### **NOTES TO THE FINANCIAL STATEMENTS**

#### **FOR THE YEAR ENDED 31 DECEMBER 2015**

##### **1 GENERAL INFORMATION**

Wellington Place Limited Partnership (the "Partnership") was established on 4 July 2005 in the United Kingdom under the 1907 Limited Partnership Act. The address of the registered office is 1 Portsoken Street London, E1 8HZ. The principal activity of the Partnership is property investment.

##### **2 ACCOUNTING POLICIES**

The principal accounting policies are summarised below. They have all been applied consistently throughout the current and preceding year.

###### **Basis of preparation**

The financial statements have been prepared under the historical cost convention, modified to include certain items at fair value, and in accordance with Financial Reporting Standard 102 ("FRS 102") issued by the Financial Reporting Council. The date of transition is 1 January 2014. The financial statements have been prepared under Regulation 4 of the Partnerships (Accounts) Regulations 2008.

The prior year financial statements were restated for material adjustments on adoption of FRS 102 in the current year as disclosed in note 4.

Wellington Place Limited Partnership meets the definition of a qualifying entity under FRS 102 and has therefore taken advantage of the disclosure exemptions available to it in relation to financial instruments and the presentation of a cashflow statement.

###### **Going concern**

The principal activity of the Partnership is property investment. The Partnership's turnover has increased marginally in 2015 and there has been a marked improvement in capital value. The UK economy has seen further recovery in 2015 and is forecast to continue to strengthen. The outlook for the commercial real estate sector in 2016 is favourable with improved occupier and investor demand anticipated.

The General Partner's forecasts and projections, taking into account possible changes in trading performance, planned development spend and funding contributions agreed with the Limited Partners show that the Partnership has adequate resources to continue in operational existence for the foreseeable future. In preparing these forecasts, the General Partner has taken into account the following key business risks and uncertainties:

- Market risks on demand and supply,
- Yield shift movements,
- Possible failure of tenants and reductions in net rental income, and
- Increased capital expenditure required to maintain the assets

Having taken into account the risks and uncertainties that exist within the business, the General Partner has concluded that the Partnership has adequate financial resources to continue in operational existence for the foreseeable future. Accordingly, it is appropriate to continue to adopt the going concern basis in preparing these financial statements.

#### **2. ACCOUNTING POLICIES - (CONTINUED)**

##### **Judgements and key sources of estimation uncertainty**

The preparation of financial statements in accordance with FRS 102 requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expense during the year. Actual results could differ from those estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

The key assumptions concerning the future and other key sources of estimation uncertainty that have the most significant effect on the amounts recognised in the financial statements, relate to property valuations.

Investment properties are carried at fair value determined by market value in accordance with valuations carried out by the independent valuers. Valuations are based on a number of key assumptions including an estimate of future rental income and appropriate discount rate. For investment properties under development key judgements also include estimates of future development costs.

##### **Investment and development properties**

Investment and development properties comprise freehold land and buildings and is initially stated at cost being the value of the consideration given including directly attributable costs, including any related transaction cost, and subsequently measured at fair value through profit or loss. Fair value changes are recognised in the statement of comprehensive income in the period in which they arise.

##### **Debtors**

Debtors are measured at transaction price, less any impairment.

##### **Creditors**

Creditors are measured at transaction price.

##### **Rental income**

Rental income is recognised in the statement of comprehensive income on a straight line basis over the lease term, net of discounts and VAT. All incentives given for lessees to enter into leases (such as contributions to fitting out costs) are treated as revenue costs and rental income is accounted for from the commencement of a lease rather than from the expiry of any rent free periods. The costs of all incentives, including rent free periods, are offset against the total rent due and allocated to the statement of comprehensive income on a straight line basis over the period.

##### **Income and expenses**

Income and expenses are recognised on an accrual basis.

##### **Taxation**

The Partnership is not a taxable entity. Any liabilities arising from the results of the Partnership are dealt with in the financial statements of the Partners.

#### **2 ACCOUNTING POLICIES - (CONTINUED)**

##### **Foreign currency translation**

##### **a) Currency of domicile, functional currency and presentation currency**

The currency of domicile is GBP (pounds sterling). Items included in the financial statements of the Partnership are measured using the currency of the primary economic environment in which the entity operates, the Partnership's functional currency. The financial statements are presented in GBP which is the Partnership's functional and presentational currency.

##### **b) Transactions and balances**

Foreign currency transactions are translated into GBP using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income.

#### **3 TURNOVER**

The Partnership's turnover consists solely of rental income generated in the United Kingdom.

#### **4. TRANSITION TO FRS 102**

This is the first year that the Partnership has presented its financial statements under Financial Reporting Standard 102 (FRS 102) issued by the Financial Reporting Council. The last financial statements under previous UK GAAP were for the year ended 31 December 2014 and the date of transition to FRS 102 was therefore 1 January 2014. Set out below are the changes in accounting policies and a reconciliation of profit or loss between UK GAAP as previously reported and FRS 102.

There has been no adjustment to total partners' equity at 1 January 2014 or 31 December 2014 as a result of the transition to FRS 102.

##### **A Investment property**

Under previous UK GAAP, only permanent deficits or their reversals were recognised through profit or loss and temporary movements were recorded through the statement of total recognised gains and losses. FRS 102 requires that investment property is accounted for at fair value through profit or loss and accordingly all fair value movements are presented in the statement of comprehensive income.
