#### REPORT OF THE DIRECTORS

#### YEAR ENDED 31ST DECEMBER 2022

The directors submit their report together with the financial statements for the year ended 31st December 2022.

# PRINCIPAL ACTIVITIES AND BUSINESS REVIEW Principal activities

The principal activities of the company are to manage, maintain and administer the land and leasehold buildings at Florey Court and Peony House, Old Town Swindon.

The company operates under the terms of:

A head lease entered into between the freeholder and the company.

The leases entered into between the company, leaseholders and the freeholder

The Memorandum and Articles of Association of the company.

The company's members are the leaseholders of the 79 apartments on the site. In order to meet the expenses of maintaining the site the company charge its members an annual Service Charge in accordance with the terms of their leases.

#### **Ground Rent:**

Ground rent is payable by leaseholders which has to be collected by the company and passed to the freeholder. (see note 11 for further details).

#### Freehold Fund:

The leases permit the company to collect payments towards a freehold fund to be used to purchase the freehold for the benefit of leaseholders. (see note 11 for further details).

#### **BUSINESS REVIEW**

On 1 February 2022 the directors terminated the services of the previous managing agent and appointed Block Management Ltd who are a professional local agent. The previous agent did not cooperate with the handover and the directors registered a complaint with the property ombudsman which remains ongoing.

During the year the company opened a charge-free current bank account and an interest bearing deposit bank in its name. The recommendations of the most recent fire risk assessment were implemented; including decommissioning of the fire alarms, smoke sealing of risers and changing the locks of service cupboards that did not have keys to provide access. To improve the security of residents a door access control system was installed to all the communal doors and a CCTV system installed to cover the site. In particular the CCTV covers the main bin store which has been a target for anti-social behaviour and arson. The first of the communal doors was replaced with secure steel doors with the intention that the other doors will be replaced during the next three years. The communal lighting is being replaced with modern integrated movement sensor and combined LED and emergency units. The car park numbers were repainted with the corresponding apartment numbers to avoid the previous confusion and new notices posted in blocks to replace those of the previous two managing agents.

As the freeholder failed to respond to the company's requests to nominate an insurer the building's insurance policy was not placed through the freeholder's insurance agent during the year. To this end a new RTM Company was registered and the directors are hoping to obtain the 50% minimum leaseholder membership required which will allow the company to continue to avoid using the freeholder's more expensive insurance.

#### **SERVICE CHARGE ACCOUNTS**

The directors have produced the statutory accounts for the year to show the service charge accounts passing through the company as they consider the company is acting as a principal rather than agent to the members.

#### NOTES TO FINANCIAL STATEMENTS FOR YEAR ENDED 31ST DECEMBER 2022

#### 11 OTHER INFORMATION

#### a) Ground Rent

The freehold of the site is owned by Furatto Limited (Company No. 08939347) who purchased the site for £193,097 which is 12 times the annual ground rent charged. The site includes 79 apartments of which 2 are one-bed and 77 two-bed held on leases granted for 150 years from 1 October 2004. The initial ground rent was £100 a year for a one-bed apartment and £150 a year for a two-bed apartment payable two equal instalments in advance on 1 January and 1 July each year. The ground rent increases every 10 years in line with the increase in Retail Price Inflation. On 1 October 2014 the ground rent increased to £136.28 for a one-bed and £205.44 for a two-bed per annum and is due to next increase in line with the Index of Retail Price Inflation over the ten years to 1 October 2024.

#### b) Freehold Fund

The leases provide an option for the company to purchase the freehold revision collectively on behalf of leaseholders. This would eliminate ground rent and allow the lease term to be extended (normally to 999 years). The option is available at a "Purchase Price" being the total amount of ground rent payable at the time the option is exercised multiplied by 12. The Sixth Schedule s12 of the lease states that a sum not exceeding 15% of the service charge in any year (excluding this provision) may be charged and collected as a fund for purchasing the freehold of the site.

#### c) Service Charges

The company appointed Block Management Ltd, a professional local managing agent to manage the site on its behalf on 1 February 2022. The managing agent has established a website at www.florey.rmcweb.site and advises the company on the level of service charges based on forecast expenditure and reserve transfers.

#### d) Reconciliation of reserves

In order to prepare these accounts on an accruals basis in accordance with accounting convention (see note 1) the opening reserves at 1 January 2020 were re-stated to remove costs incurred in 2021 as follows:

		£
Reserves originally reported by previous agent at 31 December 2020		25,263
Addition of pre-paid insurance 1 January 2021 to 24 March 2021		6,384
Expenses incurred in 2021 but previously charged in 2020

Smoke vent service January 2021	1,442

#### e) Commissions and kick-back declaration
