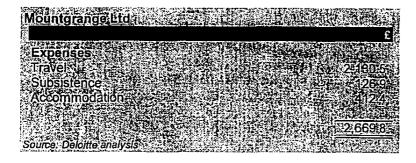

| Grade | £ per hour |
|--------------------------|------------|
| Partner | 615 |
| Managers | 440 |
| Assistants/Support staff | 170 |

Charge out rates are subject to review each year and material increases in rates will be reported to creditors in the next scheduled report following such an increase.

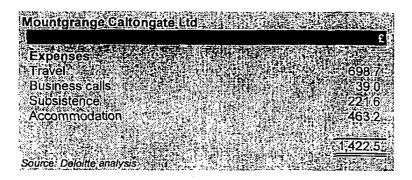

5.2. Administrators' expenses

A summary of the Administrators' expenses (excluding VAT if applicable) which relate to direct expenses such as travel are set out by company below. Please note that the Administrators' expenses for mileage are calculated by reference to mileage properly incurred by the Administrators and their staff in attending to matters arising in the Administrations, at the prevailing standard mileage rate used by Deloitte LLP at the time when the mileage is incurred (presently up to 40p per mile).

5.2.1 Mountgrange Limited

5.2.2 Mountgrange (Caltongate) Ltd

Note – No expenses have been incurred with regards to any other Group companies as at the time of reporting.

5.3. Other Professional Costs

To advise on appropriate legal matters and to prepare required legal documentation the Administrators instructed Shepherd & Wedderburn LLP, a firm of lawyers with the appropriate expertise and experience in dealing with these types of Administrations. Their fees are based upon their recorded time costs incurred at charge out rates and will be reviewed by the Administrators' staff before being approved for payment. We have estimated that their fees will not exceed £50k (exclusive of VAT and disbursements) across the Companies.

6. OTHER INFORMATION TO ASSIST CREDITORS

6.1. Directors' conduct

As part of their statutory duties, the Administrators will consider the conduct of the Directors and any person they consider a shadow or de facto director in relation to their management of the affairs of the Companies and the causes of failure and will submit a confidential report to the Department for Business, Enterprise & Regulatory Reform

As part of their investigations the Administrators will consider, among other matters, the following:

- statutory compliance issues;
- misfeasance or breach of duty; and
- antecedent transactions (including transactions at an undervalue and preferences).

Creditors who wish to draw any matters to the attention of the Administrators should write to the Administrators at the address given on the front of this report.

6.2. Connected Party Transactions

The Administrators are not aware of any connected party transactions which have not been carried out on an arm's length basis. Should creditors have information regarding any such transactions they should forward details in writing to the Administrators.

6.3. Exit Routes from Administration

In accordance with the provisions of the Act incorporated by the Enterprise Act 2002, all Administrations automatically come to an end after one year, unless an extension is granted by the Court or with consent of the creditors.

There are several exit routes which are available to the Administrators such as:

- an application to Court (in the event of a Court appointment);
- filing a notice in Court and with the Registrar of Companies confirming that the purpose of Administration has been sufficiently achieved; or
- in the event that the company has no property the Administrators may notify
 the Registrar of Companies to that effect at which time the appointment of the
 Administrators ceases and three months following that date the company is
 deemed to be dissolved.

In addition the Administrators could propose to place the Companies into Creditors' Voluntary Liquidation, a Compulsory Liquidation or a Company Voluntary Arrangement. Reference will be made in the proposals within this report as to the exit route most suitable to the circumstances of each Administration.

The exit route chosen in relation to the Companies will largely depend on the circumstances of each Administration.

If funds do become available for a distribution under the PP, the Administrators may apply to the Court for the authority to make a distribution to unsecured creditors (under the Prescribed Part) and then take the requisite steps to dissolve the Company; or if appropriate, to apply to the Court to obtain an order pursuant to Section 176A(5) that Section 176A(2) (PP for unsecured debts) shall not apply.

