## **PART 1 - GENERAL DESCRIPTION OF THE COMPANY'S ACTIVITIES AND IMPACT**

In the space provided below, please insert a general account of the company's activities in the financial year to which the report relates, including a description of how they have benefited the community:

We are a non profit Community Interest Company (05469735) regulated by the Department for Business Innovation and Skills. Decipha CIC has been set up to benefit young people and adults with neurological conditions who have special and additional needs. We give advice and support to their carers and family members. Decipha CIC reinvests any profits above working costs and salaries to support programmes for young people in the community.

We aim to ensure that young people with complex education and medical special needs, their families and carers will be better supported in the future. We will provide training and coaching to enable every young person and adult with complex needs to have a person centred plan that fully meets the aspirations of the family.

Through individual specialist learning, behaviour and IT assessments we will offer interventions that will improve young people's literacy, maths and communication skills. We will provide resources, training and access to information that will support young people and their families through life changing transitions from childhood to adulthood.

Decipha has continued to support young people living with Duchenne Muscular Dystrophy to develop personal Education Health and Care Plans. This included face to face meetings with young people and their parents and school staff to identify solutions. 20 families were contacted and young people were assessed with Decipha recommending interventions to develop lagging skills.

Nick Catlin and Janet Hoskin presented at the Action Duchenne Conference in November 2016 that delivered training to over 75 delegates. We were able to discuss feedback about our service to provide further support to the Duchenne Community. Of real value was the opportunity to develop understanding of the nature of learning and behaviour problems relating to Duchenne Muscular Dystrophy.

Decipha continued to develop its leadership programme for young adults with Duchenne Muscular Dystrophy. The adults have been working with South Bank University facilitating self employed work in the games culture department.

Decipha offers an examinations arrangement service to schools and Nick Catlin has been trained as an Oral language Modifier.

**PART 2 – CONSULTATION WITH STAKEHOLDERS** – Please indicate who the company's stakeholders are; how the stakeholders have been consulted and what action, if any, has the company taken in response to feedback from its consultations? If there has been no consultation, this should be made clear.

Families and young people were asked to feedback on our programme to support the development of Education Health and Care Plans during our RoadMap for Life service. The personal assessments and reviews in school have improved alongside the new protocols following the new SEN legislation. Families have asked for more information concerning outcomes and how these are related to resources especially to meet the care needs of individuals. Young people with Duchenne are now more likely to get early intervention with lagging skills in literacy and maths. There was still concern that skills relating to communication, social and emotional behaviours were not being assessed and supported.

Decipha continues to work with individual families and is developing and updating online resources for families and professionals. Following consultation Decipha will update its website and offer online training that will help families and health and education professionals to develop understanding of complex conditions like Duchenne Muscular Dystrophy.

*(If applicable, please just state "A social audit report covering these points is attached").*

**PART 3 – DIRECTORS' REMUNERATION** – if you have provided full details in your accounts you need not reproduce it here. Please clearly identify the information within the accounts and confirm that, "There were no other transactions or arrangements in connection with the remuneration of directors, or compensation for director's loss of office, which require to be disclosed" (See example with full notes). If no remuneration was received you must state that "no remuneration was received" below.

I can confirm that there were no other transactions or arrangements in connection with the remuneration of directors, or compensation for director's loss of office, which require to be disclosed.
