Joint Administrators' actions

Any act required or authorised under any enactment to be

done by an Administrator may be done by either or both of

the Administrators acting jointly or alone

EC Regulation The EC Regulation applies and these proceedings are main

proceedings

### 2. SUMMARY OF THE JOINT ADMINISTRATORS' PROPOSALS

As previously advised, an Administrator must perform his functions with the purpose of achieving one of the following statutory objectives

- rescuing the company as a going concern,
- achieving a better result for the company's creditors as a whole than would be likely if the company were wound up (without first being in Administration), or
- realising property in order to make a distribution to one or more secured or preferential creditors

In our Report and Proposals, we advised that the statutory objective we are seeking to achieve is objective (c), to realise property in order to make a distribution to one or more secured or preferential creditors. We aimed to achieve this by collecting the deferred consideration due under the terms of the asset sale agreement for the sale of the business and assets of the company to Phosters (FM) Limited and were expecting to receive surplus funds following the collection of the company's outstanding debtor ledger by the company's invoice financiers, Peak Cashflow Limited

The following Proposals were deemed approved 8 days after they were circulated to creditors, being 8 January 2014

- The actions of the Joint Administrators to date are approved and that the Joint Administrators remain in office
- They continue to manage the business, affairs and property of the company in order to achieve the purpose of Administration namely
  - realising property in order to make a distribution to one or more secured or preferential creditors
- Agree and confirm the validity of the secured creditor's charges
- It is proposed that the exit route from Administration will be either the dissolution of the company or, if there are funds to distribute to the company's unsecured creditors, a Creditors' Voluntary Liquidation. If the company enters a Creditors' Voluntary Liquidation, it is proposed that Adam Jordan and Nickolas Rimes will be appointed as Joint Liquidators of the company
- If there are funds available to distribute to the company's unsecured creditors, the exit route from Administration would be a Creditors' Voluntary Liquidation. If the company enters a Creditors' Voluntary Liquidation, it is proposed that the Joint Administrators will be appointed as the company's Joint Liquidators. In addition, it is proposed that any act required or authorised under any enactment by the Joint Liquidators is to be done by one or both of them in accordance with Paragraph 83(7) of Schedule B1 to the Act "The Liquidator for the purposes of the winding up shall be (a) a person nominated by the creditors of the company in the prescribed manner and within the prescribed period" and Rule 2 117(3) of the Rules, "where creditors may nominate a different person as the proposed Liquidator provided that the nomination is made after the receipt of the proposals and before the proposals are approved".
- The Administration will continue until the Proposals have been fully implemented, as set out above. An extension will be sought if the time required concluding the Administration is likely to exceed twelve months.
- That any unpaid costs of the Administration be given priority over the costs of any future insolvency procedure

 That the Joint Administrators be discharged from all liabilities pursuant to Paragraph 98 of Schedule B1 to the Act, upon filing notice for the Liquidation or Dissolution of the company or upon termination of the Administration

### 3. ASSETS

Attached a **Appendix A** is a copy of our Receipts and Payments Account for the period 20 November 2013 to 19 May 2014, showing assets realised

### Sale of Business & Assets

We have previously reported that the business and assets of the company were sold to Phosters (FM) Limited ("FM") by way of a pre-packaged sale that was completed on 20 November 2014

The sale consideration was £37,500, of which £6,250 was due upon completion. The balance of £31,250 was to be paid in five equal monthly instalments commencing in December 2013.

Details of the assets sold and the values attributed to each are as follows -

Sale Consideration
£
1
20,000
2,999
3,000
1,500
10,000
37,500

The sum of £6,250 was received upon completion by our solicitors, Harrison Clark Rickerbys ("HCR")

Creditors will note from **Appendix A**, that only £34,375 was received during the period covered by this report. As previously reported, the Directors of FM were Paul Taylor and Simon Heaton, previous Directors of the company. Whilst the purchaser was FM, the monthly instalments were being paid by the Directors split 50/50.

