The Company has adopted the following principal accounting policies:

#### a) Investments

Investments are carried at cost less any provision for impairments

#### b) Impairment

The carrying amounts of fixed assets and investments are reviewed for impairment if events or changes in circumstances indicate the carrying value may not be recoverable. If there are indicators of impairment, an exercise is undertaken to determine whether the carrying values are in excess of their recoverable amounts. Such review is undertaken on income generating units.

If the carrying amount of a fixed asset exceeds the recoverable amount, a provision is recorded to reflect the asset at the lower amount.
