## Guide to these proposals

#### **Sections**

#### **Definitions**

#### 1 Executive summary

This should be read in conjunction with the remainder of the proposals, together with the appendices

#### 2 Background to the appointments of the Joint Administrators

Includes a summary of the Group's trading activities and factor leading to its financial distress

#### 3 The Joint Administrators' appointments

Includes a summary of the Joint Administrators' initial introduction to the Group, the decision to appoint and the objective of the administration

#### 4 Proposals for achieving the objective of the administrations

Includes explanation of the objective of the administration and the anticipated exit route from administration

#### 5 The assets and liabilities of the Group

Includes information relating to the statement of affairs

#### 6 Conduct of the administrations

Includes strategy and progress (realisation of assets)

#### 7 Creditors

Includes creditor balances and information on dividends

#### 8 Investigations into the affairs of the Group

Includes brief information on statutory investigations

#### 9 Joint Administrators' remuneration and expenses

Includes details of payments to the Joint Administrators' (including details of fees and expenses incurred) and their associates

#### 10 Future strategy

Includes summary details of further work to be done, extension, details on any proposed creditor decisions, general information for readers (eg data protection) and timing of the next report

#### **Appendices**

#### A Notice about these proposals

Includes information about the preparation and purpose of the proposals, reliance on them and no liability

#### **B** Statutory information

Includes information required about the Group (eg name, address) and about the administration (eg proceedings, administrators, contact details)

#### C Estimated financial position

#### D Abstract of the Joint Administrators' receipts and payments

#### Statement of Insolvency Practice 9 disclosure: Payments to the Joint Administrators and their associates

Includes remuneration basis, work done, expenses of the Joint Administrators', sub-contracted out work, relationships requiring disclosure

## 1 Executive summary

- I was appointed Joint Administrator of the Group with Philip Stephenson by orders of the court on 19 May 2020 for DCHL, 21 May 2020 for DIL and 11 May 2020 for the other companies in the Group. Please note that we are both authorised by the Insolvency Practitioners Association to act as insolvency practitioners
- Following on from our appointment, we are submitting our proposals pursuant to paragraph 49(1) of Schedule B1 to the Insolvency Act 1986 for achieving the objective of the administrations. This report contains the information required by rule 3.35 of the Rules
- It is unlikely that there will be sufficient funds to enable a distribution to unsecured creditors from any of the companies in the Group (except potentially by virtue of the prescribed part in some cases), therefore, it is anticipated that the administrations will either convert to compulsory liquidation, if necessary, or end by filing a notice to dissolve the companies once the outstanding matters have been finalised and all funds have been realised and distributed
- The administrations are currently due to end on 18 November 2022 for DCHL, 21 December 2022 for DIL and 15 September 2022 for the other companies in the Group
- These proposals are deemed delivered on 19 May 2022

Miller y reduit

Alistair Wardell Joint Administrator

17 May 2022

Please be aware that fraudsters have been known to masquerade as the administrators of a company that has entered administration, or as the administrators' staff or agents. Fraudsters may contact creditors asking for a payment to enable release of money payable to the creditor or for other purposes. The administrators, their staff or agents will never make such a request.

1

# 2 Background to the appointments of the Joint Administrators

#### 2.1 The trade of the Group

The Group managed construction and civil engineering projects in the UK and Liberia (DIL only). DCHL and DL were the employment entities which had 260 and 427 employees respectively.

#### 2.2 Factors leading to financial distress

The Firm was first instructed by the Group in December 2017 to assist with assessing the options available for meeting forecast funding requirements. At that point, the Group was facing a cash shortfall principally driven by difficulties encountered in the delivery of specific UK contracts.

In March 2018, the Firm was engaged to assist with raising additional finance and, although HSBC and WG provided funding, the Group could not repay the debt in full and required further funding. This is because the recovery of historical WIP proved more challenging than expected, underlying trading conditions in 2018 were very difficult and supplier credit terms were tightened.

The Firm was then engaged in December 2018 to secure a buyer or investment into the Group; however, a buyer or investor could not be found.

## 3 The Joint Administrators' appointments

#### 3.1 First Administrations

Having considered all options, it was concluded that the best route for the Group was for all entities to be placed into administration. Subsequently, on 15 March 2019, all of the companies in the Group except for DIL were placed into administration.

The directors of DIL were then exploring a management buyout of DIL, however a deal could not be reached. Following the failure of the management buyout, with no prospects of securing investment, DIL was placed into administration on 21 May 2019.

#### 3.2 Second Administrations

Due to an administrative error, the First Administrations of the Group automatically ended after one year (ie 20 May 2020 for DIL and 14 March 2020 for all other companies).

On identification of this error, urgent applications to court were made to retrospectively approve the extensions and reappoint the Joint Administrators. As such, Second Administrations with the same Joint Administrators took effect on 19 May 2020 (DCHL), 21 May 2020 (DIL) and 11 May 2020 (all other companies). The three different appointment dates are due to orders being made in different courts. The appointments were in accordance with paragraph 12 of Schedule B1 to the Insolvency Act 1986.

# 4 Proposals for achieving the objective of the administrations

#### 4.1 Objective of the administrations

The administrator of a company must perform his functions with the objective of:

- rescuing the company as a going concern; or
- achieving a better result for the company's creditors as a whole than would be likely if the company
  were wound up (without first being in administration); or
- realising property in order to make a distribution to one or more secured or preferential creditors.

In this instance, it was not possible to achieve the first objective as the Group had ceased to trade on the commencement of the First Administrations due to lack of available funding available to trade the business as it was loss making.

The second objective is therefore being pursued for all companies in the Group. We consider that placing the Group into administration on the First Administrations enabled the Joint Administrators to protect and preserve the Group's assets for the benefit of creditors due to the speed of the administration process and legal moratorium which was evoked once the NOITAs were filed.

The legal moratorium allowed for our agents to attend the various sites to identify and secure the Group's assets and preserved the value in the contract debtors to allow for their novation.

#### 4.2 Exit route

There may be a prescribed part to distribute to the unsecured creditors in some of the companies in the Group. It is proposed that the Joint Administrators will agree the claims of the creditors and distribute these funds in the course of the administrations. For an explanation of the prescribed part see paragraph 7.3.

When all funds have been realised and distributed, the administrations will end by the Joint Administrators filing a notices to dissolve each company in the Group. The Joint Administrators will nevertheless be empowered to present a petition for the winding up of each company if circumstances require.

## 5 The assets and liabilities of the Group

#### 5.1 Statement of Affairs

On 11 January 2022, the directors of the Group were issued with a notice requiring them to provide statements of affairs for all companies in the Group to the Joint Administrators. A statement of affairs details the assets and liabilities of a company as at the date of appointment of Joint Administrators.

The directors have not complied with the notice to provide statements of affairs as given the circumstances in which the need for this document has arisen, and for the period to which it relates, they are not in a position to submit a statement of affairs.

Estimates of the financial position of each of the companies in the Group are attached at Appendix C along with the names and addresses of the creditors, the amounts of their debt and details of any security held.

Please note that the amount of the debt shown for each creditor is the higher of either the Statement of Affairs figure from the first administration or the value of the claim received. All claims will be reviewed and adjudicated upon if and when funds become available for dividend purposes.

## 6 Conduct of the administrations

#### 6.1 Strategy

As the Group ceased to trade on the commencement of the First Administrations, the strategy for the Second Administrations is to continue to secure and realise assets for the benefit of creditors as described further below.

#### 6.2 Realisation of assets

Our receipts and payment accounts covering the Period is attached at Appendix D.

Statement of Insolvency Practice 7 states that the headings used in the Receipts and Payments Account should follow those used in any prior Statement of Affairs or estimated outcome statement. Due to the unusual circumstances resulting in the requirement of a second administration for each of the Group companies the directors do not feel they are in a position to provide accurate Statement of Affairs. As such a meaningful comparison of the Receipts and Payments Accounts to the Statement of Affairs by category cannot be made and are therefore not included at Appendix D.

Please note that as there have been insufficient realisations into certain estates and therefore Grant Thornton has funded payment of those estates' expenses to progress the cases and to comply with statute. This is shown by way of loan account in the receipts and payments accounts attached at Appendix D. The loans will be repayable as an expense of the administrations in the same priority as attaches to the respective expenses comprising the loans.

Full details of the asset realisations and strategies to recover future assets are set out in the six-monthly progress reports. A summary of which is below:

- First Administration surplus: In certain entities, there were surplus funds in the First Administrations
  where assets had been realised but administration costs incurred had not yet been paid and the net
  funds not yet distributed to creditors. These funds have been transferred to the Second
  Administration estates.
- Plant and machinery: During the First Administration of DCHL, we agreed a sale of assets in Africa
  over a deferred period. During the Period, we received the final balance of £143,154. We also sold
  further DCHL assets in the UK for £35,050 during the Period and do not expect any further
  recoveries from plant and machinery.
- Contractual debtors, WIP and retentions: During the Period for DCHL, we recovered WIP and
  retentions of £267,403 and we also reached a settlement of £442,500 with a consultant relating to a
  contractual debt. No amounts were recovered into DIL, DSL or Quantum. The amounts owed to
  these group companies are subject to counter claims and disputes due to the nature of the
  contracts and the amounts due to DIL are in a different jurisdiction, all of which make recovery work
  protracted and the level of success uncertain.
- Book debts relating to the hire of DCHL plant and machinery: We collected £709 during the Period.

- Long leasehold properties owned by DL: Both the storage plant yard at Clydach Market and the head office in Swansea were sold during the Period for £950,000 and £1 million respectively. The head office sale included a retention of £18,000 which we agreed to be put towards the purchaser's costs to acquire a supplemental lease with Swansea County Council, provided that the new lease was granted by February 2022. The lease was granted by the deadline and as such DJM released the funds to the purchaser to contribute towards its associated costs. An amount of £118 was also paid by the purchaser for advanced ground rent.
- Residential development site: Churchfield owns a residential plot in South Wales with six houses at various stages of completion and four acres of development land. We continue to progress with an offer for the sale of this site. During the Period, we sold Churchfield's investment in the shared equity scheme for £75,000.
- Contributions: As part of the sale of the Quantum business in the First Administration, it was agreed that a number of contracts would be novated to the purchaser. During the Period, the purchaser paid a contribution of £4,626 for our assistance in dealing with the novated contracts.
- Intercompany position: Some of the companies in the Group are owed funds from other Group
  companies so we await the realisations of all assets across the Group to determine whether any
  estates will recover funds as unsecured creditors via a prescribed part distribution.
- Various refunds and income in DCHL: During the Period, we have received £2,344 of bank interest, and recovered refunds relating to electricity of £3,800, insurance of £3,424, overpaid bank charges of £3,837, overpaid utilities of £3,302 and intercompany loans from the First Administration £358.

