4 PROGRESS DURING THE PERIOD

OTHER MATTERS

- 4 3 As previously reported, book debts totalling £10,166 13 have been collected by the Joint Liquidators in house Quantity Surveyor ("QS") No realisations have been made within the period and the QS has confirmed that no further amounts are due
- 4 4 As detailed in the first annual report, the Joint Liquidators instructed their in house Forensic Accountant to investigate the potential Director's Loan Account and it was revealed that an amount of £107,571 was due from Mr Martin Gorton The Joint Liquidators have pursued Mr Gorton for the amount due however to date this has not been resolved

5. ESTIMATED OUTCOME FOR CREDITORS

Details of the sums owed to each class of the Company's creditors were provided in the director's statement of affairs included within the report sent to creditors further to our appointment as liquidators

On the basis of realisations to date and estimated future realisations we estimate an outcome for each class of the Company's creditors as follows

Secured creditor

The Company had no amount owing to the secured creditor, HSBC Bank plc, at the date of Liquidation

Preferential creditors

No dividend is available for preferential creditors because the funds realised have already been distributed or used or allocated for defraying the expenses of the liquidation

Prescribed Part for unsecured creditors pursuant to Section 176A of the Act

Section 176A of the Act provides that, where the company has created a floating charge on or after 15 September 2003, the liquidator must make a prescribed part of the Company's net property available for the unsecured creditors and not distribute it to the floating charge holder except in so far as it exceeds the amount required for the satisfaction of unsecured debts. Net property means the amount which would, were it not for this provision, be available to floating charge holders out of floating charge assets (i.e. after accounting for preferential debts and the costs of realising the floating charge assets). The prescribed part of the Company's net property is calculated by reference to a sliding scale as follows:

- ☐ 50% of the first £10,000 of net property,
- ☐ 20% of net property thereafter,
- ☐ Up to a maximum amount to be made available of £600,000

A liquidator will not be required to set aside the prescribed part of net property if

- ☐ the net property is less than £10,000 and the liquidator thinks that the cost of distributing the prescribed part would be disproportionate to the benefit, (Section 176A(3)) or
- ☐ the liquidator applies to the court for an order on the grounds that the cost of distributing the prescribed part would be disproportionate to the benefit and the court orders that the provision shall not apply (Section 176A(5))

To the best of our knowledge and belief, there are no unsatisfied floating charges created or registered on or after 15 September 2003 and, consequently, there is no net property as defined in Section 176A(6) of the Act and, therefore, no prescribed part of net property is available for distribution to the unsecured creditors.

Unsecured creditors

No dividend is available for unsecured creditors because the funds realised have already been distributed or used or allocated for defraying the expenses of the liquidation.

BEGBIES TRAYNOR CHARGING POLICY

INTRODUCTION

This note applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the passing of a resolution for the office holder to be remunerated on a time cost basis. Best practice guidance¹ requires that such information should be disclosed to those who are responsible for approving remuneration.

In addition, this note applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm. Best practice guidance² indicates that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated.

OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded at the individual's hourly rate in force at that time which is detailed below.

EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Best practice guidance classifies expenses into two broad categories:

- ❑ *Category 1 disbursements (approval not required)* - specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- ❑ *Category 2 disbursements (approval required)* - items of expenditure that are directly related to the case which include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party.

(A) The following items of expenditure are charged to the case (subject to approval):

- The recharge for Company searches and electronic identification procedures for all new clients depends on the documentation requested,
- Car mileage is charged at the appropriate rate published by the "AA" for the type of vehicle and engine size used,
- All circulars are sent by first class post and the actual postage costs are charged as an expense of the Liquidation,
- Storage of books and records is at the Insolvency Practitioners' own storage facility. The books and records will be stored in banker's boxes and a storage fee will be charged at the rate of £7.50 per box per month. This charge covers the transportation of the records, their storage, retrieval for administration purposes and their destruction.

SUMMARY OF TIME COSTS AND EXPENSES

This summary, which should be read in conjunction with the Time Costs Analysis for the period of the report attached, is intended to provide sufficient information to enable the body responsible for the approval of our fees to consider the level of our fees and expenses in the context of the case

What work has been done in the period of the report, why was that work necessary and what has been the financial benefit (if any) to creditors?

Details of the types of work that generally fall into the headings mentioned below are available on our firm's website - <http://www.begbies-traynorgroup.com/work-details> Under the following headings we have explained the specific work that has been undertaken on this case. Not every piece of work has been described, but we have sought to give a proportionate overview which provides sufficient detail to allow creditors to understand what has been done, why it was necessary and what financial benefit (if any) the work has provided to creditors

The costs incurred in relation to each heading are set out in the Time Costs Analysis which is attached. There is an analysis for the period of the report and also an analysis of time spent on the case since the date of our appointment. The details below relate to the work undertaken in the period of the report only. Our previous report contains the costs of the work undertaken since our appointment.

each work type. An additional analysis is also attached which details the time costs for the entire period for which we have administered the liquidation.

Please note that each analysis provides details of the work undertaken by us and our staff following our appointment only.

Work undertaken prior to appointment

In addition to the post appointment time costs detailed in the Time Costs Analysis, the costs relating to work undertaken prior to our appointment in summoning, advertising and holding the creditors' meeting and assisting the directors in preparing the statement of affairs were approved by the creditors at the Section 98 meeting.

What work remains to be done, why is this necessary and what financial benefit (if any) will it provide to creditors?

The Joint Liquidators will continue to progress the case, including performing periodic review to ensure that deadlines are met and that the case is passed for closure when possible. The case will also require ongoing banking duties to be completed.

Realisation of assets

The Joint Liquidators will continue to pursue the Director's Loan Account due from Mr Gorton within the following period with the aim of negotiating a settlement

- £17 49 – Postage for annual report (per annual required)
- £88 49 – Statutory advertising for final meeting
- £18 10 – Postage for draft final report
