## NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 MAY 2014

#### 1. ACCOUNTING POLICIES

#### **Accounting convention**

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

#### Turnover

Turnover represents the fair value of services provided during the year. Turnover is recognised as contract activity progresses and the right to consideration is earned. Fair value reflects the amount expected to be recoverable from clients. Turnover excludes value added tax. Unbilled turnover on individual contracts is included as accrued income within other debtors.

#### Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery etc - 25% on reducing balance

#### **Stocks**

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

#### **Deferred tax**

The charge for taxation is based on the results for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes. In accordance with Financial Reporting Standard 19, provision is made for deferred tax in respect of all timing differences that have been originated but not reversed by the balance sheet date. Deferred tax assets are recognised when it is more likely than not that the asset will be recovered. Deferred tax is measured using rates that have been enacted or substantially enacted by the balance sheet date. Deferred tax balances are not discounted.
