Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2023

The directors present their strategic report for the year ended 28 February 2023.

For the purposes of this report and the financial statements:

- Specsavers shall mean the company's ultimate parent Specsavers International Healthcare Limited (SIHL) and its subsidiaries;
- SEB shall mean the Specsavers Executive Board, the main executive leadership forum in Specsavers, to whom the Board of Directors of SIHL has delegated responsibility for creating and delivering the overall business strategy for Specsavers;
- Group Board shall mean the board of directors of Specsavers Optical Superstores Limited (SOS); and
- Group shall mean SOS and its subsidiaries.

Principal activity

The principal activity of the group is to act as a retailer of optical and audiology products and provider of related support services in the main retail territories in which Specsavers operates, being UK, ROI, Australia, New Zealand, Denmark, Finland, the Netherlands, Norway, Sweden, Belgium and Canada; and as a manufacturer, distributor and wholesaler of optical products for Specsavers in the UK and Europe.

Fair review of the business

The SEB have tracked the performance of Specsavers closely throughout the year and are pleased with the overall results and remain confident in the on-going performance of Specsavers. The core financial fundamentals in our established businesses across Europe, Australia and New Zealand remain strong and are providing the platform to enable the business to make significant investments as summarised below.

Group turnover has increased by 1.1% despite a challenging macro-economic landscape. Operating profit of £326.0m has decreased from £453.1m last year, resulting in an operating margin of 9.5% (2022: 13.4%). This decrease is driven by a number of key decisions including:

- a decision taken by the SEB to absorb inflationary price increases we have been exposed to and not pass these on to our customers;
- a significant upfront investment in marketing spend to support the launch and growth of our business in Canada; and
- an increase in technology spend to enhance our customer's online and in-store experience.

The drivers behind the year on year decrease in profitability are well understood and the SEB believe the investments are critical to enable the business to continue to grow and to deliver on its overall vision to change lives through better sight and hearing. However, the SEB is also closely monitoring the wider macro-economic environment and linking this back to the business plans in place in each of our territories, to ensure that they are being factored into our decision making. It is essential that the business responds appropriately to the economic challenges that we are facing. The combination of continued inflationary pressures and economic uncertainty impacting our customers mean that we are more mindful than ever of the difference we can make in our communities by offering best-value products and professional clinical care to everyone.

The group has maintained a strong balance sheet position with net assets of £445.9m (2022: £448.3m), cash and cash equivalents of £420.0m (2022: £505.0m) and has no external borrowings.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2023 (continued)

Net cash equivalents of £420.0m have reduced by £85m from £505.0m in 2022. The decrease in cash is driven primarily by the investment in the Canadian business and technology spend as mentioned above.

On 22 September 2022, the group was restructured to include Szatmar Optikai KFT, a manufacturing site in Hungary. This company was previously consolidated elsewhere within the Specsavers structure. This has been accounted for as a group reconstruction by applying merger accounting, such that prior year figures have been restated as though the current structure was always in place.

Financial key performance indicators

Turnover on wholesale and support services

The directors consider turnover in relation to product sales and retail support services to be a key metric for reflecting the overall success of Specsavers' retail operations. This metric has been discussed in the 'Fair review of the business' section above.

Operating profit margin

Operating profit measures the profit achieved on the group's profit-generating activities, after taking account of the total operating costs incurred, before finance costs and taxation. The margin is calculated by taking operating profit and dividing it by turnover. This metric has been discussed in the 'Fair review of the business' section above.

Current ratio

Current ratio measures the liquidity of the group and is a key indicator of its ability to meet its ongoing commitments. It is calculated by dividing current assets by current liabilities.

The group achieved a current ratio of 1.2 (2022: 1.3) which is in line with the group board's expectations, which are that this KPI should maintain a minimum level of 1. This demonstrates that the group continues to have the ability to meet its commitments as they fall due.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2023 (continued)

Principal & Emerging Risk Assessment (PERA)

The SEB is responsible for the risk profile of the group and has considered the requirements of Section 414C of the Companies Act 2006 (as amended).

The SEB also recognises the role effective risk management plays in the achievement of our strategic and operational ambitions and the long-term success of our business. Our approved integrated risk management framework details our approach to risk management and ensures the SEB understands the Specsavers risk landscape and has the opportunity to review the adequacy and effectiveness of the management of risk across the business.

In the year ahead, we will be further strengthening our risk management activities by increasing the depth and breadth of our Global Risk function including the establishment of an internal audit team to provide independent assurance of the most significant risks across the business. The Audit and Risk Committee (ARC) will also be created to monitor application of the Internal Audit and Risk Management activities under the direction of the Group Finance & Legal Director.

Risk management process

The SEB is accountable for overseeing the effectiveness of risk management including reviewing the processes in place to identify, assess and manage risk.

1. Identifying our risks

We start with our strategic ambitions and consider internally and externally what might stop us achieving these within the forthcoming 5-year landscape. This approach combines a 'top-down' strategic view and a 'bottom-up' operational assessment of the risks, enabling a three-dimensional view. A series of discussions are held with Board members individually as well as collectively considering the risk landscape to agree upon the Principal and Emerging Risk Assessment (PERA).

Our regional and group functional leadership teams are responsible for the day-to-day identification and management of their risks. Workshops and individual meetings are held to assist in the identification of new and emerging risks, changes to risk landscape and escalation where appropriate. The outputs feed into an annual deep dive assessment of the key risks they face.

2. Assessing our risks

To assess the risks, we consider the potential financial, reputational, regulatory and operational impact and the likelihood of each risk materialising with the existing controls in place. The movement and outlook of the risk is also assessed and changes to the threat level are agreed. This enables us to review the effectiveness of response strategies and the extent to which additional controls may or may not be required.

3. Managing our risks

The SEB is accountable for the appropriate oversight of the management of the principal risks and actively set response strategies and objectives to monitor and mitigate the potential impacts. Regional and group function leadership teams are responsible for providing appropriate actions to manage local risks and have monitoring procedures to verify that the controls are operating effectively with regular reporting to the Board.

Principal risks

The principal risks represent the most significant threats facing the business. Ownership for these risks and accountability for their mitigation resides with one or more SEB members.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2023 (continued)

Principal risks are reviewed at least on a bi-annual basis.

Key - Risk Movement ↑ Increased ↔ No change ↓ Decreased # New

Note: where a risk has decreased, this could either be due to external factors, or where mitigating actions have been put in place such that the SEB consider the overall risk has reduced.

↔ Cyber and data security

Falling victim to increasingly sophisticated cyber-attacks and/or data security breaches could result in disruption to our operations, impacting profitability and our reputation. There is a continuing increase in the type, sophistication, and complexity of cybercrime. Greater resilience of our systems and critical assets is a key focus area of the business.

We continue to monitor and manage this risk closely. This risk is considered one of our top three risks.

How we manage this risk

- Cyber security continues to receive board level sponsorship and regular reporting is in place.
- Significant investment has been committed to improving our resilience against cyber-crime.
- The security function has been re-organised to deliver the agreed resilience roadmap to continuously improve cyber risk mitigation.
- We work with security partners to evaluate and review new cyber threats and implement appropriate risk response strategies.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2023 (continued)

↳ Disruptive market forces

We continue to see dramatic changes in our operating landscape, with the pace of change continuing to accelerate across the areas of ecommerce, digital and technological innovation. Failure to effectively respond to these forces could adversely impact our operating model, reputation and profitability.

We continue to monitor the short term and potential long-term changes and manage this risk closely. This risk is considered one of our top three risks.

How we manage this risk

- Our new long-term strategic framework has been launched and supported by key global programmes and regional initiatives, to ensure we respond to changing market conditions.
- Creation of a Strategic Initiatives function to oversee the development of innovation and gather insights and intelligence to ensure we are looking forward and able to respond at pace.

↔ Cost headwinds

The macro-economic landscape continues to experience volatility, with increasing inflationary pressures and rising cost inputs. This uncertainty could impact our customer behaviours, supplier resilience and business performance.

Volatility is expected to continue; strategies are in place to actively monitor and respond to the changing macro-economic environment. This risk is considered one of our top three risks.

How we manage this risk

- Our commercial teams closely monitor economic trends and plan commercial strategies to optimise our business appropriately.
- A supply chain efficiency programme is in flight with key opportunities being proactively measured through monthly performance processes.
- Continuous improvement programmes are in flight across our global supply chain network to generate efficiencies.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2023 (continued)

↔ Technology

We have significant programmes of work underway to evolve our technology to safeguard our existing infrastructure and deliver future capabilities. We have a growing dependency on digital systems and increasing digitalisation requirements.

Failure to properly prioritise and manage these programmes in conjunction with wider organisational change could result in IT infrastructure failures.

We continue to monitor and manage this risk closely through delivery of our technology roadmap and governance arrangements.

How we manage this risk

- An organisation-wide technology roadmap is in place to evolve our IT systems.
- A roadmap is in place, overseen by governance forums and structures setting us up to for success now and in the future.

↓ Reputation and trust

Our reputation and brand are integral to our success, and we strive to conduct and operate our business in line with our values and customer expectations. Failure to conduct our business in line with our commitments could damage our reputation and impact the delivery of our strategic ambitions.