The final payment received was only £3,125 leaving a shortfall of £3,125. The outstanding balance was to be apportioned to Goodwill, an asset subject to the fixed charges in favour of Mr Taylor and Mr Heaton. It was agreed with Mr Heaton that the outstanding balance would not be paid, and rather reduce the return to Mr Heaton under the terms of his fixed charge.

### Factored Book Debts

Creditors will recall that the company had assigned its sales ledger under an invoice finance agreement to Peak Cashflow Limited ("Peak")

Peak collected out in full in May 2014 and after applying termination fees, a ledger consisting of approved debts totalling £34,508 83 remains outstanding. Peak has offered to collect these debts on our behalf without charge.

Peak are continuing to the collect ledger and will be reporting to us a monthly basis to provide us with an update on the collection process, although it is anticipated that certain debtors may require remedial works to be completed before releasing payment

We have applied a general provision of 30% to allow for bad and doubtful debts therefore estimating that £24,156 will be realisable from the reassigned ledger

### Non Factored Book Debts

In addition to factored book debts, we reported the company had an outstanding non-factored sales ledger of £15,639 86. Of this amount, £15,172 89 related to a debtor that entered Administration and we have been advised that there is no prospect of a dividend being declared to unsecured creditors.

The balance of £466 97 remains outstanding. During the period covered by this report there have been no recoveries in respect of non-factored book debts and we have taken the decision not to pursue the amounts outstanding any further as we consider that the costs to be incurred would exceed any possible realisations.

### Bank Interest

Funds have been held in an interest bearing account and £4 41 has been received gross of taxation

### 4 LIABILITIES

### Secured Liabilities

An examination of the company's mortgage register at Companies House showed that the company had granted

- An All Assets Debenture in favour of Peak that was created on 29 October 2012 and delivered on 9 November 2012, and confers upon the holder fixed and floating charges over the undertakings and all property and assets of the company,
- A Debenture in favour of Simon Heaton that was created on 9 June 2012 and delivered on 25 May 2012, and confers upon the holder fixed and floating charges over the undertakings and all property and assets of the company,
- A Debenture in favour of Paul Taylor that was created on 9 June 2012 and delivered on 25 May 2012, and confers upon the holder fixed and floating charges over the undertakings and all property and assets of the company

As reported above, there is no longer any liability to Peak, however, we understand the necessary documentation to reflect the charge as having being satisfied has yet to be lodged

Paul Taylor and Simon Heaton are both owed £73,473 for funds invested into the company secured by way of separate private Debentures registered against the company. We have received a copy of both Debentures and have received advice as to the validity of the security held from HCR.

We will shortly be making a distribution to secured creditors under the terms of their fixed charge security. As a result, we will achieve the statutory objective of Administration being pursued, that being to realise property in order to make a distribution to one or more secured or preferential creditors.

Section 176A of the Act provides that where a company has created a floating charge after 15 September 2003, the Administrator must make a Prescribed Part of the company's net property available for the unsecured creditors. Net property means the amount that would, if not for this section of the Act, be available for distribution to a floating charge holder out of floating charge assets

An Administrator will not be required to set aside the prescribed part if

• The net property is less than £10,000 and he thinks that the cost of distributing the prescribed part would be disproportionate to the benefit, or

• The Administrator (or subsequent Liquidator) thinks that the cost of making a distribution to unsecured creditors would be disproportionate to the benefits

In our Report and Proposals, it was anticipated that the Prescribed Part provisions would apply, although any distribution to the company's unsecured creditors would be dependent on the collection of the company's sales ledger

Due to the estimated realisable value of the company's sales ledger, after deducting the costs of administering the Administration, based on current information, we do not anticipate that there will be sufficient realisations to enable a dividend to be declared to unsecured creditors. We estimate that net property will be less than £10,000 and therefore there will be no requirement to set aside funds for the benefit of unsecured creditors under the Prescribed Part provisions.

