## NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 30 JUNE 2016

#### 1. ACCOUNTING POLICIES

#### 1.1 Basis of preparation of financial statements

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

#### 1.2 Turnover

Turnover comprises revenue recognised by the company in respect of goods and services supplied during the year , exclusive of Value Added Tax and trade discounts.

#### 1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Long-term leasehold property - Over the term of the lease
Plant and machinery - 15% reducing balance
Motor vehicles - 25% reducing balance
Fixtures, fittings and equipment - 25% straight line
Computer equipment - 25% straight line

### 1.4 Leasing and hire purchase

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets. Assets acquired by finance lease are depreciated over the shorter of the lease term and their useful lives. Assets acquired by hire purchase are depreciated over their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the company. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the Profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

#### 1.5 Stocks and work in progress

Stocks and work in progress are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads.

## 1. ACCOUNTING POLICIES (continued)

#### 1.6 Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.
