NOTES TO THE UNAUDITED ACCOUNTS

FOR THE YEAR ENDED 31 JULY 2008

1 ACCOUNTING POLICIES

a Basis of accounting

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007).

b Turnover

Turnover comprises interest charged on loans made and related arrangement fees.

c Deferred taxation

Deferred taxation is provided in full on timing differences, which result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in the financial statements.

Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted.

d Going concern

The company's balance sheet shows a net liability position. However, the director considers the company can continue to rely upon his own support to ensure that its liabilities can be settled when they fall due. Accordingly, these financial statements have been prepared on a going concern basis and do not include any provision for adjustments that may become necessary if the support referred to above were withdrawn.

2 STAFF COSTS

There were no staff costs during the year.
