#### **Statement of Directors' responsibilities**

The Directors are responsible for preparing the strategic report, the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial period. Under that law the Directors have prepared the financial statements in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable IFRSs as adopted by the European Union have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

#### **Statement of disclosure of information to auditors**

In accordance with Section 418 of the Companies Act 2006, in the case of each Director in office at the date the Directors' report is approved, the following applies:

(a) so far as the Director is aware, there is no relevant audit information of which the Company's auditors are unaware; and

(b) he has taken all the steps that he ought to have taken as a Director in order to make himself aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

## **Report on the financial statements**

### *Our opinion*

In our opinion, Sun CP Newmidco Limited's financial statements (the "financial statements"):

- give a true and fair view of the state of the company's affairs as at 23 April 2015 and of its profit and cash flows for the 52 week period (the "period") then ended;
- have been properly prepared in accordance with International Financial Reporting Standards ("IFRSs") as adopted by the European Union; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

### *What we have audited*

Sun CP Newmidco Limited's financial statements comprise:

- the Balance Sheet as at 23 April 2015;
- the Income Statement for the period then ended;
- the Statement of Changes in Equity for the period then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies and other explanatory information.

The financial reporting framework that has been applied in the preparation of the financial statements is applicable law and IFRSs as adopted by the European Union.

In applying the financial reporting framework, the directors have made a number of subjective judgements, for example in respect of significant accounting estimates. In making such estimates, they have made assumptions and considered future events.

## **Opinion on other matter prescribed by the Companies Act 2006**

In our opinion, the information given in the Strategic Report and the Directors' report for the financial period for which the financial statements are prepared is consistent with the financial statements.

## **Other matters on which we are required to report by exception**

### *Adequacy of accounting records and information and explanations received*

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

### *Directors' remuneration*

Under the Companies Act 2006 we are required to report to you if, in our opinion, certain disclosures of directors' remuneration specified by law are not made. We have no exceptions to report arising from this responsibility.

# **Independent auditors' report to the members of Sun CP Newmidco Limited (continued)**

## **Responsibilities for the financial statements and the audit**

### *Our responsibilities and those of the Directors*

As explained more fully in the Statement Directors' responsibilities in respect of the financial statements set out on page 3, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland) ("ISAs (UK & Ireland)"). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

### **What an audit of financial statements involves**

We conducted our audit in accordance with ISAs (UK & Ireland). An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of:

- whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed;
- the reasonableness of significant accounting estimates made by the directors; and
- the overall presentation of the financial statements.

We primarily focus our work in these areas by assessing the directors' judgements against available evidence, forming our own judgements, and evaluating the disclosures in the financial statements.

We test and examine information, using sampling and other auditing techniques, to the extent we consider necessary to provide a reasonable basis for us to draw conclusions. We obtain audit evidence through testing the effectiveness of controls, substantive procedures or a combination of both.

In addition, we read all the financial and non-financial information in the Annual Report and Financial Statements to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

## Notes to the financial statements

for the 52 weeks ended 23 April 2015

### 1. Accounting policies

#### General information

The Company is a limited company, which is incorporated and domiciled in the UK. The address of its registered office is One Edison Rise, New Ollerton, Newark, Nottinghamshire, NG22 9DP.

#### Statement of compliance

These financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") and International Financial Reporting Interpretations Committee ("IFRIC") interpretations adopted by the European Union (EU) and with those parts of the Companies Act 2006 applicable to companies reporting under IFRS.

The principal accounting policies applied in the preparation of these financial statements are set out below. All accounting policies are consistent with the prior period.

#### Basis of preparation

The financial statements have been prepared under the historical cost convention and on a going concern basis.

The Company's accounting reference date is 22 April.

The Company was, at the end of the period, a wholly-owned subsidiary of another company incorporated in the EEA and in accordance with Section 400 of the Companies Act 2006, is not required to produce, and has not published, consolidated accounts.

#### Cash Flow Statement

The Company had no cash flows during the current or prior period and hence no Cash Flow Statement has been presented.

#### Key assumptions and significant judgements

The preparation of financial statements requires management to make estimates and assumptions that affect the application of policies and reported amounts. Estimates and judgements are continually evaluated and are based on historical experience and other factors including expectations of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

#### Financial instruments

The Company classifies its financial assets into two categories, being fair value through profit and loss, and loans and receivables. Financial liabilities are classified as either fair value through profit and loss or other financial liabilities. The classification depends on the purpose for which the financial instruments were acquired. Management determines the classification of its financial instruments at initial recognition and re-evaluates this designation at each reporting date.

Other financial liabilities are carried at amortised cost using the effective interest rate method.

## Notes to the financial statements

for the 52 weeks ended 23 April 2015 (continued)

### 1. Accounting policies (continued)

#### Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise when the Company provides money, goods or services directly to a debtor with no intention of trading the receivable. They are included in current assets, except for maturities greater than 12 months after the balance sheet date which are classified as non-current assets. Loans and receivables are included in trade and other receivables in the balance sheet.

#### Investments

The cost of investments, including loans to associated companies, is their purchase cost.

The Company assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired. In deciding whether an impairment is required, the Directors consider the underlying value inherent in the investment. Provision is made against the cost of investments where, in the opinion of the Directors, there is an impairment in the value of the individual investment.

#### Investments in subsidiary undertakings

Investments are stated at cost, less any provision for permanent diminution in value. If there are indications of impairment, an assessment is made of the recoverable amount. An impairment loss is recognised in the income statement when the recoverable amount is lower than the carrying value.

Dividends receivable from investments in subsidiary undertakings are recognised in the income statement when approved by the shareholders of the company paying the dividend.

#### Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

#### Dividend distribution

Dividend distributions to the Company's shareholders are recognised as a liability in the Company's financial statements in the period in which the dividends are approved by the Company's shareholders. Interim dividends are recognised when paid.

#### Exceptional items

Exceptional items are defined as those that by virtue of their nature, size or expected frequency, warrant separate disclosure in the financial statements in order to fully understand the underlying performance of the Company.

## Notes to the financial statements

for the 52 weeks ended 23 April 2015 (continued)

### 1. Accounting policies (continued)

#### Current and deferred tax

The current tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date and is measured at the amount expected to be paid to or recovered from the tax authorities.

Deferred tax is provided in full, using the liability method, on all differences that have originated but not reversed by the balance sheet date which give rise to an obligation to pay more or less tax in the future. Differences are defined as the differences between the carrying value of assets and liabilities and their tax base.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the assets can be utilised.

Deferred tax is calculated using tax rates that are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled, on the basis of the tax laws enacted or substantively enacted at the balance sheet date.

Deferred tax assets and liabilities are only offset when there is a legally enforceable right to offset current tax assets and current tax liabilities and when the deferred income taxes relate to the same fiscal authority and there is an intention to settle on a net basis.

#### New standards and interpretations

A number of new standards, amendments and interpretations have been issued by the International Accounting Standards Board with effective dates both prior to and post 23 April 2015. None of these have had, or are expected to have, a significant impact on the financial statements of the Company.

### 2. Operating loss