Specsavers continues to be a well-known and trusted brand and we have embedded our values and behaviours throughout the global organisation.

How we manage this risk

- Monitoring of our brand and stakeholder views is regularly undertaken and reported to the SEB.
- Incident management processes are established with tools and training completed.
- We complete due diligence of our suppliers and have standards in place to ensure our suppliers meet our expectations and legal obligations.

↑ Competition

The competitive landscape continues to evolve and is embracing technological advancements. Barriers to market are expected to reduce, with online retailers having the potential to penetrate the market. Competitor behaviour could impact our market share and financial performance.

The competitive landscape varies by market and remains challenging, with traditional players and independents diversifying and evolving to meet changing consumer behaviours.

How we manage the risk

- Customer trend monitoring is in place in all our markets to evolve our offering in line with changing consumer habits and preferences.
- Performance monitoring and customer insight metrics are reviewed at SEB level.
- Regional autonomy is given to develop local strategies to provide agility in responding to competitors.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2023 (continued)

↓ Our people

Our colleagues and partners are critical to the success of our business. As a great place to work, we strive to secure, retain, and develop our talent. Inability to attract, engage and retain colleagues and partners with the appropriate skills, and capabilities could impact our ability to achieve our strategic ambitions.

People are at the heart of our long-term framework, supported by our global values and behaviours. We remain committed to our people, with robust plans being delivered that focus on being an employer of choice.

How we manage this risk

- Our diversity and inclusivity commitment has been published and continues to be embedded throughout the global organisation.
- Global wellbeing strategies and development resources are in place.
- The employee value proposition has been launched, with regular reviews in place at SEB level to ensure we remain an attractive and engaging employer of choice.

↓ Supply chain resilience

An adverse event such as physical disruption may impact our ability to supply and fulfil customer orders. Inability to meet our supply chain commitments could result in damage to the brand, significant financial losses, and loss of consumer confidence.

A robust selection process for onboarding and continuous review of our supplier base is in place and we have taken steps to further strengthen our resilience capability.

How we manage this risk

- Continuous dynamic review of stock and capacity is undertaken, with appropriate provisions in place to mitigate and potential issues across all our categories.
- The financial strength, ethical and environmental risks of our supply base are monitored, with active management taking place.
- Resilience strategies are in place across our global supply chain operations.

↓ Sustainability

We are highly aware of our environmental and social footprint and the threats posed by the worldwide climate and biodiversity situation. Failure to deliver our global planet ambitions would impact our future business resilience, damage our brand reputation and result in loss of market share.

We continue to deliver against our global sustainability ambitions with the appropriate measures and governance structures in place.

How we manage this risk

- Global planet ambitions have been established, with sustainability goals and targets embedded within our long-term framework.
- Global sustainability teams are in place with subject matter experts across our operating footprint.
- The supplier base is engaged to understand and support sustainability capability and ambitions.
- Key product supplier code of conduct standards are in place, with monitoring and governance arrangements established.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2023 (continued)

↓ Regulatory compliance

Our existing global operations are subject to a broad range of laws and regulations that are evolving and increasing as the legislative landscape increases. Furthermore, our ambition for growth and adoption of new innovation could expose our organisation to new regulatory requirements. Material non-compliance with the regulatory environment could result in financial penalties and brand damage.

Changes to the regulatory environment continue to evolve at pace. The business has adopted new global processes to provide early identification of such changes so appropriate mitigation can take place.

How we manage this risk

- We have strong and well-established group and regional legal and compliance teams in place.
- Proactive horizon scanning is embedded across our territories to identify new regulations or changes to existing requirements.
- A new legal training programme is in flight to minimise the risk of non-compliance.

Transformational activity

To meet our ambitions for strategic growth and technological advancement, we are undertaking significant transformational activity. Failure to prioritise this activity or commit sufficient resources could result in not meeting our strategic objectives.

How we manage this risk

- Our new long-term framework has been launched with strategic programmes, technology roadmap and regional initiatives being undertaken. These are monitored through appropriate governance structures and reporting across the global footprint.

Emerging risks

As part of our risk management process, we include the identification and monitoring of emerging risks. An emerging risk is defined where the nature and value of the impact is either not yet fully known or understood, or the risk is likely to be realised over a time horizon greater than 5 years. The SEB is monitoring several emerging risks that have been summarised below:

Geopolitical volatility

Prolonged geopolitical volatility and the associated macroeconomic impact has the potential to destabilise all our markets. This uncertainty and volatility could reduce consumer confidence, impact the effectiveness of our financial planning and supply chain day-to-day operations, and may change the regulatory environments within which we operate.

Third party dependencies

Third parties provide a broad range of goods and services critical to our business. Diversification of the supplier base is key in mitigating the risk of major disruption to a service provider or the loss of a key supplier. Insufficient diversification may result in an inability to provide business services and deliver our day-to-day operations.

Contagious diseases

Key lessons from the COVID-19 pandemic have been successfully implemented. However, a new global health threat with a high health payload and associated restrictions could significantly disrupt our operations and those of our suppliers. This could cause a major reduction in consumer demand and impact our ability to operate across the store estate and supply chain.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2023 (continued)

Section 172(1) statement

The Companies Act 2006 requires company directors to state how they have had regard to the matters set out in section 172(1)(a) to (f) of the Companies Act 2006 when performing their duties under section 172. These are as follows:

- (a) the likely consequences of any decision in the long term,
- (b) the interests of the company's employees,
- (c) the need to foster the company's business relationships with suppliers, customers and others,
- (d) the impact of the company's operations on the community and the environment,
- (e) the desirability of the company maintaining a reputation for high standards of business conduct, and
- (f) the need to act fairly as between members of the company.

The consideration given to each of these matters is set out below. For more information, please refer to the community and corporate responsibility section of our website at:

www.specsavers.co.uk/news-and-information/community.

This statement is published on our website at specsavers.co.uk/news-and-information/section-172-1-statement.

(a) Long term decision making

The Specsavers Long Term Framework (LTF) underpins all strategic decisions taken by the SEB and this will be used to set the direction for the business until 2030.

Throughout the year, the overall organisation vision to change lives through better sight and hearing has remained unchanged.

(b) Consideration of employee interests

Our 46,000+ partners and colleagues throughout the world are at the heart of our success. Their ongoing hard work, energy, and passion makes our business what it is today.

We're committed to making Specsavers a place where everyone can thrive by encouraging development, investing in careers, and supporting wellbeing. Whether working in an optical or audiology business, supply chain site, ophthalmology clinic, as part of our domiciliary service or as a member of our support teams, nurturing our people enables them to do what they do best: make a difference by changing lives. This purpose, guided by our shared values and behaviours, is brought to life every day through the actions of our colleagues. We see it demonstrated in the way we all work together today, but also understand its importance in how our business evolves and grows in the future.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2023 (continued)

(c) Fostering business relationships with suppliers, customers and partners

(i) Customers

Our clinical care, professional expertise, great value, and standout choice continues to change lives through better sight and hearing for an ever-increasing number of people. Today, almost 43 million customers worldwide benefit from our first-class optical, audiology, and ophthalmic services. During the past 12 months alone, we served more than 22 million of our customers either online, in-store, at home, or through our contact lens subscription service.

Our mission has always been to make quality, best-value eye and hearing care accessible to everyone. In a tough economic environment, our customers are facing significant pressures on their incomes and standard of living. So, in response to the current climate and customer sentiment, we've continued to innovate our offer with a relentless focus on value for money to ensure we really can make a difference in our communities.

(ii) Partners

Throughout the world, we have nearly 4,900 ambitious and talented partners who, alongside their teams, work tirelessly to make a difference to people's lives every day.

We regularly engage with our partners to update on plans, gauge feedback, and invite ideas. Our global programme of communication includes customised surveys and last year all partners took part in an independent engagement survey. The results were hugely encouraging, with satisfaction scores well above the global sector benchmark. The UK ranked in the 74th percentile while Northern Europe, Australia, and New Zealand were in the 80th percentile* when compared to similar industry organisations.

*Survey data and analysis provided by the Franchise Relationships Institute.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2023 (continued)

(III) Suppliers

Sourcing responsibly is integral to the way we operate. We have strong, long-term relationships with our suppliers, meaning we can work together to achieve our purpose of changing lives through better sight and hearing.

We're committed to being ethical and sustainable across our business, and making a positive difference by:

- *Embedding our new supplier code of conduct:* which sets out the behaviours and standards that suppliers must always demonstrate when working with us.
- *Driving improvements:* within our supply chain by assessing the requirement for, and subsequent provision of, any additional support to help our suppliers adhere to even higher standards and best practices.
- *Running communication events with our key suppliers:* to ensure they understand and are aligned to our expectations regarding the ambitions we have towards our people, communities and planet.
- *Providing clarity within our supplier contracts:* not only about how we require them to operate in accordance with internationally-recognised standards, but also the actions that will be taken in the event of non-compliance.
- *Completing compliance renewal audits:* to ensure suppliers making our products meet our social and environmental standards, in addition to audits for new product suppliers.
- *Introducing a suite of sustainability tools:* to help our suppliers build capability to further improve the way they manage and promote sustainability issues within our supply chain. Examples include supplier risk assessments and due diligence processes.