If there is a distribution to unsecured creditors, the Administrators are discharged from liability in respect of any action of theirs as Administrators pursuant to paragraph 98(1) of Schedule B1 of the Act upon registration of the notice given pursuant to Paragraph 84 of Schedule B1 of the Act. Where there will be no distribution to unsecured creditors, the Administrators will seek their discharge from the secured creditor.

6.4. EC Regulations

As stated in the appointment documentation, in relation to the Companies Council Regulation (EU) No 1346/2000 applies and these are the main proceedings as defined in Article 3(1) of that Regulation.

6.5 Third Party Assets

Should you believe that you own items that may have been present at the Companies former trading premises at the date of appointment please contact the Administrators as soon as possible.

All in Administration (each being "a Company" and together being "the Companies")

The Administrators' proposals are as follows:

- 1. the Administrators continue to manage the affairs and any remaining assets of the Companies and the settlement of all Administration expenses;
- 2. the Administrators continue with their enquiries into the conduct of the Directors of the Companies and continue to assist any regulatory authorities with their investigation into the affairs of the Companies;
- 3. the Administrators be authorised to agree the claims of the secured, preferential and unsecured creditors against each of the Companies unless the Administrators conclude, in their reasonable opinion, that a Company will have no assets available for distribution;
- 4. the Administrators be authorised to distribute funds to the secured and preferential creditors as and when claims are agreed and funds permit and, in relation to distributions to unsecured creditors, if the Court gives permission following an appropriate application;
- 5. that, in the event the creditors of each Company so determine, at meetings of creditors, a Creditors Committee be appointed in respect of each or any Company comprising of not more than five and not less than three creditors of that Company or Companies;
- 6. that, in respect of each Company, the Creditors' Committee, if one is appointed, shall be asked to agree that the Administrators' fees be fixed by reference to the time given in attending to matters arising in the Administrations and asked to agree the Administrators' expenses.
- 7. that, if a Committee is not appointed at a meeting of creditors, the meeting of creditors' shall be asked to agree the Administrators' fees as well as the Administrators' expenses to be drawn from the Companies assets and that the Administrators' expenses for mileage be calculated by reference to mileage properly incurred by the Administrators and their staff in attending to matters arising in the Administrations, at the prevailing standard mileage rate used by Deloitte LLP at the time when the mileage is incurred (presently up to 40p per mile);

- 8. that, if a Creditors' Committee is not appointed, the secured and preferential creditors of each Company shall be asked to agree the Administrators' fees, in accordance with Rule 2.106(5A)(a)/Rule 2.39, by reference to the time given in attending to matters arising in the Administration and that the Administrators' expenses for mileage be calculated by reference to mileage properly incurred by the Administrators and their staff in attending to matters arising in the Administrations, at the prevailing standard mileage rate used by Deloitte LLP at the time when the mileage is incurred (presently up to 40p per mile);
- 9. that, following the realisation of assets and resolution of all matters in the Administrations, and as quickly and efficiently as is reasonably practicable, the Administrators implement the most cost effective steps to formally conclude the Administrations. This may include the distribution of funds to unsecured creditors (provided Court permission is obtained) and then the dissolution of the Companies or alternatively, seeking to put each or any of the Companies into Creditors' Voluntary Liquidation ("CVL") or Compulsory Liquidation, depending on which option will result in a better realisation for creditors;
- 10. that, if each or any of the Companies were to be placed into CVL, the Administrators propose to be appointed Liquidators and any Creditors' Committees appointed will become Liquidation Committees pursuant to R4.174/R4.61 of the Rules. As per paragraph 83(7) of Schedule B1 of the Act and R2.117(3)/R2.47 of the Rules, the creditors may nominate a different person to be Liquidator(s) provided the nomination is made before the proposals are approved by creditors. For the purposes of s231 of the Act the Liquidators will each be authorised to carry out all functions, duties and powers either jointly or severally.
- 11. in the absence of Creditors' Committees, the secured and preferential creditors (to the extent that they exist) of each Company agree that the Administrators be discharged from liability per paragraphs 98 and 99 of Schedule B1 of the Act immediately upon the Administrators' filing their final report to creditors and vacating office.