## 7 Creditors

#### 7.1 Secured creditors

Below is a summary of the secured creditors, including the potential outcome for each creditor, based on estimates at the end of the Period:

	Dates of creation of charges	Types of charges	Debt outstanding at appointment	Potential outcome based on current information
WG	27/03/2018	Debenture and chattels mortgage	£0.49 million	A distribution of £1.04 million was made to WG during the First Administration and no further distributions have been made in the Second Administration
				It is unlikely that there will be sufficient realisations to enable a distribution to WG
HEF	16/03/2018, 02/08/2018	Debenture and chattels mortgage	-	HEF was paid in full during the First Administration
HSBC	01/08/2017, 04/08/2017, 02/02/2018, 16/02/2018, 16/03/2018	Legal mortgage, debenture, chattels mortgage, benefits of certain contracts and security of cash deposits		Total distributions of £2.26 million have been made to HSBC, of w hich £1.22 million w ere paid during the Second Administration
				It is anticipated that there will be sufficient realisations to enable a distribution, although the quantum and timing is uncertain
Lloyds Bank Plc	02/02/2018	Mortgage	£1.29 million	Paid in full follow ing the sale of the properties in Dawnus Limited

#### 7.2 Preferential creditors

These include employee claims for wages and salary up to £800 per person, accrued holiday pay and employee contributions to occupational pension schemes deducted in the four months before the insolvency. A significant element of these claims has been transferred to the Secretary of State, following payment of employment related claims by the Redundancy Payments Service.

The employment entities in the Group were DCHL and DL. All employees of DCHL and DL were made redundant shortly following the commencement of the First Administrations.

Preferential claims are currently £289,313 for DCHL and £691,889 for DL. Around 240 employees sought Protective Awards for the failure of the Group to consult prior to the First Administrations. On 27 September 2021, the Employment Tribunal granted that DCHL and DL are ordered to pay the former employees for the protected period. We await further details of the total claim which may increase the preferential claims currently in these entities.

Based on current estimates, we anticipate that the preferential creditors of DCHL will be paid in full, and there will be a small distribution to the preferential creditors of DL.

The other companies within the Group do not have any preferential creditors.

#### 7.3 Unsecured creditors

The table below provides a summary of the unsecured creditor claims where the amount of the debt shown for each creditor is the higher of either the Statement of Affairs figure from the first administration or the value of the claim received:

	£
Ashridge	
Churchfield	2,028,188
DCHL	54,987,644
DDL	
DGL	3,061.733
DIL	5,236,976
DL	2,801,925
DSL	5,612,178
Quantum	1,459,612

#### Prescribed part

In accordance with section 176A of the Insolvency Act 1986, a prescribed part is to be set aside from the floating charge assets and made available to the unsecured creditors of a company. The prescribed part calculation is applied to the net property available and is calculated at 50% of the first £10,000 of net realisations and 20% of all further amounts, up to a maximum prescribed part of £600,000.

Based on current estimates, there may be funds available to enable a prescribed part distribution for unsecured creditors of DCHL, DSL and Quantum only.

We are unable to estimate a prescribed part for DCHL at present as the secured creditors consider certain realisations to be caught by a fixed charge rather than a floating charge. We continue to liaise with the secured creditors in respect of the charge terms.

The prescribed part is estimated at c£32,185 for DSL and c£36,119 for Quantum, however, it is not possible to estimate the likely timing of the prescribed part distribution due to the ongoing work to realise the assets of those companies.

There are insufficient assets in the other companies in the Group to enable a distributions via the prescribed part to their creditors.

#### **Dividend prospects**

Except for any potential funds available under the prescribed part as mentioned above, based on current estimates, it is highly unlikely that there will be sufficient funds to enable distributions to unsecured creditors.

## 8 Investigations into the affairs of the Group

#### 8.1 Statutory investigations

We undertook an investigation into the Group's affairs to establish whether there were any potential asset recoveries, or conduct matters that required further investigation, taking into account the public interest, potential recoveries, the funds likely to be available to fund an investigation and the costs involved.

During the First Administration of DGL, we identified a share buyback arrangement between DGL and certain directors, which was triggered in the year prior to the First Administration. We engaged HCR to consider this further, however, we are unable to provide any further details at this stage so that we do not prejudice our position.

Based on the outcome of our other investigations into the affairs of the Group to date, no further matters have been identified that need to be reported to the creditors. However, should any matters come to light, they will be investigated in accordance with our statutory duties and we would be pleased to receive from any creditor any useful information concerning the Group, its dealings or conduct which may assist us.

## 9 Joint Administrators' remuneration and expenses

#### 9.1 First Administrations

Our remuneration for the First Administrations was fixed by the secured and preferential creditors (where applicable). In relation to all Group companies except DGL, our remuneration was fixed on a time costs basis in accordance with the time properly spent by the Joint Administrators and their staff. The table below summarises the time costs incurred during the First Administrations:

£	Fees Estimate during the First Administrations	Time costs during the First Administrations	Remuneration drawn during the First Administrations	Balance of remuneration outstanding (limited to fees estimate where appropriate)
Ashridge	13,025	13,449	-	13,025
Churchfield	131,760	48,242	-	48,242
DCHL	2,604,225	1,027,628	450,000	577,628
DDL	13,025	19,055	-	13,025
DIL	99,586	47,594	-	47,594
DL	143,170	87,792	-	87,792
DSL	105,320	35,389	-	35,389
Quantum	104,715	70,763	-	70,763

In relation to DGL, the Joint Administrators' remuneration was fixed at 30% of gross recoveries. No remuneration was drawn in respect of DGL as there were no asset realisations during the First Administration.

The balance of remuneration from the First Administration is payable out of the Group's assets under Paragraph 99 of Schedule B1 to the Insolvency Act 1986. These amounts will be drawn during the Second Administrations subject to funds being available.

#### 9.2 Second Administrations

Our remuneration basis has not yet been fixed as we have not requested this whilst we deal with the transfer of the First Administrations to the Second Administrations.

Similarly to the First Administrations, we propose the basis of our remuneration to be on a time cost basis with the exception of DGL where we will seek our remuneration be fixed at 30% of gross recoveries. The secured and preferential creditors will be contacted. A decision of the unsecured creditors is not required as we are of the view that there will not be sufficient assets to enable a distribution to unsecured creditors, other than potentially by virtue of the prescribed part in some cases.

The table below summarises the time costs incurred during the Period (of which no amounts have been paid), the fees estimates to finalise the administrations and the amounts we currently anticipate as payment of our remuneration from the estates, which is based on current information and is therefore subject to change.

#### Second Administrations fees estimates and estimated remuneration

£	Time costs for the Period	Fees estimate (estimate of time costs)	Administration	Estimate of total remuneration (First and Second Administrations) to be drawn
Ashridge	15,213	20,229	-	-
Churchfield	96,674	115,706	100,000	100,000
DCHL	212,211	962,340	962,340	1,500,000
DDL	16,900	21,867	-	-
DIL	50,593	70,101	-	-
DL	95,670	128,774	128,774	130,000
DSL	51,682	71,511	71,511	80,000
Quantum	27,785	66,661	66,661	80,000

The table below summarises the expenses incurred during the Period (all of which have been paid) and the estimate of expenses to finalise the administrations.

#### **Second Administration expenses estimates**

c	Expenses incurred	Expenses estimate for the Second
£	during the Period	Administration
Ashridge	-	85
Churchfield	47,167	88,660
DCHL	348,363	530,145
DDL	-	85
DIL	-	85
DL	201,183	202,990
DSL	1,355	22,285
Quantum	1,344	2,285

Time has been spent in relation to correcting the administrative error and undertaking the initial statutory obligations of the Second Administration. Please note that this time has not been charged to the respective administrations and will be written off. Further details about remuneration and expenses are provided in Appendix E to this report.

## 10 Future strategy

#### 10.1 Future conduct of the administrations

We will continue to manage the affairs, business and property of the Group in order to achieve the purpose of the administrations. This will include but not be limited to:

- continue to realise the assets of the Group
- continue to pursue any potential recoveries which have been identified from our investigations into the Group's actions prior to the administrations
- payment of the administration expenses, including our remuneration
- agreeing the claims of the preferential creditors and payment of dividends (where relevant), if future realisations make this feasible
- agreeing the claims of the unsecured creditors and a payment via a prescribed part distribution where possible
- · paying final distributions to HSBC and Lloyds
- finalisation of the Group's tax affairs, including completion of corporation tax and VAT returns and settlement of any post-administration liabilities, and
- complying with statutory and compliance obligations.

#### 10.2 Extension of the administrations

The duration of an administration is restricted to 12 months from the date of commencement unless it is extended with the permission of the creditors or by order of the court. The administrations are currently due to end on 18 November 2022 for DCHL, 21 December 2022 for DIL and 15 September 2022 for the other companies in the Group.

#### 10.3 Deemed approval

A decision of the creditors is not required because, in accordance with paragraph 52(1) of Schedule B1 to the Insolvency Act 1986, we are of the opinion that none of the companies in the Group have sufficient property to enable a distribution to be made to unsecured creditors, other than potentially by virtue of section 176A of the Insolvency Act 1986 (the prescribed part).

The proposals contained in this statement will be deemed to have been approved by the creditors unless, within eight business days of this statement being sent out, creditors whose debts amount to at least 10% by value of the total debts of the companies in the Group request that the Joint Administrators seek a decision from the creditors as to whether they approve the proposals.

#### 10.4 Data protection

Any personal information held by the Group will continue to be processed for the purposes of the administration of the Group and in accordance with the requirements of data protection law. Our privacy notice on our website (<a href="www.grantthornton.co.uk/en/privacy">www.grantthornton.co.uk/en/privacy</a>) contains further details as to how we may use, process and store personal data.

#### 10.5 Covid-19

This report has been produced during the Covid-19 restrictions. We have taken every reasonable step to ensure that the information is accurate, however if any material inaccuracies are identified, we will provide an explanation and corrected information in the next progress report.

#### 10.6 Future reporting

The Administrators' have a duty to provide creditors with a progress report covering each six month period of an administration. As a result of the administrative error and the date this was discovered, it has been necessary to prepare a number of progress reports which have been issued and made available to creditors at the same time as this Statement of Proposals.

Our next report to creditors is expected to be issued no later than 11 June 2022, or earlier if the administrations has been completed by that date.

### A Notice about these proposals

These proposals (this report) have been prepared solely to comply with the Joint Administrators' statutory duty to report to creditors under the Rules on the progress of the administrations, and for no other purpose. It is not suitable to be relied upon by any other person, or for any other purposes, or in any other context.

