They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In the case of each of the persons who are directors at the time when the directors' report is approved:

- a) so far as the director is aware, there is no relevant audit information (information needed by the company's auditors in connection with preparing their report) of which the company's auditors are unaware, and
- b) he has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditors are aware of that information.

In determining how amounts are presented within items in the profit and loss account and balance sheet, the directors have had regard to the substance of the reported transaction or arrangement, in accordance with generally accepted accounting principles or practice.