Yours faithfully For and on behalf of the Companies

A Creditors' Guide To Administrators' Fees

England and Wales

Creditors or their representatives are required to approve the remuneration of Administrators. This guide is designed to assist creditors of businesses where members or directors of Deloitte LLP have been appointed Administrators. Apart from the final three paragraphs the main text has been prepared by the Association of Business Recovery Professionals. If you need any assistance on the matters set out below, please feel free to contact us.

1. Introduction

-1.1 When a company goes into Administration the costs of the proceedings are paid out of its assets. The creditors, who hope eventually to recover some of their debts out of the assets, therefore have a direct interest in the level of costs, and in particular the remuneration of the insolvency practitioner appointed to act as Administrator. The insolvency legislation recognises this interest by providing mechanisms for creditors to fix the basis of the Administrators' fees. This guide is intended to help creditors be aware of their rights under the legislation to approve and monitor fees and explains the basis on which fees are

2. The Nature of Administration

Administration is a procedure which places a company under the control of an insolvency practitioner and the protection of the court with the following objective:

- rescuing the company as a going concern, or
- achieving a better result for the creditors as a whole than would be likely if the company were wound up without first being in Administration,

or, if the Administrators think neither of these objectives is reasonably practicable

 realising property in order to make a distribution to secured or preferential creditors.

3. The Creditors' Committee

3.1 The creditors have the right to appoint a committee with a minimum of 3 and a maximum of 5 members. One of the functions of the committee is to determine the basis of the Administrators' remuneration. The committee is established at the meeting

of creditors which the administrator is required to hold within a maximum of 10 weeks from the beginning of the Administration to consider his proposals. The administrator must call the first . meeting of the committee within 6 weeks of its establishment, and subsequent meetings must be held either at specified dates agreed by the committee, or when a member of the committee asks for one, or when the Administrator decides s/he needs to hold one. The committee has power to summon the Administrators to attend before it and provide such information about the exercise of his functions.

4. Fixing the Administrators' Fees

- 4.1 The basis for fixing the Administrators' remuneration is set out in Rule 2.106 of the Insolvency Rules 1986, which states that the remuneration shall be fixed either:
- as a percentage of the value of the property which the Administrator has to deal with, or
- by reference to the time properly given by the Administrator and his staff in attending to matters arising in the Administration.

It is for the creditors' committee (if there is one) to determine on which of these bases the remuneration is to be fixed, and if it is fixed as a percentage, to fix the percentage to be applied. Rule 2.106 says that in arriving at its decision the committee shall have regard to the following matters:-

- the complexity (or otherwise) of the case;
- any responsibility of an exceptional kind or degree which falls on the administrator;
- the effectiveness with which the administrator appears to be carrying out, or to have carried out, his duties;
- the value and nature of the property which the administrator has to deal with.
- 4.2 If there is no creditors' committee, or the committee does not make the requisite determination, the administrator's remuneration may be fixed by a resolution of a meeting of creditors having regard to the same

matters as the committee would. If the remuneration is not fixed in any of these ways, it will be fixed by the court on application by the Administrators.

- 4.3 There are special rules about creditors' resolutions in cases where the administrator has stated in his proposals that the company has insufficient property to enable a distribution to be made to unsecured creditors except out of the reserved fund which may have to be set aside out of floating charge assets. In this case a resolution of the creditors shall be taken as passed if, and only if, passed with the approval of—
- each secured creditor of the company; or
- if the Administrators have made or intend to make a distribution to preferential creditors —
 - each secured creditor of the company; and
 - preferential creditors whose debts amount to more than 50% of the preferential debts of the company, disregarding debts of any creditor who does not respond to an invitation to give or withhold approval,

having regard to the same matters as the committee would.