This report has not been prepared in contemplation of it being used, and is not suitable to be used, to inform any investment decision in relation to the debt of or any financial interest in the Group.

Any estimated outcomes for creditors included in this report are illustrative only and cannot be relied upon as guidance as to the actual outcomes for creditors.

Any persons choosing to rely on this report for any purpose or in any context other than under the Insolvency (England and Wales) Rules 2016 do so at their own risk. To the fullest extent permitted by law, the Joint Administrators do not assume any liability in respect of this report to any such person.

Alistair Wardell and Philip Stephenson are authorised in the UK to act as Insolvency Practitioners by the the Insolvency Practitioners Association.

The Joint Administrators are bound by the Insolvency Code of Ethics.

The Joint Administrators act as agents for the Group and contract without personal liability. The appointments of the Joint Administrators are personal to them and to the fullest extent permitted by law, Grant Thornton UK LLP does not assume any responsibility and will not accept any liability to any person in respect of this report or the conduct of the administration.

Please note you should read this progress report in conjunction with the Joint Administrators' previous progress reports and proposals issued to the Group's creditors, which can be found on the Grant Thornton portal. Unless stated otherwise, all amounts in this statement of proposals and appendices are stated net of VAT. For definitions of abbreviations please refer to the 'Definitions' table at the start of this progress report.

-						•	
Δα	ım	ın	16	trati	on in	t∩rm	ation

Appointor	Business and Property Court of England and Wales
Date of appointments	19 May 2020 for DCHL
	21 May 2020 for DIL
	11 May 2020 for all other companies in the Group
Joint Administrator's names	Alistair Wardell
	Philip Stephenson
Joint Administrator's addresses	6th Floor, 3 Callaghan Square, Cardiff, CF10 5BT
	30 Finsbury Square, London, EC2A 1AG
Purpose of the administration	Realising property in order to distribute to one or more secured and preferential creditors
Estimated values of the net property and	The net property and prescribed part of DCHL are
prescribed part	uncertain whilst we liaise with the secured creditors in respect of their charges.
	The net property is estimated to be c£113,740 for DSL
	and c£129,476 for Quantum. The Prescribed Part is
	capped at the statutory maximum of £600,000 and
	estimated at c£32,185 for DSL and c£36,119 for
	Quantum
Prescribed part distribution	The Joint Administrators do not intend to apply to court
	to obtain an order that the prescribed part shall not
	apply
Functions	In accordance with paragraph 100(2) of Schedule B1 to
	the Insolvency Act 1986, the functions of the
	administrators are to be exercised by any or all of them.
Current administration expiry dates	18 November 2022 for DCHL
	21 December 2022 for DIL
	15 September 2022 for the other companies in the
	Group.
EU Regulations	These insolvency proceedings are English proceedings
	relating to a company registered in the jurisdiction of
	England and Wales. Accordingly, the EU Regulation on
	to a character of the control of the
	Insolvency Proceedings as it has effect in the law of the United Kingdom does not apply

## C Estimated financial position

#### Ashridge - Estimated financial position at 11 May 2020

## Note:

Statement of Insolvency Practice 7 states that the headings used in the Receipts and Payments Account should follow those used in any prior Statement of Affairs (SOA) or estimated outcome statement. The SOA was provided by the Company's directors at the commencement of the First Administration and provided estimated to realise values for the categories of assets to be realised. The receipts above represent funds passed into the current administration from the First Administration, and as such, a meaningful comparison to the SOA by category cannot be made.

## Appendix E - Payments to the Joint Administrators and their associates

## Ashridge

### SIP 9 disclosure

This appendix has been prepared in accordance with the requirements of the Insolvency Act 1986, the Rules and SIP9. In summary, it covers:

- pre-appointment costs
- fee basis
- work done by the Joint Administrators and their team during the Period
- eynenses
- sub-contracted out work
- payments to associates
- · relationships requiring disclosure
- information for creditors (rights, fees, committees).

#### Pre-appointment costs

Pre-administration costs are fees charged and expenses incurred by the Joint Administrators or other qualified insolvency practitioners before a company enters administration but with a view to it doing so. To the extent they remain unpaid when the company enters administration and payment is sought, approval is required from the appropriate body of creditors as to whether they should be paid from the estate.

Neither the Joint Administrators, by way of Grant Thornton being engaged, or any other qualified insolvency practitioner incurred any pre-administration costs in relation to the Second Administration of Ashridge.

In the period leading up to First Administration, the Firm incurred costs in undertaking certain tasks prior to placing Ashridge into Administration. We will not be seeking approval of these costs as an expense of the Administration under Rule 3.52 and, therefore, there will be no pre-appointment fee paid to the Firm.

Solicitors, Geldards LLP and Eversheds LLP were instructed to assist with matters relating to the Group prior to the First Administrations. All costs were approved by the secured creditors during the First Administration so any unpaid amounts will be payable under paragraph 99 of Schedule B1 to the Insolvency Act 1986. The only outstanding amount is £300 to Geldards LLP.

#### Post-appointment costs

#### Fee basis of the Joint Administrators

As at the date of this report the fee basis has not been set.

Until at least such time as the fee basis has been fixed, it is not possible to anticipate the total of our remuneration that will be paid from the estate.

During the Period time costs were incurred totalling £15,213 represented by 58 hrs at an average of £262/hr (as shown in the 'Work done' section below). A description of the work done in the Period is provided in the respective section below.

#### Proposed fee basis

We propose that the remuneration of the Joint Administrators be fixed by reference to time properly spent by the Joint Administrators and their staff.

The Joint Administrators' statement of proposals which this report is appended to state that the Joint Administrators think that Ashridge has insufficient property to enable a distribution to be made to unsecured creditors other than by virtue of section 176A(2)(a) of the Insolvency Act 1986 (the prescribed part to be carved out of money which would otherwise be payable to the holder of a floating charge).

A consequence of this statement is that rule 18.18(4) of the Rules provides that the basis of the Joint Administrators' remuneration shall be fixed, if, as in this case, there is no creditors committee, by (a) the consent of each of the secured creditors; or (b) if the Joint Administrators have made or intends to make a distribution to preferential creditors (i) the consent of each of the secured creditors, and (ii) a decision of the preferential creditors in a decision procedure.

Although the unsecured creditors are not involved in fixing the basis of the Joint Administrators' remuneration, rule 18.16(4) nevertheless requires that where the proposed basis of remuneration is by reference to the time properly given by the Joint Administrators and their staff in attending to matters arising in the administration, the Joint Administrators must, prior to the determination of the basis, deliver to the creditors (a) a fees estimate and (b) details of the expenses which will be or are likely to be incurred.

As time costs form the proposed fee basis, we provide below a fees estimate and details of the expenses that will be, or are likely to be, incurred - please see the 'fees estimate' section.

#### Likely return to creditors

Unfortunately, there are insufficient funds available for a dividend to be paid to creditors.

#### Fees estimate and work done in the Period

A fees estimate comprises the work anticipated to be undertaken and the estimated respective time cost – the fees eventually paid may be more or less depending on the complexity of the case as it progresses and the value of asset recoveries or successful claims, for example. The fees estimate below is based on all of the information available to us as at 11 March 2022. We have considered and accounted for the different levels of expertise that we anticipate will be required to do the work we anticipate necessary to complete the administration, in calculating the time and cost included in the fees estimate table provided below. The table below also includes narrative details of the work done in the Period (numerical analysis of the work done is in the subsequent table and details of expenses incurred in the Period are provided in the 'Expenses' section further below). A more detailed numerical break down of the fees estimate is included in the SIP9 time costs analysis table further below.

Note that the fees estimate is also based on the assumptions that there will be no further assets identified with which to deal with.

- Notes:
   Partner includes partners and directors
   Manager includes associate directors and managers
- Executive includes assistant manager and executives
   Total time costs paid to date: Nil
- Please note that the actual time incurred in the Period may slightly differ to that reported in the table above. This is due to lags between time being recorded on our internal system by staff and then being posted to the case. We do not expect any differences to be material and any such discrepancies will be noted in our next report.

#### Statement of expenses incurred in the Period

This table provides details of expenses incurred in the Period in connection with the work done by the Joint Administrators, description of which is provided in the "Work done' section above.

Category	Incurred in the Period (£)	Cumulatively incurred as at Period end (£)	Of which paid by the estate as at Period end (£)
Category 1 expenses			
None	-	-	-
Category 2 expenses			
None	-	-	-
Total expenses	Ē	-	-

Expenses are any payments from the estate which are neither the Joint Administrators' remuneration nor a distribution to a creditor or member, but they may include disbursements which are payments first met by and then reimbursed to the Joint Administrators from the estate. Expenses fall into two categories:

#### Category 1 expenses

These are also known as 'out of pocket expenses' and are payments to third parties not associated with the Joint Administrators where there is specific expenditure directly referable to the insolvent estate; they can be drawn without prior approval from creditors.

#### Category 2 expenses

These are expenses directly referable to the insolvent estate but payments that are either to an associate, or that include shared or allocated costs that may be incurred by the Joint Administrators or their firm and that can be allocated to the appointment on a proper and reasonable basis. Category 2 expenses require approval in the same manner as the Joint Administrators' remuneration.

There are no shared or allocated costs at this stage. For associates, please see the next section – Payments to associates.

#### Payments to associates

Where we have enlisted the services of others, we have sought to obtain the best value and service. We disclose below services we have sought from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

To the extent that services have been enlisted from Grant Thornton UK LLP's specialist teams, for example tax, pensions, digital forensics, or any others, the narrative for and cost of their work is included in the work done narrative and SIP9 time costs analysis details in the 'Work done by the Joint Administrators and their team during the Period' section above.

We confirm that in the Period, we have not enlisted any other services from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

#### Relationships requiring disclosure

We confirm that we are not aware of any business or personal relationships with any parties responsible for approving the Joint Administrators' fee basis, or who provide services to us as Joint Administrators, which may give rise to a potential conflict.

#### Sub-contracted work

We confirm that, in the Period, we have not sub-contracted any work that could otherwise have been carried out by us or our team.

#### Information for creditors and members

Information to help creditors and members to understand their rights in insolvency and regarding officeholders' (ie administrators or liquidators) fees, and the roles and functions of committees is available via Grant Thornton's website:

https://www.grantthornton.co.uk/portal

Alternatively, we will supply this information by post, free of charge, on request.