In 2022/23, we have undertaken the following activities:

- Completed 66 audits of our product suppliers. These audits ensure compliance with our social and environmental standards and adherence to regulatory requirements, enabling long-lasting improvements to be achieved.
- Consulted with our key suppliers to better understand which ethical and sustainable standards and practices they have in place.
- Worked on sustainability-related contractual clauses which will be included in all new agreements with suppliers. These will enable the implementation of measurements and reporting on our environmental targets.
- Finalised our new Supplier Code of Conduct in readiness for embedding into our network of suppliers.
- Continued our approach to managing sustainability with our suppliers and we developed a global process for measuring the volume, and understanding the composition, of all product packaging within our supply chain.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2023 (continued)

(d) Community and environmental impact

(i) Community

We are passionate about giving back to and working with our local communities, wherever in the world we operate. We support many local, national and International causes and are committed to supporting eyecare and hearing care projects for disadvantaged members of society.

We also want to help those in our communities who might not otherwise be able to access sight and hearing care services. This includes providing broader access, increasing awareness of prevention, and early detection support.

Across all our markets, we were involved in a vast number of activities in support of local, regional and national causes. For example, in 2022/23, our UK and ROI stores and support office colleagues raised more than £1 million for charities and good causes, including Glaucoma UK, Blind Veterans UK and Hearing Dogs. Across Northern Europe, we supported more than 100 charities and initiatives designed to reach people who might otherwise have been unable to access our services. In total, we raised €270k for these charities, conducted more than 3,000 free eye tests and donated thousands of pairs of glasses. In Australia and New Zealand we donated a total of A\$3,115k to various charities and good causes.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2023 (continued)

(ii) Environment

We are committed to taking responsibility for the impact our business has on the planet, by better understanding and working to reduce this impact. We're guided by our values and responsibilities to our customers and our people, as well as our obligations in the countries in which we operate.

Our environmental programme is a critical element of our sustainability approach as global and local environmental challenges have wide-reaching and long-term effects, now and in the future.

Sustainability is a key component of our LTF, and our environmental programme is an important element within it. To enable all stakeholders to understand and deliver on our strategy, we have created 5 ambitions:

(1) Carbon: We aim to achieve net zero carbon emissions across scopes 1, 2 & 3 by 2050 and achieve 50% reduction for Scope 1 and Scope 2 emissions and a 25% reduction for Scope 3 emissions by 2030. We are currently in the process of submitting these targets to the Science Based Targets Initiative (SBTi) for validation.

(2) Product: By 2030, we are rated as the market leader for sustainable optical and audiology products and services, helping our customers achieve better health by:

- Reducing unsustainable materials being used in our products, whilst maintaining quality
- Substituting all fossil fuel based virgin plastic with more sustainable materials where clinically permissible
- Ensuring that all our products will be recyclable or reusable across our direct operations
- Collaborating with our supplier partners to measure and reduce the environmental impacts of our products

(3) Packaging: We will reduce the amount and environmental impact of the packaging we purchase, create & dispose of across our value chain.

(4) Water: We will conserve and recycle the water we use in our supply chain and store operations.

(5) Resources: We will maximise resource efficiency and ensure zero landfill waste across our value chain.

(e) Trading ethically

Specsavers operates a Global Ethical Trading Policy, which enshrines the key requirements of obeying all applicable laws, treating people with dignity and respect, protecting the environment and complying with anti-bribery and corruption policies.

Specsavers Optical Superstores Limited

Strategic report for the year ended 28 February 2023 (continued)

Understanding where our products are sourced and made, and the risks as well as opportunities across our operations, is an essential part of our due diligence. This includes not only the products and services we sell, but also the technology and equipment we use and the ways in which they reach our stores and support offices.

We are focused on increasing transparency across our supply chain. We work with over 70 suppliers and 200 factories in 20 countries to deliver the highest standard of products to our customers. Therefore, understanding where our products are sourced and made, and the risks inherent across our operations, is an essential part of our due diligence.

Primarily our products come from globally recognised regulatory environments or factories situated in low- and medium-risk countries. We continue to monitor activity in these countries to ensure that neither bribery and corruption, nor slavery and human trafficking exists in our supply chain.

We ensure regular, independent audits of all our major suppliers who do not operate in globally recognised regulatory environments. However, we recognise a need to continuously evolve and enhance how we manage ethical and sustainability risks in our supply chain. As such, in 2022 we launched our new Sourcing Responsibly Framework. This outlines the principles, standards and tools we follow, expect and use to source goods and services in a responsible manner. This will make sure we are fully equipped to make positive impact on the lives of the people we work with, the communities we serve, and the planet we share.

Broadening our understanding of modern slavery and other ethical risks, strengthening our due diligence processes, and increasing transparency of reporting continues to be a focus for us while also embedding knowledge and awareness of human rights across our teams.

Full details of our Modern Slavery Statement can be found on our website at:
<https://www.specsavers.co.uk/news-and-information/modern-slavery-act>

(f) Treating all shareholders fairly

The company is 100% owned by Specsavers Optical Group Limited, and Specsavers is beneficially owned by DJD and ML Perkins, both of whom are members of the SEB and SIHL board, as well as the board of the company.

Engagement with colleagues

The measures undertaken by the group to ensure appropriate colleague engagement are discussed in the directors' report.

Approved by the board on 11 August 2023 and signed on its behalf by:

.....
DJD Perkins
Director

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2023

The directors present their report, and the consolidated financial statements for the year ended 28 February 2023.

Directors of the group

The directors who held office during the year were as follows:

Specsavers Optical Group Limited (resigned 21 June 2023)

DJD Perkins

ML Perkins

JD Perkins

PB Fussey

JP Marshall (resigned 21 June 2023)

AG Thompson (resigned 21 June 2023)

SD Moore (resigned 21 June 2023)

TM Buller

ND Parker (appointed 3 May 2022 and resigned 21 June 2023)

The following director was appointed after the year end:

PDJ Wright (appointed 21 June 2023)

Dividends and transfers to reserves

During the year the company paid an interim dividend of £15,000k (2022: £Nil). The profit for the financial year of £246,321k (2022: £352,792k) has been transferred in accordance with share ownership to retained earnings £25,041k (2022: £69,214k) and non-controlling interests £221,280k (2022: £283,578k). The directors do not recommend payment of a final dividend (2022: £Nil).

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2023 (continued)

Colleague involvement

The group updates its colleagues via Specsavers' global Intranet site, which provides information on Specsavers as a whole, its activities, its performance and future plans.

The group has established listening groups for the various departments to allow colleagues to communicate suggestions to senior management, and has recently created 'communications champions' to drive this process. Pulse surveys are regularly carried out to gauge colleagues' feelings on a range of issues. During 2023, we'll be extending the invitation to take part in the Great Place To Work® survey to all colleagues and partners globally for the first time. Giving everyone in our business the opportunity to share their views on working here in a consistent way will not only support us in evolving continuous listening but also help us determine how we can make Specsavers one of the world's greatest workplaces.

The group encourages the involvement of support office colleagues in the performance of the group through a colleague profit share scheme. Our stores have various schemes in place to encourage the involvement of store colleagues in performance of individual stores.

The group believes in a policy of equal opportunities. Recruitment and promotion are undertaken on the basis of merit, regardless of gender, race, age, marital status, sexual orientation, religion, nationality, colour and disability. Broadening and strengthening our approach to diversity and inclusion involves working to cultivate an environment that respects and values difference, and where our people feel they can be themselves at work.

Employment of disabled persons

Specsavers is committed to its equality and diversity policy which seeks to ensure that, from recruitment and selection, through to training and development, appraisal and promotion, all persons, including those with disability, are treated fairly and have an equal chance to contribute and achieve their maximum potential.

Directors' qualifying indemnity provision

Qualifying indemnity provision was in place for each of the directors during the year.

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2023 (continued)

Future developments

The Group is committed to delivering on the overall Specsavers vision to change lives through better sight and hearing. The SEB are of the opinion that to do this, we need to deliver the Specsavers Long Term Framework. This focuses on three key areas:

Customer - providing our customers with outstanding clinical care and best value optical and audiology products in all our markets. This ambition is supported by our investment in Technology as discussed in the Strategic Report as we look to transform our in-store and online customer experience.

People - ensuring that we create an environment where our people can thrive by encouraging development; investing in careers; and supporting wellbeing.

Growth - continuing to grow our customer numbers in all our markets, with a particular focus on Canada, our newest retail territory.

Nurturing business relationships with suppliers, customers and partners

The Strategic Report Section 172(1) Statement section 'Nurturing business relationships with suppliers, customers and partners' on page 9 discusses this issue in depth.

Research and development

No significant research and development projects were undertaken by the group during the year other than the Technology investment described above.

Speak up and whistleblowing policies

Specsavers is committed to maintaining an open culture with high standards of honesty and accountability. Every colleague within the organisation has an important role to play to achieve this and Specsavers takes all unprofessional conduct very seriously, whoever commits it.

Specsavers through its written policy reassures its colleagues that issues they raise will be properly considered. Whistle-blower confidentiality is maintained wherever reasonably possible. In all cases, Specsavers will handle the matter fairly and properly.