Note that there is no requirement to hold a creditors' meeting in such cases unless a meeting is requisitioned by creditors whose debts amount to at least 10 per cent of the total debts of the company.

- 4.4 A resolution of creditors may be obtained by correspondence.
- 5. What Information should be provided by the Administrators?
- 5.1 When seeking fee approval
- 5.1.1. When seeking agreement to his fees the Administrators should provide sufficient supporting information to enable the committee or the creditors to form a judgment as to whether the proposed fee is reasonable having regard to all the circumstances of the case. The nature and extent of the supporting information which should be provided will depend on:
- the nature of the approval being sought:

- the stage during the Administration of the case at which it is being sought; and
- the size and complexity of the case.
- 5.1.2. Where, at any creditors' or committee meeting, the Administrators seek agreement to the terms on which s/he is to be remunerated, s/he should provide the meeting with details of the charge-out rates of all grades of staff, including principals, which are likely to be involved on the case.
- 5.1.3. Where the Administrators seek agreement to his fees during the course of the Administration, s/he should always provide an up to date receipts and payments account. Where the proposed fee is based on time costs, the Administrators should disclose to the committee or the creditors the time spent and the charge-out value in the particular case, together with, where appropriate, such additional information as may reasonably be required having regard to the size and complexity of the case. The additional information should comprise a sufficient explanation for what the Administrators have achieved and how it was achieved to enable the value of the exercise to be assessed (whilst recognising that the Administrators must fulfil certain statutory obligations that might be seen to bring no added value for creditors) and to establish that the time has been properly spent on the case. That assessment will need to be made having regard to the time spent and the rates at which that time was charged, bearing in mind the factors set out in paragraph 4.1 above. To enable this assessment to be carried out, it may be necessary for the administrator to prove an analysis of the time spent on the case by type of activity and grade of staff. The degree of detail will depend on the circumstances of the case, but it will be helpful to be aware of the professional guidance which has been given to the insolvency practitioners on this subject. The guidance suggests the following areas of activity as a basis for the analysis of time spent.
- Administration and planning
- Investigations
- · Realisation of assets
- Trading
- Creditors
- Any other case specific matters.

The following categories are suggested as a basis for analysis by grade of staff:

Partner

- Manager
- Other senior professionals
- Assistants and support staff.

The explanation of what has been done can be expected to include an outline of the nature of the assignment and the administrator's own initial assessment, including the anticipated return to creditors. To the extent applicable it should also explain:

- Any significant aspects of the case, particularly those that affect the amount of time spent.
- The reasons for subsequent changes in strategy.
- Any comments on any figures in the summary of time spent accompanying the request the Administrators wish to make.
- The steps taken to establish the views of creditors, particularly in relation to agreeing the strategy for the assignment, budgeting, time recording, fee drawing or fee agreement.
- · Any existing agreement about fees.
- Details of how other professionals, including subcontractors, were chosen, how they were contracted to be paid, and what steps have been taken to review their fees.

It should be borne in mind that the degree of analysis and form of presentation should be proportionate to the size and complexity of the case. In smaller cases not all categories of activity will always be relevant, whilst further analysis may be necessary in larger cases.

5.1.4. Where the fee is charged on a percentage basis the Administrators should provide details of any work which has been or is intended to be subcontracted out which would normally be undertaken directly by an Administrator or his staff.

5.2 After fee approval

Where a resolution fixing the basis of fees is passed at any creditors' meeting held before s/he has substantially completed his functions, the Administrator should notify the creditors of the details of the resolution in his next report or circular to them. In all subsequent reports to creditors the administrator should specify the amount of remuneration s/he has drawn in accordance with the resolution. Where the fee is based on time costs, s/he should also provide details of the time spent and

the charge-out value to date and any material changes in the rates charged for the various grades since the resolution was first passed. S/he should also provide such additional information as may be required in accordance with the principles set out in paragraph 5.1.3. Where the fee is charged on a percentage basis the Administrator should provide the details set out in paragraph 5.1.4 above regarding work which has been sub-contracted out.