## Appendix E - Payments to the Joint Administrators and their associates

## Churchfield

### SIP 9 disclosure

This appendix has been prepared in accordance with the requirements of the Insolvency Act 1986, the Rules and SIP9. In summary, it covers:

- pre-appointment costs
- fee basis
- work done by the Joint Administrators and their team during the Period
- eynenses
- sub-contracted out work
- payments to associates
- · relationships requiring disclosure
- information for creditors (rights, fees, committees).

#### Pre-appointment costs

Pre-administration costs are fees charged and expenses incurred by the Joint Administrators or other qualified insolvency practitioners before a company enters administration but with a view to it doing so. To the extent they remain unpaid when the company enters administration and payment is sought, approval is required from the appropriate body of creditors as to whether they should be paid from the estate.

Neither the Joint Administrators, by way of Grant Thornton being engaged, or any other qualified insolvency practitioner incurred any pre-administration costs in relation to the Second Administration of Churchfield.

#### Post-appointment costs

#### Fee basis of the Joint Administrators

As at the date of this report the fee basis has not been set.

Until at least such time as the fee basis has been fixed, it is not possible to anticipate the total of our remuneration that will be paid from the estate.

During the Period, time costs were incurred totalling £96,674 represented by 295 hrs at an average of £327/hr (as shown in the 'Work done' section below). A description of the work done in the Period is provided in the respective section below.

#### Proposed fee basis

We propose that the remuneration of the Joint Administrators be fixed by reference to time properly spent by the Joint Administrators and their staff.

The Joint Administrators' statement of proposals which this report is appended to state that the Joint Administrators think that Churchfield has insufficient property to enable a distribution to be made to unsecured creditors other than by virtue of section 176A(2)(a) of the Insolvency Act 1986 (the prescribed part to be carved out of money which would otherwise be payable to the holder of a floating charge).

A consequence of this statement is that rule 18.18(4) of the Rules provides that the basis of the Joint Administrators' remuneration shall be fixed, if, as in this case, there is no creditors committee, by (a) the consent of each of the secured creditors; or (b) if the Joint Administrators have made or intends to make a distribution to preferential creditors (i) the consent of each of the secured creditors, and (ii) a decision of the preferential creditors in a decision procedure.

Although the unsecured creditors are not involved in fixing the basis of the Joint Administrators' remuneration, rule 18.16(4) nevertheless requires that where the proposed basis of remuneration is by reference to the time properly given by the Joint Administrators and their staff in attending to matters arising in the administration, the Joint Administrators must, prior to the determination of the basis, deliver to the creditors (a) a fees estimate and (b) details of the expenses which will be or are likely to be incurred.

As time costs form the proposed fee basis, we provide below a fees estimate and details of the expenses that will be, or are likely to be, incurred - please see the 'fees estimate' section.

#### Likely return to creditors

Unfortunately, there are insufficient funds available for a dividend to be paid to creditors.

#### Fees estimate and work done in the Period

A fees estimate comprises the work anticipated to be undertaken and the estimated respective time cost – the fees eventually paid may be more or less depending on the complexity of the case as it progresses and the value of asset recoveries or successful claims, for example. The fees estimate below is based on all of the information available to us as at 11 March 2022.

We have considered and accounted for the different levels of expertise that we anticipate will be required to do the work we anticipate necessary to complete the administration, in calculating the time and cost included in the fees estimate table provided below. The table below also includes narrative details of the work done in the Period (numerical analysis of the work done is in the subsequent table and details of expenses incurred in the Period are provided in the 'Expenses' section further below). A more detailed numerical break down of the fees estimate is included in the SIP9 time costs analysis table further below.

Note that the fees estimate is also based on the assumptions that there will be no further assets identified with which to deal with.

Area of work	Work done	Anticipated work	Why the work is necessary	Fees and	d expense	estimate

- Notes:
   Partner includes partners and directors
   Manager includes associate directors and managers
   Executive includes assistant manager and executives
- Total time costs paid to date: Nil
- Please note that the actual time incurred in the Period may slightly differ to that reported in the table above. This is due to lags between time being recorded on our internal system by staff and then being posted to the case. We do not expect any differences to be material and any such discrepancies will be noted in our next report.

### Statement of expenses incurred in the Period

This table provides details of expenses incurred in the Period in connection with the work done by the Joint Administrators, description of which is provided in the 'Work done' section above.

Category	Incurred in the Period (£)	Of which paid by the estate as at Period end (£)
Category 1 expenses		
Legal Fees – DJM Limited	5,234	5,234
Legal Fees – Blake Morgan LLP	1,195	1,195
Agents Fees – Alder King	2,500	2,500
Debt Collection Fees - Craigdam Limited	1,500	1,500
Bank Charges	26	26
Insurance – JLT Specialty Limited	7,253	7,253
Other property expenses:		
Ministry of Grounds Limited	3,953	3,953
Taylor Total Weed Control Limited	1,836	1,836
GMS Property Services Limited	23,520	23,520
Greens Glazing	150	150
Category 2 expenses		
None	-	-
Total expenses	47,167	47,167

Expenses are any payments from the estate which are neither the Joint Administrators' remuneration nor a distribution to a creditor or member, but they may include disbursements which are payments first met by and then reimbursed to the Joint Administrators from the estate. Expenses fall into two categories:

#### Category 1 expenses

These are also known as 'out of pocket expenses' and are payments to third parties not associated with the Joint Administrators where there is specific expenditure directly referable to the insolvent estate; they can be drawn without prior approval from creditors.

#### Category 2 expenses

These are expenses directly referable to the insolvent estate but payments that are either to an associate, or that include shared or allocated costs that may be incurred by the Joint Administrators or their firm and that can be allocated to the appointment on a proper and reasonable basis. Category 2 expenses require approval in the same manner as the Joint Administrators' remuneration.

There are no shared or allocated costs at this stage. For associates, please see the next section – Payments to associates.

#### Payments to associates

Where we have enlisted the services of others, we have sought to obtain the best value and service. We disclose below services we have sought from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

To the extent that services have been enlisted from Grant Thornton UK LLP's specialist teams, for example tax, pensions, digital forensics, or any others, the narrative for and cost of their work is included in the work done narrative and SIP9 time costs analysis details in the 'Work done by the Joint Administrators and their team during the Period' section above.

We confirm that in the Period, we have not enlisted any other services from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

#### Relationships requiring disclosure

We confirm that we are not aware of any business or personal relationships with any parties responsible for approving the Joint Administrators' fee basis, or who provide services to us as Joint Administrators, which may give rise to a potential conflict.

#### Sub-contracted work

We confirm that, in the Period, we have not sub-contracted any work that could otherwise have been carried out by us or our team.

#### Information for creditors and members

Information to help creditors and members to understand their rights in insolvency and regarding officeholders' (ie administrators or liquidators) fees, and the roles and functions of committees is available via Grant Thornton's website:

https://www.grantthornton.co.uk/portal

Alternatively, we will supply this information by post, free of charge, on request.

# Appendix E - Payments to the Joint Administrators and their associates

## DCHL

### SIP 9 disclosure

This appendix has been prepared in accordance with the requirements of the Insolvency Act 1986, the Rules and SIP9. In summary, it covers:

- pre-appointment costs
- fee basis
- work done by the Joint Administrators and their team during the Period
- eynenses
- sub-contracted out work
- payments to associates
- · relationships requiring disclosure
- information for creditors (rights, fees, committees).

#### Pre-appointment costs

Pre-administration costs are fees charged and expenses incurred by the Joint Administrators or other qualified insolvency practitioners before a company enters administration but with a view to it doing so. To the extent they remain unpaid when the company enters administration and payment is sought, approval is required from the appropriate body of creditors as to whether they should be paid from the estate.

Neither the Joint Administrators, by way of Grant Thornton being engaged, or any other qualified insolvency practitioner incurred any pre-administration costs in relation to the Second Administration of DCHL.

#### Post-appointment costs

#### Fee basis of the Joint Administrators

As at the date of this report the fee basis has not been set.

Until at least such time as the fee basis has been fixed, it is not possible to anticipate the total of our remuneration that will be paid from the estate.

During the Period, time costs were incurred totalling £212,011 represented by 618 hrs at an average of £343/hr (as shown in the 'Work done' section below). A description of the work done in the Period is provided in the respective section below.

#### Proposed fee basis

We propose that the remuneration of the Joint Administrators be fixed by reference to time properly spent by the Joint Administrators and their staff.

The Joint Administrators' statement of proposals which this report is appended to state that the Joint Administrators think that DCHL has insufficient property to enable a distribution to be made to unsecured creditors other than by virtue of section 176A(2)(a) of the Insolvency Act 1986 (the prescribed part to be carved out of money which would otherwise be payable to the holder of a floating charge).

A consequence of this statement is that rule 18.18(4) of the Rules provides that the basis of the Joint Administrators' remuneration shall be fixed, if, as in this case, there is no creditors committee, by (a) the consent of each of the secured creditors; or (b) if the Joint Administrators have made or intends to make a distribution to preferential creditors (i) the consent of each of the secured creditors, and (ii) a decision of the preferential creditors in a decision procedure.

Although the unsecured creditors are not involved in fixing the basis of the Joint Administrators' remuneration, rule 18.16(4) nevertheless requires that where the proposed basis of remuneration is by reference to the time properly given by the Joint Administrators and their staff in attending to matters arising in the administration, the Joint Administrators must, prior to the determination of the basis, deliver to the creditors (a) a fees estimate and (b) details of the expenses which will be or are likely to be incurred.

As time costs form the proposed fee basis, we provide below a fees estimate and details of the expenses that will be, or are likely to be, incurred - please see the 'fees estimate' section.

#### Likely return to creditors

There are sufficient funds available for a prescribed part dividend to be paid to creditors, however, the quantum and timing is currently uncertain.

#### Fees estimate and work done in the Period

A fees estimate comprises the work anticipated to be undertaken and the estimated respective time cost – the fees eventually paid may be more or less depending on the complexity of the case as it progresses and the value of asset recoveries or successful claims, for example. The fees estimate below is based on all of the information available to us as at 11 March 2022.

We have considered and accounted for the different levels of expertise that we anticipate will be required to do the work we anticipate necessary to complete the administration, in calculating the time and cost included in the fees estimate table provided below. The table below also includes narrative details of the work done in the Period (numerical analysis of the work done is in the subsequent table and details of expenses incurred in the Period are provided in the 'Expenses' section further below). A more detailed numerical break down of the fees estimate is included in the SIP9 time costs analysis table further below.

Note that the fees estimate is also based on the assumptions that there will be no further assets identified with which to deal with.

- Partner includes partners and directors
- Manager includes associate directors and managers
- Executive includes assistant manager and executives
- Total time costs paid to date: Nil
- Please note that the actual time incurred in the Period may slightly differ to that reported in the table above. This is due to lags between time being recorded on our internal system by staff and then being posted to the case. We do not expect any differences to be material and any such discrepancies will be noted in our next report.