Corporate governance

The group has adopted the Wates principles which are designed for large private companies in the United Kingdom. No companies within the group are currently large enough to meet the thresholds requiring the disclosure of corporate governance arrangements. The Wates framework recommends that companies consider six key principles of corporate governance:

- (a) purpose and leadership;
- (b) board composition;
- (c) director responsibilities;
- (d) opportunity and risk;
- (e) remuneration; and
- (f) stakeholder relationships and engagement.

Their application to the group is explained in the following sections.

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2023 (continued)

(a) Purpose and leadership

The group's purpose is to change lives through better sight and hearing. This helps guide the way in which we do business and our ambitions are as follows:

- Customer – Deliver outstanding value and be loved by every customer.
- People – Be the place we are all proud to belong.
- Growth – Be the clear market leader in every region, caring for 60 million customers

(b) Board composition

The board of the company is responsible for fulfilling the company's legal and fiduciary responsibilities. It achieves this in conjunction with two other bodies: the SEB as described in the strategic report; and the territory operating boards. The territory operating boards are internal committees, not linked to any one specific company within the organisation, but are responsible for the delivery of the Specsavers strategy within the context of each territory. The SEB directs the overall strategic development of Specsavers globally; determines risk appetite and control measures; promotes professional standards, corporate responsibility and regulatory compliance; and upholds high customer service standards.

The board believes that its composition includes an appropriate combination of skills, backgrounds, experience and knowledge, in line with the size and complexity of the group. Its size is also proportionate to its responsibilities.

SEB members come from a variety of backgrounds and are committed to promoting diversity and inclusion, at SEB level and throughout the whole organisation. The SEB acknowledges the importance of diversity among its members, and among other boards within the organisation, and the role this plays in helping the business achieve its long-term goals; ensuring we have the right people in the right place, at the right time. The SEB has approved a range of activities to promote diversity and inclusion at Specsavers.

The company board, SEB and operating board members are each committed to ongoing professional development and consider that they have sufficient time to discharge their duties.

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2023 (continued)

(c) Director responsibilities

Certain matters are reserved for the SEB for its approval. These include:

- the review and approval of annual operating plans;
- budgets;
- risk appetite;
- performance targets;
- credit or market risk limits;
- acquisitions;
- disposals;
- investments;
- capital expenditure or realisation or creation of a new venture that exceed certain thresholds;
- specified senior appointments; and
- any substantial change in balance sheet management policy.

The SEB is responsible for maintaining and reviewing the effectiveness of risk management and internal control systems, and for determining the level and types of risks Specsavers is willing to take in achieving its strategic objectives. It is also responsible for matters relating to finance, corporate governance, remuneration and effective succession planning. These matters are determined by the SEB as a whole, rather than being delegated to subcommittees.

To meet internal control requirements, procedures have been designed for safeguarding assets against unauthorised use or disposal; for maintaining proper accounting records; and for ensuring the reliability and usefulness of financial information used within the business or for publication.

These procedures provide reasonable assurance against material mis-statement, errors, losses or fraud. They are designed to provide effective internal control within Specsavers and accord with the Financial Reporting Council's guidance for directors issued in 2014, regarding internal control and related financial and business reporting.

The SEB confirms that the system of internal control operated effectively for the 2023 financial year.

The operating boards use an extensive range of information sources to guide their decision-making, including financial information, key performance indicators, retail data, and colleague and consumer feedback. Comprehensive board packs are produced on a timely basis for each operating board meeting. They report regularly to the SEB.

(d) Opportunity and risk

The group creates value by striving to provide exceptional customer service; excellent professional care; and high-quality products, delivered efficiently and in a great retail environment.

The SEB has put in place a clear risk management framework, and determines policies and procedures in relation to internal controls through clear interactions with senior management across Specsavers.

The key risk management and internal control procedures, including the expanded activities of our Global Risk function are explained in detail in the Strategic Report, within the Principal and Emerging Risk Assessment (PERA) section.

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2023 (continued)

(e) Remuneration

During the year the directors received remuneration from Specsavers Optical Group Limited, the parent company, in respect of all of the services they provide to the Specsavers Group. The directors act in a similar capacity for multiple group companies and it is not possible to apportion their remuneration accurately between these group companies.

(f) Stakeholder relationships and engagement

The board has given extensive consideration to the group's impact on stakeholders including colleagues, communities and the environment, as described earlier in the Strategic Report.

The group seeks regular and wide-ranging feedback from its customers and adapts its activities accordingly.

Colleague feedback is obtained through regular surveys and interactions, which are generally provided on an ad hoc basis in relation to specific matters. The feedback received is then used to develop action plans to continue to strengthen the relationships between the business and its colleagues.

Environmental report

We have considered the recommendations of the Financial Stability Board's Task Force on Climate-related Financial Disclosures (TCFD) when preparing this report. These recommendations encourage businesses to increase disclosure of climate-related information, with an emphasis on financial disclosure. Specsavers Optical Superstores Limited supports these recommendations and is committed to disclosing the relevant information which can be found below. The group is compliant with the legislation currently in force (the Companies (Directors' Report) and Limited Liability Partnerships (Energy and Carbon Report) Regulations 2018) but not the Companies (Strategic Report) (Climate-related Financial Disclosure) Regulations 2022. These take effect for financial years starting on or after 6 April 2022; this means that they will first apply to the group for the February 2024 year end.

(a) Governance

We have reviewed and improved our approach to sustainability governance by creating a Sustainability Executive Steering Group (SESG), chaired by our Group Sustainability and Business Transformation Director. The SESG is formed of 11 members of our senior leadership, including our CEO/CSO, CCO and CMO. The SESG meet quarterly and are the highest level of sustainability governance within Specsavers, reporting to the SEB on sustainability issues.

In 2022 we created a new sustainability management and governance framework for our global organisation, with new senior appointments having central group oversight and additional appointments with territory responsibility. This new structure cascades responsibilities through the Sustainability Ambitions Committee (SAC) down to regional and functional sustainability management.

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2023 (continued)

(b) Strategy

In 2022/23 we created a new governance and delivery structure for our sustainability function and began the team recruitment to deliver under our new vision. We completed our first global carbon footprint baseline and began work to understand how we might achieve a carbon reduction plan aligned to a 2050 net zero target.

In 2023/24 we will set near term and long-term carbon reduction targets aligned to achieving net zero before 2050. We will also seek validation of our carbon reduction plans by submitting our plans for validation by the Science Based Targets Initiative (SBTi) and complete the recruitment for our new sustainability governance structure.

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2023 (continued)

(c) Risk Management

Climate change related risks

(i) Physical risks

Extreme weather events and weather-related events such as storms, wildfires and flooding may lead both to localised trading disruption for stores, and potentially to wider disruption in supply chain production and logistics.

Specsavers has in place sufficient response and disaster recovery procedures to ensure affected store businesses can survive adverse incidents and recover and resume trading in the shortest time frame possible. Active risk management and duplication of capacity within the supply chain ensures sufficient options for continued product flow should any major supply sources be adversely impacted by physical events as shown by the ability to respond to the pandemic.

The group board considers the likelihood of some store-level adverse physical events in any year to be low to moderate; however, under mitigation the impact should be low.

The group board considers the likelihood of impact on the supply chain from physical events in any given year to be low. If they were to occur, the impact should be low due to the extra capacity, emergency planning and disaster recovery procedures in place.

(ii) Transitional risks

It is generally recognised that the global ambition of moving towards a low carbon future creates risk and uncertainty for business.

Policy and legal requirements: international governments' responses to the climate challenge present the risk of increased business costs such as additional legislative compliance activity and reporting, upgrading buildings to higher energy efficiency standards and carbon taxation. Public sector and B2B contracts also require increasing evidence of supplier carbon management and energy efficiency activity to meet national carbon reduction targets, again creating a risk of increasing costs to service.

As with other legal and regulatory risks, climate-related legislative compliance risk is managed through external experts and our own organisational expertise. The group board considers that there is a low risk of non-compliance with climate-related legislation, but recognises that the impact of non-compliance could be high.

As regards supplier contractual requirements, the risk of non-compliance is also considered low, through our continual internal management of the contract requirements; however the group board recognises that the impact could be high if contractual requirements were not met.

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2023 (continued)

Market risk / reputational risk: consumer demand for low carbon goods and services is growing and organisations that do not take a responsible approach to carbon management may lose customers and suffer reputational damage. Specsavers' products and services are not energy/carbon intensive to produce, supply, or use; however Specsavers' customers and other stakeholders are increasingly engaging with the business on wider sustainability issues such as disposal, recycling and packaging.

Governance of sustainability issues is delivered through the ESG and the SAC which reviews all sustainability impacts and the associated risks and opportunities. The SAC identifies, appoints ownership and monitors and manages sustainability risks.

The board considers that the risk of significant changes in consumer behaviour for Specsavers' products and services, and the risk to the organisation's reputation regarding climate issues is low in the shorter term and moderate over the longer term. Monitoring of sustainability issues, Specsavers' planned response, and the predicted gradual change in customer expectations over time should limit the impact to a low level.