5.3. Expenses and disbursements

There is no statutory requirement for the committee or the creditors to approve the drawing of expenses or disbursements. However, professional guidance issued to insolvency practitioners requires that," where the Administrator proposes to recover costs which, whilst being in the nature of expenses or disbursements, may include an element of shared or allocated costs (such as room hire, document storage or communication facilities provided by the Administrators' own firm), they must be disclosed and be authorised by those responsible for approving his remuneration. Such expenses must be directly incurred on the case and subject to a reasonable method of calculation and allocation.

6. What if a Creditor is Dissatisfied?

6.1 If a creditor believes that the Administrators' remuneration is too high he may, if at least 25 per cent in value of the creditors (including himself) agree, apply to the Court for an order that it be reduced. If the Court does not dismiss the application (which it may if it considers that insufficient cause is shown) the applicant must give the administrator a copy of the application and supporting evidence at least 14 days before the hearing. Unless the Court orders otherwise, the costs must be paid by the applicant and not as an expense of the Administration.

7. What if the Administrators are Dissatisfied?

If the Administrators consider that the remuneration fixed by the creditors' committee is insufficient s/he may request that it be increased by resolution of the creditors. If s/he considers that the remuneration fixed by the committee or the creditors is insufficient, s/he may apply to the Court for it to be increased. If s/he decides to apply to the Court s/he must give at least 14 days' notice to the members of the creditors' committee and the committee may nominate one or more of its members to appear or be represented at the court hearing. If there is no committee, the Administrators' notice of his application must be sent to such of the creditors as the Court may

direct, and they may nominate one or more of their number to appear or be represented. The Court may order the costs to be paid out as an expense of the Administration.

8. Other Matters Relating to Fees

8.1 Where there are joint Administrators it is for them to agree between themselves how the remuneration payable should be apportioned. Any dispute between them may be referred to the Court, the creditors' committee or a meeting of creditors.

8.2 If the Administrator is a solicitor and employs his own firm to act in the insolvency, profit costs may not be paid unless authorised by the committee, the creditors or the Court.

9. Provision of information - additional requirements.

In any case where the Administrators are appointed on or after 1 April 2005 s/he must provide certain information about time spent on a case, free of charge, upon request by any creditor, director or shareholder of the company.

The information which must be provided is -

- The total number of hours spent on the case by the Administrators or staff assigned to the case;
- For each grade of staff, the average hourly rate at which they are charged out;
- The number of hours spent by each grade of staff in the relevant period.

The period for which the information must be provided is the period from appointment to the end of the most recent period of six months reckoned from the date of the Administrators' appointment, or where s/he has vacated office, the date that s/he vacated office.

The information must be provided within 28 days of receipt of the request by the Administrators, and requests must be made within two years from vacation of office.

10. Commissions and Discounts

As a major purchaser of services, Deloitte LLP as a whole is occasionally able to negotiate enhanced services with preferred suppliers in relation to travel, advertising and other costs. The use of these suppliers may sometimes result in annual commissions being paid to Deloitte LLP. The reallocation of such commissions to each case is impracticable and this is not done.