### Preferential Creditors

We are not aware of any preferential claims within the Administration By completing a sale of the business and assets to FM, the company's contracts of employment with the employees automatically transferred to FM, reducing the level of creditors' claims in the Administration

We can confirm no preferential claims have been received

### Crown Creditors

We have received a claim from HM Revenue & Customer in the sum of £170,137 52 in respect of VAT and a claim in the sum of £188,326 20 in respect of PAYE

### Non-preferential Unsecured Creditors

The Estimated financial position of the company included unsecured creditors (excluding HMRC liabilities detailed above) with an estimated total liability of £337,527 16. As at 19 May 2014, we have received claims totalling £141,061 27

### 5 DIVIDENDS

A dividend will shortly be declared to the company's secured creditors under the terms of their fixed charge security

On present information it is not anticipated that a dividend will be declared to unsecured creditors as funds realised will necessarily be used to defray the costs and expenses of the Administration

### 6. INVESTIGATION INTO THE AFFAIRS OF THE COMPANY

We have submitted our statutory report to the Department of Business, Innovation and Skills on the conduct of the Directors in accordance with the Insolvent Companies (Report on Conduct of Directors) Rules 1996 and the Company Directors Disqualification Act 1986. The content of this report is, however, strictly private and confidential

We also have a duty to investigate the extent of the company's assets, including potential claims against third parties and to report our findings to creditors, subject to considerations of privilege and confidentiality and whether those investigations and/or any potential litigation might be compromised

Our preliminary assessment of the conduct of the company's affairs by the Directors prior to our appointment did not reveal any matters appropriate for us to pursue Accordingly, we are not conducting any further, more detailed, investigations

### 7 JOINT ADMINISTRATORS' FEES, DISBURSEMENTS AND EXPENSES

### Basis of remuneration and disbursements

In our Report and Proposals, we sought agreement that the underlying basis of our remuneration and disbursements be fixed by reference to time costs properly incurred at our firm's standard charging rates and that our Category 2 disbursements be drawn in line with the firm's charging and disbursements policy circulated with the report

The company's financial position meant that it was anticipated that there would be insufficient assets to declare a dividend to unsecured creditors other than by virtue of the prescribed part provisions, and accordingly a meeting of creditors was not convened and a meeting was not requisitioned by creditors. As the company does not have any creditors of a preferential nature, it was for the company's secured creditors to approve the bases for drawing our remuneration and disbursements.

The necessary approval was received from the company's secured creditors

Since the approval of the bases for drawing our remuneration and disbursements, there has not been a change to the firms charge out rates and disbursement tariff. A copy of this is attached at **Appendix B** 

### Remuneration charged and drawn

Time costs for the period to 19 May 2014 amount to £23,250 which represents 130 10 hours at an average hourly rate of £178 71

Details of our time costs charged during this period are shown at **Appendix C** We are required to provide the information in this format by Statement of Insolvency Practice 9

Creditors will note from the Receipts and Payments Account that we have drawn remuneration of £6,100 and Category 1 disbursements of £234 10

A detailed narrative description of the work undertaken during the Administration is as follows (this is not an exhaustive list)

### 1 Administration and Planning

- Preparing the documentation and dealing with the formalities of appointment
- Statutory notifications and advertising
- Preparing documentation required
- Dealing with all routine correspondence
- Maintaining physical case files and electronic case details on IPS case management software
- · Review and storage
- Case bordereau
- · Case planning and administration
- · Preparing reports to shareholders and creditors

### 2 <u>Cashiering</u>

- Maintaining and managing the Joint Administrators' cashbook and bank account
- Ensuring statutory lodgements and tax lodgement obligations are met

### 3 Creditors

- Dealing with creditor correspondence and telephone conversations
- · Preparing reports to creditors
- Maintaining creditor information on IPS case management software
- Reviewing, and adjudicating on if necessary, proofs of debt received from creditors

### 4 Investigations

- Review and storage of books and records
- Prepare a return pursuant to the Company Directors Disqualification Act
- Conduct investigations into certain transactions
- Review books and records to identify any transactions or actions an Administrator may take against a third party in order to recover funds for the benefit of creditors

### 5 Realisation of Assets

- Liaising with the company's bank regarding the closure of the account
- · Collection of the company's non factored sales ledger
- Correspondence with Peak regarding the collection process of the factored book debts
- · Correspondence with FM in relation to sale consideration