(iii) Opportunities

Resource efficiency: we have made significant reductions in material usage and greatly reduced process waste in our lens surfacing facilities. We continue to reduce our use of packaging and are setting global targets for packaging reduction. We have also reintroduced collection and recycling of customers' used glasses in our UK stores.

Energy source: all of our UK group electricity contracts have been moved onto Renewable Energy Guarantees of Origin (REGO) renewable supplies and we are now investigating how we can decarbonise our space and water heating at our main support offices when the current facilities come to end of life, by moving away from gas.

Products and services: by decarbonising our business and supply chain and producing product ranges from renewable and recycled materials, we should be able to take advantage of changing consumer demand away from non-renewably sourced and single-use plastics.

(d) Metrics

The Companies (Directors' Report) and Limited Liability Partnerships (Energy and Carbon Report) Regulations 2018 implement the UK government's policy on Streamlined Energy and Carbon Reporting (SECR). Large UK private companies with a global presence such as Specsavers Optical Superstores Limited are only required to report their UK emissions. As such, the below disclosures relate only to the group's UK activities.

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2023 (continued)

(i) Methodology:

- Greenhouse gas (GHG) Protocol Corporate Standard applied
- Data period: 01/03/2022 to 28/02/2023
- Entities in scope determined by financial control and included at 100% regardless of equity share
- Carbon and kWh conversion factors: DEFRA GHG Conversion Factors
- Fuel price data: Department for Energy Security and Net Zero - Energy prices
- All utility data from supplier billing or estimated on historic supplier billing / portfolio average
- All mileage data and fuel use exported directly from expensed mileage and fuel claims

(ii) Summary of emissions:

Summary of scope 1 (direct) greenhouse gas emissions for the year ended 28 February:

	Total energy use measurement kWh	2023 CO2te	2022 CO2te
Mains gas and expensed fuel in business owned /leased vehicles	4,449,511	<u>962</u>	<u>778</u>

Summary of scope 2 (indirect) greenhouse gas emissions for the year ended 28 February:

	Total energy use measurement kWh	2023 CO2te	2022 CO2te
Purchased grid electricity and self-generated electricity	46,157,770	<u>8,926</u>	<u>10,582</u>

Summary of scope 3 (other indirect) greenhouse gas emissions for the year ended 28 February :

	Total energy use measurement kWh	2023 CO2te	2022 CO2te
Expensed fuel for business travel in non-owned/leased vehicles	6,850,215	<u>1,687</u>	<u>1,158</u>

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2023 (continued)

Total energy usage has decreased 1.3% year on year and emissions have decreased by 7.5% as the energy types and carbon intensity of consumed energy have changed, but also assisted by a 9% drop in the UK grid emissions factor due to a lower carbon grid generation mix.

On a market-based report, excluding REGO electricity, underlying scope 1 and 2 emissions have increased 41.5%, driven by increased domiciliary and support mileage. We have also included our Sainsbury concession electricity impact for the first time.

Regarding scope 1 emissions, vehicle use emissions increased substantially, led by the rapid growth of our domiciliary business. Business mileage increased by 42.6% for the leased fleet, with related emissions slightly ahead of this at 50%, despite the continuing move away from diesel vehicles. Natural gas usage was 7% up on prior year, but within acceptable variance for the small number of supplies.

For scope 2 emissions, overall electricity usage was down 7.3% across all functions, with our manufacturing and distribution (M&D) sites introducing additional energy efficiency initiatives. Following a large increase in last year's accounts, electricity usage in stores has dropped back to expected levels. We hope to understand this better following Energy Savings Opportunity Scheme (ESOS) store audits in 2023.

Scope 3 emissions have increased by 45.6%, again led by the increased mileage covered by our domiciliary partners' and colleagues' vehicles. Business mileage in colleagues' vehicles increased 43.1%, with related emissions slightly ahead of this at 44.4%, despite the continuing move away from diesel vehicles.

(iii) Intensity ratio:

An intensity metric of total emissions has been selected from all the UK group activity including stores, support offices and M&D activity, against total store floor area. This metric reflects the full carbon impact of operating, supporting and supplying the retail optical and audiology stores, against the current scale of the stores.

2022/23 total carbon intensity metric: 0.0042 (2021/22: 0.0049) CO₂e / sqft retail stores.

2022/23 total energy intensity metric: 20.61 (2021/22: 22.62) kWh / sqft retail stores.

(iv) Energy efficiency action:

We began installing more detailed sub-metering systems for electricity, gas and water usage in our UK manufacturing facilities, and we set up a single point data capture system to improve our reporting capability for our M&D portfolio.

We have greatly increased the percentage of frames that we ship by sea freight. We are working on improving the data collection in this area, so that in the future we can reliably report on the associated carbon savings.

We continue to purchase all group contract electricity on REGO renewable tariffs for stores, M&D and support offices.

Specsavers Optical Superstores Limited

Directors' report for the year ended 28 February 2023 (continued)

Going concern

There remains significant uncertainty regarding the longer-term global economic outlook, including elevated inflation, but the directors are comfortable that the group is well positioned to meet any challenges that lie ahead. The directors have prepared cash flow forecasts which indicate that the group will be able to meet its liabilities as they fall due for a period of at least 12 months from the approval of the financial statements.

Specsavers and its stores have access to significant cash holdings (see note 17) alongside positive operating cashflows which support the group's liquidity and longer-term viability, and provide the ability to withstand reasonably possible downside scenarios should they arise. In addition, the group has no external borrowings. Therefore, the expectation of the directors is that they will be able to meet liabilities as they fall due over a period of at least 12 months.

Risks

Financial risk, price risk, credit risk, liquidity risk and cash flow risk are discussed in the Strategic Report where material.

Post balance sheet events

There were no significant events after the balance sheet date requiring disclosure in this report and financial statements.

Disclosure of information to the auditor

Each director has taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the group's auditors are aware of that information. The directors confirm that there is no relevant information that they know of and of which they know the auditors are unaware.

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006 (amended).

Reappointment of auditors

BDO LLP have expressed their willingness to continue in office.

Approved by the board on 11 August 2023 and signed on its behalf by:

DJD Perkins
Director

Specsavers Optical Superstores Limited

Statement of directors' responsibilities

The directors acknowledge their responsibilities for preparing the strategic report, directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the group and the company financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and the company, and of the profit or loss of the group and the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the group and the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the group's and the company's transactions, and disclose with reasonable accuracy at any time the financial position of the group and the company enabling them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the group and the company, and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Specsavers Optical Superstores Limited

Independent auditor's report to the members of Specsavers Optical Superstores Limited

Opinion on the financial statements

In our opinion:

- the financial statements give a true and fair view of the state of the group's and of the parent company's affairs as at 28 February 2023 and of the group's profit for the year then ended;
- the financial statements have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- the financial statements have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements of Specsavers Optical Superstores Limited (the 'parent company') and its subsidiaries (the 'group') for the year ended 28 February 2023 which comprise the Consolidated profit and loss account, Consolidated statement of comprehensive income, Consolidated balance sheet, Company balance sheet, Consolidated statement of changes in equity, Company statement of changes in equity, Consolidated statement of cash flows, and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the group and the parent company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the group's and parent company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Specsavers Optical Superstores Limited

Independent auditor's report to the members of Specsavers Optical Superstores Limited (continued)

Other information

The directors are responsible for the other information. The other information comprises the information included in the Annual Report other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Other Companies Act 2006 reporting

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic report and the Directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the group and parent company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic report or the Directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the Parent Company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the Statement of directors' responsibilities, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

Specsavers Optical Superstores Limited

Independent auditor's report to the members of Specsavers Optical Superstores Limited (continued)

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Extent to which the audit was capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, our procedures included the following:

- enquiring of management and the directors, including obtaining and reviewing supporting documentation, concerning the group's policies and procedures relating to:
 - identifying, evaluating and complying with laws and regulations and whether they were aware of any instances of non-compliance;
 - detecting and responding to the risks of fraud and whether they have knowledge of any actual, suspected or alleged fraud; and
 - the internal controls established by the group to mitigate risks related to fraud or non-compliance with laws and regulations.
- discussing among the engagement team including significant component audit teams, how and where fraud might occur in the financial statements and any potential indicators of fraud. As part of this discussion, we identified potential for fraud in the following areas:
 - Management override of controls;
 - Improper revenue recognition; and
 - Cash controls governance in new operations.
- obtaining an understanding of the legal and regulatory frameworks that the group operates in, focusing on those laws and regulations that had a direct effect on the financial statements or that had a fundamental effect on the operations of the group. The key laws and regulations we considered in this context included the UK Companies Act, UK Generally Accepted Accounting Principles, and relevant tax and employment legislation.