10. What if you are Dissatisfied with the Conduct of the Administration Generally?

We hope that you will not have cause to complain about the way our partners and staff conduct their work on what are generally sensitive and emotive issues for creditors affected by the insolvency. Occasionally misunderstandings arise and mistakes are made. Should you have cause to complain or if you would like to discuss how our service could be improved, please let us know by telephoning the person appointed as Administrator. We undertake to look into any complaint carefully and promptly and to do all we reasonably can to explain the position to you. If you are still not satisfied with the explanations given, you can refer the matter to the RS National Compliance & Risk Partner responsible for investigating any complaints made against our partners and staff. The RS National Compliance & Risk Partner is located in our office at Athene Place, 66 Shoe Lane, London, EC4A 3BQ. If the RS National Compliance & Risk Partner is unable to resolve matters to your satisfaction then you can refer the matters to:

A Creditors' Guide Deloitte. To Administrator's Remuneration

Scotland

Creditors or their representatives are required to approve the remuneration of administrators. This guide is designed to assist creditors of businesses where partners or directors of Deloitte LLP have been appointed administrators. Apart from the final two paragraphs the main text has been prepared by the Association of Business Recovery Professionals. If you need any assistance on the matters set out below, please feel free to contact us.

1. Introduction

1.1 When a company goes into. administration the costs of the proceedings are paid out of the company's assets in priority to creditors' claims. The creditors, who hope eventually to recover some of their debts out of the assets, therefore have a direct interest in the level of costs, and in particular the remuneration of the insolvency practitioner appointed to act as administrator. The insolvency legislation recognises this interest by providing mechanisms for creditors to fix the basis of the administrator's fees. This guide is intended to help creditors be aware of their rights under the legislation to approve and monitor fees and explains the basis on which fees are fixed.

2. The Nature of Administration

- 2.1 Administration is a procedure which places a company under the control of an insolvency practitioner and the protection of the court with the objective of:
 - (a) rescuing the company as a going concern, or
 - (b) achieving a better result for the company's creditors as a whole than would be likely if the company were wound up (without first being in administration), or
 - (c) realising property in order to make a distribution to one or more secured or preferential creditors

Administration may be followed by a company voluntary arrangement or liquidation.

3. The Creditors' Committee

3.1 The creditors have the right to appoint a committee with a minimum of 3 and a maximum of 5 members. One of the functions of the committee is to

determine the basis of the administrator's remuneration. The committee is established at the meeting of creditors which the administrator is required to hold within 10 weeks of the administration order (or longer with the consent of the Court) to consider his proposals. The administrator must call the first meeting of the committee within 3 months of its establishment, and subsequent meetings must be held either at specified dates agreed by the committee, or when a member of the committee asks for one, or when the administrator decides he needs to hold one. The committee has power to summon the administrator to attend before it and provide such information as it may require.

4. Fixing the Administrator's Fees

4.1 The basis for fixing the administrator's remuneration is set out in Rule 2.39 of the Insolvency (Scotland) Rules 1986, which states that it may be a commission calculated by reference to the value of the company's property with which he has to deal.

It is for the creditors' committee (if there is one) to fix the remuneration and Rule 2.39 says that in arriving at its decision the committee shall take into account:-

- The work which, having regard to the value of the company's property, was reasonably undertaken by the administrator; and
- The extent of his responsibilities in administering the company's assets.

Although not specifically stated in the rules, the normal basis for determining the remuneration will be that of the time costs properly incurred by the administrator and his staff.

4.2 If there is no creditors' committee, or the committee does not make the requisite determination, the administrator's remuneration will be fixed by the Court on application by the administrator,

5. What Information should be Provided by the Administrator?

5.1 Claims by the administrator for the outlays reasonably incurred by him and for his remuneration shall be made in accordance with section 53 of the Bankruptcy (Scotland) Act 1985 as applied by Rule 4.68 which provides that within two weeks after the end of an

accounting period, the administrator shall submit to the creditors' committee or if there is no creditors' committee, to the