#### Statement of expenses incurred in the Period

This table provides details of expenses incurred in the Period in connection with the work done by the Joint Administrators, description of which is provided in the "Work done' section above.

Category	Incurred in the Period (£)	Of which paid by the estate as at Period end (£)
Category 1 expenses		
Bank Charges	190	190
Corporation Tax	3,932	3,932
Insurance of Assets – JLT Speciality Limited	3,716	3,716
Legal fees – DJM Law Limited	319,313	319,313
Legal fees – Blake Morgan LLP	1,100	1,100
Other property expenses – SSE Southern Electric	2,883	2,883
Pre-appointment unpaid pension contributions	3,875	3,875
Quantity Surveyors Fees – CG Brooks Limited	13,354	13,354
Category 2 expenses		
None	-	-
Total expenses	348,363	348,363

Expenses are any payments from the estate which are neither the Joint Administrators' remuneration nor a distribution to a creditor or member, but they may include disbursements which are payments first met by and then reimbursed to the Joint Administrators from the estate. Expenses fall into two categories:

#### Category 1 expenses

These are also known as 'out of pocket expenses' and are payments to third parties not associated with the Joint Administrators where there is specific expenditure directly referable to the insolvent estate; they can be drawn without prior approval from creditors.

#### Category 2 expenses

These are expenses directly referable to the insolvent estate but payments that are either to an associate, or that include shared or allocated costs that may be incurred by the Joint Administrators or their firm and that can be allocated to the appointment on a proper and reasonable basis. Category 2 expenses require approval in the same manner as the Joint Administrators' remuneration.

There are no shared or allocated costs at this stage. For associates, please see the next section – Payments to associates.

#### Payments to associates

Where we have enlisted the services of others, we have sought to obtain the best value and service. We disclose below services we have sought from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

To the extent that services have been enlisted from Grant Thornton's specialist teams, for example tax, pensions, digital forensics, or any others, the narrative for and cost of their work is included in the work done narrative and SIP9 time costs analysis details in the 'Work done by the Joint Administrators and their team during the Period' section above.

We confirm that in the Period, we have not enlisted any other services from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

#### Relationships requiring disclosure

We confirm that we are not aware of any business or personal relationships with any parties responsible for approving the Joint Administrators' fee basis, or who provide services to us as Joint Administrators, which may give rise to a potential conflict.

#### Sub-contracted work

We confirm that, in the Period, we have not sub-contracted any work that could otherwise have been carried out by us or our team.

#### Information for creditors and members

Information to help creditors and members to understand their rights in insolvency and regarding officeholders' (ie administrators or liquidators) fees, and the roles and functions of committees is available via Grant Thornton's website:

https://www.grantthornton.co.uk/portal

Alternatively, we will supply this information by post, free of charge, on request.

# Appendix E - Payments to the Joint Administrators and their associates

## DDL

### SIP 9 disclosure

This appendix has been prepared in accordance with the requirements of the Insolvency Act 1986, the Rules and SIP9. In summary, it covers:

- pre-appointment costs
- fee basis
- work done by the Joint Administrators and their team during the Period
- eynenses
- sub-contracted out work
- payments to associates
- · relationships requiring disclosure
- information for creditors (rights, fees, committees).

#### Pre-appointment costs

Pre-administration costs are fees charged and expenses incurred by the Joint Administrators or other qualified insolvency practitioners before a company enters administration but with a view to it doing so. To the extent they remain unpaid when the company enters administration and payment is sought, approval is required from the appropriate body of creditors as to whether they should be paid from the estate.

Neither the Joint Administrators, by way of Grant Thornton being engaged, or any other qualified insolvency practitioner incurred any pre-administration costs in relation to the Second Administration of DDL.

In the period leading up to First Administration, the Firm incurred costs in undertaking certain tasks prior to placing DDL into Administration. We will not be seeking approval of these costs as an expense of the Administration under Rule 3.52 and, therefore, there will be no pre-appointment fee paid to the Firm.

Solicitors, Geldards LLP and Eversheds LLP were instructed to assist with matters relating to the Group prior to the First Administrations. All costs were approved by the secured creditors during the First Administration so any unpaid amounts will be payable under paragraph 99 of Schedule B1 to the Insolvency Act 1986. The only outstanding amount is £300 to Geldards LLP.

#### Post-appointment costs

#### Fee basis of the Joint Administrators

As at the date of this report the fee basis has not been set.

Until at least such time as the fee basis has been fixed, it is not possible to anticipate the total of our remuneration that will be paid from the estate.

During the Period, time costs were incurred totalling £16,900 represented by 60 hrs at an average of £280/hr (as shown in the 'Work done' section below). A description of the work done in the Period is provided in the respective section below.

#### Proposed fee basis

We propose that the remuneration of the Joint Administrators be fixed by reference to time properly spent by the Joint Administrators and their staff.

The Joint Administrators' statement of proposals which this report is appended to state that the Joint Administrators think that DDL has insufficient property to enable a distribution to be made to unsecured creditors other than by virtue of section 176A(2)(a) of the Insolvency Act 1986 (the prescribed part to be carved out of money which would otherwise be payable to the holder of a floating charge).

A consequence of this statement is that rule 18.18(4) of the Rules provides that the basis of the Joint Administrators' remuneration shall be fixed, if, as in this case, there is no creditors committee, by (a) the consent of each of the secured creditors; or (b) if the Joint Administrators have made or intends to make a distribution to preferential creditors (i) the consent of each of the secured creditors, and (ii) a decision of the preferential creditors in a decision procedure.

Although the unsecured creditors are not involved in fixing the basis of the Joint Administrators' remuneration, rule 18.16(4) nevertheless requires that where the proposed basis of remuneration is by reference to the time properly given by the Joint Administrators and their staff in attending to matters arising in the administration, the Joint Administrators must, prior to the determination of the basis, deliver to the creditors (a) a fees estimate and (b) details of the expenses which will be or are likely to be incurred.

As time costs form the proposed fee basis, we provide below a fees estimate and details of the expenses that will be, or are likely to be, incurred - please see the 'fees estimate' section.

#### Likely return to creditors

Unfortunately, there are insufficient funds available for a dividend to be paid to creditors.

#### Fees estimate and work done in the Period

A fees estimate comprises the work anticipated to be undertaken and the estimated respective time cost – the fees eventually paid may be more or less depending on the complexity of the case as it progresses and the value of asset recoveries or successful claims, for example. The fees estimate below is based on all of the information available to us as at 11 March 2022. We have considered and accounted for the different levels of expertise that we anticipate will be required to do the work we anticipate necessary to complete the administration, in calculating the time and cost included in the fees estimate table provided below. The table below also includes narrative details of the work done in the Period (numerical analysis of the work done is in the subsequent table and details of expenses incurred in the Period are provided in the 'Expenses' section further below). A more detailed numerical break down of the fees estimate is included in the SIP9 time costs analysis table further below.

Note that the fees estimate is also based on the assumptions that there will be no further assets identified with which to deal with.

Expenses are any payments from the estate which are neither the Joint Administrators' remuneration nor a distribution to a creditor or member, but they may include disbursements which are payments first met by and then reimbursed to the Joint Administrators from the estate. Expenses fall into two categories:

#### Category 1 expenses

These are also known as 'out of pocket expenses' and are payments to third parties not associated with the Joint Administrators where there is specific expenditure directly referable to the insolvent estate; they can be drawn without prior approval from creditors.

#### Category 2 expenses

These are expenses directly referable to the insolvent estate but payments that are either to an associate, or that include shared or allocated costs that may be incurred by the Joint Administrators or their firm and that can be allocated to the appointment on a proper and reasonable basis. Category 2 expenses require approval in the same manner as the Joint Administrators' remuneration.

There are no shared or allocated costs at this stage. For associates, please see the next section – Payments to associates.

#### Payments to associates

Where we have enlisted the services of others, we have sought to obtain the best value and service. We disclose below services we have sought from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

To the extent that services have been enlisted from Grant Thornton's specialist teams, for example tax, pensions, digital forensics, or any others, the narrative for and cost of their work is included in the work done narrative and SIP9 time costs analysis details in the 'Work done by the Joint Administrators and their team during the Period' section above.

We confirm that in the Period, we have not enlisted any other services from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

#### Relationships requiring disclosure

We confirm that we are not aware of any business or personal relationships with any parties responsible for approving the Joint Administrators' fee basis, or who provide services to us as Joint Administrators, which may give rise to a potential conflict.

### Sub-contracted work

We confirm that, in the Period, we have not sub-contracted any work that could otherwise have been carried out by us or our team.

### Information for creditors and members

Information to help creditors and members to understand their rights in insolvency and regarding officeholders' (ie administrators or liquidators) fees, and the roles and functions of committees is available via Grant Thornton's website:

https://www.grantthornton.co.uk/portal

Alternatively, we will supply this information by post, free of charge, on request.

# Appendix E - Payments to the Joint Administrators and their associates

## DGL

### SIP9 disclosure

This appendix has been prepared in accordance with the requirements of the Insolvency Act 1986, the Rules and SIP9. In summary, it covers:

- pre-appointment costs
- fee basis
- work done by the Joint Administrators and their team during the Period
- expenses
- sub-contracted out work
- payments to associates
- · relationships requiring disclosure
- information for creditors (rights, fees, committees)

#### Pre-appointment costs

Pre-administration costs are fees charged and expenses incurred by the Joint Administrators or other qualified insolvency practitioners before a company enters administration but with a view to it doing so. To the extent they remain unpaid when the company enters administration and payment is sought, approval is required from the appropriate body of creditors as to whether they should be paid from the estate.

Neither the Joint Administrators, by way of Grant Thornton being engaged, or any other qualified insolvency practitioner incurred any pre-administration costs in relation to the Second Administration of DGL.

#### Post-appointment costs

#### Fee basis of the Joint Administrators

As at the date of this report the fee basis has not been set.

Until at least such time as the fee basis has been fixed it is not possible to anticipate the total of our remuneration that will be paid from the estate.

#### Proposed fee basis

We propose that the remuneration of the Joint Administrators be fixed on the basis of 30% of gross recoveries.

The Joint Administrators' statement of proposals which this report is appended to state that the Joint Administrators think that DGL has insufficient property to enable a distribution to be made to unsecured creditors other than by virtue of section 176A(2)(a) of the Insolvency Act 1986 (the prescribed part to be carved out of money which would otherwise be payable to the holder of a floating charge).

