ABBREVIATED BALANCE SHEET - continued
31ST MARCH 2015

The abbreviated accounts have been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

The financial statements were approved by the Board of Directors on 24th August 2015 and were signed on its behalf by:

M Boynton - Director

**NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 31ST MARCH 2015**

1. Accounting policies

Basis of preparing the financial statements

The balance sheet at the year end shows net liabilities of £202,729, which includes loans from the directors of £986,112. The directors confirm that they will continue to support the Company. Therefore they consider it appropriate to adopt the going concern basis in preparing these accounts.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of services, excluding value added tax.

Tangible fixed assets

Tangible fixed assets are stated in the Balance Sheet at cost less depreciation.

Depreciation is provided at the following rates, in order to write off each asset over its estimated useful life;

Land & Buildings	4% straight line
Plant & Machinery	25% straight line

Deferred tax

Deferred tax arises as a result of including items of income & expenditure in tax computations in periods different from those in which they are included in the company's accounts. Deferred tax is provided in full on timing differences which result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws. Deferred tax is not provided on timing differences arising from the revaluation of fixed assets when there is no commitment to sell the asset.

Grants

Grants of a capital nature are credited to the Balance Sheet and amortised over the life of the assets to which they relate.

Investment properties

Investment properties are valued at cost and depreciated on a straight line basis over 25 years. This is accordance with Companies Act 2006, however, it is a departure from SSAP19 and the FRSSE which specify that they should be valued at market value. However, the business park has yet to achieve full occupancy and is not yet yielding a return on investment. Therefore, the Directors consider the adoption of this treatment is necessary to give a true and fair view.