- His accounts of intromissions for audit:
- A claim for the outlays reasonably incurred by him and for his remuneration, broken down into category I disbursements, being those costs where there is specific expenditure relating to the administration of the insolvent's affairs and referable to payment to an independent third party, and category 2 disbursements, which are costs which include elements of shared or allocated costs, and are supplied internally by the administrator's own firm and
- Where the documents are submitted to the creditors' committee, he shall send a copy of them to the Court,
- 5.2 The administrator may at any time before the end of an accounting period submit to the creditors' committee (if any) an interim claim for the category 1 and 2 disbursements reasonably incurred by him and for his remuneration.
- 5.3 When seeking agreement to his fees and disbursements the administrator should provide sufficient supporting information to enable the committee to form a judgment as to whether the proposed fee and disbursements are reasonable having regard to all the circumstances of the case. The nature and extent of the supporting information which should be provided will depend on:
- The nature of the approval being sought;
- The stage during the administration of the case at which it is being sought; and
- The size and complexity of the case.
- 5.4 Where, at any creditors' committee meeting, the administrator seeks agreement to the terms on which he is to be remunerated, he should provide the meeting with details of the charge-out rates of all grades of staff, including principals, which are likely to be involved on the case.
- 5.5 Where the administrator seeks agreement to his remuneration during the course of the administration, he should

always provide an up to date receipts and payments account. Where the proposed remuneration is based on time costs the administrator should disclose to the committee or the court the time spent and the charge-out value in the particular case, together with, where appropriate, such additional information as may reasonably be required having regard to the size and complexity of the case. The additional information should comprise a sufficient explanation of what the administrator has achieved and how it was achieved to enable the value of the exercise to be assessed (whilst recognising that the administrator must fulfil certain statutory obligations that might be seen to bring no added value for creditors) and to establish that the time has been properly spent on the case. That assessment will need to be made having regard to the time spent and the rates at which that time was charged, bearing in mind the factors set out in paragraph 4.1. above. To enable this assessment to be carried out it may be necessary for the administrator to provide an analysis of the time spent on the case by type of activity and grade of staff. The degree of detail will depend on the circumstances of the case, but it will be helpful to be aware of the professional guidance which has been given to insolvency practitioners on this subject. The guidance suggests the following areas of activity as a basis for the analysis of time spent:

- Administration and planning ,
- Investigations
- Realisation of assets
- Trading
- Creditors
- Any other case specific matters

The following categories are suggested as a basis for analysis by grade of staff:

- Partner
- Manager
- Other senior professionals
- Assistants and support staff

The explanation of what has been done can be expected to include an outline of the nature of the assignment and the administrator's own initial assessment, including the anticipated return to creditors. To the extent applicable it should also explain:

- Any significant aspects of the case, particularly those that affect the amount of time spent.
- The reasons for subsequent changes in strategy.
- Any comments on any figures in the summary of time spent accompanying the request the administrator wishes to make.
- The steps taken to establish the views of creditors, particularly in relation to agreeing the

- strategy for the assignment, budgeting, time recording, or the drawing, or agreement of remuneration.
- Any existing agreement about remuneration.
 - In cases where there are distributable funds available to unsecured creditors by means of the creditors' prescribed part, how the administrator has allocated remuneration and costs with regard to dealing with the administration of and agreeing of unsecured creditors' claims. Remuneration in respect of time spent dealing with issues specific to the funds for ordinary creditors will be applied against creditors' prescribed part, prior to the funds being distributed, and will not be applied against the total funds available to all creditors, including those available to the floating charge holder.
- Details of how other professionals, including subcontractors, were chosen, how they were contracted to be paid, and what steps have been taken to review their fees.

It should be borne in mind that the degree of analysis and form of presentation should be proportionate to the size and complexity of the case. In smaller cases not all categories of activity will be relevant, whilst further analysis may be necessary in larger cases.

- 5.6 Where the remuneration is charged as a commission based on the value of the company's property with which the administrator has had to deal, the administrator should provide details of any work which has been or is intended to be contracted out which would normally be undertaken directly by the administrator or his staff.
- 5.7 As noted in 5.1 any claim for outlays must be approved in the same way as remuneration. Professional guidance issued to Insolvency Practitioners requires that where the administrator proposes to recover costs which, whilst being in the nature of expenses or disbursements may include an element of shared or allocated costs (such as room hire, document storage or communications facilities) they must be approved as if they were remuneration. Such disbursement must be directly incurred on the case and subject to a reasonable method of calculation and allocation. A charge for disbursements calculated as a percentage of the amount charged for remuneration is not allowed.