Specsavers Optical Superstores Limited

Independent auditor's report to the members of Specsavers Optical Superstores Limited (continued)

In addition to the above, our procedures to respond to risks identified included the following:

- reviewing the financial statement disclosures and testing to supporting documentation to assess compliance with relevant laws and regulations noted above;
- enquiring of management, the directors and legal counsel concerning actual and potential litigation and claims;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- reading minutes of meetings of those charged with governance, reviewing correspondence with tax authorities; and
- addressing the risk of fraud through management override of controls by, testing the appropriateness of journal entries including journal entries posted to revenue and other adjustments; assessing whether the judgements made about assumptions reflected in accounting estimates are indicative of a potential bias; and evaluating the business rationale of any significant transactions that are unusual or outside the normal course of business;
- addressing the risk of fraud through management bias in key estimates and judgements in the financial statements by either assessing management's own estimates, benchmarking estimates and judgements or establishing a point estimate to compare with, thereby identifying any anomalous output;
- addressing the risk of fraud in revenue recognition by performing detailed audit procedures around adjustments to transactional processing to recognise work in progress, deferred and accrued income balances;
- addressing the risk of fraud related to cash controls governance in new operations by understanding the controls in place when entering new markets and performing substantive audit procedures over significant cash payments.

Our audit procedures were designed to respond to risks of material misstatement in the financial statements, recognising that the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery, misrepresentations or through collusion. There are inherent limitations in the audit procedures performed and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we are to become aware of it.

A further description of our responsibilities is available on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Specsavers Optical Superstores Limited

Independent auditor's report to the members of Specsavers Optical Superstores Limited (continued)

Use of our report

This report is made solely to the Parent Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Parent Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Parent Company and the Parent Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2023

1 General information

The company is a private limited company limited by share capital, incorporated in England and Wales.

The address of its registered office is:

Forum 6, Parkway
Solent Business Park
Whiteley
Fareham
PO15 7PA
United Kingdom

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

These financial statements are prepared in accordance with United Kingdom Accounting Standards, including FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' ("FRS 102") and the UK Companies Act 2006 (as amended).

Basis of preparation

The financial statements are prepared in sterling which is the functional currency of the company and are rounded to the nearest £'000.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2023 (continued)

2 Accounting policies (continued)

Going concern

There remains significant uncertainty regarding the longer-term global economic outlook, including ongoing elevated inflation, and consequently the group is taking a diligent approach to cost management.

As noted in the Strategic Report, the SEB and group board are optimistic that we will continue to see a return to pre-pandemic normalised operating performance in the coming year in our core markets. Specsavers is continuing to invest in the brand, store customer experience, partner support and supply chain. Even in the event of a global recession, the boards are confident that the business would continue to be cash generative. Based on previous experience, the boards consider that only a forced closure of the stores will cause this not to be the case.

Specsavers and its stores have access to significant cash holdings (see note 17) alongside positive cashflows which support the group's liquidity and longer-term viability, and provide the ability to withstand reasonably possible downside scenarios should they arise. In addition, the group has no external borrowings. The directors are therefore comfortable that the group is well-positioned to meet any challenges that lie ahead. They have prepared cash flow forecasts which indicate that the group will be able to meet its liabilities as they fall due, for a period of at least 12 months from the approval of the financial statements.

Summary of disclosure exemptions

As the parent company, Specsavers Optical Superstores Limited has provided a guarantee under the provision of the Companies Act 2006, s479C, for an audit exemption for its subsidiary companies. The results of these companies and the parent company are included in these consolidated financial statements. With the exception of retail stores in ROI, Norway, Sweden and Finland; Specsavers International B.V., Ireland Specsavers Limited and Ireland Specsavers Hearcare Limited, the subsidiaries listed in note 14 have taken advantage of the exemption from having their accounts audited under the provisions of the Companies Act 2006, s479A.

No profit and loss account or statement of comprehensive income has been presented for the company, as permitted by section 408 of the Companies Act 2006, and no cash flow statement has been presented, as permitted by FRS 102.

Basis of consolidation

The group financial statements consolidate the financial statements of the company and its subsidiary undertakings drawn up to 28 February 2023.

The results of subsidiaries acquired or disposed of during the year are included in the consolidated profit and loss account from the effective date of acquisition or up to the effective date of disposal, as appropriate. Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with those used by the group.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2023 (continued)

2 Accounting policies (continued)

The purchase method of accounting is used to account for business combinations that result in the acquisition of subsidiaries by the group. The cost of a business combination is measured as the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the business combination. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Any excess of the cost of the business combination over the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities recognised is recorded as goodwill.

Where a business combination falls within the definition of a group reconstruction, merger accounting is used. In this instance the carrying values of the assets and liabilities of the parties to the combination are not required to be adjusted to fair value, although appropriate adjustments are made to achieve uniformity of accounting policies in the combining entities. The results and cash flows of all the combining entities are brought into the financial statements of the combined entity from the beginning of the financial year in which the combination occurred, adjusted so as to achieve uniformity of accounting policies. The comparative information is restated by including the total comprehensive income for all the combining entities for the previous reporting period and their balance sheets for the previous reporting date, adjusted as necessary to achieve uniformity of accounting policies.

Inter-company transactions, balances and unrealised gains on transactions between the company and its subsidiaries, which are related parties, are eliminated in full.

Intra-group losses are also eliminated but may indicate an impairment that requires recognition in the consolidated financial statements.

Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

Judgments

The following are the critical judgments made by management, apart from those involving estimations (see 'Key sources of estimation uncertainty' below), that have a significant effect on the amounts reported in the financial statements:

Operating lease commitments

The group enters into multiple commercial property leases, where as a lessee it obtains the use of property. The classification of each lease as either an operating or finance lease requires the group to determine, based on evaluation of the terms and conditions of the arrangements, whether it retains or acquires the significant risks and rewards of ownership of these assets, and accordingly whether the lease requires an asset and liability to be recognised in the balance sheet. The key factor considered is the length of the lease term, compared to the expected useful life of the underlying asset. Where the asset life is considerably longer than the lease term, the significant risks and rewards are not deemed to be transferred to the group, and the lease is consequently accounted for as an operating lease.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2023 (continued)

2 Accounting policies (continued)

Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and the other key sources of estimation uncertainty at the end of the reporting period that have a risk of causing material adjustments to the carrying amounts of assets and liabilities within the next financial year:

Goodwill and intangibles

The group establishes a reliable estimate of the useful life of goodwill, intangible assets arising on business combinations and internally generated intangible assets, such as software development costs.. This estimate is based on a variety of factors such as the expected use of the acquired asset, the expected usual life of the cash generating units to which the goodwill is attributed, any legal, regulatory or contractual provisions that can limit useful life and assumptions that market participants would consider in respect of similar businesses. (See note 12 for relevant numbers.)

Deferred revenue

Deferred revenue arises when cash is received in advance of revenue being earned, either in the form of deposits received for spectacles and hearing aids which have not been collected, or direct debit payments received for contact lenses in advance of delivery of the lenses to the customer. Deferred revenue is a liability on the balance sheet until it is earned. Customer data is used to estimate the value of uncollected spectacle sales which should be deferred at the year-end. Deferred revenue for contact lens sales purchased by direct debit is estimated using system reports which allow a calculation of where each customer is in their payment cycle, and therefore how much has been paid in advance of delivery of goods. Deferred revenue in respect of bundled sales of hearing aids and four years' batteries is calculated using the underlying cost prices of the elements in the bundle; management deem this to be the best estimation of the fair value split. (See note 18 deferred income for the relevant numbers.)

Long service provision

The calculation of long service leave in Australia requires management to make actuarial assumptions about demographic variables, probabilities, financial variables (such as inflation) and then discount to NPV using Reserve Bank of Australia (RBA) rates. (See note 21 for relevant numbers.)

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2023 (continued)

2 Accounting policies (continued)

Taxation

The group establishes provisions based on reasonable estimates, for possible consequences of audits by the tax authorities. The amount of such provisions is based upon various factors, such as experience with previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Management estimation is required to determine the amount of deferred tax assets that can be recognised, based upon likely timing and level of future taxable profits together with an assessment of the effect of future tax planning strategies. (See note 1.1 for relevant numbers.)

Revenue recognition

Revenue is recognised to the extent that the group obtains the right to consideration in exchange for its performance. Revenue is measured at the fair value of the consideration received, excluding discounts, rebates, VAT and other sales taxes or duty. The following criteria must also be met before revenue is recognised:

Revenue from the sale of goods and services is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on despatch of the goods, or when services are provided and the amount of revenue can be measured reliably. It is probable that the economic benefits associated with the transaction will flow to the group and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Goods revenue consists primarily of the sale of frames, lenses, hearing aids and contact lenses. Service revenue relates to services provided to the parent company, as well as rent, utilities and other services provided to companies within the Specsavers organisation.

Deferred revenue on the company balance sheet arises from rents prepaid by Specsavers retail companies to the company and is released as the usage of store premises is provided.

Other operating income

Other operating income is recognised on an accruals basis when the group becomes entitled to receipt.

Government grants

Grants are accounted for under the accruals model as permitted by FRS 102. Grants relating to expenditure on tangible fixed assets are credited to the profit and loss account at the same rate as the depreciation on the assets to which the grant relates. The deferred element of grants is included in creditors as deferred income.

Grants of a revenue nature are recognised within the profit and loss in the same period as the related expenditure.