### Disbursements incurred and drawn

Details of disbursements incurred and drawn are given in Appendix D

Category 1 disbursements are in respect of expenses that were directly attributable to the case Category 2 disbursements required specific authorisation and consist of disbursements that are not specifically identifiable to the case

### Expenses incurred and drawn

Details of expenses incurred and drawn are also given in Appendix D

The following agents or professional advisors have been utilised in this matter

Professional Advisor	Nature of Work	Fee Arrangement
Harrison Clark Rickerbys	Legal Costs	Time costs

The choice of professionals was based on our perception of their experience and ability to perform the type of work required in accordance with the complexity and nature of this assignment and the basis of our fee arrangement with them. The fees charged have been reviewed and we are satisfied that they are reasonable in the circumstances of this case.

We can confirm HCR have yet to receive payment for time incurred during the period of Administration

### **Pre-Administration Costs**

In our Report and Proposals we provided a detailed statement of the pre-administration costs and expenses incurred by us as the proposed Joint Administrators with a view to the Administration of the company. We indicated that it would be for the secured creditors to consider these costs and approve them for payment as an expense of the Administration.

Approval for the payment of pre-Administration costs was received from the company's secured creditors

Following approval, our agents, MGR Appraisals, have received payment of their pre-Administration costs. HCR have yet to receive payment for its time incurred during the period leading up to Administration.

### 8. CREDITORS' GUIDE TO FEES AND STATEMENT OF CREDITORS' RIGHTS

Further information relating to the Joint Administrators' remuneration, expenses and disbursements, including details of your rights as a creditor in this regard, may be downloaded from our website at <a href="https://www.rimesandco.co.uk">www.rimesandco.co.uk</a> and by clicking on 'Resources'

An unsecured creditor may, with the permission of the Court, or with the concurrence of 5% in value of the unsecured creditors (including the creditor in question) request further details of the Joint Administrators' remuneration and expenses, within 21 days of receipt of this report. Any secured creditor may request the same details in the same time limit.

An unsecured creditor may, with the permission of the Court, or with the concurrence of 10% in value of the unsecured creditors (including the creditor in question), apply to court to challenge the amount and/or basis of the Joint Administrators' fees and the amount of any proposed expenses or expenses already incurred, within 8 weeks of receipt of this report. Any secured creditor may make a similar application to Court within the same time limit.

### 9. SUMMARY

We will shortly be declaring a dividend to the company's secured creditors, thereby achieving a statutory objective of the Administration and Peak are continuing to collect the reassigned ledger as our agents

We anticipate that we will be in a position to complete the Administration prior to the anniversary of our appointment. In the event that realisations are insufficient to enable a dividend to be declared to the company's unsecured creditors, the exit route will be to move the company from Administration to Dissolution.

Should you have any queries regarding this matter please contact Ansar Mahmood on 01299 406355

Yours faithfully For and on behalf of

Phosters F\$ Limited

A P Jorgan
Joint Administrator

The affairs, business and property of the company are being managed by the Joint Administrators
The Joint Administrators act as agents of the company and without personal liability

### Phosters FS Limited - In Administration

### Guidance for creditors on charge out rates and allocated disbursements

### Charge out rates

It is anticipated that the following grades of personnel will work on this case. Their current charge-out rates are set out below

Grade of personnel	Hourly charge out rate (£)
Partner	275 - 325
Manager	220 – 275
Administrator	110 - 150
Cashiering & Secretarial	50 – 110

Time is charged in units of 6 minutes. In common with other professional firms, our chargeout rates increase from time to time over the period of administration of a case. Subcontractors, if used, will be recharged at cost

### Allocated disbursements

Details of the proposed charges for which approval is required are set out below

- Meeting room charge for statutory meetings, charged at £60 per meeting summoned (members' and creditors' meetings on the same day treated as one meeting)
- Facsimiles are charged at £1 per page and photocopying is charged at a cost of 15p per page
- Envelopes for all circulars to creditors are re-charged to the case at 20p per C4 window envelope
- Business rate mileage, at a cost of between 40p and 80p per mile in relation to the running costs of different classes of vehicle

It should be noted that the above costs might increase from time to time. However, this would only be as a result of inflationary increases or in line with increases from my suppliers.
