Closure

The affairs of the Company are now fully wound up and nothing remains to be done, other than for the Liquidators to vacate office and obtain their release. This usually occurs 8 weeks after the delivery of this report.

Liquidators' remuneration

The basis of the Liquidators' remuneration has been agreed with AGL and Teneo. Further information is provided in section 5.

Dividends paid

Dividends paid in this matter are as follows:

	Claims received (£)	Dividend paid (£)
Unsecured creditors	2,225,637,714	88,657.67

3. Progress in the Period

R&P Account

An R&P Account covering the Period is attached at **Appendix B**. The R&P also covers the cumulative period from the date of appointment to the end of the Period.

Full details of the expenses incurred are provided in **Appendix D**.

Work undertaken during the Period

In accordance with Statement of Insolvency Practice 13, I confirm that there have been no transactions with connected parties during the Period of this report.

During the Period, work has been undertaken to:

- Pay a dividend to creditors;
- finalise the VAT position across the Group with the assistance of Teneo;
- Obtain final VAT reclaim;
- Obtain formal corporation tax clearance; and
- Close the liquidation.

Investigations

The Liquidators reviewed the affairs of the Company prior to the Liquidation in discharging their duties under the Company Directors' Disqualification Act 1986.

Creditors will recall that all investigations were completed in earlier periods. No additional time in respect of investigations has been incurred in this period.

Creditors are reminded that the Liquidators have a statutory obligation to consider the directors' conduct and to submit a return / report to the Department for Business, Energy, and Industrial Strategy Disqualification Unit. The Liquidators can confirm that this obligation has been complied with.

4. Outcome for creditors

Outcome

The receipts and payments account at **Appendix B** confirms the outcome to creditors. Provided below is a detailed explanation of these outcomes.

Assets

1. Cash

At the date of our appointment the Company held funds of £67,131.62 which were paid across to the liquidation account.

2. Group Company Receivable

At the date of our appointment there was an amount owing from Taveta Investments Limited (in liquidation) ("TAV") of £239,557,109.67 that was expected to realise nil.

As a result of cash held in the liquidation of TAV, a dividend of £21,526.05, representing a return of 0.01p in the £ was received.

Unsecured creditors

According to the directors' statement of affairs, the Company had two unsecured creditors with debts totalling £2,202,106,210.55 in respect of AGL and HMRC.

AGL had a claim of £2,174,812,452.

HMRC's claim was in respect of a Group VAT claim for which the Company was jointly and severally liable. At the date of liquidation, and in accordance

with the directors' Statement of Affairs, HMRC's claim was £27,293,758. Subsequently their claim was reduced to £18,508,027.93 following payments made by Teneo in respect of their Group administrations. However, following the distribution exercise undertaken by Teneo, the full HMRC liability claim, borne by Redcastle Finance Limited (In Administration) was £50,825,262. Consequently, Redcastle Finance Limited (In Administration), had a subrogated claim in the Company's liquidation for the full amount.

A dividend of 0.004p in the £ was paid to unsecured creditors.

Prescribed part

In accordance with Section 176A of the Insolvency Act 1986, a proportion of the Company's net assets are to be set aside for the benefit of the Company's unsecured creditors where the Company has granted a floating charge after 15 September 2003. This is calculated as being 50% of the first £10,000 of net property and 20% of net property thereafter, subject to a maximum fund of £800,000, where the first ranking floating charge was created on or after 6 April 2020 (£600,000 if created before then). Net property is defined as being the realisations from assets subject to the floating charge after costs and after settlement of the preferential creditors' claims. As there is no floating charge, the provisions of the prescribed part do not apply in this instance.

5. Liquidators' remuneration and expenses

Remuneration

As previously reported, from the information contained within the Companies' Statements of Affairs, it was clear that there were material intercompany balances owed between the Companies and AGL.

In order to avoid unnecessary time and expense which would be incurred in transferring significant sums of cash between the Companies and AGL (which could delay the timing of dividend distributions to other unsecured creditors) it was agreed that:

1. The Companies waive any rights to receive any payments from either AGL or any of the other entities in the Group which would otherwise have been payable to the Companies in respect of any proofs of debt submitted or to be submitted by the Companies into the liquidation of AGL or the liquidation or administration (as applicable) of such other Group companies.