Foreign currency transactions and balances

Transactions in foreign currencies are initially recorded in the group's functional currency by applying the spot exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance sheet date. All differences are taken to the profit and loss.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2023 (continued)

2 Accounting policies (continued)

Tax

Current tax is provided at amounts expected to be paid (or recovered) using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences which are differences between taxable profits and total comprehensive income that arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements, except that unrelieved tax losses and other deferred tax assets are recognised only to the extent that the directors consider that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Goodwill

Positive goodwill acquired is capitalised, classified as an asset on the balance sheet and amortised on a straight-line basis over its useful life. Goodwill acquired is, from the acquisition date, allocated to each cash generating unit that is expected to benefit from the synergies of the acquisition. If a business is subsequently sold or discontinued, any goodwill arising on acquisition that has not been amortised through the consolidated profit and loss account is taken into account in the profit or loss recognised on sale or discontinuance.

Amortisation

Amortisation is provided on intangible assets so as to write off the cost, less any estimated residual value, over their useful life as follows:

Asset class	Amortisation rate
Goodwill	10 years straight line

Tangible fixed assets

Tangible assets are stated in the company balance sheet at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

The cost of tangible assets includes directly attributable incremental costs incurred in their acquisition and installation.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2023 (continued)

2 Accounting policies (continued)

Depreciation

Depreciation is provided on a straight line basis at the following rates in order to write off the cost less estimated residual value of each asset over its estimated useful life (or if held under a finance lease, over the lease term, whichever is the shorter):

Asset class	Depreciation rate
Equipment	7%-50%
Plant and machinery	7%-50%
Fixtures and fittings	7%-25%
Land	Not depreciated
Buildings	2%

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2023 (continued)

2 Accounting policies (continued)

Assets under construction

Assets under construction represent payments on machinery being constructed which are not depreciated until the asset is ready for use.

Intangible assets

Software development costs incurred are recognised as intangible assets, provided that the project is technically feasible, the group both intends and has the ability to complete it, and adequate technical, financial and other resources are available to complete the development of the software to the point that it is available for use. Computer software assets are carried at cost less any accumulated amortisation and any accumulated impairment losses. On project completion, computer software assets are written off on a systematic basis over their useful economic life.

Impairment of non-financial fixed assets

The group assesses at each reporting date whether an asset may be impaired. If any such indication exists the group estimates the recoverable amount of the asset. If it is not possible to estimate the recoverable amount of the individual asset, the group estimates the recoverable amount of the cash generating unit to which the asset belongs. The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to sell and its value in use. If the recoverable amount is less than its carrying amount, the carrying amount of the asset is impaired and it is reduced to its recoverable amount through an impairment in profit and loss unless the asset is carried at a revalued amount where the impairment loss of a revalued asset is a revaluation decrease.

For all assets an impairment loss recognised is reversed in a subsequent period if and only if the reasons for the impairment loss have ceased to apply, with the exception of goodwill where impairment is never reversible.

Investments

Investments in fellow Specsavers organisation companies are measured at cost less impairment.

Stock

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost is determined using the weighted average method.

The cost of finished goods and work in progress comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the stocks to their present location and condition. At each reporting date, stocks are assessed for impairment. If stocks are impaired, the carrying amount is reduced to its selling price less costs to complete and sell; the impairment loss is recognised immediately in profit or loss.

Short term debtors and creditors

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in the consolidated profit and loss account in administrative expenses.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2023 (continued)

2 Accounting policies (continued)

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value. The directors have included the balances owed to and from Specsavers Finance (Guernsey) Limited, the Group Treasury Company within cash equivalents.

Provisions

A provision is recognised when the group has a legal or constructive obligation as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Leases

Leases in which substantially all the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to profit or loss on a straight-line basis over the period of the lease. Lease incentives are recognised over the lease term on a straight-line basis.

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee.

Assets held under finance leases and hire purchase contracts are capitalised in the balance sheet and are depreciated over the shorter of the useful life of the asset and the lease term. A corresponding liability is recognised for the lower of the fair value of the leased asset and the present value of the minimum lease payments in the balance sheet. Lease payments are apportioned between the reduction of the lease liability and finance charges in the profit and loss account so as to achieve a constant rate of interest on the remaining balance of the liability.

Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred, the initial measurement is on a present value basis.

Foreign currency translation reserve

The variances arising from translation of the equity value of subsidiaries, using the opening foreign exchange rate compared to the closing foreign exchange rate, are taken to 'other comprehensive income' and subsequently held in the foreign currency translation reserve.

Other reserves

Other reserves relates to equity contributions from other subsidiaries of the ultimate parent.

Retained earnings reserve

The retained earnings reserve represents cumulative profits and losses, net of dividends paid, as well as transactions which result in changes in the ownership of A shares in subsidiary undertakings without a change in control.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2023 (continued)

2 Accounting policies (continued)

Non-controlling interests reserve

The non-controlling interests reserve is the share of the group's reserves not owned by the company. Non-controlling interests are valued at the proportionate share of third parties in the net value of the assets and liabilities of subsidiary undertakings, determined in accordance with the company's measurement principles.

Dividends

Final dividends are recognised as an appropriation of equity when approved by the company's shareholders. Interim dividends are recognised when paid.

Defined contribution pension obligation

A defined contribution plan is a pension plan under which fixed contributions are paid into a pension fund and the group has no legal or constructive obligation to pay further contributions even if the fund does not hold sufficient assets to pay all colleagues the benefits relating to colleague service in the current and prior periods.

Contributions to defined contribution plans are recognised as colleague benefit expense when they are due. If contribution payments exceed the contribution due for service, the excess is recognised as a prepayment.

3 Turnover

The analysis of the group's turnover for the year by activity is as follows:

	2023 £ 000	2022 £ 000
Sale of goods	3,275,565	3,168,572
Rendering of services	151,145	222,293
	<u>3,426,710</u>	<u>3,390,865</u>

The analysis of the group's turnover for the year by market is as follows:

	2023 £ 000	2022 £ 000
UK	1,754,853	1,925,212
Rest of Europe	766,230	739,377
Australasia	848,095	719,202
North America	57,532	7,074
	<u>3,426,710</u>	<u>3,390,865</u>

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2023 (continued)

4 Other operating income

The analysis of the group's other operating income for the year is as follows:

	2023 £ 000	2022 £ 000
Support received under national schemes	-	5,491
Other operating income	<u>15,835</u>	<u>9,442</u>
	<u>15,835</u>	<u>14,933</u>

Other operating income relates to multiple balances including, but not restricted to, sundry income, miscellaneous subsidies and insurance income; none of the individual balances are material to these financial statements.

5 Operating profit

Arrived at after charging / (crediting):

	Note	2023 £ 000	2022 £ 000
Depreciation expense	13	94,144	78,867
Amortisation expense	12	3,321	2,449
Impairment loss		140	-
Foreign exchange losses		1,969	953
Operating lease expense - property		130,673	116,935
Loss/(profit) on disposal of tangible fixed assets		<u>98</u>	<u>(158)</u>

6 Interest receivable and similar income

	Note	2023 £ 000	2022 £ 000
Interest income from Group Treasury Company	28	2,362	150
Interest income on bank deposits		3,660	516
Other finance income		<u>4</u>	<u>1</u>
		<u>6,026</u>	<u>667</u>

7 Interest payable and similar charges

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2023 (continued)

7 Interest payable and similar charges (continued)

	Note	2023 £ 000	2022 £ 000
Interest on obligations under finance leases and hire purchase contracts		218	240
Interest paid to Group Treasury Company	28	3,444	3,906
Other finance costs		575	32
		<u>4,237</u>	<u>4,178</u>

8 Colleague costs (including directors)

The aggregate payroll costs (including directors' remuneration) were as follows:

	2023 £ 000	2022 £ 000
Wages and salaries	1,188,353	1,022,454
Social security costs	79,974	63,288
Pension costs, defined contribution scheme	55,291	45,161
	<u>1,323,618</u>	<u>1,130,903</u>

Included in the above payroll costs are wages and salaries £113,390k (2022: £82,771k), social security costs £12,792k (2022: £8,656k) and pension costs £9,992k (2022: £7,132k) which relate to the company.

The average number of colleagues during the year:

	2023 No.	2022 No.
Retail operations	38,425	33,426
Retail support services	3,164	2,446
Manufacturing	1,021	1,027
Distribution	172	216
	<u>42,782</u>	<u>37,115</u>

Included in the above average number of colleagues are retail support services colleagues numbering 1,720 (2022: 1,326) who are employed by the company.

There were pension contributions of £5,056k outstanding at the year end (2022: £3,717k).

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2023 (continued)

9 Directors' remuneration

During the year the directors received remuneration from Specsavers Optical Group Limited, the parent company, receiving no remuneration from Specsavers Optical Superstores Limited. The directors act in a similar capacity for multiple group companies and it is not possible to apportion their remuneration accurately between these group companies.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2023 (continued)

10 Auditors' remuneration

	2023 £ 000	2022 £ 000
<i>Audit of these financial statements</i>	1,171	745
<i>Audit of subsidiaries</i>	1,504	1,135
	<u>2,675</u>	<u>1,880</u>
Other fees to auditors		
<i>All other tax advisory services</i>	10	15
<i>All other non-audit services</i>	5	86
	<u>15</u>	<u>101</u>

11 Taxation

Analysis of charge in the year:

	2023 £ 000	2022 £ 000
Current taxation		
UK corporation tax based on profit for the year	38,803	54,982
Adjustment in respect of prior years	(554)	1,284
Total current taxation	38,249	56,266
Foreign corporation tax based on profit for the year	41,052	44,328
Withholding tax suffered	1,079	-
Total current income tax	<u>80,380</u>	<u>100,594</u>
Deferred taxation		
Origination and reversal of timing differences	(1,325)	(1,512)
Restatement at new tax rate	53	(2,700)
Adjustment in respect of prior years	2,345	411
Total deferred taxation	<u>1,073</u>	<u>(3,801)</u>
Tax expenses in consolidated profit and loss account	<u>81,453</u>	<u>96,793</u>

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2023 (continued)

11 Taxation (continued)

The tax assessed for the year is higher than the standard rate of corporation tax in the UK of 19% (2022: 19%).