A consequence of this statement is that rule 18.18(4) of the Rules provides that the basis of the Joint Administrators' remuneration shall be fixed, if, as in this case, there is no creditors committee, by (a) the consent of each of the secured creditors; or (b) if the Joint Administrators have made or intends to make a distribution to preferential creditors (i) the consent of each of the secured creditors, and (ii) a decision of the preferential creditors in a decision procedure.

We provide details of the work we propose to undertake and details of the expenses we consider will be, or are likely to be, incurred in the table below.

We expect this fee basis to produce a fair and reasonable reflection of work anticipated to be undertaken because the only identified recovery will potentially be from any actions taken following our investigation into the share buyback arrangement between DGL and certain directors. The nature of this potential recovery is contingent and purely speculative. This proposal aligns the interests of the Joint Administrators with the creditors and ensures that any recoveries ultimately achieved are not used disproportionately to meet professional fees. This is particularly pertinent in view of the absence of other assets in DGL.

#### Likely return to creditors

We do not anticipate being in a position to pay a dividend.

# Work done by the Joint Administrators and their team during the Period

We are required to provide narrative explanation of the work done.

Area of work Work	don		W	hy the work was necessary
Assets				
inancial benefit to creditors:	This	work was necessary for administrative purposes and/or complying with stat	utory	requirements and it had no direct financial benefit to the estate
Insurance	•	Continued to liaise with our insurance broker regarding insurance of asset	s •	To mitigate risk of loss from an insurable event and protect creditors' interests
Shareholdings/investments	s .	Correspondence with shareholder located in Mauritius		To comply with regulation and undertake our duties
Investigations				
Financial benefit to creditors:	This	work was necessary to help realise financial value for the benefit of the esta	te a	nd for a distribution to creditors should sufficient funds become available
Investigations	•	Continued investigation matters including reviewing the position, liaison with HCR and consideration of advice, review of correspondence with thin parties	•	To consider whether action should be taken in relation to potential claims
Creditors				
Financial benefit to creditors:	This	work was necessary for administrative purposes and/or complying with stat	utory	requirements and it had no direct financial benefit to the estate
Secured	•	Continued formal reporting to the secured creditors	•	To keep the secured creditors information as the key stakeholders in the administration due
	•	Continued liaison with the secured creditors in relation to their security an amounts owing	t	to their fixed and floating charges over the Group's assets
Unsecured	•	Considered correspondence from and liaised with unsecured creditors in respect of their claims in the estate	•	To ensure unsecured creditor claims and queries are dealt with appropriately
Administration				
Financial benefit to creditors:	This	work was necessary for administrative purposes and/or complying with stat	utory	requirements and it had no direct financial benefit to the estate
Appointment formalities	•	Review case strategy	•	To comply with insolvency law and regulations
	•	Completed and reviewed regulatory checklists		
	•	Facilitated the formal resignation of the Group's directors		
Case management	•	Completed frequent reviews of our case file, checklists and other administrative tasks	•	To comply with insolvency law and regulations
	•	Monitored compliance with internal and regulatory compliance requirements		
Reports to creditors, notice & decisions	es .	Prepared, drafted and circulated progress report to creditors	•	To comply with insolvency law and regulations
Treasury, billing & funding	•	Managed and maintained estate bank account	•	To comply with insolvency law and regulations
		Undertook bank reconciliations		

Undertook routine tax reviews

. To comply with tax law and regulations

### Statement of expenses incurred in the Period

This table provides details of expenses incurred in the Period in connection with the work done by the Joint Administrators, description of which is provided in the 'Work done' section above.

Category	Incurred in the Period (£)	Of which paid by the estate as at Period end $(\mathfrak{L})$
Category 1 expenses		
Legal fees: Harrison Clark Rickerbys Limited	2,500	2,500
Category 2 expenses		
None	-	-
Total expenses	2,500	2,500

Expenses fall into two categories:

#### Category 1 expenses

These are also known as 'out of pocket expenses' and are payments to third parties not associated with the Joint Administrators where there is specific expenditure directly referable to the insolvent estate; they can be drawn without prior approval from creditors.

#### Category 2 expenses

These are expenses directly referable to the insolvent estate but payments that are either to an associate, or that include shared or allocated costs that may be incurred by the Joint Administrators or their firm and that can be allocated to the appointment on a proper and reasonable basis. Category 2 expenses require approval in the same manner as the Joint Administrators' remuneration

There are no shared or allocated costs at this stage. For associates, please see the next section – Payments to associates.

#### Payments to associates

Where we have enlisted the services of others, we have sought to obtain the best value and service. We disclose below services we have sought from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

To the extent that services have been enlisted from Grant Thornton's specialist teams, for example tax, pensions, digital forensics, or any others, the narrative for and cost of their work is included in the work done narrative and SIP9 time costs analysis details in the 'Work done by the Joint Administrators and their team during the Period' section above.

We confirm that in the Period, we have not enlisted any other services from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

### Relationships requiring disclosure

We confirm that we are not aware of any business or personal relationships with any parties responsible for approving the Joint Administrators' fee basis, or who provide services to us as Joint Administrators, which may give rise to a potential conflict.

### Sub-contracted work

We confirm that, in the Period, we have not sub-contracted any work that could otherwise have been carried out by us or our team.

#### Information for creditors and members

Information to help creditors and members to understand their rights in insolvency and regarding officeholders' (ie administrators or liquidators) fees, and the roles and functions of committees is available via Grant Thornton's website:

https://www.grantthornton.co.uk/portal

Alternatively, we will supply this information by post, free of charge, on request.

# Appendix E - Payments to the Joint Administrators and their associates

## DIL

### SIP 9 disclosure

This appendix has been prepared in accordance with the requirements of the Insolvency Act 1986, the Rules and SIP9. In summary, it covers:

- pre-appointment costs
- fee basis
- work done by the Joint Administrators and their team during the Period
- eynenses
- sub-contracted out work
- payments to associates
- · relationships requiring disclosure
- information for creditors (rights, fees, committees).

#### Pre-appointment costs

Pre-administration costs are fees charged and expenses incurred by the Joint Administrators or other qualified insolvency practitioners before a company enters administration but with a view to it doing so. To the extent they remain unpaid when the company enters administration and payment is sought, approval is required from the appropriate body of creditors as to whether they should be paid from the estate.

Neither the Joint Administrators, by way of Grant Thornton being engaged, or any other qualified insolvency practitioner incurred any pre-administration costs in relation to the Second Administration of DII

In the period leading up to the First Administration, the Firm incurred costs in undertaking certain tasks prior to placing DIL into Administration. We will not be seeking approval of these costs as an expense of the Administration under Rule 3.52 and, therefore, there will be no pre-appointment fee paid to the Firm.

Eversheds LLP (Eversheds) was instructed by the Firm to assist with the drafting of the pre-appointment documentation. Its costs incurred in respect of this matter were £14,484 including disbursements. We obtained the relevant approvals during the First Administration to settle these costs so any unpaid amounts will be payable under paragraph 99 of Schedule B1 to the Insolvency Act 1986. Eversheds received a part payment of £7,813 during the First Administration and the balance will be settled subject to future realisations.

#### Post-appointment costs

#### Fee basis of the Joint Administrators

As at the date of this report the fee basis has not been set.

Until at least such time as the fee basis has been fixed, it is not possible to anticipate the total of our remuneration that will be paid from the estate.

During the Period, time costs were incurred totalling £50,593 represented by 159 hrs at an average of £319/hr (as shown in the 'Work done' section below). A description of the work done in the Period is provided in the respective section below.

#### Proposed fee basis

We propose that the remuneration of the Joint Administrators be fixed by reference to time properly spent by the Joint Administrators and their staff.

The Joint Administrators' statement of proposals which this report is appended to state that the Joint Administrators think that DIL has insufficient property to enable a distribution to be made to unsecured creditors other than by virtue of section 176A(2)(a) of the Insolvency Act 1986 (the "prescribed part" to be carved out of money which would otherwise be payable to the holder of a floating charge).

A consequence of this statement is that rule 18.18(4) of the Rules provides that the basis of the Joint Administrators' remuneration shall be fixed, if, as in this case, there is no creditors committee, by (a) the consent of each of the secured creditors; or (b) if the Joint Administrators have made or intends to make a distribution to preferential creditors (i) the consent of each of the secured creditors, and (ii) a decision of the preferential creditors in a decision procedure.

Although the unsecured creditors are not involved in fixing the basis of the Joint Administrators' remuneration, rule 18.16(4) nevertheless requires that where the proposed basis of remuneration is by reference to the time properly given by the Joint Administrators and their staff in attending to matters arising in the administration, the Joint Administrators must, prior to the determination of the basis, deliver to the creditors (a) a fees estimate and (b) details of the expenses which will be or are likely to be incurred.

As time costs form the proposed fee basis, we provide below a fees estimate and details of the expenses that will be, or are likely to be, incurred - please see the 'fees estimate' section.

#### Likely return to creditors

Unfortunately, there are insufficient funds available for a dividend to be paid to creditors.

#### Fees estimate and work done in the Period

A fees estimate comprises the work anticipated to be undertaken and the estimated respective time cost – the fees eventually paid may be more or less depending on the complexity of the case as it progresses and the value of asset recoveries or successful claims, for example. The fees estimate below is based on all of the information available to us as at 11 March 2022. We have considered and accounted for the different levels of expertise that we anticipate will be required to do the work we anticipate necessary to complete the administration, in calculating the time and cost included in the fees estimate table provided below. The table below also includes narrative details of the work done in the Period (numerical analysis of the work done is in the subsequent table and details of expenses incurred in the Period are provided in the 'Expenses' section further below). A more detailed numerical break down of the fees estimate is included in the SIP9 time costs analysis table further below.

Note that the fees estimate is also based on the assumptions that there will be no further assets identified with which to deal with.

Area of work	Work done	Anticipated work	Why the work is necessary	Fees a	nd expense	estimate
Assets Financial benefit to available	creditors: This work was necessary to help realise financial value fo	r the benefit of the estate and for a distributio	n to creditors should sufficient funds become	52 hrs	£20,621	£395/h
Debtors	Regular liaison with DJM for updates and to discuss strategy in relation to the recovery of a key debtor in Liberia Considered detailed correspondence in relation to the mechanics of recovery in Liberia Continued to correspond with the key debtor and subcontractor to negotiate settlement terms Discussions with our internal compliance colleagues to try and facilitate payments to Liberia for legal advice Sought assistance from former directors to recover the amounts due to DIL	Continue to liaise with DJM to consider whether any further action can be taken to recover the debts	To secure and realise the debts where possible To maximise recoveries for creditors			
Investigations	Reviewed the intercompany position to ascertain flow of funds within the group			0.1 hrs	£24	£245/hr

#### Notes:

- Partner includes partners and directors
- Manager includes associate directors and managers
   Executive includes assistant manager and executives
- Total time costs paid to date: Nil
- Please not left hat the actual time incurred in the Period may slightly differ to that reported in the table above. This is due to lags between time being recorded on our internal system by staff and then being posted to the case. We do not expect any differences to be material and any such discrepancies will be noted in our next report.