2. In consideration for the waiver set out in paragraph 1 and on the basis that, on the whole, surplus assets from the Companies' liquidations would be distributed mainly to AGL (either directly or via its direct subsidiaries), AGL will make funds available to the Companies to the extent required to settle:

- the full balance of fees for the Companies, being £5,000 plus VAT for pre-appointment work and £5,000 plus VAT for post appointment work, totalling £240,000 plus VAT across the Companies; and

- all valid creditor claims proved for, and admitted, in the liquidation of any of the Companies and notified to AGL by the Mazars Liquidators, capped at the amount that such Company would have otherwise received as a liquidation distribution by the Teneo Liquidators in the liquidation of AGL, less any amounts paid or payable to the Mazars Liquidators in respect of that Company.

Further approval was sought from Teneo on 22 December 2022 for an increase to the fixed fee of £2,000 plus VAT per company, in light of the cases passing the first anniversary and the additional work in respect of dealing with the taxation liabilities across the Group. This was agreed on 13 January 2023.

The total agreed fee of £12,000, plus VAT, has been paid in full.

Further information about remuneration together with further detailed information regarding creditors' rights in this regard, is provided in **Appendix D**.

Expenses

Expenses are any payments from the estate which are neither remuneration nor a distribution to a creditor or a member. Expenses also include disbursements. Disbursements are payments which are first met by the Liquidator, and then reimbursed to the Liquidator from the estate.

Expenses are divided into category 1 and category 2 expenses. Category 1 expenses are payments to non-associates of Liquidator and can be paid without prior approval.

5. Liquidators' remuneration and expenses

Category 2 expenses are payments to associates or which have an element of shared costs. Before being paid, category 2 expenses require approval in the same manner as remuneration. Approval for these expenses was provided by Teneo.

Details of cumulative expenses, the expenses incurred in the Period and a comparison to the original expense estimate is attached at **Appendix D**.

The Liquidator have reviewed the expenses incurred to date and are satisfied that they are fair and reasonable and proportionate in the circumstances of the case.

5. Liquidators' remuneration and expenses

Important information regarding creditors' rights

The following creditors can ask the Liquidator for further information about the remuneration and expenses set out in this progress report:

- a secured creditor; or
- an unsecured creditor with concurrence of at least 5% in value of the unsecured creditors; or
- an unsecured creditor with permission of the Court

All requests for such further information must be made within 21 days following the receipt of this report.

Creditors can also apply to Court on the basis that the Liquidators' remuneration, the basis of the remuneration or the expenses incurred in the Period are excessive or inappropriate. The concurrence required is at least 10% in value of the unsecured creditors.

In accordance with SIP9, creditors can find additional information on their rights relating to Liquidators' remuneration in a copy of the publication "A creditors guide to Liquidator's fees" which is available to download from the website: <https://www.r3.org.uk/technical-library/england-wales/technical-guidance/fees/more/29114/page/1/guide-to-liquidators-fees/>

Alternatively, a hard copy of the relevant guide will be sent to you on request.

6. Vacation of office and Liquidators' release

Matters prior to closure

The affairs of the Company are now fully wound up and nothing remains for the Liquidators to do, other than obtain their release. The Liquidators are required by Insolvency legislation to wait for a period of 8 weeks prior to vacating office, during which creditors are able to exercise their rights as detailed above.

A creditor may object to the Liquidators' release by giving notice in writing before the end of the period of 8 weeks after this notice is delivered, or where a request or application is made as detailed above before the matter is determined, whichever is later.

The Liquidators will vacate office under s171 of the Insolvency Act 1986 once the final account has been delivered to the Registrar of Companies together with a notice detailing any objections to the release. Thereafter the Liquidators will be released under s173 of the Insolvency Act 1986 at the same time as vacating office, unless any creditors object to the release.

If a creditor objects to the Liquidators' release, the Liquidators will apply to the Secretary of State in accordance with Rule 6.33 of the Insolvency (England and Wales) Rules 2016 for their release.