5.8 Payments to outside parties in which the office holder or his firm or any associate has an interest should be disclosed to the body approving remuneration and should be treated in the same way as payments to himself. They therefore require specific approval as remuneration prior to being paid.

6. What if a Creditor is Dissatisfied?

- 6.1 If a creditor believes that the administrator's remuneration is too high he may appeal against the determination by virtue of section 53(6) of the Bankruptcy (Scotland) Act, applied by Rule 4.32 of the Insolvency Rules, which is in turn applied by Rule 2.39. Creditors have a right of appeal against the determination of an administrator's remuneration by virtue of the application of section 53(6) of the Bankruptcy (Scotland) Act.
- 6.2 The right of appeal is either to the Court (if the determination is by the creditors committee) or to a Higher Court (if the determination is by a Court). Notwithstanding the fact that the statutory time limit for appealing expires eight weeks from the end of the accounting period concerned, it is normal practice to advise the creditors that they may appeal within 14 days of being notified of the determination in cases where this extends beyond the statutory appeal period.

7. What if the Administrator is Dissatisfied?

If the administrator considers that the remuneration fixed by the creditors' committee is insufficient he may request that it be increased by resolution of the creditors. If he considers that the remuneration fixed by the committee or the creditors is insufficient, he may apply to the Court for an order increasing its amount or rate. If he decides to apply to the Court he must give at least 14 days' notice to the members of the creditors' committee and the committee may nominate one or more of its members to appear or be represented at the court hearing. If there is no committee, the administrator's notice of his application must be sent to such of the creditors as the Court may direct, and they may nominate one or more of their number to appear or be represented. The Court may order the costs to be paid out as an expense of the administration.

8. Other Matters Relating to Fees

8.1 Where there are joint administrators it is for them to agree between themselves how the remuneration payable should be apportioned. Any dispute between them may be referred to

the Court, the creditors' committee or a meeting of creditors.

9. Commissions and Discounts

As a major purchaser of services, Deloitte LLP as a whole are occasionally able to negotiate enhanced services with preferred suppliers in relation to travel, advertising and other costs. The use of these suppliers may sometimes result in annual commissions being paid to Deloitte LLP. The reallocation of such commissions to each case is impracticable and this is not done.

10. What if you are Dissatisfied with the Conduct of the Administration Generally?

We hope that you will not have cause to complain about the way our partners and staff conduct their work on what are generally sensitive and emotive issues for creditors affected by the insolvency. Occasionally misunderstandings arise and mistakes are made. Should you have cause to complain or if you would like to discuss how our service could be improved, please let us know by telephoning the person appointed as Administrator. We undertake to look into any complaint carefully and promptly and to do all we reasonably can to explain the position to you. If you are still not satisfied with the explanations given, you can refer the matter to the RS National Compliance & Risk Partner responsible for investigating any complaints made against our partners and staff. The RS National Compliance & Risk Partner is located in our office at Athene Place, 66 Shoe Lane, London, EC4A 3BQ. If the RS National Compliance & Risk Partner is unable to resolve matters to your satisfaction then you can refer the matters to:

The Professional Standards Office, Institute of Chartered Accountants in England & Wales, Level 1, Metropolitan House, 321 Avebury Boulevard, Milton Keynes, MK9 2FZ in the case of appointment takers licensed by the Institute of Chartered Accountants in England & Wales or the Institute of Chartered Accountants in Scotland, CA House, 21 Haymarket Yards, Edinburgh, EH12 5BH. A list of the partners and appointment taking directors and their licensing bodies is available from the RS National Compliance & Risk Partner.
