DIRECTORS' REPORT

The Directors present their report and the financial statements for the year ended 31 December 2020.

PRINCIPAL ACTIVITY AND BUSINESS REVIEW

The Company did not trade during the current or prior year and the Directors expect that it will remain non-trading for the foreseeable future.

PRINCIPAL RISKS AND UNCERTAINTIES

The Company is a holding company within the Synthomer plc Group (the "Group"), does not trade and, as such, it does not have any direct trading risks or uncertainties.

As a global, speciality chemicals business, the Group is subject to raw material price risk which it seeks to mitigate through strong supplier relationships and risks associated with global economic conditions. This is discussed in the Synthomer plc 2020 Annual Report.

GOING CONCERN

As outlined in the financial statements below, the Directors consider that the Company can continue to operate for a period of at least 12 months from the date of approval of these financial statements. Thus, they continue to adopt the going concern basis of accounting in preparing the financial statements.

RESULTS AND DIVIDENDS

The profit after taxation for the financial year was £nil (2019: nil) and the directors do not recommend the payment of a dividend (2019: £2,557,000).

DIRECTORS

The Directors of the Company who held office during the year and up to the date of signing the financial statements were:

S G Bennett
R Atkinson

SMALL COMPANY PROVISIONS

This report has been prepared in accordance with the provisions applicable to small companies, under section 415A of the Companies Act 2006.

Approved by the Board of Directors
and signed by order of the Board.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 December 2020

1. GENERAL INFORMATION

Temple Fields 523 Limited (the "Company") is a private company limited by shares, incorporated in the United Kingdom and registered in England and Wales.

The address of its registered office is:

Yule Catto Building

Temple Fields

Harlow

Essex

CM20 2BH

The Company did not trade during the year under review.

Statement of compliance

The individual financial statements of Temple Fields 523 Limited have been prepared in compliance with United Kingdom Accounting Standards, including Financial Reporting Standard 102, "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" ("FRS 102") and the Companies Act 2006.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Basis of preparation

These financial statements are prepared on the going concern basis, under the historical cost convention, as modified by the revaluation of certain financial assets and liabilities measured at fair value through profit or loss where applicable.

The preparation of financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in this accounting policies note below.

Going concern

The Directors have assessed the ability of the Company to continue as a going concern, considering the principal risks and uncertainties outlined in the Directors' Report, the financial position and the expected timing of the settlement of intercompany balances. The Company is a member of the Synthomer plc Group which is considered to be a going concern. The basis for this, and the related assumptions and risks, are disclosed within the Synthomer plc Annual Report.

Based upon the above, the Directors believe that the Company can continue to operate for a period of at least 12 months from the date of approval of these financial statements and therefore continue to adopt the going concern basis of preparation.

Cash flow statement

The Company has taken advantage of the exemption, under FRS 102 paragraph 1.12(b), from preparing a statement of cash flows, on the basis that it is a qualifying entity and its ultimate parent company, Synthomer plc, includes the Company's cash flows in its own consolidated financial statements.

Related party transactions

The Company discloses transactions with related parties which are not wholly owned with the same group. It does not disclose transactions with members of the same group that are wholly owned.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) Year ended 31 December 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Foreign currency

(i) Functional and presentation currency

The Company's functional and presentation currency is Pound Sterling.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the profit and loss account.

Taxation

Taxation expense for the period comprises current and deferred tax recognised in the reporting period. Tax is recognised in the profit and loss account, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case tax is also recognised in other comprehensive income or directly in equity respectively.

Current or deferred taxation assets and liabilities are not discounted.

(i) Current tax

Current tax is the amount of income tax payable in respect of the taxable profit for the year or prior years. Tax is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the period end.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

(ii) Deferred tax

Deferred tax arises from timing differences that are differences between taxable profits and profit on ordinary activities before taxation as stated in the financial statements. These timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements.

Deferred tax is recognised on all timing differences at the reporting date except for certain exceptions. Unrelieved tax losses and other deferred tax assets are only recognised when it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the period end and that are expected to apply to the reversal of the timing difference

Critical accounting judgements and potential uncertainties

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and reported amount of assets and liabilities, income and expenses. The estimates and associated assumptions are based on industry experience and various other factors that are believed to be reasonable under the circumstances, the results of which form a basis for making the judgments about the carrying value of assets and liabilities that are not readily apparent from other sources.

The Directors have reviewed the estimates and assumptions used in the preparation of the financial statements. The Directors do not believe that there is a significant risk which would lead to material adjustments to the carrying value of any assets and liabilities in the next financial year due to the changes on the estimates or assumptions.