#### Statement of expenses incurred in the Period

This table provides details of expenses incurred in the Period in connection with the work done by the Joint Administrators, description of which is provided in the 'Work done' section above.

Category	Incurred in the Period (£)	Of which paid by the estate as at Period end (£)
Category 1 expenses		
None	•	
Category 2 expenses		
None	•	
Total expenses		

Expenses are any payments from the estate which are neither the Joint Administrators' remuneration nor a distribution to a creditor or member, but they may include disbursements which are payments first met by and then reimbursed to the Joint Administrators from the estate. Expenses fall into two categories:

#### Category 1 expenses

These are also known as 'out of pocket expenses' and are payments to third parties not associated with the Joint Administrators where there is specific expenditure directly referable to the insolvent estate; they can be drawn without prior approval from creditors.

#### Category 2 expenses

These are expenses directly referable to the insolvent estate but payments that are either to an associate, or that include shared or allocated costs that may be incurred by the Joint Administrators or their firm and that can be allocated to the appointment on a proper and reasonable basis. Category 2 expenses require approval in the same manner as the Joint Administrators' remuneration.

There are no shared or allocated costs at this stage. For associates, please see the next section – Payments to associates.

#### Payments to associates

Where we have enlisted the services of others, we have sought to obtain the best value and service. We disclose below services we have sought from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

To the extent that services have been enlisted from Grant Thornton's specialist teams, for example tax, pensions, digital forensics, or any others, the narrative for and cost of their work is included in the work done narrative and SIP9 time costs analysis details in the 'Work done by the Joint Administrators and their team during the Period' section above.

We confirm that in the Period, we have not enlisted any other services from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

### Relationships requiring disclosure

We confirm that we are not aware of any business or personal relationships with any parties responsible for approving the Joint Administrators' fee basis, or who provide services to us as Joint Administrators, which may give rise to a potential conflict.

### Sub-contracted work

We confirm that, in the Period, we have not sub-contracted any work that could otherwise have been carried out by us or our team.

#### Information for creditors and members

Information to help creditors and members to understand their rights in insolvency and regarding officeholders' (ie administrators or liquidators) fees, and the roles and functions of committees is available via Grant Thornton's website:

https://www.grantthornton.co.uk/portal

Alternatively, we will supply this information by post, free of charge, on request.

# Appendix E - Payments to the Joint Administrators and their associates

DL

### SIP 9 disclosure

This appendix has been prepared in accordance with the requirements of the Insolvency Act 1986, the Rules and SIP9. In summary, it covers:

- pre-appointment costs
- fee basis
- work done by the Joint Administrators and their team during the Period
- expenses
- sub-contracted out work
- payments to associates
- · relationships requiring disclosure
- information for creditors (rights, fees, committees).

#### Pre-appointment costs

Pre-administration costs are fees charged and expenses incurred by the Joint Administrators or other qualified insolvency practitioners before a company enters administration but with a view to it doing so. To the extent they remain unpaid when the company enters administration and payment is sought, approval is required from the appropriate body of creditors as to whether they should be paid from the estate.

Neither the Joint Administrators, by way of Grant Thornton UK LLP being engaged, or any other qualified insolvency practitioner incurred any pre-administration costs in relation to the Second Administration of DL.

#### Post-appointment costs

#### Fee basis of the Joint Administrators

As at the date of this report the fee basis has not been set.

Until at least such time as the fee basis has been fixed, it is not possible to anticipate the total of our remuneration that will be paid from the estate.

During the Period, time costs were incurred totalling £95,670 represented by 292 hrs at an average of £327/hr (as shown in the 'Work done' section below). A description of the work done in the Period is provided in the respective section below.

#### Proposed fee basis

We propose that the remuneration of the Joint Administrators be fixed by reference to time properly spent by the Joint Administrators and their staff.

The Joint Administrators' statement of proposals which this report is appended to state that the Joint Administrators think that DL has insufficient property to enable a distribution to be made to unsecured creditors other than by virtue of section 176A(2)(a) of the Insolvency Act 1986 (the "prescribed part" to be carved out of money which would otherwise be payable to the holder of a floating charge).

A consequence of this statement is that rule 18.18(4) of the Rules provides that the basis of the Joint Administrators' remuneration shall be fixed, if, as in this case, there is no creditors committee, by (a) the consent of each of the secured creditors; or (b) if the Joint Administrators have made or intends to make a distribution to preferential creditors (i) the consent of each of the secured creditors, and (ii) a decision of the preferential creditors in a decision procedure.

Although the unsecured creditors are not involved in fixing the basis of the Joint Administrators' remuneration, rule 18.16(4) nevertheless requires that where the proposed basis of remuneration is by reference to the time properly given by the Joint Administrators and their staff in attending to matters arising in the administration, the Joint Administrators must, prior to the determination of the basis, deliver to the creditors (a) a fees estimate and (b) details of the expenses which will be or are likely to be incurred.

As time costs form the proposed fee basis, we provide below a fees estimate and details of the expenses that will be, or are likely to be, incurred - please see the 'fees estimate' section.

#### Likely return to creditors

Unfortunately, there are insufficient funds available for a dividend to be paid to creditors.

#### Fees estimate and work done in the Period

A fees estimate comprises the work anticipated to be undertaken and the estimated respective time cost – the fees eventually paid may be more or less depending on the complexity of the case as it progresses and the value of asset recoveries or successful claims, for example. The fees estimate below is based on all of the information available to us as at 11 March 2022. We have considered and accounted for the different levels of expertise that we anticipate will be required to do the work we anticipate necessary to complete the administration, in calculating the time and cost included in the fees estimate table provided below. The table below also includes narrative details of the work done in the Period (numerical analysis of the work done is in the subsequent table and details of expenses incurred in the Period are provided in the 'Expenses' section further below). A more detailed numerical break down of the fees estimate is included in the SIP9 time costs analysis table further below.

Note that the fees estimate is also based on the assumptions that there will be no further assets identified with which to deal with.

ВТ	4,231	4,231
Ground rent	1,200	1,200
Pozitive Energy	18,501	18,501
Corporation Tax	38,628	38,628
Category 2 expenses		
None	-	-
Total expenses	201,183	201,183

Expenses are any payments from the estate which are neither the Joint Administrators' remuneration nor a distribution to a creditor or member, but they may include disbursements which are payments first met by and then reimbursed to the Joint Administrators from the estate. Expenses fall into two categories:

# Category 1 expenses

These are also known as 'out of pocket expenses' and are payments to third parties not associated with the Joint Administrators where there is specific expenditure directly referable to the insolvent estate; they can be drawn without prior approval from creditors.

#### Category 2 expenses

These are expenses directly referable to the insolvent estate but payments that are either to an associate, or that include shared or allocated costs that may be incurred by the Joint Administrators or their firm and that can be allocated to the appointment on a proper and reasonable basis. Category 2 expenses require approval in the same manner as the Joint Administrators' remuneration.

There are no shared or allocated costs at this stage. For associates, please see the next section – Payments to associates.

## Payments to associates

Where we have enlisted the services of others, we have sought to obtain the best value and service. We disclose below services we have sought from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

To the extent that services have been enlisted from Grant Thornton's specialist teams, for example tax, pensions, digital forensics, or any others, the narrative for and cost of their work is included in the work done narrative and SIP9 time costs analysis details in the 'Work done by the Joint Administrators and their team during the Period' section above.

We confirm that in the Period, we have not enlisted any other services from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association

# Relationships requiring disclosure

We confirm that we are not aware of any business or personal relationships with any parties responsible for approving the Joint Administrators' fee basis, or who provide services to us as Joint Administrators, which may give rise to a potential conflict.

# Sub-contracted work

We confirm that, in the Period, we have not sub-contracted any work that could otherwise have been carried out by us or our team.

# Information for creditors and members

Information to help creditors and members to understand their rights in insolvency and regarding officeholders' (ie administrators or liquidators) fees, and the roles and functions of committees is available via Grant Thornton's website:

https://www.grantthornton.co.uk/portal

Alternatively, we will supply this information by post, free of charge, on request.

# Appendix E - Payments to the Joint Administrators and their associates

# DSL

# SIP 9 disclosure

This appendix has been prepared in accordance with the requirements of the Insolvency Act 1986, the Rules and SIP9. In summary, it covers:

- pre-appointment costs
- fee basis
- work done by the Joint Administrators and their team during the Period
- expenses
- sub-contracted out work
- payments to associates
- · relationships requiring disclosure
- information for creditors (rights, fees, committees).

# Pre-appointment costs

Pre-administration costs are fees charged and expenses incurred by the Joint Administrators or other qualified insolvency practitioners before a company enters administration but with a view to it doing so. To the extent they remain unpaid when the company enters administration and payment is sought, approval is required from the appropriate body of creditors as to whether they should be paid from the estate.

Neither the Joint Administrators, by way of Grant Thornton being engaged, or any other qualified insolvency practitioner incurred any pre-administration costs in relation to the Second Administration of DSL.

# Post-appointment costs

#### Fee basis of the Joint Administrators

As at the date of this report the fee basis has not been set.

Until at least such time as the fee basis has been fixed, it is not possible to anticipate the total of our remuneration that will be paid from the estate.

During the Period, time costs were incurred totalling £21,683 represented by 79 hrs at an average of £275/hr (as shown in the 'Work done' section below). A description of the work done in the Period is provided in the respective section below.

# Proposed fee basis

We propose that the remuneration of the Joint Administrators be fixed by reference to time properly spent by the Joint Administrators and their staff.

The Joint Administrators' statement of proposals which this report is appended to state that the Joint Administrators think that DSL has insufficient property to enable a distribution to be made to unsecured creditors other than by virtue of section 176A(2)(a) of the Insolvency Act 1986 (the prescribed part to be carved out of money which would otherwise be payable to the holder of a floating charge).

A consequence of this statement is that rule 18.18(4) of the Rules provides that the basis of the Joint Administrators' remuneration shall be fixed, if, as in this case, there is no creditors committee, by (a) the consent of each of the secured creditors; or (b) if the Joint Administrators have made or intends to make a distribution to preferential creditors (i) the consent of each of the secured creditors, and (ii) a decision of the preferential creditors in a decision procedure.