The differences are explained below:

	2023 £ 000	2022 £ 000
Profit before tax	<u>327,774</u>	<u>449,585</u>
Corporation tax at standard rate	62,277	85,421
Expenses not deductible for tax purposes/income not taxable	1,895	1,368
Higher overseas tax rates	11,220	8,861
Timing differences where no deferred tax has been recognised	3,190	(552)
Prior year deferred tax adjustments	2,345	411
Prior year current tax adjustments	(554)	1,284
Withholding and income taxes	<u>1,080</u>	<u>-</u>
Total tax charge	<u>81,453</u>	<u>96,793</u>

The group tax charge is higher than the standard rate UK due to tax on overseas earnings being calculated at the rates applicable in each relevant jurisdiction.

Factors that may affect future tax charges:

Increases in the UK corporate tax rate were substantively enacted on 24 May 2021. The main rate of corporation tax was increased from 19% to 25% with effect from 1 April 2023. Deferred tax on temporary differences at the balance sheet date is calculated at the fully enacted rates at which the temporary differences are expected to reverse.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2023 (continued)

11 Taxation (continued)

Deferred tax

Group

Deferred tax balances relate to UK and foreign taxes. The net deferred tax asset is comprised of the following:

	Note	2023 £ 000	2022 £ 000
Short term timing differences		25,512	23,483
Tax losses carried forward / utilised		1,740	1,671
Fixed asset timing differences		<u>5,931</u>	<u>8,327</u>
	16, 18	<u>33,183</u>	<u>33,481</u>
		2023 £ 000	2022 £ 000
Opening balance		33,481	30,559
Origination and reversal of timing differences		1,273	4,212
Adjustment in respect of prior year		(2,373)	(412)
On subsidiaries purchased		(11)	7
Foreign exchange rate differences		<u>813</u>	<u>(885)</u>
28 February		<u>33,183</u>	<u>33,481</u>

A deferred tax asset is regarded as recoverable, and therefore recognised, only to the extent that, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. The estimated value of the deferred tax asset not recognised, measured at standard rates for the countries concerned is £4,670k (2022: £964k) in respect of store operations.

The amount of the net reversal of deferred tax assets and deferred tax liabilities expected to occur during the year beginning after the reporting period is £25,119k (2022: £20,110k). This relates to the reversal of existing timing differences between qualifying depreciation and capital allowance claims and short term timing differences.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2023 (continued)

11 Taxation (continued)

Company

The deferred tax recognised in the balance sheet is as follows:

	Note	2023 £ 000	2022 £ 000
Fixed asset timing differences		-	(75)
Short term timing differences		-	559
	16	-	484
		2023 £ 000	2022 £ 000
1 March		484	436
Adjustment in respect of prior year		-	(17)
Origination and reversal of timing differences		(4)	(67)
Restatement of prior year at new tax rate		(480)	132
28 February		-	484

Details of Investments in which the parent company has control, either through legal ownership or dominant influence of the results and operations of those entities are listed below.

Where A and B ordinary shares exist, the parent company or in country support office holds 100% of the B ordinary shares which grant control, and various percentage holdings in the A ordinary shares. In accordance with the Articles of Association of the subsidiary entities, the right to participate in the profits of the company is exclusive to A ordinary shares and no dividend is payable on the B ordinary shares.

Where alternative capital structures exist, the parent company or in country support office may have some or none of the participating interest, but does exercise dominant control through the arrangements in place with those holding the participating interest.

All entities are indirectly held with the exception of those marked *.

Unless noted in the table below, all subsidiaries' registered address is Forum 6, Parkway, Solent Business Park, Whiteley, Fareham, PO15 7PA, England, these subsidiaries are registered in England and Wales and their function is an optical retailer.

On 22 September 2022, the group was restructured to include Szatmar Optikai KFT, a manufacturing site in Hungary. This company was previously consolidated elsewhere within the Specsavers structure.

All subsidiaries share the same accounting year as the parent company.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2023 (continued)

17 Cash at bank and in hand (continued)

Reclassification of Group Treasury balances

The amounts shown as Group Treasury Company included in cash at bank in the prior year were previously presented as cash at bank in the balance sheet but should have been shown as receivables. These balances have been reclassified as receivable balances. As a result, cash at bank for the group has reduced by £361,542k with receivables from Group Treasury Company included in current debtors increasing by the same amount. Cash at bank for the company has reduced by £76,269k with receivables from Group Treasury Company included in current debtors increasing by the same amount. There is no impact on net current assets, net assets, profit for the year nor on the cash flow statements as these balances have been appropriately identified as cash equivalents under FRS 102 in line with the group accounting policy.

In evaluating the nature of balances held by the group with other Specsavers group entities it was noted that one balance which was previously shown within amounts receivable from related parties is better reflected as a cash and cash equivalent as the nature of the balance is a short term credit facility and so a balance due from group treasury company. In addition, the amounts receivable from related parties per Note 28 has reduced by £5,399k and the balance held with Group Treasury company has increased by £5,399k per Note 17 and Note 28. The total value of trade and other debtors has not changed from the prior year. As a result, the movement in group loans within financing cash flows in FY22 were overstated by £11,221K and cash and cash equivalents were understated by £5,399k in error. The brought forward cash and cash equivalents figure for FY21 has decreased by £11,221k as a result of this reclassification and the receipts from financing balances from group loans is reduced by £11,221k.

A balance of £18,921k was previously mapped to Group Treasury Overdraft in Note 17 Cash at bank and in hand and in Note 19 Loans and borrowings in the prior period. The balance should have instead been mapped to Group Treasury Company Loans in Note 19 Loans and borrowings. This has been corrected in the current period consolidated financial statements and impacts the cash flow statement and cash and cash equivalents. As a result of this, Group Treasury Overdraft in Note 17 and Note 19 decreased by £18,921k, Group Treasury Company loans in Note 19 increased by £18,921k and Cash and Cash equivalents in the cash flow statement increased by the same amount. Receipt of Group Treasury Loans in the cash flow statement increased by £18,921k also.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2023 (continued)

17 Cash at bank and in hand (continued)

In making these amendments to the FY22 financials, there has been no impact on the net current assets, the net assets or profit of the Company or the Group. The impact of the adjustments in total has the following effects on the FY22 numbers:

Consolidated Group Treasury Overdrafts (Included within Loans and Borrowings) in Note 17 and Note 19 have decreased by £18,921k. Consolidated Group Treasury Company balances in Note 17 have increased by £5,399k and consolidated cash at bank has decreased by £356,143k, which has the overall impact of increasing Consolidated cash and cash equivalents in Note 17 and the cash flow statement by £24,320k. Opening cash and cash equivalents at 1 March 2021 per the cash flow statement have also decreased by £11,221k.

In addition to the above, the Group have also adjusted the prior period cash flows from financing activities to show the gross receipt and repayment of Group Treasury loans. The resulting position reflects £28,995k of Group Treasury loan receipts and £23,248k of Group Treasury loan repayments.

Specsavers Optical Superstores Limited

Notes to the financial statements for the year ended 28 February 2023 (continued)

21 Provisions (continued)

Within other provisions is an amount of £31,081k (2022: £28,389k) relating to holiday pay in Australia.

Nature

The majority of the provisions balance relates to Australian colleagues' pay, which is a combination of accrued holiday pay and long service leave.

Long service leave is a legal entitlement in Australia, whereby an unconditional legal right to payment occurs after a qualifying period of service (usually seven to ten years). In certain circumstances (for example, death, retrenchment or early retirement under some Awards), a legal entitlement to pro rata payment in lieu of long service leave arises, which is an conditional entitlement.

Amount

Long service leave/LSL in 2023 was:

Stores Current (7 years plus) £9,134k

Support Office Current (7 years plus) £2,935k

Stores Non-current (< 7 years) £2,894k

Support Office Non-current (< 7 years) £1,288k

Annual Leave Stores Current (7 years plus) £8,573k

Annual Leave Support Office Current (7 years plus) £1,958k

Timing

This will be paid over several years.

Uncertainties

For annual leave, the liability is recorded to the extent of any accrued unused entitlement that may be carried forward. Specsavers' Australian policy also allows for colleagues with >20 days to request a payout of their balance.

For those colleagues with large balances, the group discounts the portion assumed to be taken after 12 months to NPV using Milliman G100 rates.

The calculation of long service leave requires management to make actuarial assumptions about demographic variables, probabilities, financial variables (such as inflation) and then discount to NPV using Reserve Bank of Australia (RBA) rates.
