DIRECTORS' REPORT For the year ended 31 March 2007

The directors present their report and the financial statements for the year ended 31 March 2007

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and United Kingdom generally accepted accounting practice

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In determining how amounts are presented within items in the profit and loss account and balance sheet, the directors have had regard to the substance of the reported transaction or arrangement, in accordance with generally accepted accounting principles or practice

So far as each of the directors is aware at the time the report is approved

- · there is no relevant audit information of which the company's auditors are unaware, and
- the directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information

PRINCIPAL ACTIVITIES AND REVIEW OF BUSINESS

The company's principal activity is that of chartered surveyors, professional property services, commercial property management and commercial estate agency

The directors are pleased with the long term progress of the business despite the small loss before taxation during the year. The professional, property management and commercial estate agency aspects of the business have all continued to develop. The directors are confident that there is considerable opportunity to continue to expand the business both financially and geographically.

RESULTS AND DIVIDENDS

The profit for the period, after taxation, amounted to £11,730 (2006 £150,902)

The directors do not propose a dividend be paid in relation to these accounts