Although the unsecured creditors are not involved in fixing the basis of the Joint Administrators' remuneration, rule 18.16(4) nevertheless requires that where the proposed basis of remuneration is by reference to the time properly given by the Joint Administrators and their staff in attending to matters arising in the administration, the Joint Administrators must, prior to the determination of the basis, deliver to the creditors (a) a fees estimate and (b) details of the expenses which will be or are likely to be incurred.

As time costs form the proposed fee basis, we provide below a fees estimate and details of the expenses that will be, or are likely to be, incurred - please see the 'fees estimate' section.

#### Likely return to creditors

There are sufficient funds available for a prescribed part dividend to be paid to creditors, however, the quantum and timing is currently uncertain.

#### Fees estimate and work done in the Period

A fees estimate comprises the work anticipated to be undertaken and the estimated respective time cost – the fees eventually paid may be more or less depending on the complexity of the case as it progresses and the value of asset recoveries or successful claims, for example. The fees estimate below is based on all of the information available to us as at 11 March 2022.

We have considered and accounted for the different levels of expertise that we anticipate will be required to do the work we anticipate necessary to complete the administration, in calculating the time and cost included in the fees estimate table provided below. The table below also includes narrative details of the work done in the Period (numerical analysis of the work done is in the subsequent table and details of expenses incurred in the Period are provided in the 'Expenses' section further below). A more detailed numerical break down of the fees estimate is included in the SIP9 time costs analysis table further below.

Note that the fees estimate is also based on the assumptions that there will be no further assets identified with which to deal with.

Area of work	W	ork done	Anticipated work	W	hy the work is necessary	Fees a	nd expense	estimate

## Notes:

- Notes:
   Partner includes partners and directors
   Manager includes associate directors and managers
   Executive includes assistant manager and executives
   Total time costs paid to date: Nil
- Please note that the actual time incurred in the Period may slightly differ to that reported in the table above. This is due to lags between time being recorded on our internal system by staff and then being posted to the case. We do not expect any differences to be material and any such discrepancies will be noted in our next report.

# Statement of expenses incurred in the Period

This table provides details of expenses incurred in the Period in connection with the work done by the Joint Administrators, description of which is provided in the 'Work done' section above.

Category	Incurred in the Period (£)	Of which paid by the estate as at Period end $(\mathfrak{L})$
Category 1 expenses		
Bank Charges	160	160
Legal fees – Blake Morgan LLP	1,195	1,195
Category 2 expenses		
None	-	-
Total expenses	1,355	1,355

Expenses are any payments from the estate which are neither the Joint Administrators' remuneration nor a distribution to a creditor or member, but they may include disbursements which are payments first met by and then reimbursed to the Joint Administrators from the estate. Expenses fall into two categories:

#### Category 1 expenses

These are also known as 'out of pocket expenses' and are payments to third parties not associated with the Joint Administrators where there is specific expenditure directly referable to the insolvent estate; they can be drawn without prior approval from creditors.

#### Category 2 expenses

These are expenses directly referable to the insolvent estate but payments that are either to an associate, or that include shared or allocated costs that may be incurred by the Joint Administrators or their firm and that can be allocated to the appointment on a proper and reasonable basis. Category 2 expenses require approval in the same manner as the Joint Administrators' remuneration.

There are no shared or allocated costs at this stage. For associates, please see the next section – Payments to associates.

# Payments to associates

Where we have enlisted the services of others, we have sought to obtain the best value and service. We disclose below services we have sought from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

To the extent that services have been enlisted from Grant Thornton's specialist teams, for example tax, pensions, digital forensics, or any others, the narrative for and cost of their work is included in the work done narrative and SIP9 time costs analysis details in the 'Work done by the Joint Administrators and their team during the Period' section above.

We confirm that in the Period, we have not enlisted any other services from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

# Relationships requiring disclosure

We confirm that we are not aware of any business or personal relationships with any parties responsible for approving the Joint Administrators' fee basis, or who provide services to us as Joint Administrators, which may give rise to a potential conflict.

# Sub-contracted work

We confirm that, in the Period, we have not sub-contracted any work that could otherwise have been carried out by us or our team.

# Information for creditors and members

Information to help creditors and members to understand their rights in insolvency and regarding officeholders' (ie administrators or liquidators) fees, and the roles and functions of committees is available via Grant Thornton's website:

https://www.grantthornton.co.uk/portal

Alternatively, we will supply this information by post, free of charge, on request.

# Appendix E - Payments to the Joint Administrators and their associates

# Quantum

# SIP 9 disclosure

This appendix has been prepared in accordance with the requirements of the Insolvency Act 1986, the Rules and SIP9. In summary, it covers:

- pre-appointment costs
- fee basis
- work done by the Joint Administrators and their team during the Period
- eynenses
- sub-contracted out work
- payments to associates
- · relationships requiring disclosure
- information for creditors (rights, fees, committees).

# Pre-appointment costs

Pre-administration costs are fees charged and expenses incurred by the Joint Administrators or other qualified insolvency practitioners before a company enters administration but with a view to it doing so. To the extent they remain unpaid when the company enters administration and payment is sought, approval is required from the appropriate body of creditors as to whether they should be paid from the estate.

Neither the Joint Administrators, by way of Grant Thornton being engaged, or any other qualified insolvency practitioner incurred any pre-administration costs in relation to the Second Administration of Quantum.

# Post-appointment costs

#### Fee basis of the Joint Administrators

As at the date of this report the fee basis has not been set.

Until at least such time as the fee basis has been fixed, it is not possible to anticipate the total of our remuneration that will be paid from the estate.

During the Period, time costs were incurred totalling £27,785 represented by 97 hrs at an average of £286/hr (as shown in the 'Work done' section below). A description of the work done in the Period is provided in the respective section below.

# Proposed fee basis

We propose that the remuneration of the Joint Administrators be fixed by reference to time properly spent by the Joint Administrators and their staff.

The Joint Administrators' statement of proposals which this report is appended to state that the Joint Administrators think that Quantum has insufficient property to enable a distribution to be made to unsecured creditors other than by virtue of section 176A(2)(a) of the Insolvency Act 1986 (the "prescribed part" to be carved out of money which would otherwise be payable to the holder of a floating charge).

A consequence of this statement is that rule 18.18(4) of the Rules provides that the basis of the Joint Administrators' remuneration shall be fixed, if, as in this case, there is no creditors committee, by (a) the consent of each of the secured creditors; or (b) if the Joint Administrators have made or intends to make a distribution to preferential creditors (i) the consent of each of the secured creditors, and (ii) a decision of the preferential creditors in a decision procedure.

Although the unsecured creditors are not involved in fixing the basis of the Joint Administrators' remuneration, rule 18.16(4) nevertheless requires that where the proposed basis of remuneration is by reference to the time properly given by the Joint Administrators and their staff in attending to matters arising in the administration, the Joint Administrators must, prior to the determination of the basis, deliver to the creditors (a) a fees estimate and (b) details of the expenses which will be or are likely to be incurred.

As time costs form the proposed fee basis, we provide below a fees estimate and details of the expenses that will be, or are likely to be, incurred - please see the 'fees estimate' section.

#### Likely return to creditors

Unfortunately, there are insufficient funds available for a dividend to be paid to creditors.

#### Fees estimate and work done in the Period

A fees estimate comprises the work anticipated to be undertaken and the estimated respective time cost – the fees eventually paid may be more or less depending on the complexity of the case as it progresses and the value of asset recoveries or successful claims, for example. The fees estimate below is based on all of the information available to us as at 11 March 2022.

We have considered and accounted for the different levels of expertise that we anticipate will be required to do the work we anticipate necessary to complete the administration, in calculating the time and cost included in the fees estimate table provided below. The table below also includes narrative details of the work done in the Period (numerical analysis of the work done is in the subsequent table and details of expenses incurred in the Period are provided in the 'Expenses' section further below). A more detailed numerical break down of the fees estimate is included in the SIP9 time costs analysis table further below.

Note that the fees estimate is also based on the assumptions that there will be no further assets identified with which to deal with.

- Notes:
   Partner includes partners and directors
   Manager includes associate directors and managers
- Executive includes assistant manager and executives
   Total time costs paid to date: Nil
- -Please note that the actual time incurred in the Period may slightly differ to that reported in the table above. This is due to lags between time being recorded on our internal system by staff and then being posted to the case. We do not expect any differences to be material and any such discrepancies will be noted in our next report.

# Statement of expenses incurred in the Period

This table provides details of expenses incurred in the Period in connection with the work done by the Joint Administrators, description of which is provided in the 'Work done' section above.

Category	Incurred in the Period (£)	Of which paid by the estate as at Period end (£)
Category 1 expenses		
Bank Charges	149	149
Legal fees – Blake Morgan LLP	1,195	1,195
Category 2 expenses		
None	-	-
Total expenses	1,344	1,344

Expenses are any payments from the estate which are neither the Joint Administrators' remuneration nor a distribution to a creditor or member, but they may include disbursements which are payments first met by and then reimbursed to the Joint Administrators from the estate. Expenses fall into two categories:

#### Category 1 expenses

These are also known as 'out of pocket expenses' and are payments to third parties not associated with the Joint Administrators where there is specific expenditure directly referable to the insolvent estate; they can be drawn without prior approval from creditors.

#### Category 2 expenses

These are expenses directly referable to the insolvent estate but payments that are either to an associate, or that include shared or allocated costs that may be incurred by the Joint Administrators or their firm and that can be allocated to the appointment on a proper and reasonable basis. Category 2 expenses require approval in the same manner as the Joint Administrators' remuneration.

There are no shared or allocated costs at this stage. For associates, please see the next section – Payments to associates.

# Payments to associates

Where we have enlisted the services of others, we have sought to obtain the best value and service. We disclose below services we have sought from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

To the extent that services have been enlisted from Grant Thornton's specialist teams, for example tax, pensions, digital forensics, or any others, the narrative for and cost of their work is included in the work done narrative and SIP9 time costs analysis details in the 'Work done by the Joint Administrators and their team during the Period' section above.

We confirm that in the Period, we have not enlisted any other services from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

# Relationships requiring disclosure

We confirm that we are not aware of any business or personal relationships with any parties responsible for approving the Joint Administrators' fee basis, or who provide services to us as Joint Administrators, which may give rise to a potential conflict.

# Sub-contracted work

We confirm that, in the Period, we have not sub-contracted any work that could otherwise have been carried out by us or our team.

# Information for creditors and members

Information to help creditors and members to understand their rights in insolvency and regarding officeholders' (ie administrators or liquidators) fees, and the roles and functions of committees is available via Grant Thornton's website:

https://www.grantthornton.co.uk/portal

Alternatively, we will supply this information by post, free of charge, on request.
